Reading Lolita in Tehran - Azar Nafisi

2015-10-13

Every Thursday morning in a living room in Iran, over tea and pastries, eight women meet in secret to discuss forbidden works of Western literature. As they lose themselves in the worlds of Lolita, The Great Gatsby and Pride and Prejudice, gradually they come to share their own stories, dreams and hopes with each other, and, for a few hours, taste freedom. Azar Nafisi's bestselling memoir is a moving, passionate testament to the transformative power of books, the magic of words and the search for beauty in life's darkest moments.

Lolita - Vladimir Nabokov 2012-07-27

'Lolita is comedy, subversive yet divine' Martin Amis, Observer Poet and pervert, Humbert Humbert becomes obsessed by twelve-year-old Lolita and seeks to possess her, first carnally

and then artistically, 'to fix once for all the perilous magic of nymphets'. Is he in love or insane? A tortured soul or a monster? Humbert Humbert's fixation is one of many dimensions in Nabokov's dizzying masterpiece, which is suffused with a savage humour and rich, elaborate verbal textures. Filmed by Stanley Kubrick in 1962, and again in 1997 by Adrian Lyne, Lolita has lost none of its power to shock and awe. 'There's no funnier monster in literature than poor, doomed Humbert Humbert' Independent

Child Pornography - Ian O'Donnell 2012-12-06

This book explores the enduring appeal of child pornography and its ramifications for criminal justice systems around the world. It is based on an extensive review of academic literature and newspaper coverage, a trawl of websites frequented by those with a sexual interest in

Downloaded from
legacy.opendemocracy.net on 2022-06-27
by guest

children, a survey of how police investigate these offences, examination of prosecutors' decisions, and interviews with judges. It provides a framework for understanding the contemporary nature of this problem, especially the harms it causes, its intimate relationship with new technologies and the challenges it poses to law enforcement authorities. The internet plays a pivotal role. Its sheer size, the anarchic way it grows, the lack of any boundaries to its expansion and its disregard for national borders make it a legal environment without parallel. An unwavering focus on the threat of sexual abuse has contributed to the emergence of a context where routine dealings with children are viewed through a 'paedophilic' lens. This can have the unfortunate consequence of distracting attention from more urgent concerns (such as poverty and neglect), which make children vulnerable to sexual exploitation. In this way an emphasis on the sexualisation of children could be said to aggravate the problem

that it sets out to address. The book: provides a comprehensive analysis of child pornography issues in all of their complexity, including legal, psychological, criminal justice and social perspectives. presents significant volume of original empirical data gathered from police, prosecutors and judges. includes new qualitative and quantitative information set against a background of shifting international developments. The analysis is explicitly comparative. draws on a variety of sources including support groups for paedophiles, newspaper coverage of court cases involving child pornography, victim testimony and police operations.

The Dark Side of Alice in Wonderland -

Angela Youngman 2021-04-14

A unique exploration of the character, the author, and the many transformations of Alice in modern culture—often in edgy and menacing ways. The Dark Side of Alice in Wonderland is the first investigation of the vast range of darker, more threatening aspects of this famous story, and the way Alice has been transformed over time. Although the children’s story has been in print for over 150 years, the mysteries and rumors surrounding the story and its creator Lewis Carroll have continued to grow. Alice has been transformed—this is the Alice of horror films, Halloween, murder and mystery, spectral ghosts, political satire, mental illnesses, weird feasts, Lolita, Tarot, pornography, and steampunk. The Beatles based famous songs such as “Lucy in the Sky with Diamonds” and “I am the Walrus” on Alice’s Adventures in Wonderland, and she has even attracted the attention of world-famous artists including

Salvador Dali. The Japanese version of Lolita is so different from that of novelist Vladimir Nabokov—yet both are based on Alice. This is Alice in Wonderland as you have never seen her before: a dark, sometimes menacing, and threatening character. Was Carroll all that he seemed? The stories of his child friends, nude photographs, and sketches affect the way modern audiences look at the writer. Was he just a lonely academic, a closet pedophile, a brilliant puzzle maker—or even Jack the Ripper? For a book that began life as a simple children’s story, it has resulted in a vast array of dark concepts, ideas, and mysteries. With this book, you can step inside the world of Alice in Wonderland—and discover a dark side you never knew existed.

