**Get Your Ex-Lover Back** Anthony Ekanem 2016-06-26 There are many couples all over the world who have broken up with their partners for some very simple misunderstandings. It's sad to think that many of these break-ups could have been completely avoided if each person had a clearer understanding of what their partner was thinking and what they wanted from the relationship. Unfortunately, because men and women are biologically different, there are specific things we do that can easily drive a partner away rather than keeping them close as we had wanted. You might wonder why your relationship has ended at all. But the reality is that even good relationships do break up. If men and women had a little more awareness of how the opposite sex was thinking, then breakups would never happen. In fact, you could have turned your relationship with your ex-lover into a life-long happy partnership where neither of you would ever consider looking for another relationship. If you've recently broken up with the love of your life, don't feel that all is lost. There's still hope that you can win your ex-lover back and it's actually easier than you think. The problem is that we're not taught how the opposite sex thinks, so it's mostly a mystery to most people. We're stuck trying out tactics that we think may work without ever considering what our partner would prefer instead. Are you ready to bring your ex-lover back into your life? Are you

Perhaps you're still with your partner but they're losing interest or pulling away - this book is also for you. Not all relationships can be saved. However, given the right inner conditions, some relationships can - and do - heal. Here you will learn precisely how to cultivate those conditions. Author, Louisa Jackson, describes how her life spiralled downwards after the break-up of a relationship. This

triggered a long and intense period of study. Immersed in quantum physics, spirituality and Law of Attraction principles, she started to experiment with these concepts in her day-to-day life. Slowly, her intense suffering transformed into deep peace and happiness. A completely new way of living emerged and miraculous changes to all areas of her life then followed. Her long-term battle with depression, social anxiety and bulimia came to an end. Financial and family difficulties also resolved. So, too, did the cycle of toxic and dysfunctional relationships that she kept repeating over and over. Louisa now enjoys a happy, long-term, relationship - one which was successfully rekindled after applying the techniques and principles outlined in this book. The focus here is what's going on inside you, rather than on the outer circumstances of your life. For when you transform your inner world, you'll find that your outer world transforms in equal measure - sometimes in miraculous ways. As you'll see, this isn't merely a spiritual concept but is backed up by quantum physics principles. This book gets right to the heart of your beliefs about love, happiness and the fundamental nature of reality. It's faulty beliefs in these areas which are so often at the root of dysfunctional relationships. You'll learn what real happiness is, and how to cultivate it. You'll also discover techniques for sustaining the honeymoon period and how to prevent a repeating pattern of heartbreak. With practice, you'll stop needing love and instead start to radiate love. When this happens, you cannot help but attract love, whether that's from your existing partner or a new one. This is a new way of 'being' which will radiate out into all areas of your life. Whether you want to save a long-term marriage or a short-term romance, the same formula applies. You may even find after reading this book that you no longer want, or need, your partner to return.

relationship may wish to try to fix things and try again. Before you decide to do this you should take the time to read this book. Here is the truth that you may not be ready to hear, but one you must find in yourself to accept: getting your ex back probably won't be easy. Regardless of the cause of your breakup, how you act when trying to reconcile will affect your chances of getting back together. Two people make a relationship. But at the end of the day, the people around you will have an impact on how you and your partner get along. Don't expect it to be any different when the relationship is over. If you want to get your ex back, the numerous factors that you will have to consider will definitely include the people close to you and your ex. Another common misconception about relationship problems and reconciliations has to do with one's gender. Getting back with your ex won't be any easier just because you're a guy or a girl. If anything, being aware of the strengths of your own gender can actually increase your chances of reconciling - but that's for a later discussion. Now, you're probably feeling down and thinking, "Why have you been hearing about all the challenges of reconciliation so far?" Don't worry- there's a method to this madness. It is simply to make it clear that getting back with your ex won't be a piece of cake. However, not all hope is lost! In fact, you have every chance in the world to get your former partner back. And this book is one of the essential keys to doing it. You may have been advised to follow your heart if you wish to have the person you love back at your side. While that's certainly good advice, it is not all you should do. At the end of the day, you need to think of reconciliation as a goal.

It's a common misbelief that makes many of us change partners in search for someone ideal. The truth is that you can build successful relationship literally with anyone. It's just that some people are harder to deal with, while others are easier. So, when it didn't work out with your ex, you shouldn't give up on him immediately or fall into depression and completely give up on any future relationships, thinking that your life is over and there is no 'right person' on Earth except him. In this book, I will tell you how to deal with a breakup, what you should and shouldn't do to win your ex's attention and interest, which is the right way to react on his attempt to get in touch,
