The King's Jester Barry Anthony 2010-05-30 Who was Dan Leno? In 1901 everyone in Britain knew who he was. They had seen him live on the music hall stage, listened to his jokes on the new gramophone and watched his funny antics in some of the earliest moving pictures. Even King Edward VII was a fan and the popular press dubbed Dan Leno 'The King's Jester'. But his path to fame was a hard one: he journeyed from being a child performer in the London and Liverpool slums to a chaotic career in hard-bitten northern variety theatres. Dan became the nation's favourite comedian, but as one of the first mass media stars he suffered from this continual exposure and died at the early age of forty three. Drawing on many previously unused sources, this is first, authoritative, biography of Dan Leno. Only Charlie Chaplin, often compared to Dan in style and appearance, was to occupy a similar position in the hearts of the British public. In telling the full story of Dan's life and career on the stage and screen, Barry Anthony brings to life the everyday life of Victorian Britain, as well as Dan's unique brand of humour and its resonance with later comedians such as Spike Milligan and the Monty Python team.

Victorians at Home and Away Janet Phillips 2016-07-01 First published in 1978, this book explores everyday Victorian likes and dislikes, manners, fashions, ideals and illusions. It discusses their changing attitudes to women, children, the poor, the common soldier and their country. It explains the rise and fall of home entertainment, the growth of soccer, racing and cricket to national sports, the rise of public schools and new professions as well as the appeal of missionary work. It is argued that all this happened not because the Victorians were fools, hypocrites or villains, but because they sensibly adapted themselves to peculiar and novel circumstances. This title will be of interest to students of history.