[The End Of Alice](#) - A.M. Homes 2012-10-23

From the 2013 Orange Prize-winning author of *May We Be Forgiven*. Only a work of such searing, meticulously controlled brilliance could provoke such a wide range of visceral responses.

Downloaded from
legacy.opendemocracy.net on 2022-06-27

Here is the incredible story of an imprisoned pedophile who is drawn into an erotically charged correspondence with a nineteen-year-old suburban coed. As the two reveal—and revel in—their obsessive desires, Homes creates in *The End of Alice* a novel that is part romance, part horror story, at once unnerving and seductive.

The Enchanter - Vladimir Nabokov 2013-10-03
Nabokov described this novella, written in Paris in 1939 but only published twenty years later, as 'the first little throb of Lolita'. The plot is similar: a middle-aged man wedding an unattractive widow in order to indulge his paedophilic obsession with her daughter. However, *The Enchanter* has an utterly different atmosphere, as time, place and even names remain a mystery. Nabokov transforms his protagonist's attempts to lull his twelve-year-old step-daughter into a state of 'enchantment' into a graceful, chilling fairytale.

[Living Oil](#) - Stephanie LeMenager 2014

Drawing on novels, film, and photographs, *Living Oil* offers a literary and cultural history of modern environmentalism and petroleum in America.

Chasing Lolita - Graham Vickers 2008

In the summer of 1958, a 12-year-old girl took the world by storm—*Lolita* was published in the United States—and since then, her name has been taken in vain to serve a wide range of dubious ventures, both artistic and commercial. Offering a full consideration of not only “the Lolita effect but shifting attitudes toward the mix of sex, children, and popular entertainment from Victorian times to the present, this study explores the movies, theatrical shows, literary spin-offs, artifacts, fashion, art, photography, and tabloid excesses that have distorted Lolita's identity with an eye toward some real-life cases of young girls who became the innocent victims of someone else's obsession—unhappy sisters to one of the most affecting heroines in fiction.

New insight is provided into the brief life of

Downloaded from

Lolita and into her longer afterlives as well.

The Annotated Lolita - Vladimir Nabokov 2000

An annotated edition of *Lolita*, first published in 1970 with a revised edition in 1991. The novel which first established Nabokov's reputation with a large audience is a comic satire on sex and the American ways of life. It focuses on the love of a middle-aged European for an American nymphet.

Being Lolita - Alisson Wood 2020-08-04

"Have you ever read *Lolita*?" So begins seventeen-year-old Alisson's metamorphosis from student to lover and then victim. A lonely and vulnerable high school senior, Alisson finds solace only in her writing and in a young, charismatic English teacher, Mr. North. He praises her as a special and gifted writer, and she blossoms under his support and his vision for her future. Mr. North gives Alisson a copy of *Lolita* to read, telling her it is a beautiful story about love. The book soon becomes the backdrop to a relationship that blooms from a

simple crush into a forbidden romance, with Mr. North convincing her that theirs is a love affair rivalled only by Nabokov's masterpiece. But as time progresses and his hold on her tightens, Alisson is forced to evaluate how much of that narrative is actually a disturbing fiction. In the wake of what becomes a deeply abusive relationship, Alisson is faced again and again with the story of her past, from re-reading *Lolita* in college, to working with teenage girls, to becoming a professor of creative writing. It is only with that distance and perspective that she understands the ultimate power language has had on her and how to harness that power to tell her own true story. *Being Lolita* is a stunning coming-of-age memoir of obsession, passion and manipulation, shining a bright light on our shifting perceptions of consent, vulnerability and power. This is the story of what happens when a young woman realises her entire narrative must be rewritten and then takes back the pen to rewrite it.

