

Can Sex Offenders Be Denied Housing

Harvard Law Review: Volume 131, Number 6 - April 2018 - Harvard Law Review 2018-04-08

Cities and Sexualities - Phil Hubbard 2013-03-01

From the hotspots of commercial sex through to the suburbia of twitching curtains, urban life and sexualities appear inseparable. Cities are the source of our most familiar images of sexual practice, and are the spaces where new understandings of sexuality take shape. In an era of global business and tourism, cities are also the hubs around which a global sex trade is organised and where virtual sex content is obsessively produced and consumed. Detailing the relationships between sexed bodies, sexual subjectivities and forms of intimacy, *Cities and Sexualities* explores the role of the city in shaping our sexual lives. At the same time, it describes how the actions of urban governors, city planners, the police and judiciary combine to produce cities in which some sexual proclivities and tastes are normalised and others excluded. In so doing, it maps out the diverse sexual landscapes of the city - from spaces of courtship, coupling and cohabitation through to sites of adult entertainment, prostitution, and pornography. Considering both the normative geographies of heterosexuality and monogamy, as well as urban geographies of radical/queer sex, this book provides a unique perspective on the relationship between sex and the city. *Cities and Sexualities* offers a wide overview of the state-of-the-art in geographies and sociologies of sexuality, as well as an empirically-grounded account of the forms of desire that animate the erotic city. It describes the diverse sexual landscapes that characterise both the contemporary Western city as well as cities in the global South. The book features a wide range of boxed case studies as well as suggestions for further reading at the end each chapter. It will appeal to undergraduate students studying Geography, Urban Studies, Gender Studies and Sociology.

Offending Identities - Kirsty Hudson 2013-06-17

This book aims to explore sex offenders' perspectives of the way they are treated and managed. Whilst a great deal has been written about sex offenders and their treatment within the criminal justice system, few studies have approached the issues through an understanding of offenders' own views and perspectives on their offending behaviour and others' responses to it. This book aims to redress this imbalance. The book is based on in-depth interviews with 32 convicted male sex offenders attending three different sex offender treatment programmes (the prison based Sex Offender Treatment Programme, Behaviour Assessment Programme and the community-led Sex Offender Groupwork Programme). Through gaining an understanding of offenders' perceptions of initiatives designed to both treat and control their risk of future offending, *Offending Identities* at the same time helps us to evaluate the effectiveness of such schemes.

The Oxford Handbook of Sex Offences and Sex Offenders - Teela Sanders 2017

Provides comprehensive, even-handed analysis of the myriad of topics related to sex offenses, including pornography, sex trafficking, criminal justice responses, and the role of social media in sex crimes. Extending beyond the existing scholarly research on the topic, this volume teases out the key debates, controversies, and challenges involved in addressing sex crimes.

No Second Chance - Harlan Coben 2006

Victimology - William G. Doerner 2011-05-09

This breakthrough work provides an organizing structure for the history and current state of the field of victimology, and outlines the reasons compelling a separate focus on crime victims. Highly readable, *Victimology* explores the role of victimology in today's criminal justice system, examining the consequences of victimization and the various remedies now available for victims. In addition to adding the latest developments in victimology, the authors have included a new chapter on property victimization, and have enhanced and expanded the chapter on personal victimization. The text is supplemented by learning tools including chapter-by-chapter learning objectives, key terms, illustrative figures and tables, and a listing of related Internet sites. * The text provides a comprehensive overview of the origins and scope of victimology, with detailed chapters on specific types of victimization *

The authors offer analysis of policy decisions and historical events, with an eye toward future developments in the field * A key chapter highlights the important global impact of restorative justice on responding to the plight of victims * The ever-changing dynamics of contemporary work and school victimization are dissected with special attention to causes and societal responses * The text is supplemented by learning tools including chapter-by-chapter learning objectives, key terms, illustrative figures and tables, and listings of related Internet sites

Criminal Law - Katheryn Russell-Brown 2015-02-03

An Interdisciplinary Approach *Criminal Law* provides students with an integrated framework for understanding the U.S. criminal justice system with a diverse and inclusive interdisciplinary approach and thematic focus. Authors Katheryn Russell-Brown and Angela J. Davis go beyond the law and decisions in court cases to consider and integrate issues of race, gender, and socio-economic status with their discussion of criminal law. Material from the social sciences is incorporated to highlight the intersection between criminal law and key social issues. Case excerpts and detailed case summaries, used to highlight important principles of criminal law, are featured throughout the text. The coverage is conceptual and practical, showing students how the criminal law applies in the "real world"—not just within the pages of a textbook.

