Predating the more uneven *Dracula* by some 26 years, *Carmilla* (1871) is the first and perhaps greatest of vampire stories.

Fashion and Postcolonial Critique Elke Gaugele 2019 *Fashion and Postcolonial Critique* outlines a critical global fashion theory from a postcolonial perspective. It investigates contemporary articulations of postcolonial fashion critique, and analyzes fashion as a cultural, historical, social, and political phenomenon involved in and affected by histories of colonial domination, anti-colonial resistance, and processes of decolonization and globalization. Stemming from a range of different disciplines, such as art history, textile studies, anthropology, history, literary studies, cultural studies, sociology, fashion media, and fashion theory, the contributions in this book reflect the multidisciplinary and diverse nature of postcolonial fashion research today. My Unexpected Journey Jackie Dobrosky 2017-12-08 Author Jackie Dobrosky sees her life like a trek through the rockiest of mountains. Facing a lifetime of obstacles, she has climbed over the most difficult landscapes to reach her destination. Surviving a childhood rooted in instability and

abuse, she moved away from home only to face greater challenges in marriage and motherhood, including the discovery of a rare congenital tumor disease in her daughter, Linda. From that moment on Jackie's life became a blur of hospital stays and surgeries, including the amputation of Linda's leg, and an onslaught of medical issues that continue to this day. On a family cruise that Jackie designed to celebrate her daughter's life, Jackie broke her fibula in a zip lining accident which ironically led doctors to discover an aortic aneurysm in her heart. The trouble didn't stop there. Open heart surgery led to numerous complications including a brain bleed and a brush with death. Jackie now stands at the top of her metaphorical mountain, looking back at the difficult landscapes she navigated. These difficulties have not slowed her down. She now feels a calling to share her stories with others who struggle. My Unexpected Journey is the story of one courageous woman's ability to face tragedy and emerge from it with wisdom, bravery and a sense of fearlessness that she will carry with her for the rest of her life.

**Dilip Kumar** Dilip Kumar 2014-07-28 An authentic, heartfelt and compelling narrative - straight from the horse's mouth - that reveals for the first time numerous unknown aspects of the life and times of one of the greatest legends of all time who stands out as a symbol of secular India. Dilip Kumar (born as Yousuf Khan), who began as a diffident novice in Hindi cinema in the early 1940s, went on to attain the pinnacle of stardom within a short time. He came up with spellbinding performances in one hit film after another - in his almost six-decade-long career - on the basis of his innovative capability, determination, hard work and never-say-die attitude. In this unique volume, Dilip Kumar traces his journey right from his birth to the present. In the process, he candidly recounts his interactions and relationships with a wide variety of people not only from his family and the

film fraternity but also from other walks of life, including politicians. While seeking to set the record straight, as he feels that a lot of what has been written about him so far is 'full of distortions and misinformation', he narrates, in graphic detail, how he got married to Saira Banu, which reads like a fairy tale! Dilip Kumar relates, matter-of-factly, the event that changed his life: his meeting with Devika Rani, the boss of Bombay Talkies, when she offered him an acting job. His first film was Jwar Bhata (1944). He details how he had to learn everything from scratch and how he had to develop his own distinct histrionics and style, which would set him apart from his contemporaries. After that, he soon soared to great heights with movies such as Jugnu, Shaheed, Mela, Andaz, Deedar, Daag and Devdas. In these movies he played the tragedian with such intensity that his psyche was adversely affected. He consulted a British psychiatrist, who advised him to switch over to comedy. The result was spectacular performances in laugh riots such as Azaad and Kohinoor, apart from a scintillating portrayal as a gritty tonga driver in Naya Daur. After a five-year break he started his 'second innings' with Kranti (1981), after which he appeared in a series of hits such as Vidhaata, Shakti, Mashaal, Karma, Saudagar and Qila.

Women With Men Richard Ford 2012-06-04 The landscape of Women with Men ranges from the northern plains of Montana to the streets of Paris and the suburbs of Chicago. The tragedies that stalk the characters are unfolded with an indelible wit and clarity. So merciless is Ford's lingering gaze upon human, mostly male, weakness, so understanding his eye for the unravelling threads of human love, that this collection of novellas seems only to broaden the reputation and the following of one of the outstanding writers of our time.

