deep emotions she feels. ...guess what?! it's not up to them, it's up to you! On what you decide to do, on your actions. All of this is not physically possible in a situation as static and rigid as a typical dinner at a restaurant. The secret to a Perfect Date is to make her do a lot of different things. Game - Roosh Valizadeh 2018-08-21

Game teaches men a 9-step program for meeting and attracting women in an age when smartphones, feminism, and anti-masculinity propaganda have made connecting with the opposite sex harder than ever. It will help you achieve casual or monogamous relationships while safeguarding you from sexual harassment and rape accusations that have increased due to the spread of social justice and hashtag activism. Game was written after the author's 17-year obsessive journey into the art of seducing women. The book begins with... -The 8 beliefs you must internalize to attract women without conscious effort -How to maximize your physical appearance so that most of a seduction is complete before you even begin talking -The hygiene and body flaws that turn women off without you realizing it -8 attraction triggers

that cause a woman to be deeply drawn into a man -3 destroyers of attraction that turn off just about all women in their physical prime The biggest chapter is on approaching. Even if you don't have a large social circle, or any friends at all, Game teaches you how to have pleasant face-to-face interactions with women. You'll learn... -How to lovingly mold a girl into your ideal partner while resisting her efforts to train you into a beta male slave -The most important standards you must uphold to maintain the integrity of the relationship -How to regain attraction after your girlfriend becomes distant -6 warning signs that tell you a girl is not worth marriage -How to know if your girlfriend is cheating on you You'll also find two large appendices. They share... - The best way to enter social circles where

women will see you as the apex male -How to get intimate with a girl in your social circle so that things don't get weird or awkward -An easy trick to identify which foreign cities contain women that will be most receptive to your look and personality -How to plan for trips that maximize the chance you'll get lucky with foreign women The above only scratches the surface of what Game contains. It is seminal work of a hyper-sexualized man who dedicated tens of thousands of hours into understanding women and attracting them while fending off defamatory attacks from mainstream feminists and fake news journalists who want to criminalize healthy masculinity. Whether your goal is to have fun in a big city with lots of women or fall in love with only one before getting married, Game will help you accomplish your goals in a way that keeps you safe from degrading cultural winds that continue to divide men and women.

[How to Meet & Date a Woman](#) - Edward Hayes
2020-05-30

How to date If you're in love with someone, the next logical step is to find out if they feel the same about you. Often you can guess if someone's interested. If you're not sure, be brave! guess if someone's interested. If you're not sure, be brave! Try to get into a situation where you've got a chance to talk to the person. If you have mutual friends, let them introduce you. You could also send them a text message or try to make contact on chat - but if they don't answer, don't pester them. If you notice they're not really responding or they're even trying to avoid you, there's a good chance they don't return your feelings. Bear in mind, however, that there's an extra tricky puzzle in the love game:

some people can be standoffish even if they're really attracted to you, because they don't know how to cope with their feelings! Or maybe they feel they shouldn't be responding to your advances even if they'd like to. So don't immediately assume someone isn't interested in you because they don't respond straight away. Some guys have the idea - often picked up from movies - that if you keep hassling a woman long enough she will give in to you. People might tell you that if a girl says no or even gets upset or angry, you should ignore it and not give up. Asking someone out If the person you're interested in responds positively to your cues, you might want to ask them out on a date. You don't have to be a man to ask someone out - women can do it too, so don't be shy! Before planning a date, find out what they like doing - maybe watching movies or sports games, going to museums, walking, or dancing. It's a good idea to meet in a quiet place near where you live, somewhere you can relax and talk easily.

Remember, dates don't have to be fancy or expensive. They can be simple, like meeting at a kibanda and then taking a walk in the park. First date First dates are often a bit tense. Maybe you're very nervous, or feel like you've got butterflies in your stomach. There could be awkward moments on your first date - when you think you've said something silly or when you just don't know what else to say. Don't worry too much: the key is to stay calm. Once you've realised that you both like spending time together, you can start thinking about another date. It doesn't always have to be your responsibility to decide what to do - you can put the ball in their court too. Over the next few meetings, try finding out more about them, about their likes and dislikes, their past, and their dreams for the future. When to hold hands, kiss, and have sex While you're dating, you might want to hold hands, kiss, hug, or even have sex with your partner. There's nothing wrong if you feel that way. If you're not entirely

sure what your partner wants, talking about it can help. You can be straightforward and ask, 'can I kiss you?' or 'how would you feel if I held your hand?' Having sex with your lover is a big decision. Take one step at a time. You might want to talk to your partner about it before you make a move. The most important thing is to know if they feel the same way and really want to go ahead with sex. If your partner doesn't want to have sex with you, respect their feelings. Their choice could be based on religious belief, or it could be for cultural reasons. Maybe they want to wait till they're married, or maybe they simply don't feel ready for sex. Give them all the time and space they need to think about it and make up their mind. And then accept their decision, whatever it is. Did you learn something new?

Women are just people without penises. Remember that golden rule. Every dating guide, every Hollywood movie, every matchmaking website, makes profit by distracting you from this fundamental truth. She is not an alien

species; she is just a regular human who sits down to pee. All anyone wants is to love and to be loved. A lot of dating guides are aimed at men who, deep down, don't actually like women. Instead of helping men to understand the opposite sex, these guides encourage men to use mind-games and manipulation to get girls into bed. They encourage cold-hearted efficiency and fast turnover, like a corporate cost-cutting guide. That's fine, if you don't mind falling asleep to the sound of a stripper crying in your shower. This book is aimed at men who are looking for a girlfriend, not just a succession of joyless hook-ups. When you're looking for a girlfriend, physical attraction is important; but you also want to talk to her about your day, and introduce her to your friends, and take her out for dinner, and spend Sunday afternoons together watching Seinfeld re-runs in your underpants. That's a lot to ask for, really, and it's no surprise that people spend their whole lives searching for one special person. This book will

talk you through the very earliest stages of a new relationship - meeting someone, asking them out, and taking them on the first few dates. For many people, this is the most difficult part of the game - keeping a girlfriend happy is child's play compared to the difficulties of finding a girlfriend in the first place. This guide is written from a woman's point of view, to show you other side of the dating game. It's not a set of strict instructions, but a gentle push in the right direction. At each step, there are tips to help things to run smoothly and advice on avoiding common pitfalls. There are also explanations of some things women do which men tend to find confusing. There is someone out there for everyone. It's a cliché to say that, but it's true. Be yourself! That's another cliché, also true. Women are just people without penises, remember. They have different interests and different desires in just the same way that men do. Whatever makes you weird may be the same thing which attracts people to you. Overweight

geek obsessed with anime? There's a Studio Ghibli fan out there who just loves to be hugged by a big guy. It's true that you might have more success with the ladies if you were a handsome billionaire with a six-pack - but so what? There's not enough time in your life to date every attractive woman in the world, so it makes sense to focus on finding the ones who really suit you. The aim is not to turn yourself into some kind of seduction machine, who can charm every woman you meet into bed. Or course, it's nice to daydream about being irresistible to the opposite sex, but if you have to put on a fake James Bond persona to get a date, you're dating the wrong people. It's wiser to keep on going as you are, but knock off the rough edges. Be yourself - but better. Make the most of what's going well for you already, and stop doing those little things which hold you back. There are so many factors which affect the way women see you, and you can take easy steps to improve your success with women without having to expend a
