Transmedial Narratology and Contemporary Media Culture Jan-Noël Thon 2016-06 Narratives are everywhere--and since a significant part of contemporary media culture is defined by narrative forms, media studies need a genuinely transmedial narratology. Against this background, Transmedial Narratology and Contemporary Media Culture focuses on the intersubjective construction of storyworlds as well as on prototypical forms of narratorial and subjective representation. This book provides not only a method for the analysis of salient transmedial strategies of narrative representation in contemporary films, comics, and video games but also a theoretical frame within which medium-specific approaches from literary and film narratology, from comics studies and game studies, and from various other strands of media and cultural studies may be applied to further our understanding of narratives across media.

Jules Et Jim Henri Pierre Roché 2011 In free-spirited Paris, Jules and Jim live a carefree, bohemian existence. They write in cafés, travel when the mood takes them, and share the women they love without jealousy. Like Lucie, flawless, an abbess, and Odile, impulsive, mischievous, almost feral. But it is Kate - with a smile the two friends have determined to follow always, but capricious enough to jump in the Seine from spite - who steals their hearts most thoroughly. Henri-Pierre Roché was in his mid-seventies when he wrote this, his autobiographical debut novel. The inspiration for the legendary film, it captures perfectly with excitement and great humour the tenderness of three people in love with each other and with life. With an Afterword by François Truffaut With a new Introduction by Agnes Catherine Poirier 'A perfect hymn to love and perhaps to life.' François Truffaut

I'm Off Jean Echenoz 2002 'I'm off', says Felix Ferrer to his wife. 'I'm leaving you'. And closing the door on their suburban home, Ferrer, a creature of appetite, impulse and habit, a man of our times, embarks on a journey to the extremes. Not weighing up every girl he sees. Not ignoring his doctor's warnings to avoid the very hot and the very cold.

Satie the Bohemian Steven Moore Whiting 1999-02-18 Erik Satie (1866-1925) came of age in the bohemian subculture of Montmartre, with its artists' cabarets and cafés-concerts. Yet apologists have all too often downplayed this background as potentially harmful to the reputation of a composer whom they regarded as the progenitor of modern French music. Whiting argues, on the contrary, that Satie's two decades in and around Montmartre decisively shaped his aesthetic priorities and compositional strategies. He gives the fullest account to date of Satie's professional activities as a popular musician, and of how he transferred the parodic techniques and musical idioms of cabaret entertainment to works for concert hall. From the esoteric *Gymnopédies* to the bizarre suites of the 1910s and avant-garde ballets of the 1920s (not to mention music journalism and playwriting), Satie's output may be daunting in its sheer diversity and heterodoxy; but his radical transvaluation of received artistic values makes far better sense once placed in the fascinating context of bohemian Montmartre.

The Story of Crass George Berger 2009-11-04 Crass was the anarcho-punk face of a revolutionary movement founded by radical thinkers Penny Rimbaud and Steve Ignorant. When punk ruled the waves, Crass waived the rules and took it further, putting out their own records, films and magazines and setting up a series of situationist pranks that were dutifully covered by the world's press. Not just another iconoclastic band, Crass was a musical, social and political phenomenon. Commune-dwellers who were rarely photographed and remained contemptuous of conventional pop stardom, their members exhausted the possibilities of punk-led anarchy. They have at last collaborated on telling the whole Crass story, giving access to many never-before seen photos and interviews. The author has written for Sounds, Melody Maker and Amnesty International amongst others. His previous book was a biography of the Levellers: State Education/No University.

The Films of Robert Wise Richard C. Keenan 2007-08-22 The Films of Robert Wise examines the nearly 40 features that represent the director's career. Drawing on more than 30 hours of interviews with Wise—as well as additional interviews with a number of his collaborators—Keenan reveals both Wise the craftsman and the artist.

Legitimizing Television Michael Z Newman 2012-02-27 Legitimizing Television: Media Convergence and Cultural Status explores how and why television is gaining a new level of cultural respectability in the 21st century. Once looked down upon as a "plug-in drug" offering little redeeming social or artistic value, television is now said to be in a creative renaissance, with critics hailing the rise of Quality series such as *Mad Men* and *30 Rock*. Likewise, DVDs and DVRs, web video, HDTV, and mobile devices have shifted the longstanding conception of television as a household appliance toward a new understanding of TV as a sophisticated, high-tech gadget. Newman and Levine argue that television's growing prestige emerges alongside the convergence of media at technological, industrial, and experiential levels. Television is permitted to rise in respectability once it is connected to more highly valued media and audiences. Legitimation works by denigrating "ordinary" television associated with the past, distancing the television of the present from the feminized and mass audiences assumed to be inherent to the "old" TV. It is no coincidence that the most validated programming and technologies of the convergence era are associated with a more privileged viewership. The legitimation of television articulates the medium with the masculine over the feminine, the elite over the mass, reinforcing cultural hierarchies that have long perpetuated inequalities of gender and class. Legitimizing Television urges readers to move beyond the question of taste—whether TV is "good" or "bad"—and to focus instead on the cultural, political, and economic issues at stake in television's transformation in the digital age.

Balzac's Comedy of Words Martin Kanés 2015-03-08 Although Balzac's work has been much studied, practically nothing has been written on his use of linguistic concepts. Applying a new approach, this perceptive book demonstrates that the theme and theory of language were central to Balzac's fiction. In considering how the novelist was influenced by eighteenth- and nineteenth-century speculation on language, Martin Kanés traces the development of Balzac's own linguistic ideas from his early to his later writings. Designing Sound for Animation Robin Beauchamp 2014-06-20 This nuts-and-bolts guide to sound design for animated films explains audio software, free downloads, how sound works, the power of sound when wielded by an animation filmmaker, and provides varieties of examples for how to use sound to enliven your films with professional sound. Sound-savvy animators save precious resources (time and money) by using sound for effects they don't necessarily have time to create. For example, the sound of a crow flying gives viewers a sense of the crow without the crow. Where there's a macabre element or scene in an animated film, this book explains why you should choose a low frequency sound for it—low frequencies are scary, because the ear can't decipher their origin or direction! On the DVD: three 5-minute animations; sample sound clips, jump cuts and video streams; plus motion graphics with which to practice sound-applications explained in this book.