*Foundations for Research* Kathleen B. deMarrais 2003-10-03 Designed for introductory research courses in the professional fields and social sciences, this text acquaints students and beginning researchers with a broad view of research methodologies and an understanding of the assumptions that inform each of these approaches. More experienced researchers will also find the book useful in acquainting them with methodologies and theoretical frameworks that are new to them. The text is distinguished by its avoidance of using the discreet categories of qualitative and quantitative methods to organize the chapters. While some chapter authors rely more on one or the other, many employ multiple methodologies to investigate particular problems and questions. Further, the book is not organized into single, contradictory positivist-interpretivist categories of research; chapter authors often situate methodologies within a variety of, and sometimes multiple, theoretical positions, particularly as these approaches are shaped by the historical context of social science research. Focus points in Foundations for Research: Methods of Inquiry in

Education and the Social Sciences: \*research ethics. \*intertwined relationship of theory and research design. \*systematic examination of ways to design and implement high-quality, trustworthy research across varying research designs. \*specific methods for implementing research within various frameworks. \*pedagogical strategies.

**Car Crash Culture** M. Brottman 2016-04-30 A morbidly fascinating and articulate collection of essays, this book explores the grim underside of America's cult of the automobile and the disturbing, frequently conspiratorial, speculations that arise whenever the car becomes the cause or the site of human death. Through analysis of fatal celebrity car accidents and other examples of death by automobile, as well as through personal memoir and forensic reports, cultural critics ponder our very human fascination with the car crash. Topics include the roles and experiences of passengers and bystanders, car crash conspiracy theories, the automobile as a site of murder, studies of car crash cinema, and psychological interpretations of the notion of the 'accident.' The book features original essays by such underground icons as Kenneth Anger and Adam Parfrey.

*Fassbinder's Germany* Thomas Elsaesser 1996 Rainer Werner Fassbinder is one of the most prominent and important authors of post-war European cinema. Thomas Elsaesser is the first to write a thoroughly analytical study of his work. He stresses the importance of a closer understanding of Fassbinder's career through a re-reading of his films as textual entities. Approaching the work from different thematic and analytical perspectives, Elsaesser offers both an overview and a number of detailed readings of crucial films, while also providing a European context for Fassbinder's own coming to terms with fascism.

**The Moronic Inferno** Martin Amis 2010-12-23 At the age of ten, when Martin Amis spent a year in Princeton, New Jersey, he was excited and frightened by America. As an adult he has approached that confusing country from many arresting angles, and interviewed its literati, filmmakers, thinkers, opinion makers, leaders and crackpots with characteristic discernment and wit. Included in a gallery of Great American Novelists are Norman Mailer, Gore Vidal, Truman Capote, Joseph Heller, William Burroughs, Kurt Vonnegut, John Updike, Paul Theroux, Philip Roth and Saul Bellow. Amis also takes us to Dallas, where presidential candidate Ronald Reagan is attempting to liaise with born-again Christians. We glimpse the beau monde of Palm Beach, where each couple tries to out-Gatsby the other, and examine the case of Claus von Bulow. Steven Spielberg gets a visit, as does Brian de Palma, whom Amis asks why his films make no sense, and Hugh Hefner's sybaritic fortress and sanitised image are penetrated. There can be little that escapes the eye of Martin Amis when his curiosity leads him to a subject, and America has found in him a superlative chronicler.

How Modern Science Came Into the World H. F. Cohen 2010 Once upon a time 'The Scientific Revolution of the 17th century' was an innovative concept that inspired a stimulating narrative of how modern science came into the world. Half a century later, what we now know as 'the master narrative' serves rather as a strait-jacket - so often events and contexts just fail to fit in. No attempt has been made so far to replace the master narrative. H. Floris Cohen now comes up with precisely such a replacement. Key to his path-breaking analysis-cum-narrative is a vision of the Scientific Revolution as made up of six distinct yet narrowly interconnected, revolutionary transformations, each of some twenty-five to thirty years' duration. This vision enables him to explain how modern science could come about in Europe rather than in Greece, China, or the Islamic world. It also enables him to explain how half-way into the 17th century a vast crisis of legitimacy could arise and, in the end, be overcome.

