Kept - Jami Alden 2009-03-01

Ethan and Derek Taggart: they're the men of Gemini, and when it comes to sheet-scorching undercover work, nobody does it better. The only one they answer to is big brother Danny--that is, until the right women come along to grab the reins and crack the whip as hard as the Taggart men like it. . . Security is Derek Taggart's game, and he plays it straight--no margin for error, no time to fool around. . .except with one hot little number who changes everything. He takes her home when she needs a ride--one she'll never forget. The problem is Derek can't forget her, a total about-face for a guy who keeps his enemies closer than his lovers. Then he finds out the sexy dynamo is Alyssa Miles, notorious party girl and darling of the gossip rags. It's time to walk away and never look back, which would be a hell of a lot easier if his agency didn't desperately need the high-profile gig her family's offering: a minor detail that consists mainly of Derek watching Alyssa

24/7. Keeping an eagle eye on every inch of Alyssa's nubile body isn't exactly a hardship--the problem is keeping his hands off and his brain on when things go dangerously wrong. . .

2012-06-30

Ever wondered how best to win round a stubborn colleague, or why it is you can never settle for just one partner? Babs Kirby's 21st Century Star Signs will tell you everything you ever wanted to know about you, your lover, father, daughter, boss and even today's A-list celebrities, in this, the most modern, in-depth astrological portrait for the 21st century. Taking up where the massive bestseller Linda Goodman's Sun Signs left off, Babs takes a completely contemporary, zeitgeisty approach that's compassionate, intelligent and, above all, revealing. 21st Century Star Signs reflects and embraces today's sensibilities and values looking at the way we function in sexual relationships - whether they're heterosexual, metrosexual, gay (or otherwise-), in work - with all its ever-changing technologies and opportunities and in our homelife in which single parents, serial monogomists and stay-at-home fathers are now the norm. A chapter is dedicated to each sign,

giving an in-depth portrait which will reveal every aspect of the sign including both positive and negative aspects, bringing hidden motivations, sexual proclivities and characteristics to the fore and showing how different signs will thrive under certain circumstance, how to nurture one's positive influences and how best to recognise, relate to and deal with other signs -with all their strengths and weaknesses.

Models - Mark Manson 2017-09-11

"You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F*ck*, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the bullsh*t and becoming an honest broker.

"A detailed guide to modern sexual ethics"

Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post

The New York Times bestseller that helps you explore whether romance is in the stars. Linda Goodman's *Love Signs* addresses the question asked by everyone familiar with astrology: How do I relate to someone of another sign? Each sign is "related" to the twelve signs of the zodiac in a different and unique way. Each section addresses the differences for a male and a female with the same sign matches. This is an updated edition of Linda Goodman's lively bestseller, which has introduced millions to the concept of astrological compatibility. "What seems to set Goodman's books apart from other

Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and

emotions. Are you honest with yourself about how you feel and what you really need from a partner?

- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars? Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.
