The Know-It-All A J Jacobs 2012-01-31 On leaving school or university, you feel pretty pleased with yourself. You've learnt a lot, you're well-read and you know a whole bunch of obscure facts guaranteed at some point to appear in the questions on Mastermind or University Challenge. Then you get a job, and ten years later you're more eloquent and eager to argue about Britney and Big Brother than Beckett and the Brontes. Sound familiar? Well it happened to AJ Jacobs too. As an editor at Esquire, Jacobs had built up a rather impressive knowledge of celebrity trivia - and the cure was going to take a long time. While others might take to reading a broadsheet at the weekend, Jacobs chose to read the Encyclopaedia Britannica. All 33,000 pages of it. Bill Bryson meets Schott's Original Miscellany meets Woody Allen. Part assemblage of fascinating trivia, part journey through adulthood, all laugh-out-loud funny.

Adolescent Pregnancy and Parenting Jean-Victor P. Wittenberg 2023-12-23 This book focuses on the impact of social stigma on adolescents who are at high risk of teen pregnancy. It describes and discusses personal and social factors that predispose them to becoming pregnant and having babies; factors that may subsequently protect or more often, compromise outcomes for both parents and children. The authors, who represent a range of social roles and perspectives, describe the pathways from stigma and its unfounded beliefs about disadvantaged adolescents, to the ways stress burdens teen parents and their children. They note that successful teen parents often go unrecognized and wonder how many more are hobbled by stigma. They recognize the lifespan impacts of stress as described in the ACE studies; stress that has psychological, health and economic implications at individual and social levels. They examine the impact of stigma on parent-child relationships and the attachment system, a stress management system, learned in infancy and persisting into adulthood. The book describes how stigma finds its way into daily interpersonal encounters, systemic policies and practices, and even into healthcare research and services. This sets the stage for an in-depth look at attachment systems within stress management, interventions, and recommendations for professionals whose work is impacted by these issues. Written by experts in the field, this text is the first to cover the current understanding of the risk factors, advanced understanding of developmental issues, and the key intervention tactics for the most positive outcome for adolescent parents and their families. Adolescent Pregnancy and Parenting is an excellent resource for psychiatrists, psychologists, physicians, social workers, educators, researchers, and policy makers working with youths at risk for teenage pregnancies.

Eggs to Lay, Chickens to Hatch Chris van Wyk 2010-07-01 Agnes, the Van Wyks' Zulu housekeeper, had a special friendship with young Chris in the late sixties to early seventies. He would defend her whenever she came to work with a hangover on a Monday morning and made a mess of the cleaning. In turn, Agnes never told on Chris when he played truant from school. As the years passed, the two grew closer, swapping stories about coloureds and Zulus, life in Riverlea and Soweto, pass laws, politics and falling in love. She taught him to count in Zulu and he promised to teach her to read in English. Whenever the clock ran against her, Agnes would stop almost in mid-sentence, grab a broom or cloth, and declare: 'I have to rush. I have eggs to lay, chickens to hatch.' What an odd, ungrammatical thing to say, Chris often mused. But many years later, he played a CD by Louis Jordan, a 1940s American jazz singer, and it all became clear. *Eggs to lay, chickens to hatch* (forthcoming end April 2010) is Chris van Wyk's second

childhood memoir about growing up in Riverlea and his colourful interactions with the men and women who lived the African proverb that 'it takes a village to raise a child'. But mostly it is the story of a wonderful friendship between a young coloured boy and a Zulu woman.

The Four Tendencies Gretchen Rubin 2017-09-12 NEW YORK TIMES BESTSELLER • Are you an Upholder, a Questioner, an Obliger, or a Rebel? From the author of *Better Than Before* and *The Happiness Project* comes a groundbreaking analysis of personality type that “will immediately improve every area of your life” (Melissa Urban, co-founder of the Whole30). During her multibook investigation into human nature, Gretchen Rubin realized that by asking the seemingly dry question “How do I respond to expectations?” we gain explosive self-knowledge. She discovered that based on their answer, people fit into Four Tendencies: • Upholders meet outer and inner expectations readily. “Discipline is my freedom.” • Questioners meet inner expectations, but meet outer expectations only if they make sense. “If you convince me why, I’ll comply.” • Obligers (the largest Tendency) meet outer expectations, but struggle to meet inner expectations—therefore, they need outer accountability to meet inner expectations. “You can count on me, and I’m counting on you to count on me.” • Rebels (the smallest group) resist all expectations, outer and inner alike. They do what they choose to do, when they choose to do it, and typically they don’t tell themselves what to do. “You can’t make me, and neither can I.” Our Tendency shapes every aspect of our behavior, so using this framework allows us to make better decisions, meet deadlines, suffer less stress, and engage more effectively. It’s far easier to succeed when you know what works for you. With sharp insight, compelling research, and hilarious examples, *The Four Tendencies* will help you get happier, healthier, more productive, and more creative.