Investigating Child Exploitation and Pornography - Monique Ferraro 2005

Crime scenes associated with child sexual exploitation and trafficking in child pornography were once limited to physical locations such as school playgrounds, church vestibules, trusted neighbors' homes, camping trips and seedy darkly lit back rooms of adult bookstores. The explosion of Internet use has created a virtual hunting ground for sexual predators and has fueled a brisk, multi-billion dollar trade in the associated illicit material. Approximately half of the caseload in computer crimes units involves the computer assisted sexual exploitation of children. Despite the scale of this problem, or perhaps because of it, there are no published resources that bring together the complex mingling of disciplines and expertise required to put together a computer assisted child exploitation case. This work fills this void, providing police, prosecutors and forensic examiners with the historical, legal, technical,

and social background for the laws prohibiting child exploitation, in particular, child pornography. The book will become an indispensable resource for those involved in the investigation, prosecution and study of computer-assisted child sexual exploitation. The book provides a history of child exploitation cases and studies, outlining the roles of technology in this type of crime and the evidence they can contain, and documenting new research performed by the authors. It details how successful undercover Internet operations are conducted, how the associated evidence is collected, and how to use the evidence to locate and apprehend the offender. The heart of this work is a legal section, detailing all of the legal issues that arise in Internet child exploitation cases. A forensic examination section presents evidentiary issues from a technical perspective and describes how to conduct a forensic examination of digital evidence gathered in the investigative and probative stages of a child

*Downloaded from

by guest*

exploitation case. Citations to related documents are provided for readers who want to learn more about certain issues. Actual case examples from computer assisted child exploitation cases are explored, at all times protecting the privacy of the victims while providing enough detail to educate the reader. In addition to providing guidance on the technical and legal aspects of child exploitation investigations, this work identifies and analyzes trends in this type of crime and helps readers understand the similarities and differences between child predators who take to the Internet and predators who do not. Data from the thirty Internet Crimes Against Children (ICAC) Task Forces are compiled and reported to provide a deeper understanding of the types of cases, types of offenders and the level of danger they pose to themselves, their victims, and investigating officers. Also, sex offender data from the Offices of Attorneys General in the United States and similar offices in foreign

countries are gathered to increase the study sample size, establish controls, and expand the scope of the research to outside of the United States. - The first comprehensive title in this subject area - It will use real cases and examples of criminal behavior and the means to detect it. - Provides guidelines for developing a Field Manual and a Checklist to supplement the investigation and legal process - Establishes a reliable system and legal, procedural-backed protocol by which to conduct an online sexual investigation and collect evidence

Sexual Assault in the U.S. Military -

Rosemarie Skaine 2015-12-01

This book provides an in-depth analysis of sexual assault in the military from historical and contemporary perspectives, offering suggestions that could change the existing culture and approaches that will reduce or eliminate sexual assault in the armed forces. Sexual assault has been an aspect of the U.S. military historically and is today widely recognized as a significant

Downloaded from
legacy.opendemocracy.net on 2022-06-27
 by guest

problem with far-reaching repercussions. How does sexual assault negatively impact not only the victims themselves but also the U.S. military's strength, readiness, and morale? This book answers these questions and documents the problems with reporting and prosecuting sexual assault complaints within our armed forces, examines the current policy and laws to identify what changes are needed, and analyzes recent efforts to prevent sexual assault. Author Rosemarie Skaine introduces the subject with a historical perspective that covers women, men, gays and lesbians, and non-military personnel as the subjects of sexual assault and provides readers with clear definitions of sexual harassment and sexual assault. The chapters explain how sexual assault negatively affects the military's performance as a whole, thereby serving to undermine national security; and covers preventative approaches and legislation intended to change the current military culture. The book also includes a bibliography, tables of

key figures, and footnotes and endnotes that fully document the data presented.

Hot Dudes Reading - Hot Dudes Reading
2016-04-26

A collection of candid photos, clever captions, and hilarious hashtags about one of the most important subjects of our time: hot dudes reading.

