7 Keys to Lifelong Sexual Vitality Brian R. Clement 2012 "There's solid evidence that regular sex throughout the human lifespan contributes to health and longevity. The married authors have seen this science born out in their three-decade alternative healing and health maintenance practice at an internationally renowned clinic where 300,000 people from 50 countries have spent time (including celebrities such as Paul Newman and Kenny Loggins). The Clements believe that sexual energy is a universal fuel of life; that it nourishes mind, body, and spirit; and that along with diet and exercise, nothing naturally enhances health more than remaining sexually active. They've written 7 Keys to Lifelong Sexual Vitality to help readers of all ages, gender attraction, ethnic background, and religious affiliation achieve and maintain vibrant sexuality. From recipes rich in sexual nutrients, detoxification, and massage to meditation, guided imagery, and a variety of fear and misinformation busting exercises, this is a practical, pleasurable prescription for life"--

Hartland's Medical & Dental Hypnosis David Waxman 1989 This well-established textbook provides clear information on the practice and procedures

of hypnosis. Includes coverage of the history, nature, and techniques of hypnosis; phenomena of hypnosis and the use of advanced techniques; the clinical applications of hypnosis; and the uses and abuses of hypnosis. Also features an appendix containing guidelines and advice on ethics.

Not Tonight, Dear Anthony Pietropinto 1990 The authors have written a practical, optimistic book designed to help the person with low desire, or his or her spouse, understand the cause of the disorder by taking stock of sexual attitudes and experiences with quizzes and questionnaires, ultimately providing techniques to keep sexual desire alive.

Mind Play Mark Wiseman 2017-09-05 All kinds of people are secretly (or not so secretly) fascinated by the erotic possibilities of hypnosis. Many of us know that hypnosis doesn't really have the kind of mind-melting power we see in movies. Still, we can't help but get turned on at the thought of either controlling someone, or being controlled by someone, into doing things we've been told we shouldn't do ... but really, inside, kind of want to. In this book, Mark Wiseman (Wiseguy) will teach you how to put your partner into a hypnotic trance safely and effectively. Then the fun begins as you learn how to: Create or intensify arousal and desire Turn their entire body into an erogenous zone eager for your touch Get kinky with hypnotic bondage, flogging, or tickling Give them intense pleasure using his Five-Point Palm Exploding Orgasm technique and more! Whether you are new to hypnosis or have already learned the basics, Mind Play will give you the tools you need to become a skilled, responsible erotic hypnotist. This 2017 edition has been updated to reflect changes in community standards and resources.

You Can Stop Smoking Jennifer Percival 2007 With the ban on smoking in public places in Great Britain coming into force in July 2007, there's never been a better time to quit smoking. You Can Stop Smoking is a comprehensive step-by-step planner based on proven methods that have helped thousands of people to successfully give up. Practical and accessible, it contains all the advice, information and support smokers need to ditch the cigarettes for good. Including choosing a 'quit date', planning your campaign to quit and coping with nicotine withdrawal. Full of quizzes, questionnaires and other interactive elements, the reader can tailor the plan to their own needs and circumstances to give up successfully the first time.

The Program Toni Natalie 2019-09-24 A jaw-dropping insider look into the world of the so-called "Hollywood Sex Cult" NXIVM chronicling the rise of enigmatic cult leader, Keith Raniere, from its "Patient Zero," his former girlfriend and test subject for his coercive control techniques. Many have heard of NXIVM and its creator, Keith Raniere, the unassuming Albany man now prosecuted for ensnaring tens of thousands of people in the US, Mexico, Canada and elsewhere, to do his bidding and pay millions of dollars to participate in his self-improvement methodology. But where did Keith Raniere begin? Enter Toni Natalie, Keith's Patient Zero, the first one indoctrinated into Raniere's methodology and the first one to escape. THE PROGRAM begins with the origin story of NXIVM, follows its rise to international prominence, and takes the reader into the downfall of Raniere through Toni's eyes. During this time she bore witness to the evolution of his methodology, including his use of sex, blackmail, and employment of psychological tools such as neuro-linguistic programming to control and punish those who would not heed his wishes. She uniquely details the fortunes lost and the lives left in disarray that she witnessed contemporaneously, including members of DOS, a group of women coerced into sexual acts under the guise of a "women's empowerment" inner circle, whom Raniere exercised extreme control over directly and through his lieutenants.

