you completely. Sometimes they are filled with gratitude and affection, and other times they seem totally indifferent. Attitude. Behavior. Development. Everything depends on the love relationship between you and your child. When children feel loved, they do their best. But how can you make sure your child feels loved? Since 1992, Dr. Gary Chapman's best-selling book *The 5 Love Languages* has helped millions of couples develop stronger, more fulfilling relationships by teaching them to speak each others' love language. Each child, too, expresses and receives love through one of five different communication styles. And your love language may be totally different from that of your child. While you are doing all you can to show your child love, he may be hearing it as something completely opposite. Discover your child's primary language and learn what you can do to effectively convey unconditional feelings of respect, affection, and

commitment that will resonate in your child's emotions and behavior.

*For the Love of a Child* - Dana Terrell 2022-12-02

Get into the mind of a sexual predator to understand what makes him tick. Hear, in his own words, what it was like growing up with different desires and urges than most and to what extents he would go to hide it. This autobiography is written with the hope that a lot of the misconceptions can be removed from the sex offender and the truth can get out there. See for yourself how you are now less safe than you were a decade ago and what needs to be done to fix that issue. Dana has been a loud voice for fixing the things broken in the law to make it stronger and better for the general public. He now has put his voice into the pages of a book to hopefully reach more of the masses to bring about the change that is needed. Ever hear someone say, "Why don't these people just get a hooker to settle their urges that way?" Learn why that is a myth and

what the truth is behind why we do what we do. "As a pedophile, we are the only group out here today that ends up hurting the ones we love. This book covers the extents we will go to, for that love that we can never have."

For the Love of the Child -

Cedric Marlow 2015-07-13

A self-absorbed, womanizing businessman has an unexpected child by a carefree single mother of two children. Infuriated by the woman's deceptive assurances of birth control, he wants nothing to do with her or the unborn child. To appease his conscience, he reasons that her deception has cast doubt on the true paternity of the child while reaffirming his own lack of emotional attachment over a passing fling. However, several months into the pregnancy, he cannot resist the gnawing feeling that the unborn child, potentially his first, is his and may need him. As he juggles his feelings of guilt, with the escalating feelings the mother

begins to cultivate toward him, he comes to crossroads: continue down the same selfish, fleshly path that caused this, or begin living with a purpose, a cause. Yet if he decides to change himself, can he change the stereotype that envelopes, the system that rejects, and the society that questions? How hard will a father fight for the love of his child? For the Love of the Child shows how one father's custodial fight for his endangered daughter magnifies the traditional flaws of gender inequality and prejudice within the judicial system.

four-year-old daughter, Mahtob. Appalled by the squalor of their living conditions, horrified by what she saw of a country where women are merely chattels and Westerners are despised, Betty soon became desperate to return to the States. But Moody, and his often vicious family, had other plans. Mother and daughter became prisoners of an alien culture, hostages of an increasingly tyrannical and violent man. Betty began to try to arrange an escape. Evading Moody's sinister spy network, she secretly met sympathisers opposed to Khomeini's savage regime. But every scheme that was suggested to her meant leaving Mahtob behind for ever... Eventually, Betty was given the name of a man who would plan their perilous route out of Iran, a journey that few women or children had ever made. Their nightmare attempt to return home began in a bewildering snowstorm...

Brilliantly evoking the changing attitudes of the time, *The Love Child* is a novel about love, family, separation, despair, and hope, full of tenderness and deep feeling. A young mother's sacrifice. A child's desperate search for the truth... London, 1917 When nineteen-year-old Alice Copeman becomes pregnant, she is forced by her father and stepmother to give up the baby. Harvey Weisenberg 2018-10-04

This is the story of Harvey Weisenberg—a lifeguard, teacher, policeman, and eventually a New York politician, who quietly made a difference in the lives of millions of children and adults with special needs. In the summer of 1965, Harvey, a lifelong resident of Long Beach, New York, met two people who would make a profound impact on his life: Ellen Laufer and her seven-year-old son, Ricky, who had been born with cerebral palsy and was severely disabled. That day at the Coral Reef Beach Club in Lido Beach, where Harvey worked as a lifeguard, was the beginning of a love story that continues to

this day. Not only did Harvey fall in love with Ellen, he also fell in love with Ricky, who introduced him to the challenges of both children with special needs and their families. Through this relationship, Harvey found his life's mission. For the Love of a Child tells the story of the people who inspired Harvey early on, as well as the City of Long Beach, which greatly influenced his life in public service. He held office for thirty-eight years, thirteen as a council member in Long Beach and twenty-five in Albany as a state assemblyman. During this time, he worked with—and in some cases, bumped heads with—five New York governors. As a legislator, Harvey's priorities were always for the people, not political agendas, as his story shows. Harvey knows first hand that children with special needs are filled with unconditional love. God gave him an angel in Ricky, a saint in Ellen, and, thanks to both, a mission that allowed him to spend his life making sure that children like Ricky

and their families are given the best quality of life. Through his story, Harvey shares the important work he did, the challenges he met, and the life-changing experiences he has had along the way.

**The Love Child** - Edith Olivier  
2014-08-28

'What was she? Not a child, for she was seventeen, and taller than Kitty: not a girl, for she floated like a feather, and flew into trees like a bird; not a spirit - she was human to touch. But to-night she was all made of mischief and magic, remote from him, and yet calling him to here . . .' At thirty-two, her mother dead, Agatha Bodenham finds herself quite alone. She summons back to life the only friend she ever knew, Clarissa, the dream companion of her childhood. At first Clarissa comes by night,

and then by day, gathering substance in the warmth of Agatha's obsessive love until it seems that others too can see her. See, but not touch, for Agatha has made her love child for herself alone. No man may approach her elfin creation of perfect beauty. If he does, the love which summoned her can spirit her away . . . The Love Child (1927) was Edith Olivier's first novel, acknowledged as a minor masterpiece: a perfectly imagined fable and a moving and perceptive portrayal of unfulfilled maternal love.

*How to Give Your Child a Lifelong Love of Reading* - Alex Johnson 2020

How do you create an active reader? Why is reading good for creativity? Why is it vital for teaching the next generation

resilience and positive mental health? In the digital age of never-ending screen time you could argue that the power of books has diminished. But while screens have changed the act of reading, Alex Johnson believes reading is even more important, and that people value books more than ever. This is visible in the sales of printed special editions, the revival in reading aloud, the increased interest in poetry anthologies and the rescuing of 'lost words' from obscurity. But the problem is: with so many competing distractions, which are the best books for children to read and how can we access them? How do we get children to start reading? And how can we encourage them to be curious? How can we encourage their reading and maintain their interest? In this book of practical advice, Alex Johnson brings his tremendous enthusiasm and informed passion to answer these questions, and many more, to ensure a new generation of bookworms are whisked away to new worlds and essential