*Religion, Ritual and Ritualistic Objects* Albertina (Tineke) Nugteren 2019-04-23 This is a volume about the life and power of ritual objects in their religious ritual settings. In this Special Issue, we see a wide range of contributions on material culture and ritual practices across religions. By focusing on the dynamic interrelations between objects, ritual, and belief, it explores how religion happens through symbolic materiality. The ritual

objects presented in this volume include: masks worn in the Dogon dance; antique ecclesiastical silver objects carried around in festive processions and shown in shrines in the southern Andes; funerary photographs and films functioning as mnemonic objects for grieving children; a dented rock surface perceived to be the god's footprint in the archaic place of pilgrimage, Gaya (India); a recovered manual of rituals (from Xiapu county) for Mani, the founder of Manichaeism, juxtaposed to a Manichaean painting from southern China; sacred stories and related sacred stones in the Alor-Pantar archipelago, Indonesia; lotus symbolism, indicating immortalizing plants in the mythic traditions of Egypt, the Levant, and Mesopotamia; lavishly illustrated variations of portrayals of Ravana, a Sinhalese god-king-demon; figurines made of cow dung sculptured by rural women in Rajasthan (India); and mythical artifacts called 'Apples of Eden' in a well-known interactive game series.

**We Danced All Night** Martin Pugh 2013-12-31 Bounded by the Great War on one side and by the looming shadow of the Second World War on the other, the inter-war period has characteristically been portrayed as a time of great and unrelenting depression. In Martin Pugh's lively and thought-provoking book, however, the acclaimed historian vividly shows how the British people reacted to the privations of wartime by indulging in leisure and entertainment activities of all kinds - from dancing and cinema going to smoking, football pools and paid holidays. He explodes the myths of a nation of unwed women, revealing that in the 1930s the institution of marriage was reaching its heyday, and points to a rise in real incomes, improvements in diet and health and the spread of cheap luxuries. The result is an extraordinary, engaging work of history that presents us with a fresh perspective and brings out both the strangeness and the familiarity of this point in time.

**Critique of Fantasy, Vol. 2** Laurence A. Rickels 2020-11-24 In the "Introduction; or, How Star Wars Became Our Oldest Cultural Memory" of the first volume of Critique of Fantasy, the gambit of a contest between science fiction and fantasy was already sketched out. J.R.R. Tolkien and C.S. Lewis aimed to separate the fantasy from the techno-science foregrounded in works by H.G. Wells, for example, and raise the fantasy or fairy-story to the power of an alternate adult literary genre. My study of the contest between the B-genres for ownership of the evolution of the social relation of art out of the condemned site of day dreaming required in the first place a reading apparatus, which the first volume derived from psychoanalytic theories of daydreaming's relationship to conscious thought, the unconscious, and artistic production as well as from their prehistory, the philosophies of dreams, ghosts, willing and wishing.

Bringing Light to Twilight G. Anatol 2011-06-06 The essays in this collection use the interpretative lens to interrogate the meanings of Meyer's books, making a compelling case for the cultural relevance of Twilight and providing insights on how we can "read" popular culture to our best advantage.

**Miss Mole** E.H. Young 2020-10-01 'Young is a sharp and funny writer with a brilliant eye for moral fudging and verbal hypocrisy, and she has a splendid foil in Miss Mole' Sally Beauman WINNER OF THE JAMES TAIT BLACK MEMORIAL PRIZE 'Who would suspect her sense of fun and irony, of a passionate love for beauty and the power to drag it from its hidden places? Who would imagine that Miss Mole had pictured herself, at different times, as an explorer in strange lands, as a lady wrapped in luxury and delicate garments?' Miss Hannah Mole has for twenty years earned her living precariously as a governess or companion to a succession of difficult old women. Now, aged forty, a thin and shabby figure, she returns to Radstowe, the lovely city of her youth. Here she is, if not exactly welcomed, at least employed as housekeeper by the pompous Reverend Robert Corder, whose daughters are sorely in need of guidance. But even the dreariest situation can be transformed into an adventure by the indomitable Miss Mole. Blessed with imagination, wit and intelligence, she wins the affection of Ethel and her nervous sister Ruth. But her past holds a secret that, if brought to life, would jeopardise everything.

Thinking the Limits of the Body Jeffrey Jerome Cohen 2012-02-01 Shows the inseparability of textuality, materiality, and history in discussions of the body.

