*A Girl Like Her* - Bishop Bassey Effiong Orok 2012-01-12

Life is all about choices. The ones you get to make and the ones you dont. You can choose the friends you have and the people you want to employ. You can choose your battles but you cant always choose your enemies. You can choose your goals and your dreams although these things dont

always choose you. You can choose what you want to eat and where you want to shop. There is however, three choices you cant make. You cant choose who you fall in love with or who falls in love with you. You also cant choose your family. How well do you know your closest friends or people you choose to have in your life? Your lovers? Your own family? The people who claim to be your friends? Even the people youve just met? Would you do to them what they would try to do to you? Would you try to take their boyfriends? Or would you simply talk about them behind their back? Theres a token few who are loyal in that world. What will your friends do for you when the chips are down? This is where Lexi lives, right in the middle of her chaotic events. Everything that happens always begins with something she says, knows, or does, often with disastrous results. She sees everything through her purple tinted sunglasses. What will happen when she loses the glasses and starts seeing things for what they really are? In a strangely humorous way, live the ups and downs of her and her friends romances. Will she choose the nice guy or the bad boy? Will the nice guy become a jerk or will the bad boy become nice? How do people react to situations they arent used to being in? Welcome to Lexis world. Her life is sent through a wringer with Church Boy Blaine, her rock star boyfriend Izzy, a famous dad she didnt know she had, and everyone else in her life. People arent ever what they seem to be. Just look at the chapter titles. That should be enough to want to know more. I would call this tale a twisted dark romance with a keen sense of humor. Something like a warped modern day Romeo and Juliet with all the modern problems. Sorry, no vampires here. Once you start reading you probably wont even miss them. There are plenty of bloodsuckers of a different kind. Careful, you might even learn something. If nothing else, youll get sucked into these colorful and sometimes unlikable peoples lives. Its all about love and hate and the thin line in between. If youre the least bit curious open it to any page and read. Youll want to keep reading to find out what happens. Youll get addicted, youll want more. I hope.

*Children's Literature and Transnational Knowledge in Modern China* - Shih-Wen Sue Chen 2019-04-29

This book examines the development of Chinese children's literature from the late Qing to early Republican era. It highlights the transnational flows of knowledge, texts, and cultures during a time when children's literature in China and the West was developing rapidly. Drawing from a rich archive of periodicals, novels, tracts, primers, and textbooks, the author analyzes how Chinese children's literature published by

Protestant missionaries and Chinese educators in the late nineteenth and early twentieth centuries presented varying notions of childhood. In this period of dramatic transition from the dynastic Qing empire to the new Republican China, young readers were offered different models of childhood, some of which challenged dominant Confucian ideas of what it meant to be a child. This volume sheds new light on a little-explored aspect of Chinese literary history. Through its contributions to the fields of children's literature, book history, missionary history, and translation studies, it enhances our understanding of the negotiations between Chinese and Western cultures that shaped the publication and reception of Chinese texts for children.
