Female Friends - Fay Weldon 2013-04-16

From bestselling author Fay Weldon comes the story of three women's enduring friendship. They first met as children in 1940s London. Thirty years later, Marjorie, Chloe, and Grace make their way through an almost unrecognizable post-war society, coping with husbands, children, parents, and the messy business of life. Trapped by her dependency on her tormented screenwriter husband, Chloe finds a novel way of liberating herself from his sexual and domestic oppression. Marjorie, a childless BBC director, is overwhelmed with guilt upon seeing her mother, the woman who abandoned her thirty years earlier, dying in a hospital bed. And egocentric Grace, who lives with a much younger man, her husband having passed away, sacrifices the wellbeing of her son upon the altar of pleasure. A smart, prescient novel that speaks for a generation of women struggling to find their place in a male-dominated world, *Female Friends* is a masterwork from a storyteller at the top of her game.

Victorian Women's Travel Writing on Meiji Japan - Tomoe Kumojima 2022-01-13

Victorian Women's Travel Writing on Meiji Japan: Hospitable Friendship examines forgotten stories of cross-cultural friendship and intimacy between Victorian female travel writers and Meiji Japanese. Drawing on unpublished primary sources and contemporary Japanese literature hitherto untranslated into English it highlights the open subjectivity and additive relationality of Isabella Bird, Mary Crawford Fraser, and Marie Stopes in their interactions with Japanese hosts. *Victorian Women's Travel Writing on Meiji Japan* demonstrates how travel narratives and literary works about non-colonial Japan complicate and challenge Oriental stereotypes and imperial binaries. It traces the shifts in the representation of Japan in Victorian discourse from obsequious mousmé to virile samurai alongside transitions in the Anglo-Japanese bilateral relationship and global geopolitical events. Considering the ethical and political implications of how Victorian women wrote about their Japanese friends, it examines how female travellers created counter discourses. It charts the unexplored terrain of female interracial and cross-cultural friendship and love in Victorian literature, emphasizing the agency of female travellers against the scholarly tendency to depoliticize their literary praxis. It also offers parallel narratives of three Meiji women in Britain - Tsuda Umeko, Yasui Tetsu, and Yosano Akiko - and transnational feminist alliance. The book is a celebration of the political possibility of female friendship and literature, and a reminder of the ethical responsibility of representing racial and cultural others.

Cold War Spy Stories from Eastern Europe - Valentina Glajar 2019-08

During the Cold War, stories of espionage became popular on both sides of the Iron Curtain, capturing the imagination of readers and filmgoers alike as secret police quietly engaged in surveillance under the shroud of impenetrable secrecy. And curiously, in the post-Cold War period there are no signs of this enthusiasm diminishing. The opening of secret police archives in many Eastern European countries has provided the

opportunity to excavate and narrate for the first time forgotten spy stories. *Cold War Spy Stories from Eastern Europe* brings together a wide range of accounts compiled from the East German Stasi, the Romanian Securitate, and the Ukrainian KGB files. The stories are a complex amalgam of fact and fiction, history and imagination, past and present. These stories of collusion and complicity, betrayal and treason, right and wrong, and good and evil cast surprising new light on the question of Cold War certainties and divides.

Gender, the New Woman, and the Monster - Elizabeth D. Macaluso 2019-10-18

This book views late Victorian femininity, the New Woman, and gender through literary representations of the figure of the monster, an appendage to the New Woman. The monster, an aberrant occurrence, performs Brecht's "alienation effect," making strange the world that she inhabits, thereby drawing veiled conclusions about the New Woman and gender at the end of the fin-de-siècle. The monster reveals that New Women loved one another complexly, not just as "friend" or "lover," but both "friend" and "lover." The monster, like the fin-de-siècle British populace, mocked the New Woman's modernity. She was paradoxically viewed as a threat to society and as a role model for women to follow. The tragic suicides of "monstrous" New Women of color suggest that many fin-de-siècle authors, especially female authors, thought that these women should be included in society, not banished to its limits. This book, the first on the relationship between the figure of the monster and the New Woman, argues that there is hidden complexity to the New Woman. Her sexuality was complicated and could move between categories of sexuality and friendship for late Victorian women, and the way that the fin-de-siècle populace viewed her was just as multifarious. Further, the narratives of her tragedies ironically became narratives that advocated for her survival.
