[Expanding and Restricting the Erotic - 2020-06-08](#)

The contributors in *Expanding and Restricting the Erotic* offer a multidisciplinary perspective on the ways in which what is considered acceptable within the realm of the erotic has altered over time to the current situation where the erotic is being both expanded and restricted.

Foucault and the Kamasutra - Sanjay K. Gautam 2016-06-22

Gautam has here laid out the first serious reading of Michel Foucault in relation to key Sanskrit texts, and--what may be a surprise to many--he has written the first book-length work in English on the nature and origin of the Kamasutra. Gautam also takes up the *Natyasastra* (the Kamasutra's twin), locating in the first the themes of sexual-erotic pleasure, and locating in the second the classical Indian view of theater, music, dance, and aesthetic pleasure. The book shows how closely intertwined the history of erotics in ancient Indian culture is with the history of theater-aesthetics. Foucault provides a framework for opening up the intellectual horizon of Indian thought; it is his distinction between *ars erotics* (erotic arts) and *scientia sexualis* (science of sexuality) that fuels Gautam's exploration of the courtesan as symbol of both erotic and aesthetic pleasure, particularly in her role as a wife to her patron, which entails the morphing of erotics into a form of theater. The scope broadens ambitiously, to an inquiry on the nature of knowledge formation, erotics, theater, and gender relations in premodern Indian society and culture--as they converged on the historical figures of the courtesan and her male counterpart, the dandy. Gautam's twining of aims and subjects--Foucault's western philosophy of pleasure and India's classic text on eros (anchored in art and aesthetics)--transforms both the modern and the ancient texts with new understandings, and as new forms of investigating erotics and subjectivity itself.

Beauty: A Very Short Introduction - Roger Scruton 2011-03-24

"First published in hardback as *Beauty*, 2009"--T.p. verso.

Eros and Ethos - Jason Stotts 2018-02-09

Sexual ethics has historically been a bleak landscape of three false alternatives - resist, abstain, or indiscriminately indulge. In *Eros and Ethos*, philosopher Jason Stotts presents a radical new alternative in which sex is an ethically important part of a rich human life. He shows how sex is a significant expression of our character, because sex arises out of the deepest and most fundamental parts of who we are. On his account, virtue lies in proudly bringing desire in line with our flourishing so that we can create rich and meaningful lives.

Sexual Desire - Roger Scruton 2015-06-15

A dazzling treatise, as erudite and eloquent as Simone de Beauvoir's *The Second Sex* and considerably more sound in its conclusion - TLS "He is an eloquent and practised writer" - *The Independent* (UK) When John desires Mary or Mary desires John, what does either of them want? What is meant by innocence, passion, love and arousal, desire, perversion and shame? These are just a few of the questions Roger Scruton addresses in

this thought-provoking intellectual adventure. Beginning from purely philosophical premises, and ranging over human life, art and institutions, he surveys the entire field of sexuality; equally dissatisfied with puritanism and permissiveness, he argues for a radical break with recent theories. Upholding traditional morality - though in terms that may shock many of its practitioners - his argument gravitates to that which is candid, serene and consoling in the experience of sexual love.

[The Sleep of Reason](#) - Martha C. Nussbaum 2013-08-02

Sex is beyond reason, and yet we constantly reason about it. So, too, did the peoples of ancient Greece and Rome. But until recently there has been little discussion of their views on erotic experience and sexual ethics. *The Sleep of Reason* brings together an international group of philosophers, philologists, literary critics, and historians to consider two questions normally kept separate: how is erotic experience understood in classical texts of various kinds, and what ethical judgments and philosophical arguments are made about sex? From same-sex desire to conjugal love, and from Plato and Aristotle to the Roman Stoic Musonius Rufus, the contributors demonstrate the complexity and diversity of classical sexuality. They also show that the ethics of eros, in both Greece and Rome, shared a number of commonalities: a focus not only on self-mastery, but also on reciprocity; a concern among men not just for penetration and display of their power, but also for being gentle and kind, and for being loved for themselves; and that women and even younger men felt not only gratitude and acceptance, but also joy and sexual desire. Contributors: * Eva Cantarella * Kenneth Dover * Chris Faraone * Simon Goldhill * Stephen Halliwell * David M. Halperin * J. Samuel Houser * Maarit Kaimio * David Konstan * David Leitaio * Martha C. Nussbaum * A. W. Price * Juha Sihvola

[Paul and Ancient Views of Sexual Desire](#) - J Edward Ellis 2007-06-08

Paul and Ancient Views of Sexual Desire refutes the argument put forward by some scholars that Paul, in his sexual ethics, is in partial agreement with a current of thought in the Greco-Roman world that condemns sexual desire and advocates the elimination of such desire from marital sex. Ellis argues against not only this line of thought but also the attendant notion that this way of thinking underlies Paul's comments on homosexual activity in *Romans 1*. Through close analysis of numerous ancient passages relating to sexual desire, Ellis demonstrates that ancient thinkers tend to condemn not sexual desire in itself but excessive sexual desire and lack of self-control. Furthermore, he contends that ancient auditors would have been unlikely to see condemnation of sexual desire in Paul's words in *1 Thessalonians 4* or *1 Corinthians 7*.

Pleasure and ethics.

Philosophy and Sex - Robert Baker 1998

Greatly expanded and updated, the third edition of this book retains such classic essays as the Shulamith Firestone-Robert Solomon debates over love and feminism, and includes new selections on abortion; rape; same-sex marriage; pornography; and the conceptualization of gender, sexuality, and perversion.

