**More Making Out in Japanese - Todd Geers 2013-11-21**

More Making Out in Japanese is a fun, accessible and thorough guide to the Japanese language as it's really spoken. This phrasebook follows the bestselling Making Out in Japanese providing additional (and classic) phrases for travelers, including ones to help you make acquaintances, discuss likes and dislikes, share a meal, go out on the town or develop a romantic relationship. If you are a student, businessman or tourist traveling to Japan and would like to have an authentic and meaningful

experience, the key is being able to speak like a local. This friendly and easy-to-use phrasebook makes this possible. More Making Out in Japanese has been completely revised and expanded to be even more helpful as a guide to modern colloquial Japanese for use in everyday informal interactions—giving access to the sort of catchy Japanese expressions that aren't covered in traditional language materials. As well as the Romanized forms (romanji), each expression is now given in authentic Japanese script (kanji and kana with furigana pronunciation

clues), so that in the case of difficulties the book can be shown to the person the user is trying to communicate with. This Japanese phrasebook includes: A guide to pronouncing Japanese words correctly Explanations of basic Japanese grammar, such as, intonation, word stress, and particles A guide to male and female usage Romanized forms of words and phrases (romanji) Complete Japanese translations including Japanese characters (kanji) and the Japanese alphabet (kana) Useful and interesting notes on Japanese language and culture Lots of colorful, fun and useful expressions not covered in other phrasebooks Titles in this unique series of bestselling phrase books include: Making Out in Chinese, Making Out in Indonesian, Making Out in Thai, Making Out in Korean, Making Out in Hindi, Making Out in Japanese, Making Out in Vietnamese, Making Out in Burmese, Making Out in Tagalog, Making Out in Hindi, Making Out in Arabic, Making Out in English, More Making Out in Korean, and More Making Out in Japanese.

**Modern Japanese Grammar** - M. Endo Hudson 2017-03-16

First published in 2013. As with its series counterparts, this is an innovative reference guide to the Japanese language, combining traditional and function-based grammar in a single volume. In its two-part structure, Part A covers traditional grammatical categories, such as structural features of the language and the behaviour of parts of speech. With a strong emphasis on contemporary usage, all grammar points are richly illustrated with examples written in a combination of hiragana, katakana and kanji, alongside romanizations and sentence meanings in English. Part B is organised around language functions such as expressing likes and dislikes, giving and seeking information, making decisions and apologising. This function-based presentation is an invaluable guide to the situationally-appropriate use of Japanese for learners at all levels. The two parts of the Grammar are closely linked by extensive cross-references, providing a grammatical and a functional perspective on many patterns in the language. This is the ideal reference grammar for learners of Japanese at all levels, from novice to advanced. No prior knowledge of grammatical terminology is assumed and a glossary of grammatical terms is provided.

**A Brief History of the 6th Marines** - William Kenefick Jones 1987

**Japanese Communication** - Senko K. Maynard 1997-06-01

In an accessible and original study of the Japanese language in relation to Japanese society and culture, Senko Maynard characterizes the ways of communicating in Japanese and explores Japanese language-associated modes of thinking and feeling. Japanese Communication: Language and Thought in Context opens with a comparison of basic American and Japanese values via cultural icons--the cowboy and the samurai--before leading the reader to the key concept in her study: rationality. Writing for those who have a basic knowledge of Japanese language and culture, Maynard examines topics such as masculine and feminine speech, swearing, expressions of ridicule and conflict, adverbs of emotional attitude and the eloquence of silence. Maynard provides a refreshing and entertaining perspective for interpreting contemporary Japan, sometimes in contrast to the United States.

*Just So Happens* - Fumio Obata 2014-02-13

'I still remember arriving in the city for the first time... It wasn't easy... But here, London, is my home.' Yumiko is a young Japanese woman who has made London her home. She has a job, a boyfriend; Japan seems far away. Then, out of the blue, her brother calls to tell her that her father has died in a mountaineering accident. Yumiko returns to Tokyo for the funeral and finds herself immersed in the rituals of Japanese life and death - and confronting a decision she hadn't expected to have to make. *Just So Happens* is a graphic novel by a young artist and storyteller of rare talent. Fumio Obata's drawing, in particular, is marvellous in its power and delicacy.

**Congressional Record** - United States. Congress 1924

**Multiculturalism in the New Japan** - Nelson H. H. Graburn 2008

"...a valuable addition to the increasing literature on Japanese multiculturalism which has challenged the long-held homogeneous Japan thesis...A particular contribution of this ... book is to illuminate the ground-level process where hybridities emerge and group boundaries are

redrawn in a particular local context...I greatly enjoyed reading [this book] from beginning to end. My undergraduate students who encountered it in their subject reading list also enjoyed it. I would recommend it highly for both undergraduate and graduate students studying Japanese society." - Japan Studies "This book importantly seeks out the meanings behind the nooks and crannies in which peoples from different cultures are juxtaposed within Japan. However the real work of living side by side, of respecting individual and cultural differences, of embracing diversity...remains a vital challenge to both Japan, as well as to scholars who stand poised to connect the dots of this critical and evolving picture. I recommend this volume as one further step toward that undertaking." - Asia Pacific World "...a very readable volume offering through its focus on the local a vivid picture of multiculturalism in Japan. All articles are ethnographically grounded and it is here, and not in systematic and theoretically exhaustive treatment of the subject of multiculturalism." - Zeitschrift für Ethnologie Like other industrial nations, Japan is experiencing its own forms of, and problems with, internationalization and multiculturalism. This volume focuses on several aspects of this process and examines the immigrant minorities as well as their Japanese recipient communities. Multiculturalism is considered broadly, and includes topics often neglected in other works, such as: religious pluralism, domestic and international tourism, political regionalism and decentralization, sports, business styles in the post-Bubble era, and the education of immigrant minorities.

