Short Sixes Stories to be Read While the Candle Burns H. C. Bunner 2023-08-24 Then the two girls crossed the room, and with a caressing and almost a reverent touch, the dark girl opened the doors of a little carven cabinet that hung upon the wall, above a small table covered with a delicate white cloth. In its depths, framed in a mat of odorous double violets, stood the photograph of the face of a handsome man of forty—a face crowned with clustering black locks, from beneath which a pair of large, mournful eyes looked out with something like religious fervor in their rapt gaze. It was the face of a foreigner.FROMTHE BOOKS.

Mean Girls at Work: How to Stay Professional When Things Get Personal Katherine Crowley 2012-11-02 One of the New York Post's Top 10 Career Books of 2012 and a Booklist Top 10 Business Book DO YOU WORK WITH A MEAN GIRL? A woman's field guide to the new frontier of professional development—working with other women Women-to-women relationships in the workplace are . . . complicated. When they're good, they're great. But when they're bad, they can ruin your day, your week—even your year. Packed with proven advice from two of today's leading experts in workplace relationships, this one-of-a-kind guide gives women the tools they need to navigate difficult situations unique to women-to-women relationships—whether with a boss, a colleague, a client, or an employee. Have you dealt with a woman in the workplace who: “Accidentally” excludes you from important meetings? Seems intent on taking you down professionally? Gossips about you with other coworkers? Makes you look bad by missing deadlines? Forms a “pack” of mean girls to make your life miserable? Mean Girls at Work isn't just about surviving difficult situations. It's about

transforming a toxic relationship into one that benefits and supports both of you. This book is also for women who engage in mean behavior . . . but don't know it. After all, who hasn't gossiped about a female coworker? Who hasn't rolled her eyes in the presence of a woman she doesn't like? Who hasn't scanned another woman head to toe—which is just a nonverbal way of saying, “You've just been judged”? The authors provide invaluable advice to the more subtle ways of being mean—even if they're not intended. With a workforce composed of a higher percentage of women than ever, workplace dynamics have changed. Crowley and Elster cover every conceivable scenario, providing critical advice on how to rise above the fray and move forward professionally. Mean Girls at Work is your map to dodging the mines and moving forward in today's transformed workplace. Praise for Mean Girls at Work “An invaluable suit of armor for surviving nine to five!” —Leil Lowndes, bestselling author of *How to Talk to Anyone* “If you think the emotional cruelty of comedies like *Mean Girls* and *Heathers* doesn't exist in the real world workplace, think again. In *Mean Girls at Work*, Katherine Crowley and Kathi Elster valuably chronicle female vs. female predators and offer solid defensive strategies.” —Ann Creamer, author of *It's Always Personal: Navigating Emotion in the New Workplace* “Whether you are in your twenties and just starting your professional career, your midcareer forties, when you are supposed to have figured it out already, or a woman in her fifties or sixties who's seen it all—this book is a must-read. . . . The authors have finally given women the tools and the sound advice necessary to deal with . . . conflicts that keep us all from succeeding. . . . Carry this book with you to work every day!” —Carolyn Cassin, President, Michigan Women's Foundation “A must-read for women of all ages in today's workforce. Method In Madness Peter W. Halligan 2013-11-12 In clinical neuropsychiatry, case studies provide invaluable demonstrations of the range and types of unusual psychological states that can occur after brain damage. In the pursuit of objectivity and scientific respectability, however, many academic reports of neuropsychiatric disorders appear cold, contrived and impersonal. The essence and character of the patient's experience and behaviour is easily obscured or even lost - a fact that cannot help researchers, therapists and other practitioners to relate their conceptual knowledge to the flesh-and-blood people they meet in their professional lives. In practice, much of the actual discourse of such patients has been ignored as unworthy of scientific interest. This book describes real patients in a clear and jargon-free way. These cases should serve to reduce the discrepancy between the formal representations of psychiatric illness in the mainstream literature and the reality of people struggling to make sense of their own predicament in everyday life.

