Dear World - Amber Cole 2019-06-05

What if a simple conversation with a stranger on a plane was a sign to completely change your life? What would change in yourself if you let go of everything you knew and decided to live out of a tent? What if a retired woman living out of an RV with her husband changed the way you saw the world with the simple act of loaning you a chair for a night? What if you lost every sense of yourself and then found it again lost somewhere in the middle of the desert? What if in the middle of being helpless you somehow find your power? That's what happened to me. I left everything behind to travel the country with my rescue puppy and a tent. I didn't know where I was going or what would happen or the impact that several strangers along the way would have on my journey

and my heart. This is the story of how I found myself in the middle of getting lost

A Stranger on the Beach - Michele Campbell 2019-07-23

As Caroline's marriage and her carefully constructed lifestyle begin to collapse around her, she turns to Aidan, the stranger, for comfort...and revenge. After a brief and desperate fling that means nothing to Caroline and everything to him, Aidan's infatuation with Caroline, her family, and her house becomes more and more destructive. The Charisma Myth - Olivia Fox Cabane 2013-03-26

What if charisma could be taught? The charisma myth is the idea that charisma is a fundamental, inborn quality—you either have it (Bill Clinton, Steve Jobs, Oprah) or you don't. But that's simply not true, as Olivia Fox Cabane reveals. Charismatic behaviors can be learned and perfected by anyone. Drawing on techniques she originally developed for Harvard and MIT, Cabane breaks charisma down into its components. Becoming more charismatic doesn't mean transforming your fundamental personality. It's about adopting a series of specific practices that fit in with the personality you already have. *The Charisma Myth* shows you how to become more influential, more persuasive, and more inspiring.

What Do You Say After You Say Hello - Eric Berne 2010-02-23

AS RECOMMENDED BY PHILIPPA PERRY IN THE GUARDIAN: 'This is about learning what adaptations you may unconsciously have built up throughout your life and how much easier it is to connect after we have let those defences go' Have you ever met someone who seems to get their way in every conversation they have? This book explains why. From the multimillion-bestselling author of GAMES PEOPLE PLAY and one of the godfathers of modern psychology, perfect for fans of Philippa Perry, Dale Carnegie and James Clear. 'More interesting and ambitious than his best-selling "Games People Play,"... the primary virtue of Berne's descriptions is... their comprehensibility and accessibility. Eric Berne has [offered] therapy to many thousands and [provided] advice and counsel to millions more.' - NEW YORK TIMES What Readers are saying: ***** - 'This book changed my life; reading it helped me to identify the life scripts that I was unconsciously following.' ***** - 'With almost every page my understanding of human conversation improved by an insane

amount.' ***** - 'If you want to communicate well and to understand yourself - and other people - better, you ab-so-lu-te-ly need to read Eric Berne.'

 **** This book explains what makes the winners win, the losers lose, and the in-betweens so boring... In it, Dr Eric Berne reveals how everyone's life follows a predetermined script - a script they compose for themselves during early childhood. The script may be a sad one, it may be a successful one; it decides how a person will relate to his colleagues, what sort of person he will marry, how many children he will have, and even what sort of bed he will die in... What Do You Say After You Say Hello? demonstrates how each life script gets written, how it works and, more important, how anyone can improvise or change his script to make a happy ending...
