Sex and Sexuality in Modern Screen

Remakes - Lauren Rosewarne 2019-06-19

Sex and Sexuality in Modern Screen Remakes examines how sexiness, sexuality and revisited sexual politics are used to modernize film and TV remakes. This exploration provides insight into the ever-evolving—and ever-contested—role of sex in society, and scrutinizes the politics and economics underpinning modern media reproduction. More nudity, kinky sex, and queer content are increasingly deployed in remakes to attract, and to titillate, a new generation of viewers. While sex in this book refers to increased erotic content, this discussion also incorporates an investigation of other uses of sex and gender to help a remake appear woke and abreast of the zeitgeist including feminist reimaginings and 'girl power' make-overs, updated gender roles, female cast-swaps, queer retellings, and repositioned gazes. Though increased sex is often considered a sign of modernity, gratuitous displays of female nudity can sometimes be interpreted as sexist and anachronistic, in turn highlighting that progressiveness around sexuality in contemporary media is not a linear story. Also examined therefore, are remakes that reduce the sexual content to appear cutting-edge and cognizant of the demands of today's audiences.

21st-Century Hollywood - Wheeler Winston Dixon 2011-08-31

They are shot on high-definition digital cameras—with computer-generated effects added in postproduction—and transmitted to theaters, websites, and video-on-demand networks worldwide. They are viewed on laptop, iPod, and cell phone screens. They are movies in the 21st century—the product of digital technologies that have revolutionized media production, content distribution, and the experience of moviegoing itself. 21st-Century Hollywood introduces readers to these global transformations and describes the decisive roles that Hollywood is playing in determining the

digital future for world cinema. It offers clear, concise explanations of a major paradigm shift that continues to reshape our relationship to the moving image. Filled with numerous detailed examples, the book will both educate and entertain film students and movie fans alike.

The Price of Eggs Is Down - John Dykers 2019-11-13

Lowering fertility rates causes an older population and is a result of preventing unintended pregnancies. The event itself changes the mathematics, economics, politics and commerce, of the formula $AR-W/(P-I) \times ATroc = Q$ while the relationships between the symbols remains unchanged.. As P-I approaches 1, the pressures that we human put upon ourselves and on our planet diminish; our opportunity to function more effectively with and for one another, our capacity to organize ourselves, increases. The quality of our lives improves. None of this is easy. Are we worth it? This book describes the economics and politics. *Jung in the 21st Century Volume One* - John Ryan Haule 2010-10-18

This first volume provides an original overview of Jung's work, demonstrating that it is fully compatible with contemporary views in science. It draws on a wide range of scientific disciplines including, evolution, neurobiology, primatology, archaeology and anthropology. Divided into three parts, areas of discussion include: evolution, archetype and behaviour individuation, complexes and theory of therapy Jung's psyche and its neural substrate the transcendent function history of consciousness. *Jung in the 21st Century Volume One: Evolution and Archetype* will be an invaluable resource for all those in the field of analytical psychology, including students of Jung, psychoanalysts and psychotherapists with an interest in the meeting of Jung and science.

Sexual Integrity in the 21st Century? - Dr. GM Orapeleng 2012-04-27

Sexual Integrity in the 21st Century is a

Downloaded from
legacy.opendemocracy.net on 2019-04-08
by guest

research-based, personal companion to making safe and lasting sexual decisions. It includes a way-out of sexual addiction. Furthermore, it is a resource for guidance and counseling, sex education and positive behavior change.

21st Century Anthropology: A Reference Handbook - H. James Birx 2010

Civilization in the 21st Century -

Esoteric Hollywood II - Jay Dyer 2018-12-01

Like no other book before it, this work delves into the deep, dark, and mysterious undertones hidden in Tinsel town's biggest films. *Esoteric Hollywood* is a game-changer in an arena of tabloid-populated titles. After years of scholarly research, Jay Dyer has compiled his most read essays, combining philosophy, comparative religion, symbolism, and geopolitics and their connections to film. Readers will watch movies with new eyes, able to decipher on their own, as the secret meanings of cinema are unveiled.

The Pawn Queen - Byron Woulard 2010-10-07

The Pawn Queen (The Making of the 21st Century Black Female) by Byron Woulard

Law and Religion in the 21st Century -

Rinaldo Cristofori 2016-04-15

This book brings together leading international scholars of law and religion to provide an overview of current issues in State-religion relations. The first part of the collection offers a picture of recent developments in key countries and regions. The second part is focused on Europe and, in particular, on the Nordic States and the post-communist countries where State-religion systems have undergone most profound change. The third and final part is devoted to four issues that are currently debated all over the world: the relations between freedom of expression and freedom of religion; proselytism and the right to change religion; the religious symbols; and the legal status of Islam in Europe and Canada. The work will be a valuable resource for academics, students and policy-makers with an interest in the interaction between law and religion.

