Last Couple Standing - Matthew Norman 2020-03-17

A couple determined not to end up like their divorced friends try a radical experiment—and get in way over their heads—in this hilarious, heartfelt novel from the author of *We're All Damaged*. New York Post's Best Books to Read in Our Age of Social Isolation • "[Matthew] Norman's funny and feeling writing makes for an irresistible read."—*Esquire* (Best Books of 2020) The Core Four have been friends since college: four men, four women, four couples. They got married around the same time, had kids around the same time, and now, fifteen years later, they've started getting divorced around the same time, too. With three of the Core Four unions crumbling to dust around them, Jessica and Mitch Butler take a long, hard look at their own marriage. Can it be saved? Or is divorce, like some fortysomething zombie virus, simply inescapable? To maximize their chance at immunity, Jessica and Mitch try something radical. Their friends' divorces mostly had to do with sex—having it, not having it, wanting to have it with other people—so they decide to relax a few things. Terms are discussed, conditions are made, and together the Butlers embark on the great experiment of taking their otherwise happy, functional marriage and breaking some very serious rules. Jessica and Mitch are convinced they've hit upon the next evolution of marriage. But as lines are crossed and hot bartenders pursued, they each start to wonder if they've made a huge mistake. What follows is sexy, fun, painful, messy, and completely surprising to them both. Because sometimes doing something bad is the only way to get to the heart of what's really good.

Art of "X-Men 2" - Timothy Shaner 2003

The X-Men are back in the cinema. Wolverine, Professor X, Cyclops, Jean Grey and the rest of the team return in X2, facing a new threat so dangerous that former enemy Magneto must join their ranks to defeat it.

[The Core Program](#) - Peggy Brill 2008-12-10

Introducing the fitness program designed by a physical therapist exclusively for women — proven to increase strength, tone muscles and reduce aches and pains in just 15 minutes a day! Few women realize that most popular fitness regimens are designed for men. Yet women have their own unique fitness needs — and using a program developed with men's bodies in mind is not only ineffective, but can actually result in injury. Renowned physical therapist Peggy Brill has devoted her life to developing an exercise program specifically for women. Based on her understanding of movement dynamics and body structure, these exercises focus on developing and balancing the muscles in the anatomical center of the body — the core — which includes the back, hip and abdominal muscles. Peggy's remarkable head-to-toe workout targets the "hot spot" areas — neck, back, pelvis, hips, knees — that cause problems for even the healthiest women. In just 15 minutes a day, The Core Program's easy-to-learn exercises will help women:

- Strengthen their bodies to achieve balance and alignment
- Eliminate everyday aches and pains
- Prevent bone loss
- Protect against osteoarthritis
- Improve sleep, digestion and circulation
- Enjoy better sex
- Feel energized all day long
- Overcome the effects of aging

With inspirational case histories, detailed photographs illustrating each exercise and self-tests for rating balance, flexibility and strength, The Core Program is an owner's manual for the naturally strong, healthy body every woman should have.

[Personality](#) - Howard S. Friedman 2003

[This] introductory textbook examines theories of personality, starting from the viewpoint that there are eight basic aspects to personality: psychoanalytic, ego, biological, behaviorist, cognitive, trait, humanistic, and interactionist. Later chapters apply these aspects to individual differences such as those of gender and culture. Summaries after each chapter encapsulate key theorists and concepts discussed. -

<http://www.bn.com>.

[In at the Deep End](#) - Kate Davies 2019

"A fresh, funny, audacious debut novel about a Bridget Jones-like twenty-something who discovers that she

may have simply been looking for love -- and, ahem, pleasure -- in all the wrong places (aka: from men)"--

Unicorn - Amrou Al-Kadhi 2019

From a god-fearing Muslim boy enraptured with their mother, to a vocal, queer drag queen estranged from their family, this is a heart-breaking and hilarious memoir about the author's fight to be true to themself.

