**Balzac's Love Letters** Ewa Szypula 2016-12-14 In this highly original study, Ewa Szypula reappraises the intriguing correspondence between the French novelist and his literary lover, the Polish countess Evelina Hanska. Whereas critics have used this correspondence primarily as source material for biographical and critical studies, this volume approaches the letters as a literary text in their own right. Vacillating between reality and fiction, Balzac essentially created his ideal correspondent through his letter-writing, attributing to Madame Hanska various qualities which she did not necessarily possess. In a series of close readings, Szypula explores the origins of this correspondence, analyzing its echoes and re-workings of Balzac's earlier relationships; shows how the letters help Balzac hone his literary skills and offer the chance to reinvent himself through playing different roles; and proposes the letters to Evelina as a prism through which to contextualise Balzac's subsequent storytelling. *Balzac's Love Letters* brings together correspondence and fiction to reveal crucial new insights into his literary imagination, whilst documenting an idealized romance which might be seen as his last great novel.

*Love Letters from Golok* Holly Gayley 2016-12-06 *Love Letters from Golok* chronicles the courtship between two Buddhist tantric masters, Tāre Lhamo (1938-2002) and Namtrul Rinpoche (1944-2011), and their passion for reinvigorating Buddhism in eastern Tibet during the post-Mao era. In fifty-six letters exchanged from 1978 to 1980, Tāre Lhamo and Namtrul Rinpoche envisioned a shared destiny to "heal the damage" done to Buddhism during the years leading up to and including the Cultural Revolution. Holly Gayley retrieves the personal and prophetic dimensions of

their courtship and its consummation in a twenty-year religious career that informs issues of gender and agency in Buddhism, cultural preservation among Tibetan communities, and alternative histories for minorities in China. The correspondence between Tare Lhamo and Namtrul Rinpoche is the first collection of "love letters" to come to light in Tibetan literature. Blending tantric imagery with poetic and folk song styles, their letters have a fresh vernacular tone comparable to the love songs of the Sixth Dalai Lama, but with an eastern Tibetan flavor. Gayley reads these letters against hagiographic writings about the couple, supplemented by field research, to illuminate representational strategies that serve to narrate cultural trauma in a redemptive key, quite unlike Chinese scar literature or the testimonials of exile Tibetans. With special attention to Tare Lhamo's role as a tantric heroine and her hagiographic fusion with Namtrul Rinpoche, Gayley vividly shows how Buddhist masters have adapted Tibetan literary genres to share private intimacies and address contemporary social concerns.

**The Love Letters of Dylan Thomas** Dylan Thomas 2001 "Like most great letter-writers, Thomas had the gift of writing as if his correspondent stood in front of him. Sensual and earthy, like so much of his poetry, his letters were all designed to secure Thomas's place in his lover's heart and memory - the purpose of all true love letters."--BOOK JACKET.

loneliness and heartbreak. Written over the course of several years, using the experience from broken relationships, wonderful friendships, short friendships (you know, the kind of people that you meet, have a passionate relationship with for a few months and then never see again), and the kind of long term things that confuse the hell out of other people. - - - Contains adult themes and some strong language.

Love Letters to Africa Don Pinnock 2005 Don Pinnock, a well-known travel writer, has drawn on his passion for Africa and his experience as a journalist for Getaway magazine to write yet another entertaining and engrossing book of short essays on natural history, full of humor, interest and speculation. Each of his essays reveals something of nature's many quirks and offers startlingly large questions from little things that ordinary folk pass over with hardly a glance. The pieces are short and easily digestible, with a bit of philosophy and an interest in the human story. And include ruminations on the following questions: · Are clouds alive? · Where is Africa's most dangerous river? · Why do female hyenas sometimes grow a penis? · Why did Zulu warriors never ride into battle mounted on zebras?

**Four Letter Word** Rosalind Porter 2009 Whatever happened to the love letter? Has the written word lost its charm in our digitally obsessed, speed-dating age? In this inspired and unique collection of new fiction, Joshua Knelman and Rosalind Porter have asked over forty celebrated writers to explore the potency and power of a classic, yet neglected, genre- the love letter. *Four Letter Word* brings us work - published here for the first time - from a dazzling array of contemporary writers, including Chimamanda Ngozi Adichie, Margaret Atwood, Michel Faber, Geoff Dyer, Neil Gaiman, A.L. Kennedy, Audrey Niffenegger and Lionel Shriver, to name just a few. These innovative pieces remind us of how enticing words can be and allow us a glimpse of what love looks like in the twenty-first century. *Love Letters* Michelle Janning 2018-06-20 In today's world of Tinder and texting, do we write and save love letters anymore? Are we more likely to save a screen shot of a text exchange or a box of paper letters from a lover? How might these different ways to store a love letter make us feel?

Sociologist Michelle Janning's *Love Letters: Saving Romance in the Digital Age* offers a new twist on the study of love letters: what people do with them and whether digital or paper format matters.