Sex Offender Notification and Registration Act (SORNA) - United States. Congress. House. Committee on the Judiciary. Subcommittee on Crime, Terrorism, and Homeland Security 2009

Another Collateral Consequence? - Shawn M. Rolfe 2015

The primary focus throughout the literature regarding sex offenders has been on the efficacy and collateral damage of sex offender laws such as Sex Offender Registration and Notification (SORN) and residency restrictions. However, there is a lack in scholarship regarding transient sex offenders. The current research examines homeless shelters' policies on permitting sex offenders to use their services in Michigan, Ohio, Kentucky and Tennessee. Previous research has found that sex offenders face reoccurring obstacles throughout the reintegration process, which has affected their ability to find suitable housing, employment and social support. The author explored homeless shelters' policies and whether or not homeless shelters are furthering collateral damage for sex offenders. The findings suggest that homeless shelters sex offender policies do create another collateral consequence for them. Therefore, sex offenders being denied shelter not only keeps them onto the streets, but also creates a public safety issue.

Strategies for Improving Homeless People's Access to Mainstream Benefits and Services - Martha R. Burt 2010

In 2000, HUD, in recognition that any solution to homelessness must emphasize housing, targeted its McKinney-Vento Act homeless competitive programs towards housing activities. This policy decision presumed that programs such as Medicaid, TANF and General Assistance could pick up the slack produced by the change. This study examines how 7 communities sought to improve homeless people's access to mainstream services following this shift away from funding services through the Supportive Housing Program. Provides communities with models and strategies that they can use. Highlights the limits of what even the most resourceful of communities can do to enhance service and benefit access by homeless families and individuals.

Unintended Consequences of Human Actions - Elena Ermolaeva 2012-07-10

Using a mixed-method approach, *Unintended Consequences of Human Actions* documents a wide range of unintended and unanticipated consequences of human actions. The major message is the urgent need to review a range of possible outcomes of human actions. During these fragile times 'looking down the road' has become imperative.

Property Management Kit For Dummies® - Robert S. Griswold 2009-03-03

Thinking about becoming a landlord? *Property Management Kit For Dummies*, 2nd Edition gives you proven strategies for establishing and maintaining rental properties, be they single family or multi-resident. You'll see how to prepare and promote your properties, select tenants, handle repairs, avoid costly mistakes and legal snafus — and meet your long-term goals. You'll learn all the basics of the rental housing business

— from finding and showing properties and dealing with tenants to record keeping and paying your taxes. Now you can find out if you really have what it takes to successfully manage rental property and you'll learn all about the various options for hiring someone else to manage your property for you. You'll find out the right way to prepare your properties for prospective tenants, set the rent and security deposit, clean up properties, and verify rental applications. In no time at all, you can become a top-notch manager by working efficiently with employees and contractors to keep your properties safe and secure. Find out how to: Manage your time and money wisely Acquire a property and prepare it for tenants Make your property stand out and attract tenants Keep good tenants and get rid of bad ones Collect and increase rent Evaluate the different types of insurance and understand income and property taxes Complete with lists of ten reasons to become a rental property owner, ten ways to rent your vacancy, and the ten biggest mistakes a landlord can make Property Management Kit For Dummies, 2nd Edition will help you achieve your dream of being a successful rental property owner. Note: CD-ROM/DVD and other supplementary materials are not included as part of eBook file.

Prisoner Reentry and Social Capital - Angela J. Hattery 2010-05-26 'If you do the crime you gotta do the time.' This adage reflects the overall attitude most Americans have about crime and the criminal justice system. Implicit in this adage is the notion that once 'the time' is done, the individual is free to re-enter society and resume a normal life. In Prisoner Re-entry and Social Capital, authors Earl Smith and Angela J. Hattery challenge this myth. Prisoner Re-entry and Social Capital takes as its starting point interviews with twenty-five men and women during the summer of 2008 about their experiences with re-entering the 'free world' after a period of incarceration. By analyzing the experiences of these men and women, Smith and Hattery look in depth at the factors that inhibit successful re-entry and illustrate some successes and failures. The book examines individual characteristics that inhibit successful re-entry such as addiction and sex offender status as well as the unique challenges faced by women. Uniquely, Smith and Hattery focus on the role that social capital plays as one of the most important factors that shapes the re-entry experience. Today, one of the most pressing issues facing scholars, those who work in the criminal justice system, and the citizenry as a whole is the extraordinarily high rate of recidivism. These interviews and analyses provide a deeper and more precise understanding of the biases faced by re-entry felons in the labor market and work to address the key barriers to re-entry in hopes to aid in their elimination.

