Meeting new girls isn't easy and having the courage to talk to them isn't exactly as simple as it is in the movies. Even then, the shuttering thought of being rejecting is one that most men would try to avoid at all cost. Rejection bounces from left and right and the good ones are usually hard to find. Most men worry about being stuck in the friend zone and other men worry about being straight up rejected without being given a chance to show who they are. In addition, the thought of constantly looking for someone new isn't as pleasing as it sounds, especially when you're too shy to approach them. Though the thought might sound frightening, you have nothing to lose. If you want to know how to attract the woman that you've been interested in then you have to take the first step into talking to her. For the

What Women Want When They Test Men - Bruce Bryans

2015-08-13

Discover What Women Want in a Man and How They Secretly Test You For it If you pay close enough attention to what really attracts women, you'll find that what women want is a man with a backbone. Women want to be with a man who knows how to take the lead and make decisions; one who has strong personal boundaries and knows how to love her like...a man. Unfortunately, a lot of men have difficulty accepting the truth that many women prefer to be with a man who isn't afraid to stand up to them, who challenges them, and who refuses to be pushed around by women (or anything else for that matter). This is especially true of women who seek a more traditional male-female gender role dynamic in their

romantic relationships. Even if a man knows how to attract women, cultivating a mind-blowing relationship with one requires a different set of skills entirely. Women want men who can make them feel secure - men with strong boundaries and unwavering commitment. Sadly, most dating and relationship books rarely show men how to keep a woman happy without them having to sacrifice their manhood in the process. How to Understand Women and Pass Their Tests With Unshakeable Confidence Men around the world have no idea that the women they know and love are testing them. These men go about their lives interacting with the opposite sex in absolute darkness, ignorant to the fact that they're being judged, appraised, approved, and rejected based on their subconscious reactions to female testing. If you had no idea that women test men and why they have to, you're about to take a journey onto a road less traveled - the more mysterious side of female psychology and how women

think. Attract Women Through Authenticity and Be the Strong Man a Woman Wants For a Relationship It's important for a man to learn how to walk that thin line between caring, thoughtful lover and firm, assertive leader. The man who masters the art of being the perfect gentleman and a strong alpha male is the ideal specimen to a high-quality woman. This is what you're going to learn in this book. So if you're dating or in a relationship and women constantly create drama, lose interest in you, or manipulate you, it's time you finally got some advice from one of the only relationship books for men that won't turn you into a doormat. Here's what you're going to learn inside: How to be radically honest with a woman and why this makes her MORE attracted to you. The reason why women test men CONSISTENTLY and how to use this knowledge to deepen a woman's desire. (Hint: This is the key to female psychology and how women think.) How to be confident with difficult

women. What women want in a man and how to give it to them. How to make a woman happy without becoming a complete doormat of a man. How to seduce your wife and get her in the mood by responding like a MAN whenever she "pokes the bear." How to be firm and say "No" to the woman you love without destroying intimacy. How to keep a woman interested in you by doing the ONE thing MOST men are deathly afraid of doing. How to avoid unnecessary arguments, fights, and drama with a woman by using a simple communication technique. The best way to secretly test a woman's level of romantic interest in you (as well as her emotional maturity) before making a long-term commitment. "Hi, how are you?" Do you count on seducing a girl with this kind of line? Really? May he who has never ended up in the friendzone cast the first stone at me. We've all already found ourselves in this uncomfortable situation: the one where we try to go further with a friend before being gently rejected. And yet, by applying some powerful advice that would have allowed you to position yourself otherwise in the nascent relationship, you would surely be in a relationship with this woman at this time. The secrets I am about to pass on to you have made me the man I am today: a true and complete man who is aware of the hidden power of words. The seduction techniques that you will soon learn have allowed me to sleep with more than forty women at only 22 years old. Passionate about human psychology (and female beauty), I looked into the subject very early to reach my goals. I ended up mastering the tricks of the trade to a

point where everything became too easy... Seducing a woman by SMS, approaching on Facebook or flirting on Tinder is child's play for me. This is what you're going to learn in this book: - How to never again end up in the Friendzone by learning the difference between a classic conversation and flirting (many people confuse the two). We don't talk to a friend in the same way that we would talk to a potential future girlfriend. - How to effectively start a conversation with a woman on a dating site or Facebook and make her want to get to know you, by differentiating yourself from other men. - How to never run out of subjects to talk about, by using the storytelling technique. - How to position yourself in the emerging relationship to be and continue to be the alpha-male and to control the upcoming sequence of events. - How to make a girl want you without seeming like a pervert. To handle the art of sexualisation like a God. - How to appear mysterious and make her crazy for you in a short

amount of time. - How to be light-hearted, funny and endearing by using humour. The examples will be as real as can be and modelled on real conversations. All of the extracts from discussions which will be presented to you are not made up but rewritten versions of, or strongly inspired by, my past conversations:

everything is authentic (except the names used for obvious confidentiality reasons). Ready to be part of the elite? The group of 5% of men who seduce Facebook, Tinder, Happn, Bumble, Match.com, OkCupid, Instagram and many others. And who sleep with all the women of their dreams.
