The Myths of the New World: a Treatise on the Symbolism and Mythology of the Red Race of America - Daniel Garrison Brinton 1868

Collected Works of C. G. Jung, Volume 18 - C. G. Jung 2014-03-01

The authoritative edition of Jung's miscellaneous collected writings *The Symbolic Life* gathers some 160 of Jung's writings that span sixty years and reflect his inquiring mind, numerous interests, and wide circle of professional and personal acquaintance. These writings include three longer works, "The Symbolic Life," "Symbols and the Interpretation of Dreams," and "The Tavistock Lectures"; a number of previously overlooked reviews, reports, and articles from the early years of Jung's career; several finished or virtually finished manuscripts that weren't published in his lifetime, including a 1901 report on Freud's *On Dreams*; and works Jung wrote after retiring from active medical practice. The other pieces collected here include forewords to books by colleagues and pupils, replies to journalists' questions, encyclopedia articles, and letters on technical subjects.

The Sex Worship and Symbolism of Primitive Races: An Interpretation - Sanger Brown 2022-09-04

DigiCat Publishing presents to you this special edition of "The Sex Worship and Symbolism of Primitive Races: An Interpretation" by Sanger Brown. DigiCat Publishing considers every written word to be a legacy of humankind. Every DigiCat book has been carefully reproduced for republishing in a new modern format. The books are available in print, as well as ebooks. DigiCat hopes you will treat this work with the acknowledgment and passion it deserves as a classic of world literature.

The Occult, Magic & Witchcraft - Charles Olliver 2022-10-01

In this collection of essays, Charles W. Olliver surveys the origins of the occult, considers its relationship to religion and spiritualism, and discusses how we should deal with experiences outside our understanding through the proposed science of metapsychics. A comprehensive overview of the hidden histories of religion, sorcery, esoterica, and superstition, *The Occult, Magic & Witchcraft* is a wide-ranging classic work that delves into symbols, divinatory practices, mediumship, Satanism, witchcraft - and even vampires and werewolves. From bizarre beliefs and disturbing rites to the grisly details of various witch trials, Olliver presents everything with a spirit of scientific curiosity.

Studies in the Psychology of Sex: Analysis of the Sexual Impulse; Love and Pain; The Sexual Impulse in Women - Havelock Ellis 2020-09-28

Myth and Meaning in Early Taoism - N. J. Girardot 1988

Myth and Meaning in Early Daoism examines some of the earliest texts associated with the Daoist tradition (primarily the *Daode jing*, *Zhuangzi*, and *Huainanzi*) from the outlook of the comparative history of religions and finds a kind of thematic and soteriological unity rooted in the mythological symbolism of *hundun*, the primal chaos being and principle that is foundational for the philosophy and practice of the Dao as *creatio continua* in cosmic, social, and individual life. Dedicated to the proposition that ancient Chinese texts and traditions are often best understood from a broad interdisciplinary and interpretive perspective, this work when it was written challenged many prevailing conceptions of the *Daode jing* and *Zhuangzi* as primarily philosophical texts without any religious significance or affinity with the later sectarian traditions. While controversial and at times playfully provocative, the methodology and findings of this book are still important for the ongoing scholarship about Daoism in China and the world.

Sex As Symbol - Ph. D. Alvin Kuhn 2005-12-01

There is a fell quality to the mating urge that gives it the force of a natural and unimpeachable authority, which appears for a time to sweep away every obstacle and override the obstructing power of every consideration, whether of advantage or injury. It carries a virtual cosmic sanction with it. -from "Love and Hate" How does gender and the sex drive manifest itself across human cultures? How is the dual nature of humanity-male and female, spiritual and physical, animal and divine-expressed in the tangible world? Alvin Boyd Kuhn, a prominent proponent of the early 20th-century doctrine of theosophy, which sought to find the universal truths that underlie all human religions, here explores the hidden connections across cultures that unify rites and customs found around the globe: circumcision, the secondary status of women, myths about communion with deities, and more. In fluid prose that approaches a stream-of-consciousness reverie,

this treatise seeks to uncover a fundamental basis for human ideas about sex, gender, and love. American philosopher and scholar of comparative religion ALVIN BOYD KUHN (1880-1963) is also the author of *Theosophy* (1930) and *The Lost Light* (1940).