Through stories, a rich review of past research, and her own survey findings, Janning uncovers whether and how people from different groups (including gender and age) approach their love letter "curatorial practices" in an era when digitization of communication is nearly ubiquitous. She investigates the importance of space and time, showing how our connection to the material world and our attraction to nostalgia matter in actions as seemingly small and private as saving, storing, stumbling upon, or even burning a love letter. Janning provides a framework for understanding why someone may prefer digital or paper love letters, and what that preference says about a person's access and attachment to powerful cultural values such as individualization, taking time in a hectic world, longevity, privacy, and keeping cherished things in a safe place. Ultimately, Janning contends, the cultural values that tell us how romantic love should be defined are more powerful than the format our love letters take. Her work fits within larger academic questions about the sociology of emotions, how culture works, the importance of objects in social relations, and the significance of privilege in everyday life.

*Love Letters of Great Men* Ursula Doyle 2008-08-05 From the private papers of Mark Twain and Mozart to those of Robert Browning and Nelson, *Love Letters of Great Men* collects together some of the most romantic letters in history. For some of these great men, love is a 'delicious poison' (William Congreve); for others, 'a nice soft wife on a sofa with good fire, & books & music' (Charles Darwin). Love can scorch like the heat of the sun (Henry VIII), or penetrate the depths of one's heart like a cooling rain (Flaubert). Every shade of love is here, from the exquisite eloquence of Oscar Wilde and the simple devotion of Robert Browning, to the wonderfully modern misery of the Roman Pliny the Younger, losing himself in work to forget how much he misses his beloved wife, Calpurnia. Taken together, these *Love Letters of Great Men* show that perhaps men haven't changed so very much over the last 2,000 years; passion, jealousy, hope and longing are all represented here - as is the simple pleasure of sending a letter to, and receiving one from, the person you love most.

*Love Letter to the Earth* Thich Nhat Hanh 2013-06-17 The Zen monk argues for a more mindful, spiritual approach to environmental protection and activism—one that recognizes people and planet as one and the same While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to the loss of millions of species, Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point. He believes that we need to move beyond the concept of the "environment," as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them. Thich Nhat Hanh points to the lack of meaning and connection in peoples' lives as being the cause of our

addiction to consumerism. He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive. Rejecting the conventional economic approach, Nhat Hanh shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change. *Love Letter to the Earth* is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same.

**66 Love Letters** Larry Crabb 2010 The story of God written in intimate love letters just for you. Dr. Larry Crabb knows that if we could see the larger story of God and humanity, our world would never be the same. That story is found in large part in the sixty-six letters of the Bible. Written in a conversational first person, as if God is speaking directly to us, Dr. Crabb looks at each individual book in scripture and boils it down to a one- or two-sentence message to us from that particular book. He then unpacks each sentence in a short chapter answering the question, What does God want me to hear from this love letter? The book's epilogue then fits all sixty-six pieces of the jigsaw puzzle together into one coherent paragraph and reveals the beautiful picture of what God has been about since the creation of the world. Far from being comprehensive, this is a personal approach to helping readers know God and his great love for them, his message for all mankind, and how their lives fit into His larger story.

*The Love Letters of William and Mary Wordsworth* William Wordsworth 2009 The Love Letters of William and Mary Wordsworth collects 31 letters that William Wordsworth exchanged with his wife, Mary, during the early years of their marriage. These letters--fifteen from William to Mary and sixteen from her to him--were written during William's absences from home in 1810 and 1812 and offer an entirely new way of looking at the poet and his married life. Reproduced here with an informative introduction and headnotes by Beth Darlington that set each missive in biographical context, the letters cover a wide range of topics: village life, Regency politics, poetry and painting,

London gossip, rural manners, their five children, domestic activities, and family anecdotes. Yet along with these everyday incidents and practical concerns, there are tender passages in which the Wordsworths ardently declare their love for each other and reveal a profound happiness in their marriage. The William Wordsworth who emerges from this correspondence is a figure more relaxed, more accessible, and indeed more human than he has been pictured; Mary emerges as a woman of keen intelligence, energy, and imagination. Revealing how thoroughly Wordsworth shared his inner and passionate life with Mary, this volume puts to rest the notion that theirs was a marriage of convenience.

Love Letters to the Dead Ava Dellaira 2014-04-01 It begins as an assignment for English class: Write a letter to a dead person. Laurel chooses Kurt Cobain because her sister, May, loved him. And he died young, just like May did. Soon, Laurel has a notebook full of letters to people like Janis Joplin, Amy Winehouse, Amelia Earhart, Heath Ledger, and more -- though she never gives a single one of them to her teacher. She writes about starting high school, navigating new friendships, falling in love for the first time, learning to live with her splintering family. And, finally, about the abuse she suffered while May was supposed to be looking out for her. Only then, once Laurel has written down the truth about what happened to herself, can she truly begin to accept what happened to May. And only when Laurel has begun to see her sister as the person she was -- lovely and amazing and deeply flawed -- can she begin to discover her own path in this stunning debut from Ava Dellaira, *Love Letters to the Dead*.

**Love Letters for All Occasions** Gary Hoskins 2005-11 As the pages of the book of my life moves toward completion, I have recorded and learned much about the process called living. I have experienced the uncontrollable emotions of youth and its idealistic beliefs. I have absorbed, refined, improved my knowledge of myself to the point that I know what I need, what I am, what I must become, then, there is you! I am so comfortable in your presence because of the understanding that exists between us; this powerful bond can not be broken. This unison is not a chain, but rather, a bond of trust, faith, and commitment that is not stagnant. It is a living and growing entity. Whereas others are victims of what they feel, I comprehend what I perceive and measure my response. By repeating this process, it has become who I am. I understand you. I respect you. I care for you.