Japanese Studies - 2010

Papers presented at the three day International Conference on "Changing Global Profile of Japanese Studies : Trends and Prospects", held at New Delhi during 6-8 March 2009.

**Learners in Japanese Language Classrooms** - Reiko Yoshida  
2011-10-27

The verbal participation of learners in language classrooms offers a rich seam of data to the applied linguist. Overt and covert participation, when examined, can reveal both the structures of a classroom and elicit privileged information on participant's self-perceptions. It examines the

verbal participation of learners in Japanese as a Foreign Language classrooms. Verbal interactions with teachers and classmates and 'private' speech acts are examined in relation to the classroom context and also sociocultural factors such as the learner's motivation and the teacher's belief in their own methods. The examination of corrective feedback episodes and learners' private speech uses recorded speech and stimulated recall interviews recorded over the period of a year. The main focus is on Corrective Feedback episodes, and explains not only the language used in class but also teacher's and learner's own perceptions. It will be of interest to researchers in applied linguistics and second language acquisition, especially those involved with Japanese as a second or other language.

**Japanese Girls & Women** - Alice Mabel Bacon 2001

First Published in 2001. Routledge is an imprint of Taylor & Francis, an informa company.

Learn Japanese - Level 2: Absolute Beginner - Innovative Language Learning

Listen to audio lessons, while you read along! Interactive. Effective. And FUN! Start speaking Japanese in minutes, and learn key vocabulary, phrases, and grammar in just minutes more with Learn Japanese - Level 2: Absolute Beginner, a completely new way to learn Japanese with ease! Learn Japanese - Level 2: Absolute Beginner will arm you with Japanese and cultural insight to utterly shock and amaze your Japanese friends and family, teachers, and colleagues. What you get in Learn Japanese - Level 2: Absolute Beginner: - 250+ pages of Japanese learning material - 25 Japanese lessons: dialog transcripts with translation, vocabulary, sample sentences and a grammar section - 25 Audio Lesson Tracks (over 5 hours of Japanese lessons) - 25 Audio Review Tracks (practice new words and phrases) - 25 Audio Dialog Tracks (read along while you listen) This book is the most powerful way to learn Japanese.

Guaranteed. You get the two most powerful components of our language learning system: the audio lessons and lesson notes. Why are the audio lessons so effective? - 25 powerful and to the point lessons - syllable-by-syllable breakdown of each word and phrase so that you can say every

word and phrase instantly - repeat after the professional teacher to practice proper pronunciation - cultural insight and insider-only tips from our teachers in each lesson - fun and relaxed approach to learning - effortlessly learn from bi-lingual and bi-cultural hosts as they guide you through the pitfalls and pleasures of Japan and Japanese. Why are the lesson notes so effective? - improve listening comprehension and reading comprehension by reading the dialog transcript while listening to the conversation - grasp the exact meaning of phrases and expressions with natural translations - expand your word and phrase usage with the expansion section - master and learn to use Japanese grammar with the grammar section Discover or rediscover how fun learning a language can be with the future of language learning. **A Companion to Japanese Cinema** - David Desser 2022-03-09

Go beyond Kurosawa and discover an up-to-date and rigorous examination of historical and modern Japanese cinema In A Companion to Japanese Cinema, distinguished cinematic researcher David Desser delivers insightful new material on a fascinating subject, ranging from the introduction and exploration of under-appreciated directors, like Uchida Tomu and Yoshimura Kozaburo, to an appreciation of the Golden Age of Japanese cinema from the point of view of little-known stars and genres of the 1950s. This Companion includes new resources that deal in-depth with the issue of gender in Japanese cinema, including a sustained analysis of Kawase Naomi, arguably the most important female director in Japanese film history. Readers will appreciate the astute material on the connections and relationships that tie together Japanese television and cinema, with implications for understanding the modern state of Japanese film. The Companion concludes with a discussion of the Japanese media's response to the 3/11 earthquake and tsunami that devastated the nation. The book also includes: A thorough introduction to the History, Ideology, and Aesthetics of Japanese cinema, including discussions of Kyoto as the cinematic center of Japan and the Pure Film Movement and modern Japanese film style An exploration of the background to the famous story of Taki no Shiraito and the significant and underappreciated contributions of directors Uchida Tomu, as well as Yoshimura Kozaburo A rigorous comparison of old and new Japanese cinema, including treatments of Ainu in documentary films and modernity in film exhibition Practical discussions of intermediality, including treatments of scriptwriting in the 1930s and the influence of

film on Japanese television Perfect for upper-level undergraduate and graduate students studying Japanese and Asian cinema, *A Companion to Japanese Cinema* is a must-read reference for anyone seeking an insightful and contemporary discussion of modern scholarship in Japanese cinema in the 20th and 21st centuries.