Music in Cinema Michel Chion 2021-10-12 Michel Chion is renowned for his explorations of the significance of frequently overlooked elements of cinema, particularly the role of sound. In this inventive and inviting book, Chion considers how cinema has deployed music. He shows how music and film not only complement but also transform each other. The first section of the book examines film music in historical perspective, and the second section addresses the theoretical implications of the crossover between art forms. Chion discusses a vast variety of films across eras, genres, and continents, embracing all the different genres of music that filmmakers have used to tell their stories. Beginning with live accompaniment of silent films in early movie houses, the book analyzes Al Jolson's performance in *The Jazz Singer*, the zither in *The Third Man*, Godard's patchwork sound editing, the synthesizer welcoming the flying saucer in *Close Encounters of the Third Kind*, and the Kinshasa orchestra in *Félicité*, among many more. Chion considers both original scores and incorporation of preexisting works, including the use and reuse of particular composers across cinematic traditions, the introduction of popular music such as jazz and rock, and directors' attraction to atonal and dissonant music as well as musique concrète, of which he is a composer. Wide-ranging and original, *Music in Cinema* offers a welcoming overview for students and general readers as well as refreshingly new and valuable perspectives for film scholars.

Irony's Edge Linda Hutcheon 2003-09-02 The edge of irony, says Linda Hutcheon, is always a social and political edge. Irony depends upon interpretation; it happens in the tricky, unpredictable space between expression and understanding. Irony's Edge is a fascinating, compulsively readable study of the myriad forms and the effects of irony. It sets out, for the first time, a sustained, clear analysis of the theory and the political contexts of irony, using a wide range of references from contemporary culture. Examples extend from Madonna to Wagner, from a clever quip in conversation to a contentious exhibition in a museum. Irony's Edge outlines and then challenges all the major existing theories of irony, providing the most comprehensive and critically challenging theory of irony to date.

A Star Is Bored Byron Lane 2021 "She needs an assistant. He needs a hero. Charlie Besson is tense and sweating as he prepares for a wild job interview. His car is idling, like his life, outside the Hollywood mansion of Kathi Kannon, star of stage and screen and People magazine's Worst Dressed list. She's an actress in need of assistance, and he's adrift and in need of a lifeline. Kathi is an icon, bestselling author, and award-winning movie star, most known for her role as Priestess Talara in a blockbuster sci-fi film. She's also known in another role: Outrageous Hollywood royalty. Admittedly so. Famously so. Chaotically so, as Charlie quickly discovers. Charlie gets the job, and his three-year odyssey is filled with late-night shopping sprees, last-minute trips to see the aurora borealis, and an initiation to that most sacred of Hollywood tribes: the personal assistant. But Kathi becomes much more than a boss, and as their friendship grows Charlie must make a choice. Will he always be on the sidelines of life, assisting the great forces that be, or can he step into his own life's leading role? Laugh-out-loud funny, and searingly poignant, Byron Lane's A Star is Bored is a novel that, like the star at its center, is enchanting and joyous, heartbreaking and hopeful"--

John Carpenter Gilles Boulenger 2003 John Carpenter, a quintessential horror movie director, is a true film auteur -- a writer, director, composer, producer, editor, and actor -- whose unique and inspired work has brought him the praise and admiration of both film critics and horror cultists. He is both the product of and an important participant in the American filmmaking tradition, and the intelligent, moody, and strange films with which his name is so quickly associated are sometimes simply Westerns in disguise. Essentially a lengthy, lively, and candid interview with Carpenter, this book covers his background, his inspirations, and his ups and downs in Hollywood and thoroughly discusses each of his films. Among the many and varied subjects that pop up are his Bible Belt childhood, German expressionism, Howard Hawks, John Wayne, The King, Barbra Streisand, Michael Myers, Kurt Russell, Stephen King, quantum physics, and attractive female extras. Among Carpenter's films are Dark Star, Halloween, Assault on Precinct 13, The Fog, Escape From New York, The Thing, Christine, Big Trouble in Little China, Prince of Darkness, They Live, Village of the Damned, In the Mouth of Madness, and Escape From L.A. In addition to penning most of the screenplays for the films he has directed, he co-wrote The Eyes of Laura Mars.

The Enigma of Room 622 Joël Dicker 2022-09-15 "Spectacular . . . drops the reader through one trapdoor into another" A.J. FINN It all starts with an innocuous curiosity: at the Hotel de Verbier, a luxury hotel in the Swiss Alps, there is no Room 622. This anomaly piques the interest of Joël Dicker, Switzerland's most famous literary star, who flees to the Verbier to recover from a bad breakup, mourn the death of his publisher, and begin his next novel. Before he knows it, he's coaxed out of his slump by a fellow guest, who quickly uncovers the reason behind Room 622's erasure: an unsolved murder. The attendant circumstances: a love triangle and a power struggle at the heart of Switzerland's largest private bank, a mysterious counter-intelligence unit known only as P-30, and a shadowy émigré with more money than God. A Russian doll of a mystery crafted with the precision of a Swiss watch, *The Enigma of Room 622* is Joël Dicker's most diabolically addictive thriller yet.
