**Girl Scout Collectors' Guide - Mary Degenhardt 2005**

In more than nine decades of Girl Scouting, a vast popular and material culture has given rise to a wealth of Girl Scout history collections. More than an identification guide to uniforms, insignia, and other Girl Scout objects, this work also documents when changes occurred and why new items were introduced. Placing these objects in context, this essential guide provides a discerning look at the history and development of the Girl Scout Movement in the United States. Scholars and aficionados of Girl Scout history, costume

history, women's studies, popular culture, and dress will welcome this indispensable and definitive resource. This new, expanded edition, with hundreds of illustrations, photographs, and tables, is indisputably the go-to source for information on all Girl Scout uniforms, insignia, awards, and handbooks, as well as dolls, postcards, posters, calendars, and more—from the founding of the Girl Scouts in 1912 through the present day. "An invaluable resource to Girl Scout councils managing a history collection. And, beyond that . . . an informative and intriguing glimpse . . . into the evolution of a Movement that . . . today is

the world's preeminent organization dedicated solely to girls." --Cynthia B. Thompson, chair, National Board of Directors, and Kathy Cloninger, national chief executive officer, GSUSA "An indispensable reference for collectors; a fascinating resource for anyone interested in Girl Scouting, this comprehensive guide to Girl Scout memorabilia is firmly grounded in the history of the Girl Scouts of the United States. Mary Degenhardt and Judith Kirsch show us what Girl Scouts wore and read, and explain how changes in uniforms, insignia, and publications reflect the evolution of Girl Scout programs and the expansion of opportunities for American girls. Reading this book is like walking through a fine museum where material culture brings the past to life." --Anastatia Sims, author of *Negotiating Boundaries of Southern Womanhood Empowered Girls* - Frances A. Karnes 2005

*Empowered Girls* is a hands-on guide for girls looking to take an active leadership role in their school and community. The book offers step-by-step suggestions for active involvement and leadership. Additionally, it includes profiles of, and advice from, girls who are making a difference in the lives of others. It's all here-- sage advice to girls seeking to become positive activists, profiles of girls who are involved in leading their community, and resources that range from funding sources to organizations that are seeking volunteers. *Women Leaders at Work* - Elizabeth Ghaffari 2012-01-15

"Women Leaders at Work traces the personal life decisions taken by women who found ways to achieve greatness in their work. Each story is intriguing. But, collectively, the stories provide inspiration. They illustrate how real women of varied talents from varied backgrounds traversed quite different paths, seized

