**SignMates** Bernie Ashman 2012-07-08 Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in Bernie Ashman's SignMates. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to

simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.

Illuminating and accessible, *Astrology for Real Relationships* includes a primer on basic zodiac knowledge—including the importance of your Sun, Moon, and the planets in your birth chart—before exploring how self-love and self-care affects all types of relationships. Once your mental health and spiritual and emotional wellness are balanced, you can be empowered in your relationships, including:

- Friends and chosen family: The Sun governs your identity and your will. Are you comfortable being yourself? Do your friends see you in the same ways that you see yourself?
- Hanging out and dating: The Moon governs your feelings and emotions. Are you honest with yourself about how you feel and what you really need from a partner?
- Long term relationships: Mars is the planet of conflict. Do you always seem to be attracted to the wrong people? Are women really from Venus and men from Mars?

Full of real talk about attraction, dating, sex, frenemies, self-love, mental health, and how to deal with family, this book will help you build and maintain strong connections—with your crushes, your spouse, your boss, or your mom—and uncover and empower you to get what you really want in relationships, not what you think you should want.

Queer Astrology for Women Jill Dearman 2015-04-14 A hilariously irreverent and startlingly insightful astrology guide for lesbians. Jill Dearman is a breakthrough astrologer for our time. No one has approached the stars with her sass and class ever before! Her guide to astrology for lesbians is lively, revealing--and naughty! Sections include: in life, in bed, how to seduce her, doing her and dating her, how to last over the long haul, how to get rid of her, and the three faces of each sign. How to get rid of an Aquarius woman: Ms. Aquarius will pack her bags soon after you start invading her personal space and drowning her in too much nonstop and irrational emotion. Ms. Aquarius hates to feel trapped, so if you slowly take away all her freedoms, you will be watching her walk out the door faster than you can sing "This is the dawning of the..." intensely emotiona...and her moods change with the tides. Not that you can every completely figure her out. Would you dare to assume you could understand the sea or fully absorb or comprehend a beautiful piece of music? Or course not, you silly lesbian. So don't patronize this lovely woman. But getting rid of a Cancer woman: Please don't be a cad and pull off the old "I'm going out for a pack of cigarettes (or a bag of Kitty Litter)" and never come back routine. She'll have your mother sitting with her and holding her hand, worrying, before you've made it past the border. And a complete compatibility profile of each astrological combination: Take Aries and Cancer: The best par? They can be fiercely loyal and protective of each other. The worst part? They instinctively know how to hurt each other's feelings and often do, in a most brutal way. Ms. Aries, ruled by fire strikes quickly and forcefully and without thinking. "Don't each that doughnut! It'll make you fat!" Ms Cancer, ruled by water, knows how to create a mood of subtle emotional torture. "I don't feel like being touched...No, I don't want to be alone. Can't we just sit together in the same room and not talk and not touch and not make such a big deal about it?"
