Bound and Gagged - Laura Kipnis 1998-12-23

In a book that completely changes the terms of the pornography debate, Laura Kipnis challenges the position that porn perpetuates misogyny and sex crimes. First published in 1996, Bound and Gagged opens with the chilling case of Daniel DePew, a man convicted—in the first computer bulletin board entrapment case—of conspiring to make a snuff film and sentenced to thirty-three years in prison for merely trading kinky fantasies with two undercover cops. Using this textbook example of social hysteria as a springboard, Kipnis argues that criminalizing fantasy—even perverse and unacceptable fantasy—has dire social consequences. Exploring the entire spectrum of pornography, she declares that porn isn't just about gender and that fantasy doesn't necessarily constitute intent. She reveals Larry Flynt's Hustler to be one of the most politically outspoken and class-antagonistic magazine in the country and shows how fetishes such as fat admiration challenge our aesthetic prejudices and socially sanctioned disgust. Kipnis demonstrates that the porn industry—whose multibillion-dollar annual revenues rival those of the three major television networks combined—know precisely how to tap into our culture's deepest anxieties and desires, and that this knowledge, more than all the naked bodies, is what guarantees its vast popularity. Bound and Gagged challenges our most basic assumptions about America's relationship with pornography and questions what the calls to eliminate it are really attempting to protect.

A Passage to Sexual Ecstasy and Eroticism - Dr. Persaud 2020-06-29

Interesting, Stimulating and Erotic from the reputed insatiable sexual appetites of Swingers and the sexual revolution in modern time. The purpose of this book is to essay morals on sexual attitudes and behaviour in the swinging scene taking in the wildest behaviour and practices from the earliest times to the present day. The phenomena of swinging and wife swapping have mystified me and after encounters with several swingers has led me to research sexual attitudes, and partner swapping in the Swinging scene. In my attempts to analyse the psychology of swingers wife swapping and auditory I have come to understand that human behaviour is very complex and that there are degrees of differences in sex, morality and behaviour. Radical Ecstasy - Dossie Easton 2011-08-02

For millennia, seekers have used physical and emotional extremes to achieve transcendence and exaltation. Today, many BDSM and leather practitioners are discovering the potential of SM practice to reach personal, interpersonal and spiritual goals. In *Radical Ecstasy*, bestselling BDSM/sexuality authors Easton and Hardy document their own journeys into the transcendent realm of kink. With their trademark frankness and humor, they share their own stories and philosophies. They also share techniques that have worked for them - techniques which combine tantric breathing, visualization and movement with a combined half-century of BDSM experience - to create states of transcendence during solo and partnered sexual and BDSM practice. As outrageously revolutionary as any sex book published in the last decade, *Radical Ecstasy* sets the stage for the new millennium in BDSM and sacred-sex practices - a "must" for any kink, tantra, pagan or sacred-sex practitioner. "Amazingly mindful exploration of that which cannot be easily put into words... the ecstatic experience from sex to sadomasochism, from trance to intuition to archetypes and spiritual awakening. Totally real and personal. Not a 'how to' but a nurturing 'can do' book." - Fakir Musafar, father of the modern primitive movement. "Progressive, deliciously honest, and HOT HOT HOT! Dossie and Janet ask difficult questions about the nature of sex, intimacy and ecstasy, then they actually manage to answer the questions, plus turn us on when they do. These two erotically gifted women have a way with words - and sex. They raise the bar on erotic writing and sex education to new heights. I'm in awe." - Annie Sprinkle, Ph.D., prostitute/porn star turned sex guru/sexologist "Fascinating, heartfelt, honest, real stories of the heart/spirit/energy connection experienced in the passionate rituals of intimate consensual power play. These two courageous women write brilliantly of how erotic energies connect us with the big love we all seek

from the source." - Cleo Dubois, educator, ritualist, video producer/star
Ecstasy - Hans-Jürgen Döpp 2019-08-11

The climax to the act of love casts an indefinable expression on the face - an expression of urgent intensity. A woman, a man, in that moment experiences an ecstasy that for an instant is visible in the eyes and on the lips. A wave of pleasure runs through the body, marking the transition between desire and orgasm. For this fleeting second, when just how violent the senses can be is laid bare, the person involved is not the same as the person immediately before or the person immediately after. With the help of prints and etchings from former centuries, author Hans-Jürgen Döpp looks for an explanation of this very personal mystery that leads to fulfilment.

In "The Hotel Housekeepers," a man staying at a hotel eavesdrops on the couple next door making passionate love. But everything is not as it seems. In "Invisible," a shy man uses his newly gained invisibility to secretly observe a female co-worker. Finally, in the novella "Interrupted," time stops for a man who is interrupted just before an orgasm. ADULTS ONLY. EXPLICIT SEX.

The Divinity of Sex - Charles Pickstone 2015-06-30

Overview In this fascinating new inquiry into contemporary culture, Charles Pickstone, a priest, argues that the pervasiveness of sex in our society mirrors religion's former glory. Indeed, according to Pickstone, sex has usurped religion's position on the spiritual pedestal. In this time of increasing secularization, our traditional views of sex have fallen by the wayside. The religious right bemoans our so-called hedonism as a retreat from religion and values. Yet Pickstone challenges the belief that we have lost our spirituality and have become a world of lost souls damned for eternity. His book provides a sober and lucid response to our concerns about where our society is headed. Pickstone clearly demonstrates how we often describe sex in metaphors of natural, and even supernatural phenomena: The earth moves, oceans swell, and storms rage. Moreover, Pickstone argues, we find in both sexual and religious passion the same transcendence of self that constitutes a spiritual experience. Barriers break down as we are transported to another reality of ecstasy and heightened experience.

Craving for Ecstasy and Natural Highs: A Positive Approach to Mood Alteration . . . is a beautifully written and organized book . . . a thrill ride through the most innovative and insightful perspectives that science and clinical experience have to offer . . . hip and artistic, reflecting a deep understanding of addiction . . . a major contribution to the field; it is must reading." - Howard J. Shaffer, PhD, CAS Editor, Psychology of Addictive Behaviors, Associate Professor, Harvard Medical School Director, Division on Addictions, Cambridge Health Alliance "Reading this book is in itself an ecstatic experience! . . . a fascinating journey that explores the benefits and risks of pleasure and the universal desire to feel good . . . It's quite a trip." - G. Alan Marlatt, PhD, University of Washington People from all walks of life often lose themselves in pursuing counterfeit pleasures--cigarettes, alcohol, drugs, thrill seeking, sex, food, gambling, and on-line fantasies to name just a few. How does the pursuit of pleasure result in compulsion and loss of control? Craving for Ecstasy and Natural Highs addresses this fundamental question and then explores positive ways to achieve lasting happiness and fulfillment. Readers will gain important insight on how to improve their own quality of life and will learn how to offer support to clients, students, family, and friends whose lives may be compromised by hedonic dependencies. Students of addictive behaviors and anyone interested in discovering healthy means to satisfy the drive to alter consciousness will find this book compelling. Reviews of previous work: "The chemistry and psychology of addiction are described with considerable insight. . . . These authors know their stuff and make a compelling case." - The Los Angeles Times "The authors provide a valuable service by placing into perspective a large array of behaviors that could be considered addictive." - JAMA
