The collection investigates a variety of stylistic as well as readerly and psychological features.

The Bent Lens - Lisa Daniel 2003

The definitive international guide to gay, lesbian and queer film and video.

Speaking Faithfully - Rebecca Wilson 2012-11-01

A down-to-earth guide that syncs theology with technology. Today Sunday morning worship competes with youth soccer, Starbucks, Facebook, and the allure of being "spiritual but not religious." To share the gospel in a world like this, Christians need to reach beyond the boundaries of concrete and virtual communities to become evangelists. That takes faith. It also requires skill with public relations, social media, traditional print materials and other techniques to increase church visibility. The authors, both recognized experts and consultants, walk readers through the theology of church communications and introduce steps to help us deliver clutter-busting messages to reach our technologically sophisticated and faith-challenged world.

Sugar Daddies - Jade West 2016-07-12

A sugar daddy website doesn't seem a sound basis for an A1 life plan, but I'm a small town girl with big dreams, and there's this one advert, this one crazy advert I can't stop thinking about... Two hot guys seeking their Little Miss Right. Someone who can entertain them, amuse them, fit in with their corporate schedule. And sex. They want sex. Lots of sex. Bonus, right? One major dose of epic win. Of course, guys like Carl and Rick have their conditions. One being that they come together, or not at all. Hell, I can live with that. And there are no skeletons in their designer closet, none that I can find. Just two hot sugar daddies, with particular tastes, nothing to worry about. Until Carl and Rick spill the big one, the one that sends the girls running. A whole string of them before me, running to the hills without so much as a backward glance. Maybe I should run, too. Thanks but no thanks, see you around, guys, nice knowing you. But I'm already in way too deep for that.

College Bound - Lilia Ford 2014-10-23

otherwise." After a vicious fight with her stepbrother and guardian, Natalie storms out of the family McMansion, never imagining that would be the last time she'd be allowed in the house. A string of truly rotten decisions follows, until she finds herself suspended from school, friendless, broke, and camping out at the convenience store where she works. Worst of all, her college applications are due! Thanks to a helpful teacher and her own stupendous brilliance she manages to get into her top choice college. Unfortunately, dealing with the financial aid forms proves to be too much for her supersmarts and she is about to lose her spot because she cannot get the money together to pay the deposit. Enter Gareth Boyd, an old family friend with an indecent proposal that will pay for everything-if she can meet his price.

Mayakovsky - Bengt Jangfeldt 2014-12-23

A Life at Stake is the first serious biography of the legendary Russian poet Vladimir Mayakovsky. Physically imposing, crude, a sexual adventurer and ex-convict, Mayakovsky rose to fame between 1912 and 1917 as a Futurist agitator and the author of radical poems and plays. He embraced the Russian Revolution and became one of its most passionate propagandists, then at the age of thirty-six took his own life, disappointed in the course of Soviet society and ravaged by private conflicts. Mayakovsky's poems are as exhilarating today as when he declaimed them for friends in smoky flats in Moscow, Berlin, Paris, and New York. In Bengt Jangfeldt's propulsive biography, Mayakovsky's life, too, is compelling: a story of constant, passionate upheaval against the background of the First World War, the Russian Revolution, Stalin's terror, and cycles of anti-Semitism. Mayakovsky emerges from this biography a highly vulnerable figure, more a dreamer than a revolutionary, more a political romantic than a hardened Communist."

Women And The Life Cycle - Teresa Keil 2016-01-06

Female Masculinity - Judith Halberstam 1998

Masculinity without men. In *Female Masculinity* Judith Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two hundred years. Providing the first full-length study on this subject, Halberstam catalogs the diversity of gender expressions among masculine women from nineteenth-century pre-lesbian practices to contemporary drag king performances. Through detailed textual readings as well as empirical research, Halberstam uncovers a hidden history of female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them. She rereads Anne Lister's diaries and Radclyffe Hall's *The Well of Loneliness* as foundational assertions of female masculine identity. She considers the enigma of the stone butch and the politics surrounding butch/femme roles within lesbian communities. She also explores issues of transsexuality among "transgender dykes"--lesbians who pass as men--and female-to-male transsexuals who may find the label of "lesbian" a temporary refuge. Halberstam also tackles such topics as women and boxing, butches in Hollywood and independent cinema, and the phenomenon of male impersonators. *Female Masculinity* signals a new understanding of masculine behaviors and identities, and a new direction in interdisciplinary queer scholarship. Illustrated with nearly forty photographs, including portraits, film stills, and drag king performance shots, this book provides an extensive record of the wide range of female masculinities. And as Halberstam clearly demonstrates, female masculinity is not some bad imitation of virility, but a lively and dramatic staging of hybrid and minority genders.

Monsters in the Closet - Harry M. Benshoff 1997-11-15

Monster in the Closet is a history of the horror film that explores the genre's relationship to the social and cultural history of homosexuality in America. Drawing on a wide variety of films and primary source materials including censorship files, critical reviews, promotional materials, fanzines, men's magazines, and popular news weeklies, the book examines the historical figure of the movie monster in relation to various medical, psychological, religious and social models of homosexuality. While recent work within gay and lesbian studies has explored how the genetic tropes of the horror film intersect with popular culture's understanding of queerness, this is the first book to examine how the concept of the monster queer has evolved from era to era. From the gay and lesbian sensibilities encoded into the form and content of the classical Hollywood horror film, to recent films which play upon AIDS-related fears. Monster in the Closet examines how the horror film started and continues, to demonize (or quite literally "monsterize") queer sexuality, and what the pleasures and "costs" of such representations might be both for individual spectators and culture at large.