The 21st Century Superhero - Richard J. Gray II 2011-09-07

Superhero films are one of the most enduring genres of cinema, and their popularity is only increasing in the 21st century. These ten critical

essays explore the phenomenon through the lenses of numerous academic disciplines, and cover topics such as the role of globalization in the formation of superhero narratives, the shifting nature of masculinity and femininity in the superhero world and the state of the genre today. Of particular interest is the way these narratives, however fantastic, abstract, futuristic or simplistic, resonate with specific events in the world and function as starting points for discussion of contemporary sociopolitical conflicts.

Stanislavsky and Race - Siiri Scott 2023-09-22

Stanislavsky and Race is the first book to explore the role that Konstantin Stanislavsky's "system" and its legacies can play in building, troubling and illuminating today's anti-racist theatre practices. This collection of essays from leading figures in the field of actor training stands not only as a resource for a new area of academic enquiry, but also for students, actors, directors, teachers and academics who are engaged in making inclusive contemporary theatre. In seeking to dismantle the dogma that surrounds much actor training and replace it with a culturally competent approach that will benefit our entire community, the "system" is approached from a range of perspectives featuring the research, reflections and provocations of 20 different international artists interrogating Stanislavsky's approach through the lens of race, place and identity. *Stanislavsky and ...* is a series of multi-perspectival collections that bring the enduring legacy of Stanislavskian actor training into the spotlight of contemporary performance culture, making them ideal for students, teachers and scholars of acting, actor training and directing.

Male Homosexuality in 21st-Century Thailand -

Jan W. de Lind van Wijngaarden 2021-02-15

This book explores the experiences, meanings and identities of young same-sex attracted men in rural Thailand. It is based on a study of 25 young rural Thai men who were each interviewed three times within a two-year period while they were aged 18-20, uncovering significant fluidity, variety and change.

Sex, Love, and Marriage in the 21st Century -

Robert T. Francoeur 1999

Love, sex, and marriage are changing faster than ever before in human history. The current

tidal wave of social changes will continue into the next century, and we will have to adapt our sexual values and relationships to these accelerating changes. These 22 honest, authentic stories tell of the unconventional paths pioneering church leaders and spiritually-aware women and men have taken in their quest to link their sexuality with their spiritual needs. Some might see in these unorthodox explorations only tales of promiscuous couplings. But these are not stories of wild thrill-seekers. These are tales told from the core of their being about their deeply felt need for genuine, responsible love and intimacy within a spiritual context. Their journeys do not promise paradise or instant happiness, as popular magazines do with recipes for lifelong marital bliss and fiery passion. These sojourners have much to teach us, even when we decide that this or that path is not for us. Their individual paths are not nearly as important as the simple message of God and Eros being inseparable that underlies journey. God and Eros can come together in many different relationships. And they must come together if we want to nourish and fulfill the divine spark at the core of our being. These women and men challenge our assumptions and our willingness to adapt to our radically changing world.

Hollywood's Silent Closet - Darwin Porter 2001
Hollywood's Silent Closet provides a banquet of information about the pansexual intrigues of Hollywood between 1919 and 1926, compiled from eyewitness interviews with men and women, all of them insiders, who flourished in its midst. Not for the timid, it names names and doesn't spare the guilty. If you believe, like Truman Capote, that the literary treatment of gossip will become the literature of the 21st century, then you will love *Hollywood's Silent Closet*. *Hollywood's Silent Closet* is a vivid portrait of the decadent, homosexual, and gossipy world of pre-talkie Hollywood. It's an Info-Novel where 90% of everything in it is true. It represents the greatest collection of star-studded scandal ever assembled on the film stars of Hollywood's Silent Era. Valentino, Ramon Novarro, Charlie Chaplin, Fatty Arbuckle, Pola Negri, Nazimova, and many others figure into eyewitness accounts of the debauched excesses that went on behind closed doors. It also documents the often tragic endings

of America's first screen idols, some of whom admitted to being more famous than the monarchs of England and Jesus Christ combined. Many of the interviews that went into the compilation of this book were conducted between 1940 and 1974, as the subjects were nearing the end of their lives and were willing, at last, to reveal scandals and insights that had previously been repressed by their own fears and by the media machines of the studio system. Marriages of convenience are the norm as intra-male peccadillos (and lots of lesbian love, too) are swept under the potted palms of the Edwardian age. The hero of this tale is the amiably cross-dressing Durango Jones, a wide-eyed neophyte from Kansas, circa 1919, who hits Hollywood during its Pre-Code excesses, and stays for a sexual feast wherein the banquet consists of many of the era's most flamboyant sex symbols. And although technically, this title has been formatted as a novel rather than a straight-line biography, there's the sometimes disturbing sense that this book is genuinely historical as well as being a jolly and rollicking piece of very savvy entertainment. This is high-testosterone Hollywood at its most compulsively readable. The 60s didn't invent sex-the stars of the Silent Screen did. Cruiser. Who slept with Mary Pickford's three husbands, her two brothers-in-law, and even her brother? The hero of *Hollywood's Silent Closet*, that's who! Trova Roma."

