**52 E-mails to Transform Your Marriage** - Samantha Rodman 2016-11-01

Press “send” for amazing results! With 52 E-mails to Transform Your Marriage, you'll find a year's worth of e-mails to help you reconnect with your spouse, reignite intimacy, and keep your love alive. There's no doubt marriage can be a challenge—we've all heard that half of marriages end in divorce. A common problem you may face as a couple is feeling stuck or disconnected—lonely within the marriage—as if you and your spouse were worlds apart, even as you present a united front. Attempts to discuss the problem may lead to painful arguments, and even couples therapy may prove more expensive and time-consuming than effective, putting each of you on the spot and moving so quickly that you may leave, session after session, without feeling closer. E-mail, however, can be a much less threatening way to communicate your true thoughts and feelings. Based on the author's popular online relationship coaching sessions, each chapter of this book provides an e-mail writing assignment focused on a different topic, such as sex, intimacy, communication, trust, and the future. These weekly assignments will grant you both the time to write—which can be extremely therapeutic in itself—and read what the other has to say without the need for an immediate response. With 52 E-mails to Transform Your Marriage, you'll discover useful tips for good communication, learn how to respond to messages with empathy and validation, and be well on your way to rediscovering and sustaining the love that brought you together in the first place.

**Smokes And Whiskey** - Tejaswini Divya Naik 2019-08-03

The book is a collection of 42 poems on relationships, the ups and downs that come along with it, falling apart like rubble, but then finding oneself, gathering that strength back and building yourself up, back from that same rubble. This book would make everyone feel what poet felt while writing it, and that love is a universal thing, and her story is not unique. And the hope that this makes them see that there is a beyond and that they can come out happy and clean. And, that this makes them braver than they already are, and gives them that little extra push and strength that they probably need.

**Anatomy of a Poet** - C. J. Heck 2013-04

Poetry can be daunting and hard to understand, but it doesn't have to be. I feel a poet has an obligation to write in a way that everyone can understand. Poems should flow softly through a poet's words, their meanings gently caressing the heart and mind of its reader. If a poem comes from the heart, it will reach other hearts, and this is what I've tried to do with the poetry in "Anatomy of a Poet." CJ Heck "Like a rose with many petals and sharing its sweet aroma, this is how I see and feel about the love of my life, CJ Heck. She is my electric blue-eyed girl. She can be both a little girl, or a strong woman, whenever and wherever the situation calls for it. She is both sensuous and exciting, and soft and affectionate. Tragedy struck her life early with the death of her husband in Vietnam. This experience laid open the very core of her heart and soul and opened the channel to a well of compassion and sensitivity that waited deep within. Her pain was the fertilizer that helped her bloom as a writer. CJ's poetry is not a surface observation, but a soulful interpretation of the events and people that inspired her. She writes both eloquently and simply of things that touch her heart, things she wants to share. She is gifted at painting a picture with words on the heart and imagination of others, thereby communicating not just an image, but a life experience. I feel very honored to have been asked to write this introduction and share my feelings about CJ Heck. She is the water for my soil, the sunlight for my petals and the nurturer of my growth. Sit back, open your heart and enjoy the journey as revealed through her words, images and emotions. You are blessed by this opportunity to know her in words, as I know her in life." Robert S. Cosmar, Author "This is my kind of poetry. Direct, beautifully expressed and without a hint of pretension." Allison Cassidy "CJ is predominately viewed as a writer of works for children, but CJ now carries over her approach to more adult themes. In doing so, she