Splatter E Stuart Marlowe 207-07-20 Splatter horror film director Jonathon Gale is desperate for a hit. But his production seems plagued by problems. Innocuous at first. Then one of his actresses is shot dead by her boyfriend, and Jonathon is forced to accept that he's facing not only a series of unrelated mishaps, but in fact, a full-blown curse. The violence escalates: demonic possession, blood-thirsty zombies, creatures from another world. Someone wants this film to stop. When the skittish financial backers begin to pull out, Jonathon considers dropping the project, cutting his losses, though doing so would surely lead to his shameful exile from the film world. overcoming it, and moving forward You might currently feel hopeless; like retroactive jealousy is something that you'll just be forced to "live with" until you die. You might even be severely depressed, mired in obsessive jealous thoughts and confusion. Overcoming Retroactive Jealousy will show you that you are suffering needlessly-and show you the way forward. In nineteen chapters, author Zachary Stockill outlines a series of time-tested effective strategies, practices, and exercises for confronting, and eventually overcoming, jealousy regarding your partner's past as painlessly, efficiently, and quickly as possible. A NOTE FROM THE AUTHOR: Several years ago, I experienced "crippling" retroactive jealousy. It disrupted my career, destroyed my relationship, and provoked months of anguish and depression. But thankfully, through a process of self-exploration, hard work, growth, and discovery, I overcame it. Based on my experience, and several years of research and talking to fellow sufferers about their condition, I wrote this book to give you a step-by-step program to help you do the same, and overcome retroactive jealousy as quickly and easily as possible. I know that this step-by-step program is effective because since 2013 my book has helped "thousands" of readers get over retroactive jealousy, save their relationships, and regain control. In retrospect, my jealousy was a blessing in disguise. As I write to you today, I am undoubtedly a stronger, more confident, more loving, and overall better man for having gone through it. It might not seem like it now, but you too can use your jealousy to your advantage. Seriously--as you overcome retroactive jealousy, you will emerge a stronger, more confident, more attractive, and more loving person and partner. And it's my pleasure to guide you every step of the way. So whether you're struggling with your girlfriend's past, wife's past, husband's past, or your boyfriend's past, you need to know that you have the power to move forward, and kiss jealous thoughts goodbye. You can get a hold on your brain, and patterns of constant curiosity and obsessive thinking. You can move forward in your

Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

What worries women more -- men who turn to other women for love or men who simply want sexual variety in their lives? acclaimed author of *The Evolution of Desire*, reveals that both men and women are actually designed for jealousy. Drawing on experiments, surveys, and interviews conducted in thirty-seven countries on six continents, as well as insights from recent discoveries in biology, anthropology, and psychology, Buss discovers that the evolutionary origins of our sexual desires still shape our passions today. According to Buss, more men than women want to have sex with multiple partners. Furthermore, women who cheat on their husbands do so when they are most likely to conceive, but have sex with their spouses when they are least likely to conceive. These findings show that evolutionary tendencies to acquire better genes through different partners still lurk beneath modern sexual behavior. To counteract these desires to stray -- and to strengthen the bonds between partners -- jealousy evolved as an early detection system of infidelity in the ancient and mysterious ritual of mating. Buss takes us on a fascinating journey through many cultures, from pre-historic to the present, to show the profound evolutionary effect jealousy has had on all of us. Only with a healthy balance of jealousy and trust can we be certain of a mate's commitment, devotion, and true love.

The 48 Laws of Power Robert Greene 2000-09-01 Amoral, cunning, ruthless, and instructive, this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control - from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed "beguiling" and "fascinating," Robert Greene and Joost Elffers have distilled three thousand years of the history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence ("Law 1: Never Outshine the Master"), others teach the value of confidence ("Law 28: Enter Action with Boldness"), and many recommend absolute self-preservation ("Law 15: Crush Your Enemy Totally"). Every law, though, has one thing in common: an interest in total domination. In a

33 ways to make her miss you Celine Claire 2022-02-14 Being apart from the lady you like can be one of the difficult things you ever have to do. So how do you make sure that the girl misses you while you're gone? This e-book gives you up to 50 ways to make her miss you. Tip number one. Minimize the amount of time you spend together If you want the girl to miss you when you're apart from one another, then you can't spend too much of your free time with her. You should hang out with her enough to make her see how awesome, fun, and interesting you are, but not so much that she starts to take you for granted or feels like you've run out of things to say to each other. Make an effort to see her once or twice a week, but ensure that she's not the only to-do on your social calendar, or she'll start to think that she can have you whenever she wants. Tip number two. Limit your phone time with her If you and the girl you are interested in talk on the phone, ensure that you keep your conversations relatively short so she doesn't assume you have nothing better to do than to talk to her all the time. You can talk to her to set up plans or to see how she's doing for some few minutes, but you shouldn't let the conversation drag on so long that you've run out of things to say. To keep her interested, you want her to feel like she can never run out of things to say to you once you meet. Don't tell her everything that you're thinking or everything that's happening in your life over the phone. Save some of it for when you actually meet her in-person. A Love You Can Trust shows couples how to bolster their trust level and avoid what Dr. Gottman calls the "Roach Motel for Lovers." He describes how the outcome of--"sliding door moments," small pivotal points between a couple, can lead either to more emotional connection or to discontent.