43°073° SE - Glens Falls, New York Backcountry Atlas - L. Lansdowne 2018-11-21

43°073° SE Atlas Coverage: Approximately 30 sq miles or 1/2 degree of latitude and longitude at a scale of 1:25,000. The BaseImage enhanced topographic atlas brings USGS topos to a new level. With our 3D shaded-relief effects and extensive color enhancements, you can see everything more clearly. Find all of the best spots, with upgraded point of interest and trail information. Whether you're hiking, hunting, biking, fishing, snowmobiling, backpacking, bikepacking, geocaching, or just out wandering - this is the map for you! Scale = 1:25,000 Printed size = 8.3 x 11.7 (A4) Order printed atlases from BaseImage.net

[Writing Boxes](#) - Lisa Von Drasek 2019-07-15

An Unimaginable Act - Erin Merryn 2013-11-05

By sharing her personal journey through the pain she has suffered at the hands of her perpetrators, author Erin Merryn proves that one person can make a difference in the lives of others. Simply by speaking out and bringing the subject of child sexual abuse to the forefront, she has created a wave of change—change not only in legislature, but also in the hearts of those around her and the world. In this thought-provoking book, readers will discover an in-depth, personal account of Erin's story and how—through using positive outlets—she was able to rebuild her life and heal from a childhood filled with sexual abuse. Part memoir, part resource guide, Erin shares with readers key organizations that provide essential support for victims and caregivers, warning signs that a child who is being abused might display, and why Erin's Law is so essential.

[Doctor Who: How to be a Time Lord - The Official Guide](#) - 2018-08-30

This ancient Time Lord manual has been kicking around the TARDIS for thousands of years, giving the Doctor plenty of time to 'improve' it with scribbles, doodles and post-it notes as a gift for his successor, the Twelfth Doctor. He's even ripped out the middle of the book and replaced it with a scrapbook packed with everything important to our hero, and how to be just like him! So if you have ever wondered if you'd cut it in the Time Lord Academy, how to fly the TARDIS, or the correct way to dip a fish finger into custard, this is the book for you! Essential reading for all aspiring Time Lords!

A Life in Three Acts - Bette Bourne 2010-04-16

With honesty, humour and occasional anger, performer Bette Bourne tells the playwright Mark Ravenhill about his brave and flamboyant life. Crafted from transcripts of a series of long, private conversations, actor Bette Bourne reminisces and replays scenes from his life from a postwar childhood, a stint as a classical actor in the late 60s, to living in a drag commune in Notting Hill and being an active member of the Gay Liberation Front. Bette then talks about his touring with the New York based Hot Peaches cabaret group and founding his own cabaret troop, Bloodlips, which redefined the term gay theatre by creating their very own unique celebration of dramatic and colourful homosexuality. The piece, in three parts, marks a different series of events in Bette's life to reveal both a portrait of a pioneering, radical individual and a historical document of the struggles and achievements of gay liberation.

Evidence-Based Productivity Improvement - Robert D. Pritchard 2012-05-04

This new book explains the Productivity Measurement and Enhancement system (ProMES) and how it meets the criteria for an optimal measurement and feedback system. It summarizes all the research that has been done on productivity, mentioning other measurement systems, and gives detailed information on how to implement this one in organizations. This book will be of interest to behavioral science researchers

and professionals who wish to learn more about the practical methods of measuring and improving organizational productivity.

[Alice's Brady Bunch Cookbook](#) - Ann B. Davis 1994

Emmy Award winning actress Ann B. Davis—who captured America's heart as "Alice" on "The Brady Bunch"—presents a cookbook and memory book for the show's millions of fans. "Alice" presents more than 280 Brady recipes, anecdotes from memorable episodes, plus dozens of photos provided by the cast.

A Shepherd to Fools - Drew Mendelson 2021-08-12

A Shepherd to Fools is the second of Drew Mendelson's trilogy of Vietnam War novels that began with Song Ba To and will conclude with Poke the Dragon. Shepherd: It is the ragged end of the Vietnam war. With the debacle of a failing South Vietnamese invasion of Northern Laos as background, A Shepherd to Fools tells the harrowing tale of a covert Hatchet Team of US soldiers and Montagnard mercenaries. They are ordered to find and capture or kill a band of American deserters, called Longshadows, before the world learns of their paralyzing rebellion. An earlier attempt to capture them failed disastrously, the facts of it buried. Captain Hugh Englander commands the Hatchet Team. He is a humorless bastard, sneering and discourteous to every regular army soldier. He cares little for the welfare of his own men and nothing for the lives of the deserters. The conflict between him and Captain David Weisman, the artillery officer assigned to the mission for artillery support, threatens to tear the team apart. Deep in the Laotian jungle, the team is caught in a final, horrific battle facing an enemy armed with Sarin nerve gas, the "worst of the worst" of the war's clandestine weapons.