Constructing the Erotic - Barbara J. Blodgett 2002

Barbara J. Blodgett proposes a practical sexual ethic for adolescent girls based on a discourse of vulnerability and trust rather than one of erotic liberation. Her work directly challenges feminist theologies of the erotic, which seek to establish the erotic as unquestionably freeing and empowering. Blodgett declares that inconsistent worlds of meaning surround girls' moral deliberation about sexual activity despite their sincere yearning for guidance. This ground-breaking book: -- Critiques feminist theologies of the erotic-- Draws upon actual narratives of adolescent girls about sexuality and romance-- Uses a psychoanalytic theory for Christian ethics-- Points the way to an alternative model of sexual ethics in theological ethics, while factoring in the stark realities of gender, power, and culture. Blodgett suggests relationships are either stabilized by the exercise of trust or friendly distrust.

Good Sex - Raymond A. Belliotti 1993

Rules about sexuality, written and unwritten, have existed in every culture as have disagreements over what is and isn't acceptable. Must morally permissible sex have only one function? Must it be heterosexual? Must it occur within the confines of the institution of marriage? Must it be accompanied by requisite emotions such as love and intimacy?

A Philosophical Investigation - Philip Kerr 2020-07-09

The Ethics of Sexual Acts - René Guyon 1934

Philosophy of Sex and Love - Alan Soble 2008-09

"This introductory textbook is an overview of the nature and the ethics of the many aspects of sex and love"--Provided by publisher.

Sense, Sex, and Sin - G. Michael Blahnik 1998

Presents 28 dialogues between Socrates and a massage therapist which develop the rudimentary structure of a moral philosophy based upon experiential consistency rather than commandments, rational principles, or happiness for all. The author presents the framework of a moral philosophy that is the product of the practical experience of massage and a philosophical exploration of the emerging areas of sexuality and sensuality within philosophy. Along the way he offers brief critiques of Augustinian Christian morality, Kantian deontology, and Mill's utilitarianism. No scholarly paraphernalia. Annotation copyrighted by Book News, Inc., Portland, OR

New Philosophies of Sex and Love - Sarah LaChance Adams 2016-11-30

Our amorous and erotic experiences do not simply bring us pleasure; they shape our very identities, our ways of relating to ourselves, each other and our shared world. This volume reflects on some of our most prevalent assumptions relating to identity, the body, monogamy, libido, sexual identity, seduction, fidelity, orgasm, and more. The book covers common conflicts and confusions and includes work by established scholars and innovative new thinkers. Philosophically challenging but

highly readable, the volume is ideal for a wide range of courses on love and sex, including those taught in philosophy and gender studies.

The Palgrave Handbook of Sexual Ethics - David Boonin 2022-02-08

The Palgrave Handbook of Sexual Ethics is a comprehensive collection of recent research on the ethics of sexual behavior, representing a wide range of perspectives. It addresses a number of traditional subjects in the area, including questions about pre-marital, extra-marital, non-heterosexual, and non-procreative sex, and about the nature and significance of sexual consent, sexual desire, and sexual activity, as well as a variety of more recent topics, including sexual racism, sexual ableism, sex robots, and the #metoo response to sexual harassment. Each chapter defends a substantive thesis about the topic it addresses and the handbook as a whole thereby provides a strong foundation for future research in this important and growing field of inquiry.

Erotic Attunement - Cristina L. H. Traina 2011-12-01

Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children—in nearly any context. Though our society has moved toward increasingly strict enforcement of this taboo, studies have shown that young children need regular human contact, and the benefits of breastfeeding have been widely extolled. Exploring the complicated history of love, desire, gender, sexuality, parenthood, and inequality, *Erotic Attunement* probes the disquieting issue of how we can draw a clear line between natural affection toward children and perverse exploitation of them. Cristina L. H. Traina demonstrates that we cannot determine what is wrong about sexual abuse without first understanding what is good about appropriate sensual affection. Pondering topics such as the importance of touch in nurturing children, the psychology of abuse and victimhood, and recent ideologies of motherhood, she argues that we must expand our philosophical and theological language of physical love and make a distinction between sexual love and erotic love. Taking on theological and ethical arguments over the question of sexuality between unequals, she arrives at the provocative conclusion that it can be destructive to completely bar eroticism from these relationships.

Sex, Love, and Friendship - 2022-07-18

This collection joins together sixty essays on the philosophy of love and sex. Each was presented at a meeting of The Society for the Philosophy of Sex and Love held between 1977 and 1992 and later revised for this edition. Topics addressed include ethical and political issues (AIDS, abortion, homosexual rights, and pornography), conceptual matters (the nature, essence, or definition of love, friendship, sexual desire, and perversion); the study of classical and historical figures (Plato, Aristotle, Spinoza, Kant, and Kierkegaard); and issues in feminist theory (sexual objectification, the social construction of female sexuality, reproductive and marital arrangements). Authors include Jerome Shaffer, Sandra Harding, Michael Ruse, Richard Mohr, Russell Vannoy, Claudia Card, M.C. Dillon, Gene Fendt, Steven Emmanuel, T.F. Morris, Timo Airaksinen, and Sylvia Walsh. The editor, who is the author of *Pornography* (1986), *The Structure of Love* (1990), and *Sexual Investigations* (1996), has also contributed six pieces and an Introduction.

Sexual Desire - Roger Scruton 1986

A philosophical consideration of human sexuality covers arousal, desire, love, chastity, modesty, homosexuality, masturbation, incest, perversion, social customs, and sexual ethics.