But far from being a victim's story, in the spirit of Erin Brockovich, Toni's is a nuanced narrative of a multi-dimensional woman saving herself, and then working tirelessly to help other women do the same for themselves. Today, Toni is happy, reunited with her son, and surrounded by friends and family--it is this perspective that makes her such a unique storyteller.

Hypnosis and Sex Therapy Daniel L. Araoz 1982 This volume presents a remarkably clear and useful integration of hypnosis, cognitive therapy, and sex therapy. Starting from a firm basis in both hypnosis and sex therapy, it evaluates the theoretical rationale for using hypnosis in the treatment of sexual dysfunctions and outlines numerous specific applications. The author introduces important new concepts, particularly the concepts of the processing phase of sexual functioning and of negative self-hypnosis.

Surely You're Joking Mr Feynman Richard P Feynman 2014-08-21 WITH A NEW INTRODUCTION BY BILL GATES In this warm, insightful portrait of the Winner of the Nobel Prize for Physics in 1965, we see the wisdom, humour and curiosity of Richard Feynman through a series of conversations with his friend Ralph Leighton. Winner of the Nobel Prize for Physics in 1965, Richard Feynman was one of the world's greatest theoretical physicists, but he was also a man who fell, often jumped, into adventure. An artist, safecracker, practical joker and storyteller, Feynman's life was a series of combustible combinations made possible by his unique mixture of high intelligence, unquenchable curiosity and eternal scepticism. Over a period of years, Feynman's conversations with his friend Ralph Leighton were first taped and then set down as they appear here, little changed from their spoken form, giving a wise, funny, passionate and totally honest self-portrait of one of the greatest men of our age.

Give Back the Pain Robert T. Bleck 2000-11-15 Believing that we all suffer from at least some emotional wounds as a result of our past experiences, Dr. Robert Bleck set out to devise a recovery therapy to aid his clients in "coming to terms" with those past hurts. The result has come to be known as Source Completion Therapy (SCT). "To live a healthy and enriched life, our past emotional wounds-like bodily infections-must be cleansed and allowed to heal. Source Completion Therapy is designed to do just that." Dr. Bleck, Chapter 1 Incorporating all the effective, significant psychological theories widely in use today, SCT takes us on a journey of personal exploration and emotional healing built on the theory that we can only break free of the disabling effects of our hurts if we (first) become fully aware of their true origins, (next) re-experience the trauma, and (finally) complete the healing process by confronting the source of the pain. The text is completed by an easy-to-use self-hypnosis script designed to bring on the state of relaxation necessary for reliving and re-experiencing the events that created our symptoms. Options for giving the pain back to its source (completing) are also offered.

The Symptom Is Not the Whole Story Daniel Araoz 2021-05-04 A practical introduction to contemporary psychoanalysis that is accessible to all mental health professionals. Trained mostly in cognitive-behavioral methods and techniques, many recent graduates from psychology, counseling, family therapy, and other mental health programs have not been exposed to psychoanalysis as a vibrant, practical, and beneficial approach to human problems. In *The Symptom is Not the Whole Story*, Araoz introduces the functional benefits and applications of psychoanalysis for these practitioners. Focusing sharply on the unconscious and its use in psychotherapy, this no-nonsense book illustrates how psychoanalytical thinking can transform people's lives, thanks to the therapist's active interventions and destabilizing interpretations. Written in a vivid and clear style, where clinical examples pointedly illustrate the psychological issues at hand, this book reverses the commonly held idea that psychoanalysis requires years of treatment before showing results. Araoz's talent resides in his ability to teach mental health, marriage, and family counselors how to use psychoanalytic techniques without having been trained primarily in the discipline. All will find this book to be of particular benefit, discovering valuable guidance and applicable instructions for the use of psychoanalysis in their own therapeutic practice.