[What's Wrong with Morality?](#) - Charles Daniel Batson 2016

Most works on moral psychology consider morality an unalloyed good. Drawing primarily on social-psychological theory and research, this book looks at morality as a problem. The problem is that we often fail live up to our own moral standards. Why?

Everyday Paleo Family Cookbook - Sarah Fragoso 2012-09-04

Everyday Paleo Family Cookbook offers guidance on how to bring your family together with the magic of real food. As modern life grows more hectic with each passing day, a part of living the Paleo lifestyle is slowing down and enjoying the time we have with family and friends. This cookbook is intended to remind us of how precious these moments are, and that some of the fondest memories can be made while sitting at the dinner table with the ones we love. Savoring these moments, along with delicious and healthful food, is what life is all about. In addition to more than eighty delicious, easy-to-prepare recipes that are free of grains, dairy, sugar, and legumes, Everyday Paleo Family Cookbook offers:

- Time-saving tips and tricks to get you through your busy weeks
- Suggestions of which recipes to pair together to made a complete meal
- Ideas for how to successfully bring the family together at mealtime
- Simple shopping and prepping tips to help you save time and money
- Resources for where to shop to find specific ingredients

A Theory of Jerks and Other Philosophical Misadventures - Eric Schwitzgebel 2020-11-10

A collection of quirky, entertaining, and reader-friendly short pieces on philosophical topics that range from a theory of jerks to the ethics of ethicists. Have you ever wondered about why some people are jerks? Asked

whether your driverless car should kill you so that others may live? Found a robot adorable? Considered the ethics of professional ethicists? Reflected on the philosophy of hair? In this engaging, entertaining, and enlightening book, Eric Schwitzgebel turns a philosopher's eye on these and other burning questions. In a series of quirky and accessible short pieces that cover a mind-boggling variety of philosophical topics, Schwitzgebel offers incisive takes on matters both small (the consciousness of garden snails) and large (time, space, and causation). A common theme might be the ragged edge of the human intellect, where moral or philosophical reflection begins to turn against itself, lost among doubts and improbable conclusions. The history of philosophy is humbling when we see how badly wrong previous thinkers have been, despite their intellectual skills and confidence. (See, for example, "Kant on Killing Bastards, Masturbation, Organ Donation, Homosexuality, Tyrants, Wives, and Servants.") Some of the texts resist thematic categorization—thoughts on the philosophical implications of dreidels, the diminishing offensiveness of the most profane profanity, and fatherly optimism—but are no less interesting. Schwitzgebel has selected these pieces from the more than one thousand that have appeared since 2006 in various publications and on his popular blog, The Splintered Mind, revising and updating them for this book. Philosophy has never been this much fun.

America's Best Kept Secret - James L. Gagan 1991

The Sleepwalker's Introduction to Flight - Sion Scott-Wilson 2010-11-23

'Funny and filled with heart . . . a sparky debut' - Alexandra Heminsley, The London Paper Dreaming of joining the brotherhood of Acapulcan cliff-divers, young Mikey Hough rigs a diving platform in the garden of his suburban Berkshire home. Two years later, when he awakes from his coma, Mikey befriends Roger, an elderly ex-pilot hospitalised when his precious Distinguished Flying Cross was violently stolen from him. Mikey soon learns that his own disastrous attempt at flight has damaged his Suprachiasmatic Nucleus, destroying his ability to sleep. The medical profession can do nothing for him. He is sent home from hospital to die. One night, a despondent Mikey stumbles across Livia, the cynical teenage ward of a neighbouring councilman. Together they decide to track down Roger's stolen medal. So begins a remarkable, picaresque journey into the dark heart of suburban England, during which the fearless Mikey and Livia confront a sprawling cast of pensioners, policemen and criminals - including the profoundly sinister man-child 'The Fat Controller'. As they hurtle towards daybreak, they persuade Roger to undertake one last, gut-wrenching sortie into the night skies. The Sleepwalker's Introduction to Flight is a heart-rending and riotous mini-epic, a brilliantly subversive coming-of-age tale about what happens when dark and light collide, and society's marginalised find their voice. 'A humorous, moving and eloquent debut' Bookseller

The Runner's Book of Daily Inspiration - Kevin Nelson 1999-04

Sometimes it is hard to go that extra mile or run for more minutes than the day before. Even the most dedicated runner needs an extra push. The Runner's Book of Daily Inspiration uses positive thinking, humor, and practical training advice coupled with a daily affirmation or resolution to give runners reinforcement and support on those lazy, rainy, or otherwise uninspired days.
