Get Over Yourself! - Patti Novak 2008-12-30

True love doesn't just happen, notes professional matchmaker Patti Novak. You have to work for it—and want it. Forget eight-minute speed dates or online dating sites with twenty-page questionnaires that promise a scientifically calculated perfect match. The fact that you both like golf, stamp collecting, and pizza with anchovies is great, but it won't mean a thing if you don't feel that zing. But before there can be sparks, there have to be dates. And before the first date, you need to get over yourself! Taking a tough-love approach, and in her signature straight-shooting style, Patti will show you how to fix what needs to be fixed, reach your core, and identify who you are and what you want in a partner. She uses a three-part common-sense formula: • Getting Over What? Assess your dating weaknesses, recognize what's not working, and adjust your expectations. Delve into your personal history and past relationships, and pinpoint the issues that have been holding you back. • Almost Over It Fine-tune your attitude, your look, and your behavior to maximize your dating chances. Novak lays out strategies to help you deal with the brutal dating monsters you find along the way. • Over It Learn the do's and don'ts of the first date, the second date, and beyond. Remember, it's not a job interview or therapy session. Pretend you're meeting a new friend, not a prospective husband or wife. Finding your one and only isn't about having the right shoes or a flat stomach. It's about being true to yourself, being vulnerable, and being ready for love. Whether you're new to the dating scene, divorced and looking, or just trying to reach that second date, Get Over Yourself! will help you get the love you've always wanted and deserve.

SuperMutant Magic Academy - Jillian Tamaki 2015-04-28

Unrequited love, underage drinking, and teen angst rule at a high school for mutants and witches The New York Times and New Yorker illustrator Jillian Tamaki is best known for co-creating the award-winning young adult graphic novels Skim and This One Summer—moody and atmospheric bestsellers. SuperMutant Magic Academy, which she has been serializing online for the past four years, paints a teenaged world filled with just as much ennui and uncertainty, but also with a sharp dose of humor and irreverence. Tamaki deftly plays superhero and high-school Hollywood tropes against what adolescence is really like: The SuperMutant Magic Academy is a prep school for mutants and witches, but their paranormal abilities take a backseat to everyday teen concerns. Science experiments go awry, bake sales are upstaged, and the new kid at school is a cat who will determine the course of human destiny. In one strip, lizard-headed Trixie frets about her nonexistent modeling career; in another, the immortal Everlasting Boy tries to escape this mortal coil to no avail. Throughout it all, closeted Marsha obsesses about her unrequited crush, the cat-eared Wendy. Whether the magic is mundane or miraculous, Tamaki's jokes are precise and devastating.

SuperMutant Magic Academy has won two Ignatz Awards. This volume combines the most popular content from the webcomic with a selection of all-new, never-before-seen strips that conclude Tamaki's account of life at the academy.

All the Birds, Singing - Evie Wyld 2013-06-20

'A thoughtful and intense account of a young woman seemingly determined to disappear from the world's radar...' Observer Jake Whyte is the sole resident of an old farmhouse on an unnamed British island, a place of ceaseless rains and battering winds. It's just her, her untamed companion, Dog, and a flock of sheep. Which is how she wanted it to be. But something is coming for the sheep - every few nights it picks one off, leaves it in rags. It could be anything. There are foxes in the woods, a strange boy and a strange man, rumours of an obscure, formidable beast. And there is Jake's unknown past, perhaps breaking into the present, a story hidden thousands of miles away and years ago, in a landscape of different colour and sound, a story held in the scars that stripe her back. 'Unsettling, dark and extraordinarily fresh' The Times 'A hair-prickling thriller... It's the quality of [Wyld's] prose that really blows your mind' Metro **Shortlisted for the Costa Novel Prize** **Longlisted for the Women's Prize for Fiction**