The Christian Meaning of Human Sexuality - Paul Quay, S.J. , Ph.D 2017-10-07

An updated and expanded edition of a classic work on the Christian meaning of human sexuality by an acclaimed teacher and priest. The unique gift of human sexuality allows us to choose, or not to choose, to participate in one form of God's creation. This book presents the understanding of human sexuality that divine revelation offers us. It is intended primarily for Christian adults who wish to know what kinds of sexual behavior are right or wrong, and to gain true insight into why such behavior is right or wrong for those who seek to love and live in Christ. For sexual morality is part of the mystery of our life in Christ and makes full sense only when seen as such. Understanding of this Christian mystery, as far as we are given access to it, is offered us through the Scriptures and the living Tradition of the Church. This book uses Scripture and the teaching of the early Church Fathers to show what sexuality means in Christian terms, and is an indispensable guide to learning not just what the Church teaches, but why. Quay's insightful descriptions of the complementarity of male and female, a complementarity that is psychological, spiritual and bodily are exceptionally illuminating. It also explains the Bible's frequent use of the symbolism of marriage and sexuality in its accounts of the Covenant to understand better the relationship between God and his people, and the relationship of spouses to one another. It reflects on the natural symbolism of the human body and of spousal communion as a way to understand what is right and proper in sexual activity, and what is not. The new material in this expanded edition considers the theology of natural family planning (NFP). It explains the moral principles that govern the use of NFP and also provides a theological reflection on the meaning of this practice.

Musical Symbolism in the Operas of Debussy and Bartok - Elliott Antokoletz 2004-07-22

The authors explore the means by which two early 20th-century operas - Debussy's 'Pelléas et Mélisande' (1902) and Bartók's 'Duke Bluebeard's Castle' (1911) - transformed the harmonic structures of the traditional major/minor scale system into a new musical language.

Sexuality and the Devil - Edward J. Tejirian 2016-06-10

At the time of publication our understanding of sexuality relied heavily on biology, and also on morality, as was particularly evident when homosexuality and bisexuality were discussed. In this title, originally published in 1990, the author presents a compelling case for viewing the sexual dimension of life through an understanding of its symbols. The potent figure of the devil serves as his avenue of approach. In the first part of the book, the author presents a detailed case history of a young man who began psychoanalytic therapy with him because of a terrifying conviction that he could be possessed by the devil. In the course of therapy it emerged that the devil had entered into his consciousness as a vehicle to express a complex of homosexual wishes and fears that were deeply troubling to a man whose life history had been entirely heterosexual. The author argues that the assumptions about male psychology that came to pervade psychoanalytic theory after Freud's death could not account for the nature of this young man's conflicts or for the outcome of the analysis. In the second part of the book, the author cites historical and anthropological data to demonstrate that the depth and breadth of male psychology extend beyond the limits of what was considered normal by the neoconservative theorists who revised Freud's theories to exclude his ideas about bisexuality. Rejecting the reduction of sexuality to biology, the author asserts that sexuality can be properly regarded as symbolic, in the same way that meaningful works of art and rituals are symbolic. The power of sexual images and actions comes from their ability to combine important meaning with intensely felt emotion. Finally, the author examines the way in which culture affects sexuality through its control of consciousness and its influence on what kinds of sexual symbols may be utilized and what kinds of meanings they may express.

The Sex Worship and Symbolism of Primitive Races - Sanger Brown 2017-12-26

Excerpt from *The Sex Worship and Symbolism of Primitive Races: An Interpretation* My main object has been to give the life history of a primitive motive in the development of the race, and to emphasize the dynamic significance of this motive. Later other motives may be dealt with in more detail if it is proved that both in normal and abnormal psychology we may best understand the mental development of the individual

through our knowledge of the development of the race. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Making of T.S. Eliot - Joseph Maddrey 2009-04-29

This chronological survey of major influences on T.S. Eliot's worldview covers the poet's spiritual and intellectual evolution in stages, by trying to see the world as Eliot did. It examines his childhood influences as well as the literary influences that inspired him to write his earliest poetry; his life as an American expatriate living in London from 1915 to 1930, including his ill-fated marriage and his intellectual engagement with the literary traditions of his new country; and the ways in which his intellectual pursuits fostered a spiritual rebirth that simultaneously reflected his past and revealed his future, demonstrating how the early Romantic revolutionary became a staunch defender of tradition.

The Sex Worship and Symbolism of Primitive Races - Sanger Brown 2021-01-01

First published in 1916, this book is a study of 'the history of that great motive of action, the sex passion, as it appears in religion and the interpretation of its significance.' Chapters include; Simple Sex Worship, Symbolism, Sun Myths, Mysteries And Decadent Sex Worship, and Interpretations.