[The Annual of Psychoanalysis, V. 29](#) - Jerome A. Winer 2013-05-13

Sigmund Freud and His Impact on the Modern World, volume 29 of *The Annual of Psychoanalysis*, is a comprehensive reassessment of the influence of Sigmund Freud. Intended as an unofficial companion volume to the Library of Congress's exhibit, "Sigmund Freud: Conflict and Culture," it ponders Freud's influence in the context of contemporary scientific, psychotherapeutic, and academic landscapes. Beginning with James Anderson's biographical remarks, which are geared specifically to the objects on display in the Library of Congress exhibit, and Roy Grinker Jr.'s more personal view of Freud, the volume branches out in various directions in an effort to comprehend the multidimensional and multidisciplinary richness of Freud's

contribution. In section II, we find authoritative summaries of Freud's scientific contributions, of his continuing impact as a thinker, of his notion of symbolization in the context of recent neuroscientific findings, and of his status as a "cultural subversive". In section III, contributors hone in on more specific aspects of Freud's legacy, such as an experimental method to review how Freud's idea of childhood sexuality has fared and a look at the women who became analysts in the United States. In the concluding section of the volume, contributors turn to Freud's influence in various humanistic disciplines: literature, drama, religious studies, the human sciences, the visual arts, and cinema. With this scholarly yet highly accessible compilation, the Chicago Institute provides another service to its own community and to the wider reading public. Sure to enhance the experience of all those attending "Sigmund Freud: Conflict and Culture," Sigmund Freud and His Impact on the Modern World will appeal to anyone desirous of an up-to-date overview of the man whose work shaped the psychological sensibility of the century just past and promises to reverberate throughout the century just born.

Indian Women Towards 21st Century - Ashok Kumar 1989

[Black Blood = 21st Century Oil Rush](#) - Noel Robertson 2007

Noel Robertson was born during WWII. He worked hard to gain qualifications in school, banking and then general construction. All the time Noel had a nagging question - "Why are we so poor and who are these people controlling everything?" A Jewish friend told him that 'only fools work'! This made him think, so he embarked on various self-employed activities. Becoming ill at age 51, he has not worked since. He started his research into the history of mankind which took place way before all those Biblical stories - he needed to know the origins of our species and set out to find the 'missing' link according to Charles Darwin. Time allowed Noel to read numerous books allied to this

subject, including those written by Zecharia Sitchin setting out his translations of the Sumerian Tablets. Noel basically found out where we, as a human race, came from. It was these findings that led to Black Blood = 21st Century Oil Rush. This brings right up to date the reasons for wars, both historical and current, which mankind has had to endure. Man has simply given his mind away! If you think you are free, then think again. It is a journey from pre-history, through Biblical times, the renaissance period to the present. Imperialist administrations are still fighting wars over the 'control' of modern energy - oil and gas - and indeed human minds. Man is being drawn in with most of the world not realising and understanding the covert powers at work here. Black Blood = 21st Century Oil Rush provides some very interesting answers - true understanding is highly controversial. Just substitute the word 'God' for 'space-ship' and 'global' for New World Order and enter Noel's world.

Esoteric Hollywood: - Jay Dyer 2016-12-01

Like no other book before it, this work delves into the deep, dark and mysterious undertones hidden in Tinsel town's biggest films. Esoteric Hollywood is a game-changer in an arena of tabloid-populated titles. After years of scholarly research, Jay Dyer has compiled his most read essays, combining philosophy, comparative religion, symbolism and geopolitics and their connections to film. Readers will watch movies with new eyes, able to decipher on their own, as the secret meanings of cinema are unveiled.

The Emergence of Man Into the 21st Century - Patricia L. Munhall 2002

This work offers writings on men's experiences as boys, fathers, and sons, and reflections on relationships, gender, sexuality, race, violence, loss, careers, health, and the search for meaning. The authors who contributed to this work speak to us in a frank and poignant way about the male experience, helping us embrace our differences, question out presuppositions, and understand the diverse meanings of our experiences.