*Female Masculinity* Judith Halberstam 1998 Masculinity without men. In *Female Masculinity* Judith Halberstam takes aim at the protected status of male masculinity and shows that female masculinity has offered a distinct alternative to it for well over two hundred years. Providing the first full-length study on this subject, Halberstam catalogs the diversity of gender expressions among masculine women from nineteenth-century pre-lesbian practices to contemporary drag king performances. Through detailed textual readings as well as empirical research, Halberstam uncovers a hidden history of female masculinities while arguing for a more nuanced understanding of gender categories that would incorporate rather than pathologize them. She rereads Anne Lister's diaries and Radclyffe Hall's *The Well of Loneliness* as foundational assertions of female masculine identity. She considers the enigma of the stone butch and the politics surrounding butch/femme roles within lesbian communities. She also explores issues of transsexuality among "transgender dykes"--lesbians who pass as men--and female-to-male transsexuals who may find the label of "lesbian" a temporary refuge. Halberstam also tackles such topics as women and boxing, butches in Hollywood and independent cinema, and the phenomenon of male impersonators. *Female Masculinity* signals a new understanding of masculine behaviors and identities, and a new direction in interdisciplinary queer scholarship. Illustrated with nearly forty photographs, including portraits, film stills, and drag king performance shots, this book provides an extensive record of the wide range of female masculinities. And as Halberstam clearly demonstrates, female masculinity is not some bad imitation of virility, but a lively and dramatic staging of hybrid and minority genders.

**Fiction as Method** Jon K Shaw 2017-04-07 See the world through the eyes of a search engine, if only for a millisecond; throw the workings of power into sharper relief by any media necessary; reveal access points to other worlds within our own. In the anthology *Fiction as Method*, a mixture of new and established names in the fields of contemporary art, media theory, philosophy, and speculative fiction explore the diverse ways fiction manifests, and provide insights into subjects ranging from the hive mind of the art collective Orphan Drift to the protocols of online self-presentation. With an extended introduction by the editors, the book invites reflection on how fictions proliferate, take on flesh, and are carried by a wide variety of mediums—including, but not limited to, the written word. In each case, fiction is bound up with the production and modulation of desire, the enfolding of matter and meaning, and the blending of practices that cast the existing world in a new light with those that participate in the creation of new openings of the possible. Contributors Justin Barton, Delphi Carstens & Mer Roberts, Tim Etchells, Matthew Fuller, David Garcia, Dora García, M. John Harrison, Simon O'Sullivan, Erica Scourti, Jon K Shaw and Theo Reeves-Everson

**Two is a Lie** Pam Godwin 2017-07-11 "This series is so well written that you can not help but fall in love and feel the emotions, the pain, the heartache." ~ Laura, BookBistroBlog Two lies. Two men who don't share. I never stopped loving Cole. Not when he left me. Not when he disappeared for three years. Not when he crashed back into my life in a violent explosion of testosterone and fury. His sudden reappearance questions everything I thought I knew, including how I came to love another man. Trace is an intoxicating breeze of seduction over ice. My rock. My second chance at forever. And he's committed to annihilating the competition. The battle that ensues wrenches me back and forth between them. Fighting and f\*cking.

Resisting and submitting. Together, they entangle me in a web of lies, rivalry, and desire that weaves as deeply as their devotion to me. I love two men, and if I can only have one, I choose none. The TANGLED LIES series must be read in order. One is a Promise Two is a Lie Three is a War Contains: love triangle, angst, suspense, music, dance, alpha, dominate, submissive, series, trilogy, romance, billionaires, sports, military Edinburgh History of Scottish Literature: From Columba to the Union (until 1707) Ian Brown 2006-11-13 The History begins with the first full-scale critical consideration of Scotland's earliest literature, drawn from the diverse cultures and languages of its early peoples. The first volume covers the literature produced during the medieval and early modern period in Scotland, surveying the riches of Scottish work in Gaelic, Welsh, Old Norse, Old English and Old French, as well as in Latin and Scots. New scholarship is brought to bear, not only on imaginative literature, but also law, politics, theology and philosophy, all placed in the context of the evolution of Scotland's geography, history, languages and material cultures from our earliest times up to 1707.

*Improving Reading Skills* Deanne Spears 2009-01-05 The seventh edition offers students insightful, engaging, contemporary selections that to challenge them and to make them want to turn the page. In addition to the readings, the book includes a wide variety of practice exercises to reinforce good reading skills and to help students develop a college-level vocabulary.
