**The Pursuit of the American Dream** - Jonathan A. Marcellus 2011-11-02

This book is a story about my life which is based on the dreams of being great and successful as a young boy who afterwards came to the United States of America to pursue my dream. Upon reaching the land of the United States of America, the perspective of the dream was therefore changed to the American dream and I started following the American dream and halted from pursuing it for a few years to say the least. While I was on a hiatus from pursuing the dream, I felt that a major part of my life was missing because I did not fulfill the dream. Henceforth, I eventually restarted to follow the big American dream that I once had, but this time with enormous hope and stronger faith. I endured several predicaments and obstacles during my efforts to taste the American dream. But with faith, my belief in America's exceptionalism,

perseverance, hard work, diligence, efforts, prayers, and self determination, I eventually succeeded even after I failed several times in those endeavors because of hope, faith, and the mind set that I have to make it regardless of what the obstacles could be. I made it through although it is only the beginning of the attainment of my dream. The theme of the story is to convince readers that faith, perseverance, efforts, determination and dedication and passion were the key constituents to my success of attaining the American dream and it is therefore possible for anyone to achieve any dream as long as they are willing to use and apply faith, hope, diligence, hard work, efforts, and perseverance.

*My Wife Said You May Want to Marry Me* - Jason B. Rosenthal 2020-04-21

An inspiring memoir of life, love, loss, and new beginnings by the widower of bestselling children's author and filmmaker Amy Krouse Rosenthal, whose last act of love before her death was setting the stage for her husband's life without her in the viral New York Times Modern Love column, "You May Want to Marry My Husband." On March 3, 2017, Amy Krouse Rosenthal penned an op-ed piece for the New York Times' "Modern Love" column—"You May Want to Marry My Husband." It appeared ten days before her death from ovarian cancer. A heartbreaking, wry, brutally honest, and creative play on a personal ad—in which a dying wife encouraged her husband to go on and find happiness after her demise—the column quickly went viral, reaching more than five million people worldwide. In *My Wife Said You May Want to Marry Me*, Jason describes what came next: his commitment to respecting Amy's wish, even as he struggled with her loss. Surveying his life before, with, and after Amy, Jason ruminates on love, the pain of watching a loved one suffer, and what it means to heal—how he and their three children, despite their profound sorrow, went on. Jason's emotional journey offers insights on dying and death and the excruciating pain of losing a soulmate, and illuminates the lessons he learned. As he reflects on Amy's gift to him—a fresh start to fill his empty space with a new story—Jason describes how he continues to honor Amy's life and her last wish, and how he seeks to appreciate every day and live in the moment while trying to help others coping with loss. *My Wife Said You May Want to Marry Me* is the poignant, unreserved, and inspiring story of a great love, the aftermath of a marriage ended too soon, and how a surviving partner eventually found a new perspective on life's joys in the wake of tremendous loss.

**The Married Man Sex Life Primer 2011** - Athol Kay 2011-03-30

The author of the innovative sex and marriage blog "Married Man Sex Life" brings together his edgy and brilliant advice in a single volume primer delivering the motherload of substance. The Married Man Sex Life Primer 2011 cherry picks the best ideas of books like "The Mystery Method," "No More Mr. Nice Guy," and the volatile online world of the Pickup Artist a.k.a. "Game" community and merges them with a solid grounding in evolutionary psychology, sociology, biology and behavior modification. The result is a simple, effective plan for men to create sexually exciting marriages for themselves and their wives. The opening covers the underlying ancient "hard-wired" biological and modern social reasons women find men attractive. Athol pulls no punches here and the sexual motivations of women are laid bare. Though rather than framing women as sexually devious and seeking to advantage themselves over men, he explains how their sexual behavior is entirely rational in nature and once understood as such, it becomes very useful information. The second part of the book takes the framework developed in the first part and offers a wealth of tools to put it to practical use. The most important tool is The Male Action Plan, which charges the husband with the task of becoming a better, sexier man and thereby leveraging his increased attractiveness for a better sex life with his wife. As Athol says, "whoever is the most attractive in the relationship is in charge." The third part of the book is a treasure trove of playful sexy and romantic moves women will find charming and engaging. It's clear that Athol could have a harem

of young ladies, but here he displays an endless variety of playful instigation to continually charm just one. The final section is a catchall of serious topics on what not to do, how to choose a wife, the current state of marriage law and a crushingly simple approach to dealing with being cheated on. (Want a better man? Leave it where he can find it.)

**How to Get Your Ex Girlfriend Back** - C. Powell 2012-01-24

The answer to the question 'can i get my girlfriend back?' is yes... probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.

*How to Fall in Love with Anyone* - Mandy Len Catron 2018-02-01

In 2014, 33-year-old Mandy Len Catron went on a date with an acquaintance. They decided to try an experiment: inspired by a study designed to create romantic feelings, Mandy and Mark spent the evening asking each other 36 increasingly intimate questions, wondering if it would lead to them falling in love. In *How to Fall in Love with Anyone*, this experiment is Catron's starting point for investigating what it means to love someone and to be loved, and how we present our love to the

world. What makes love last? Can love ever work the way it seems to in films, books and social media? Is there a “right” way to fall in love? In these candid, charming and wise essays, Catron blends memoir with cultural and social commentary on the psychology, biology, history and literature of love. *How to Fall in Love with Anyone* is a deeply personal, yet universal investigation into the one thing we all want—or think we want—more than anything. Includes “To Fall in Love with Anyone, Do This”, one of the most popular essays to appear in the New York Times’ “Modern Love” column “In our age of total romantic confusion, Mandy Len Catron is a voice of good sense, warm humor, and consoling wisdom. Through the lens of her own relationships, she teaches us—with a deft, convincing intelligence—some of the vital moves in the art of love.” —Alain de Botton, internationally bestselling author of *How Proust Can*

*Change Your Life and The Course of Love* MANDY LEN CATRON lives in Vancouver, British Columbia. Her writing has appeared in the New York Times and the Washington Post.