Correctional Mental Health - Thomas J. Fagan 2010-11-03 Correctional Mental Health is a broad-based, balanced guide for students who are learning to treat criminal offenders in a correctional mental health practice. Featuring a wide selection of readings, this edited text offers a thorough grounding in theory, current research, professional practice, and clinical experience. It emphasizes a biopsychosocial approach to caring for the estimated 20% of all U.S. prisoners who have a serious mental disorder. Providing a balance between theoretical and practical perspectives throughout, the text also provides readers with a big-picture framework for assessing current correctional mental health and criminal justice issues, offering clear strategies for addressing these challenges.

No Second Chance - Corinne A. Carey 2004

Recommendations -- Background -- The right to adequate housing -- Federal "one strike" legislation -- Public safety -- Exclusions based on local policies -- Legislatively mandated categories of exclusion from public housing -- Screening people out: "felons need not apply" -- Arbitrary denials and discrimination -- Limited right to redress -- Conclusion.

The Encyclopedia of Crime and Punishment - Wesley G. Jennings 2016-01-19

The Encyclopedia of Crime and Punishment provides the most comprehensive reference for a vast number of topics relevant to crime and punishment with a unique focus on the multi/interdisciplinary and international aspects of these topics and historical perspectives on crime and punishment around the world. Named as one of Choice's

Outstanding Academic Titles of 2016 Comprising nearly 300 entries, this invaluable reference resource serves as the most up-to-date and wide-ranging resource on crime and punishment Offers a global perspective from an international team of leading scholars, including coverage of the strong and rapidly growing body of work on criminology in Europe, Asia, and other areas Acknowledges the overlap of criminology and criminal justice with a number of disciplines such as sociology, psychology, epidemiology, history, economics, and public health, and law Entry topics are organized around 12 core substantive areas: international aspects, multi/interdisciplinary aspects, crime types, corrections, policing, law and justice, research methods, criminological theory, correlates of crime, organizations and institutions (U.S.), victimology, and special populations Organized, authored and Edited by leading scholars, all of whom come to the project with exemplary track records and international standing 3 Volumes www.crimeandpunishmentencyclopedia.com

No Easy Answers - 2007

No Easy Answers is the first comprehensive study of US sex offender registration, community notification and residency restriction laws, their public safety impact, and the effect they have on former offenders and their families. It concludes the laws are poorly crafted and misguided, failing to protect children from sex crimes but making it nearly impossible for former offenders to rebuild their lives. In many states, everyone convicted of a sex crime must register and the requirement can last for life. The requirements are overbroad in scope and overlong in duration. As a result, there are more than 600,000 registered sex offenders, including individuals convicted of sexual sex between teenagers, prostitution, and public urination, as well as those who committed their only offenses decades ago. Unfettered public access to online sex offender registries exposes registrants to harassment, ostracism, and even violence, with little evidence that this form of community notification protects anyone from sexual violence. Residency restrictions prohibit former offenders from living within a designated distance (anywhere from 500 to 2,500 feet) from places where children gather. The restrictions have the effect of banishing former offenders from entire towns, forcing them to live far from home, families, jobs, and treatment, and hindering law-enforcement supervision. The restrictions may have no impact on the likelihood of recidivism. Sex offender laws reflect public concern that children are at grave risk of sexual abuse by strangers who are repeat offenders. The real risks children face are quite different: statistics demonstrate that most sexual abuse of children is committed by family members or persons known and often trusted by the victim, and by someone who has not previously been convicted of a sex offense. The laws also reflect the widely shared but erroneous belief that sex offenders continually repeat their offenses. Authoritative studies, however, indicate that three out of four adult offenders do not reoffend.

Punishment - Thom Brooks 2012

Punishment is an area of increasing importance and concern to both citizens and politicians. How do we decide what should be crimes? How do we decide when someone is responsible for a crime? What should we do with criminals? These are the main questions raised in this book.

Title 24 Housing and Urban Development Parts 700 to 1699

(Revised as of April 1, 2014) - Office of The Federal Register, Enhanced by IntraWEB, LLC 2014-04-01

The Code of Federal Regulations Title 24 contains the codified Federal laws and regulations that are in effect as of the date of the publication pertaining to Federal housing and urban development programs, including equal opportunity and fair housing; Federal mortgage and mortgage relief programs; neighborhood reinvestment; and Section 8, disabled, elderly, Indian and public housing.

A Female Predator - J.M. Gordon 2014-10-22

A Female Predator aims to explore the hidden relationships between Female Predators and their Female Victims, focusing solely upon crimes committed by women against women. Through investigative Case Studies of both modern day and historical crimes, A Female Predator gives a voice to silent victims and helps to expose and dispel commonly held opinions within our society about Women's capacity to commit same sex violence even in its most subtle forms. 2014 Revised Edition