The Real Lolita - Sarah Weinman 2018-09-11
Vladimir Nabokov's *Lolita* is one of the most beloved and notorious novels of all time. And yet, very few of its readers know that the subject of the novel was inspired by a real-life case: the 1948 abduction of eleven-year-old Sally Horner. Weaving together suspenseful crime narrative, cultural and social history, and literary investigation, *The Real Lolita* restores Sally Horner to her rightful place in the lore of the novel's creation. Drawing upon extensive investigations, legal documents, public records, and interviews with remaining relatives, Sarah Weinman casts a new light on the dark

inspiration for a modern classic.

Wild Lolitas - Mikhail Paramonov 2013

This dazzling array of beauties seduce and tantalize as they reveal the hidden pleasures of their lascivious bodies just like budding flowers amongst the rugged wilderness; sometimes coyly, sometimes provocatively, sometimes alluring. These girls are free, wild and intoxicatingly arousing. At 336 pages, this well crafted book contains beautiful high quality black and white images revealing sexy babes in their fragrant glory; flawless, pure and full of sassy innocence. Goliath's WILD LOLITAS is a feast for the eye in a class of its own.

The Lolita Effect - M. Gigi Durham 2009-06-30

Pop culture—and the advertising that surrounds it—teaches young girls and boys five myths about sex and sexuality: Girls don't choose boys, boys choose girls—but only sexy girls; there's only one kind of sexy—slender, curvy, white beauty; girls should work to be that type of sexy; the younger a girl is, the sexier she is; and

sexual violence can be hot. Together, these five myths make up the Lolita Effect, the mass media trends that work to undermine girls' self-confidence, that condone female objectification, and that tacitly foster sex crimes. But identifying these myths and breaking them down can help girls learn to recognize progressive and healthy sexuality and protect themselves from degrading media ideas and sexual vulnerability.

Rust & Stardust - T. Greenwood 2018-08-07

“Greenwood’s glowing dark ruby of a novel brilliantly transforms the true crime story that inspired Nabokov’s Lolita. Shatteringly original and eloquently written....So ferociously suspenseful, I found myself holding my breath.”
—Caroline Leavitt, New York Times bestselling author of Pictures of You Camden, NJ, 1948.
When 11 year-old Sally Horner steals a notebook from the local Woolworth's, she has no way of knowing that 52 year-old Frank LaSalle, fresh out of prison, is watching her, preparing to make his move. Accosting her outside the store, Frank

Downloaded from
legacy.opendemocracy.net on 2022-06-27
by guest

convinces Sally that he's an FBI agent who can have her arrested in a minute—unless she does as he says. This chilling novel traces the next two harrowing years as Frank mentally and physically assaults Sally while the two of them travel westward from Camden to San Jose, forever altering not only her life, but the lives of her family, friends, and those she meets along the way. Based on the experiences of real-life kidnapping victim Sally Horner and her captor, whose story shocked the nation and inspired Vladimir Nabokov to write his controversial and iconic *Lolita*, this heart-pounding story by award-winning author T. Greenwood at last gives a voice to Sally herself.

Gender, Power, and Identity in The Films of Stanley Kubrick - Karen A. Ritzenhoff

2022-10-21

This volume features a set of thought-provoking and long overdue approaches to situating Stanley Kubrick's films in contemporary debates around gender, race, and age—with a focus on

women's representations. Offering new historical and critical perspectives on Kubrick's cinema, the book asks how his work should be viewed bearing in mind issues of gender equality, sexual harassment, and abuse. The authors tackle issues such as Kubrick's at times questionable relationships with his actresses and former wives; the dynamics of power, misogyny, and miscegenation in his films; and auteur "apologism," among others. The selections delineate these complex contours of Kubrick's work by drawing on archival sources, engaging in close readings of specific films, and exploring Kubrick through unorthodox venture points. With an interdisciplinary scope and social justice-centered focus, this book offers new perspectives on a well-established area of study. It will appeal to scholars and upper-level students of film studies, media studies, gender studies, and visual culture, as well as to fans of the director interested in revisiting his work from a new perspective.
