[The Pisces](#) - Melissa Broder 2018-05-01

LONGLISTED FOR THE CENTER FOR FICTION FIRST NOVEL PRIZE LONGLISTED FOR THE WOMEN'S PRIZE FOR FICTION "Bold, virtuosic, addictive, erotic - there is nothing like The Pisces. I have no idea how Broder does it, but I loved every dark and sublime page of it." —Stephanie Danler, author of Sweetbitter Lucy has been writing her dissertation on Sappho for nine years when she and her boyfriend break up in a dramatic flameout. After she bottoms out in Phoenix, her sister in Los Angeles insists Lucy dog-sit for the summer. Annika's home is a gorgeous glass cube on Venice Beach, but Lucy can find little relief from her anxiety — not in the Greek chorus of women in her love addiction therapy group, not in her frequent Tinder excursions, not even in Dominic the foxhound's easy affection. Everything changes when Lucy becomes entranced by an eerily attractive swimmer while sitting alone on the beach rocks one night. But when Lucy learns the truth about his identity, their relationship, and Lucy's understanding of what love should look like, take a very unexpected turn. A masterful blend of vivid realism and giddy fantasy, pairing hilarious frankness with pulse-racing eroticism, THE PISCES is a story about falling in obsessive love with a merman: a figure of Sirenian fantasy whose very existence pushes Lucy to question everything she thought she knew about love, lust, and meaning in the one life we have.

Pisces Ascendant Secrets - Saket Shah 2020-01-05

There are times when people just can't identify with the attributes of their Sun or Moon sign. In fact, they may feel that they are an antithesis of their zodiac sign. You may also have observed it. Your Leo friend may not seek attention, may be because he or she has a Capricorn ascendant. Your Sagittarius friend is very possessive, may be because he or she has a Scorpio Ascendant. It is easy to understand why some people do not correspond to their Sun or Moon signs once you know about what is the rising sign or Ascendant in a horoscope. Ascendant is the degree of the zodiac sign that was highest on the Eastern horizon at the time and place of birth. When seen from Earth, the sky seems to move, so the entire zodiac can be observed in a span of 24 hours day which means the rising sign changes on the Eastern horizon every 2 hours because there are 12 zodiac signs. People tend to associate their physical, emotional and spiritual attributes more with rising sign at times.

To Have, to Hold, and to Never Let Go - Cattina C. Coleman 2012-12-28

I am a woman of many attributes and as impressive as my background is I too find it hard to juggle a relationship, family, friends, and my career. With a two year old son, a new found relationship with a handsome young man who is just a year younger than me but so much wisdom he could teach a teacher; still pursuing my Doctorate Degree in Business, and building a company from the ground up; has definitely put my life in the fast lane. The inspiration to my book was having seen male friends of mine who are battling their own love lives and or the family. I wanted to create a book to help guide them in a path where they too can understand where we women are coming from when we ask them a million and one questions about relationships and family. So in my book To Have, To Hold, and To Never Let Go, I am letting men know the inner thoughts and acts of women and show how we are not that much different from you guys in the sense of commitment. The same thoughts you men have us women have too; we just go about them a little differently. So in this book allow these chapters to guide you men on how To Have a Woman, Hold a Woman, and To Never Let Her Go.