opportunities presented in many guises, and found ways to achieve and to contribute to society. Elizabeth Ghaffari relates these stories with an unerring instinct to reveal the fascinating, personal dimensions of real women." Anita K. Jones, University Professor Emerita, University of Virginia "Women Leaders at Work shines a light on women. Today's leaders who are women, who are changing our world, even as examples, inspire young women who are our leaders of the future. Great book!" Frances Hesselbein, President & CEO, Leader to Leader Institute, New York, NY "The stories of each of these amazing women read like novels -- humble beginnings, triumphs, failures, incredible determination and resourcefulness, overcoming the familiar obstacles facing women in the workplace. But these stories are true, and they inspire us. There are many more stories out there, but thanks to Elizabeth Ghaffari, we are privileged to share these few. Groundbreaking women, groundbreaking book." Judith M. Runstad, Attorney, FOSTER PEPPER PLLC, Seattle, WA "I have read many books on leadership and women leaders, and Elizabeth Ghaffari's book rises to the top for me. The in-depth interviews provide insight into leadership in general, issues unique to women, as well as an insider's view into a broad array of industries. Women Leaders at Work highlights superb women leaders, beyond the "usual suspects," many of whom you may never have otherwise come to know." Cathy Sandeen, Ph.D., MBA, Dean, UCLA Extension, University of California, Los Angeles "In her newest book, Elizabeth Ghaffari has scouted out exceptional women who started in small, but courageous ways to follow unique visions. These women achieved positions of influence and power, but their routes to success were never straight-lined. They endured digressions and embraced change. They navigated the intricacies of corporations, academia, non-profits, and the fields of science and technology. They speak with their own voices about their lives and motivation and tell their stories with modesty and encouragement to other women who may want to lead and serve." Mary S. Metz, Ph.D., President Emerita, Mills College "Women Leaders at Work is filled from cover-to-cover with stories about the lives of extraordinary women who are in leadership today. Elizabeth Ghaffari uses her exceptional interviewing talents to ask the right questions to elicit memorable lessons that are inspiring, uplifting and educational. Each of the eighteen chapters focuses on the life and career path of a fascinating, accomplished woman. Ghaffari illustrates that breakthrough success can occur in a myriad of fields from medicine, law, academia, government, public corporations, science and philanthropy. It is not necessary to stay on a narrow hierarchical career path. In fact, none of these champions followed career paths that were straight-line trajectories. 'We often have to be re-potted to grow' and 'Don't leave the power of a corporation just because you want to change the world. Harness it,' are two of the many memorable lessons. Women Leaders at Work is filled with important wisdom and advice for past, present and future leaders. I highly recommend this book for men and women of all ages and interests!" Susan Murphy, Ph.D, noted author, speaker, business consultant, www.Consult4Business.com "Ghaffari's Women Leaders at Work captures diverse personal stories of trailblazing women who share candid experiences including career challenges. It is clear that much more than mentoring matters -- sponsorship is key." Linda Griego, President & CEO, Griego Enterprises, Inc. In Women Leaders at Work, skilled interviewer Elizabeth Ghaffari speaks to women at or near the top of their professions in a wide array of fields. In part, the book focuses on how they did it: how they prepared, how they overcame obstacles, how they achieved major milestones, and how they took the unconventional turn in the career path that made all the difference. Each chapter is also a gem that contains invaluable insights into gaining and using power responsibly. Every interview shows how female leaders make a difference on a day-to-day basis: charting strategy, managing senior managers and key partners, allocating resources, influencing stakeholders and the public, handling internal problems and competitive challenges, launching initiatives, or pouncing on opportunities the rest of us can't see. This book, like the others in the bestselling Apress At Work series, provides readers with a range of examples and experiences they can use to achieve their own goals. It details key actions or decisions that will help women reach the C-level, win public office, or achieve professional recognition and status. By tapping the wisdom and astute advice of contemporary women in leadership, Women Leaders at Work provides an up-to-date guide for ambitious women seeking professional success. This book: Showcases successful women in leadership positions in the modern millennium Explains how they prepared to take on the challenges leadership imposes Provides advice for those who would follow in their footsteps Demystifies career success for women Other books in the Apress At Work Series: Coders at Work, Seibel, 978-1-4302-1948-4 Venture Capitalists at Work, Shah & Shah,

**Girl Scouts of Central Maryland** - Roberta F. Dorsch 2012

Girl Scouting in the United States began in 1912 when Juliette Gordon Low formed the first troop in Savannah, Georgia. The Pikesville Poppies, the first Girl Scout troop in Central Maryland, began in Baltimore in 1913. Girl Scouts of Central Maryland includes photographs of Girl Scouts at Camp Bradley between 1920 and 1940, yesteryear's Mariner Scouts, and an array of uniform changes over the decades. It chronicles the evolution of Girl Scouting in the Baltimore area from 1913 to the present with stories both old and new. It also features influential Girl Scouts--from Baltimore author Margaret Dudley, who wrote the Girl Scout-themed book *The Rugged Dozen Abroad*, to current community leaders, such as Sen. Barbara Mikulski. Women like these capture the spirit and adventure of Girl Scouting that still exist today.

*Bronze - Silver - Gold: Earning the Highest Awards in Scouting* - Rae Brewer 2018-10-27

All girls in scouting should aspire to earn the prestigious Bronze, Silver and Gold Awards. But the path to these Awards can sometimes be a confusing one, deterring many from achieving them. "*Bronze - Silver - Gold: Earning the Highest Awards in Scouting*" is an immensely informative, unofficial guide for parents and girls at the Junior, Cadette, Senior and Ambassador scout levels, who are interested in earning the highest Awards in scouting. It introduces girls and parents to these three Awards, covering: how to choose a project, necessary forms, rules, guidelines, requirements, project ideas, checklists, finances, sustainability, what to do when projects go awry, scholarships, and the National Young Women of Distinction Award. It teaches girls everything they need to know to be successful in their pursuit of the highest awards in scouting...while ensuring parents are also "up to speed". Written by a 26-year Girl Scout veteran, and Gold Award Advisor, this book is a must have for all scouts in 4th grade and up.