The Collected Works - Sigmund Freud 2021-09-08

Sigmund Freud was an Austrian neurologist and the founder of psychoanalysis, a clinical method for treating psychopathology through dialogue between a patient and a psychoanalyst. 1. Studies on Hysteria 2. The Interpretation of Dreams 3. Dream Psychology: Psychoanalysis for Beginners 4. The Psychopathology of Everyday Life 5. Three Essays on the Theory of Sexuality 6. Jokes and Their Relation to the Unconscious 7. Delusions and Dreams in Jensen's Gradiva 8. Five Lectures on Psycho-Analysis 9. Leonardo da Vinci and a Memory of his Childhood 10. Totem and Taboo 11. On the History of the Psycho-Analytic Movement 12. A General Introduction to Psychoanalysis 13. Thoughts for the Times on War and Death 14. Beyond the Pleasure Principle 15. Group Psychology and the Analysis of the Ego 16. A Young Girl's Diary

The Symbolic Life - C.G. Jung 2014-12-18

Originally planned as a brief final volume in the Collected Works, The Symbolic Life has become the most ample volume in the edition, and one of unusual interest. It contains some 160 items spanning sixty years; they include forewords, replies to questionnaires, encyclopedia articles, occasional addresses, and letters on technical subjects. Collection of this material relied on three chief circumstances. After Jung returned from active medical practice, he gave more of his time to writing, and some sixty papers as well as books were written after 1950. Second, recent research has brought to light a number of reviews, reports and articles from the early years of Jung's career. Finally, Jung's files yielded several finished or virtually finished papers that survived in manuscript. Volume 18 includes three longer works: 'The Tavistock Lectures' (1936); 'Symbols and the Interpretation of Dreams' (1961); and 'The Symbolic Life', the transcript of a seminar given in London in 1939.

Language and Reality - Wilbur Marshall Urban 2014-06-03

First published in 2002. Routledge is an imprint of Taylor & Francis, an informa company.

A Practical Guide to Qabalistic Symbolism - Gareth Knight 2001-05-01

In this groundbreaking book, Knight shows how the Qabalah and its basic diagram, the Tree of Life, is a system of relationships among mystical symbols that can be used to gain access to the hidden reaches of the mind. He also demonstrates how the Qabalah is applicable to all mystical traditions and religious beliefs, including Christian mysticism, Greek, Egyptian and Celtic mythologies, and even Native American beliefs. It is indeed symbolic of our universal search for the Divine. Included here are two books in one. The first compares the Western Mystery Tradition with the Eastern system of yoga, analyzes the Tree of Life in full detail, and describes the practical application and theories of Qabalistic symbolism. The second gives the most comprehensive analysis ever published of the twenty-two 'Paths of Concealed Glory' that join the Spheres of the Tree of Life taking into account the Hebrew alphabet, astrological signs, and tarot trumps. A large section explores the history of tarot design and the varying systems of correspondence with the Tree of Life.

Sex And Sex Worship - Otto Augustus Wall 2014-06-03

Sex is at the very heart of life, and this classic illustrated study of sex, its nature and function, and its influence on art, science, architecture and religion contains a wealth of information on sex beliefs, practices and worship in other cultures and periods of history stretching back to ancient times. Drawing on a wide range of sources including private collections of erotica, Wall shows how people in other times and places have dealt with the timeless themes of sexuality, male, female, love, passion, lust, desire and worship, dealing with sex as a private practice and also as public celebration. This edition first published in 2006. Routledge is an imprint of Taylor & Francis, an informa company.

Symbolic Blackness and Ethnic Difference in Early Christian Literature - Gay L Byron 2003-10-04

How were early Christians influenced by contemporary assumptions about ethnic and colour differences? Why were early Christian writers so attracted to the subject of Blacks, Egyptians, and Ethiopians? Looking at the neglected issue of race brings valuable new perspectives to the study of the ancient world; now Gay Byron's exciting work is the first to survey and theorise Blacks, Egyptians and Ethiopians in Christian antiquity. By combining innovative theory and methodology with a detailed survey of early Christian writings, Byron shows how perceptions about ethnic and color differences influenced the discursive strategies of ancient Christian authors. She demonstrates convincingly that, in spite of the contention that Christianity was to extend to all peoples, certain groups of Christians were marginalized and rendered invisible and silent. Original and pioneering, this book will inspire discussion at every level, encouraging a broader and more sophisticated understanding of early Christianity for scholars and students alike.

The Sex Worship and Symbolism of Primitive Races - Sanger Brown, 2nd 2010-10-22

Large print 15 point font. My main object has been to give the life history of a primitive motive in the development of the race, and to emphasize the dynamic significance of this motive. Later other motives may be dealt with in more detail if it is proved that both in normal and abnormal psychology we may best understand the mental development of the individual through our knowledge of the development of the race. ~ Author