*A Japanese Memoir of Sumatra, 1945-1946* - Takao Fusayama 2010

One of our chief reservations in publishing the memoir lay in the author's description of it as a "documentary novel," but we discovered that the "fictions" in the narrative relate mainly to Dr. Fusayama's dramatization of the action by putting into direct speech his memories of the general tenor of his conversations with some of the major protagonists. As he notes in his Preface, he recorded his recollections immediately after his repatriation to Japan, and it is evident that his rendition of the events he witnessed are true to his perceptions at the time. --

**Japanese Phrases For Dummies** - Eriko Sato 2004-08-06

A quick easy reference to pick up and reinforce key Japanese phrases Japanese is the fifth most studied language in the U.S., with over 40,000 college students enrolled in Japanese courses every year, and Japan ranks as the eighth most popular international destination for American travelers. Focusing on real-world language skills that people can put to use right away-from asking directions to talking numbers-this phrasebook is a must for travelers and students. Eriko Sato, PhD, is a native Japanese speaker and Professor of Japanese at SUNY Stony Brook.

*Multicultural Education in Glocal Perspectives* - Yun-Kyung Cha 2016-11-15

This conceptually rich and empirically grounded book draws upon expertise from a panel of emerging and established international scholars to explore the institutionalization and effect of multicultural education on a global scale. Previous studies of multicultural education have largely ignored the significance of understanding the combination of multiple sociopolitical influences on multicultural education in both policy and practice. Filling this void, this book sheds light on the two main reasons for taking a "glocal" perspective on multicultural education. First, children should be provided with meaningful learning

opportunities to acquire the knowledge, skills, and attitudes necessary to live in a culturally and ethno-linguistically diverse society, where the distinction between the local and the global is becoming blurred. Second, understanding both the "global grammar" and the "local semantics" of multicultural education helps researchers and policy-makers grasp the whole picture of multicultural education as an evolving social construct and phenomenon. This new book provokes a new round of discussion and research to expand and enrich our inquiry into cultural diversity and educational inclusion.

*Japan Weekly Mail* - 1896

*Japanese Peony* - Rei Kimura 2014-12-09

"My name is Yoshiko Kawashima, some call me Aisin Gioro Xianyu in Manchuria but to many in my circle who knew what I did, I am known simply as the Japanese Peony after my favorite flower! I have lived a colorful and covert double life of intrigue and lies, I'm even supposed to have been executed in 1948! So I really can't complain that I managed to make it to "old bones" but day by day, as my body grows weak, the burden of the secrets that will die with me grows heavier. I need to tell my story and change history forever!" Born into the royal family of Prince Su and a relative of Pu Yi, the last Emperor of China, Yoshiko was a princess. How, one might ask, did a Chinese Princess from the royal house of the Qing Dynasty become a spy for the Japanese Secret Service Unit? This book sets out to put all the disjointed pieces of a huge puzzle together to answer that question! This book also looks at the fascinating covert activities of Yoshiko as a spy, planning and engineering some of the most famous Japanese incursions into China that made her a historical figure never to be forgotten. But in the midst of so much hardness, angst and high living were two poignant moments in Yoshiko's life when she loved and lost first Yamaga, a Japanese military officer and in the final years of her heydays, Jack Stone, an American journalist. In 1945, when Japan lost the war, Yoshiko was betrayed by her bodyguards and captured by Chiang Kai Shek's men and sentenced to death for treason and espionage. History has it that she was executed on 25th

March, 1948 but as in life, her “death” was shrouded in mystery and intrigue. Was she executed or did she cheat death in a daring swap with a dying girl paid to take her place? This is the true story of Yoshiko Kawashima and her spectacular life as a princess and a spy. We travel with her through the breath taking maze of her early years in Manchuria evolving to her turbulent life in Japan as the adopted daughter of Naniwa Kawashima and his cold, disdainful wife, Natsuko. The trail then takes us on a whirlwind arranged marriage to a Mongolian prince which lasted just one year and on to a glittering life in Shanghai where Yoshiko was recruited by the Japanese Intelligence as a spy for Japan and finally to Peking where she ended up in Prison No. 1 with an execution order on

her head. It remains a mystery whether Yoshiko Kawashima was actually executed on 25th March, 1948, the official stand of China is that she was executed.

[The Japan Daily Mail](#) - 1888

**Storm (The Paper Gods, Book 4)** - Amanda Sun 2015-07-01

After almost a year in Japan, Katie Greene has finally unearthed the terrible secret behind her boyfriend Tomohiro's deadly ability to bring drawings to life—not only is he descended from Kami, the ancient Japanese gods, but he is the heir to a tragedy that occurred long ago, a tragedy that is about to repeat.
