The Wild Girl, Natural Man, and the Monster - Julia V. Douthwaite 2010-11-15

This study looks at the lives of the most famous "wild children" of eighteenth-century Europe, showing how they open a window onto European ideas about the potential and perfectibility of mankind. Julia V.

Douthwaite recounts reports of feral children such as the wild girl of Champagne (captured in 1731 and baptized as Marie-Angélique Leblanc), offering a fascinating glimpse into beliefs about the difference between man and beast and the means once used to civilize the uncivilized. A variety of educational

experiments failed to tame these feral children by the standards of the day. After telling their stories, Douthwaite turns to literature that reflects on similar experiments to perfect human subjects. Her examples range from utopian schemes for progressive childrearing to philosophical tales of animated statues, from revolutionary theories of regenerated men to Gothic tales of scientists run amok. Encompassing thinkers such as Rousseau, Sade, Defoe, and Mary Shelley, Douthwaite shows how the Enlightenment conceived of mankind as an infinitely malleable entity, first with optimism, then with apprehension. Exposing the darker side of eighteenth-century thought, she demonstrates how advances in science gave rise to troubling ethical concerns, as parents, scientists, and politicians tried to perfect mankind with disastrous results.

Monster Musume: I Heart Monster Girls Vol. 3 - Okayado 2017-01-03

A hilarious companion series to Monster Musume that includes three bonus monster girl post cards! Monster Musume: I Heart Monster Girls is an ongoing manga series starring everyone's favorite monster girls from the New York Times bestseller, Monster Musume. Monster Musume: I Heart Monster Girls doubles-up on the humor and heart, telling original stories in four-panel comic strip anthology format, including a short Monster Musume story from Shake-O, creator of Nurse Hitomi's Monster Infirmary. Monster Musume has been adapted into a hit anime series, currently streaming on Crunchyroll, and boasts a passionate fanbase around the world as its manga volumes continue to top sales charts. Each volume of Monster Musume: I Heart Monster Girls will include multiple full-color inserts. When hapless human twenty-something Kurusu Kimihito becomes an involuntary "volunteer" in the government homestay program for monster girls, his world is turned upside down. A reptilian lamia named Miia is sent to live with him, and it is Kimihito's job to tend to her every need and make sure she integrates into his everyday life. While cold-blooded Miia is so sexy she makes Kimihito's blood boil with desire, the penalties for interspecies breeding are dire. Even worse, when a buxom centaur girl named Centorea and a scantily clad harpy named Papi move into Kimihito's house, what's a full-blooded young man with raging hormones to do? And they're only the beginning of Kimihito's foray into the world of monster girls!

Ponyville Confidential - Sherilyn Connelly 2017-03-21

Beloved by young girls around the world, Hasbro's My Little Pony franchise has been mired in controversy since its debut in the early 1980s. Critics dismissed the cartoons as toy advertisements, and derided their embrace of femininity. The 2010 debut of the openly feminist My Little Pony: Friendship Is Magic renewed the backlash, as its broad appeal challenged entrenched notions about gendered entertainment. This first comprehensive study of My Little Pony explores the history and cultural significance of the franchise through Season 5 of Friendship Is Magic and the first three Equestria Girls films. The brand has continued to be on the receiving end of a sexist double standard regarding commercialism in children's entertainment, while masculine cartoons such as the Transformers have been spared similar criticism.

Monster Musume Vol. 7 - OKAYADO 2015-08-11

Kimihito's eyes are about to pop. The mothers of not one, not two, but three of the monster girls who live with him are coming for a visit. It doesn't help that this trio of mothers is every bit of sexy as their daughters - and just as dangerous to Kimihito's mental and physical well-being. Stuck in the middle between the mothers and their daughters, Kimihito learns more than he ever wanted to know about the mating habits of lamia, harpies, and centaurs, while repeatedly facing the possibility of an ecstatically painful death. Fur, feathers, and scales are about to fly, as Kimihito's hide hangs in the balance!

Gender in the Classroom - David Sadker 2016-08-23

What's missing from your teacher education program? According to research studies, one glaring omission is gender. Tomorrow's teachers receive little instruction or training on the tremendous impact of gender in the classroom. Just how does gender influence teaching, the curriculum, and the lives of teachers and students in the classroom? This unique

Monster Musume The Novel - Monster Girls on the Job! (Light Novel) - Yoshino Origuchi 2021-10-05

A new spin-off novel for the bestselling Monster Musume series! Ordinary twentysomething Kurusu Kimihito thought living with a bunch of monster girls was complicated enough, but there's a new directive sent down from the government: get a job! Now lamia Miia, centaur Centoria, and all your favorites have to join the working world, leading to sexy uniforms, on-the-job shenanigans, and all-new hilarity! Written by the author of the Monster Girl Doctor light novels, Yoshino Origuchi, and with all-new illustrations by series creator OKAYADO, this book features everyone's favorite monster girls in a new light novel adventure!

How to Conquer Monster Girls - Mizone 2019-10-31

In a land of mythical creatures and fantasy, this might seem like your typical tale, but an adventurer simply known as The Omnivore Hero has only one treasure he's seeking...and it's the booty of fair monster maidens! Traveling with his shapeshifting cat mage, Misha, Hero looks to take down the impressive Demon Lord and bring peace to the land. If that means he has to lay his sword to conquer a murder's row of

captivating creatures, then Hero will make that sacrifice!

Building an ESL Collection for Young Adults - Laura McCaffery 1998-10-28

This annotated bibliography of more than 500 recommended books meets the needs of teachers and librarians for reading materials for young adults for whom English is a second language. Laura McCaffery, who has many years of experience with collection development of ESL materials for young adults, has selected the best books on a variety of topics to meet curriculum and personal interest needs of young adults. Most of the books selected were published between 1992 and 1998. The bibliography is organized by topic: adventure, mystery, and suspense; biographies; career, workplace, life skills, and parenting; folktales, myths, poetry, and classics; ethnic diversity; history and geography; nature and science; and sports. Indexes by author, subject, title, and ethnic group make searching easy. Mainstreamed ESL students can use these books to better understand and make use of regular textbooks. Special ESL classes can use the recommended books as part of regular instruction. Most of the books recommended are for the intermediate or advanced beginner reading level in English, but some very easy books are also included. Most of the books are suitable for all learners from grades five through adult. Each entry contains a complete bibliographical citation, Fry Reading Level, Interest Level, Library of Congress subjects for cataloging, and a 50 to 200 word annotation describing the book and how it can be used by the librarian or teacher who is working with patrons or students. A list of distributors of print and nonprint ESL materials completes the work.

The Inter-Galactic Playground - Farah Mendlesohn 2009-07-01

Science fiction is often considered the genre of ideas and imagination, which would seem to make it ideal for juveniles and young adults; however, the ideas are often dispensed by adults. This book considers the development of science fiction for children and teens between 1950 and 2010, exploring why it differs from science fiction aimed at adults. In a broader sense, this critical examination of 400 texts sheds light on changing attitudes toward children and teenagers, toward science education, and toward the authors' expectations and sociological views of their audience.
