*Hot Minnesota Sex Death* Mark Nesheim 2017-10-12 A financial crisis like you've never seen before. The town of Nede was a self-proclaimed utopia that prided itself on a prudish, sexually repressive way of life. A night of lust on a frozen lake sucks the town into a spiral of sexual chaos, leaving the easily influenced citizens at the mercy of a subversive presence. Two brothers must find answer for themselves and the town before it is too late. *Hot Minnesota Sex Death* is an unconventional, quirky novel that playfully mixes humor, allegory and parable to shed light on the emotional frustrations of a financial crisis.

*Life, Sex, and Death* William Hewitt Gillespie 1995 The first edited collection of twelve of Gillespie's key papers. With an overview by Charles Socarides, an eminent psychoanalyst in the field of perversion and a biographical introduction by the editor, Michael Sinason.

**Love, Sex, Fear, Death** Timothy Wyllie 2009-06-01 The Process Church of the Final Judgment was the apocalyptic shadow side of the flower-powered '60s and perhaps the most notorious cult of modern times. Hundreds of black-cloaked devotees, often wearing a satanic "Goat of Mendes" and a swastika-like mandala, swept the streets of London, New York, Boston, Chicago, New Orleans, and Toronto, selling magazines and books with titles like *Fear* and *Humanity is the Devil*. And within the group's "Chapters," members would participate in "Midnight Meditations" beneath photographs of the Christ-like leader. Celebrities like Marianne Faithful, James Coburn, and Mick Jagger participated in Process publications, and Funkadelic, in its *Maggot Brain* album, reprinted Process' "Fear Issue." Process' "Death Issue" interviewed the freshly-imprisoned Charles Manson leading to conspiracy hysteria in such books as Ed Sanders' *The Family* and Maury Terry's *The Ultimate Evil*. A lawsuit against Sanders' Manson book led to the removal of its Process-themed chapter by Dutton. *Love, Sex, Fear, Death* is the shocking, surprising, and secretive inside story of The Process Church, which was later transformed into Foundation Faith of the Millennium, and most recently as the Utah-based animal sanctuary, Best Friends. Included will be text by Timothy Wyllie, a formative member of the Process and Foundation Faith organizations; interviews with other former Processeans; rare reproductions of Process magazines; never-before-seen photographs; and fascinating transcripts from holy books and legal actions. The special limited edition will be hardcover, signed, numbered, and slipcased, and it will include a facsimile edition of the notorious "Death Issue."

**Big Friendship** Aminatou Sow 2020-07-14 A close friendship is one of the most influential and important relationships a human life can contain. Anyone will tell you that! But for all the rosy sentiments surrounding friendship, most people don't talk much about what it really takes to stay close for the long haul. Now two friends, Aminatou Sow and Ann Friedman, tell the story of their equally messy and life-affirming Big Friendship in this honest and hilarious book that chronicles their first decade in one another's lives. As the hosts of the hit podcast *Call Your Girlfriend*, they've become known for frank and intimate conversations. In this book, they bring that energy to their own friendship—its joys and its pitfalls. Aminatou and Ann define Big Friendship as a strong, significant bond that transcends life phases, geographical locations, and emotional shifts. And they should know: the two have had moments of charmed bliss and deep frustration, of profound connection and gut-wrenching alienation. They have weathered life-threatening health scares, getting fired from their dream jobs, and one unfortunate Thanksgiving dinner eaten in a car in a parking lot in Rancho Cucamonga. Through interviews with friends and experts, they have come to understand that their struggles are not unique. And that the most important part of a Big Friendship is making the decision to invest in one another again and again. An inspiring and entertaining testament to the power of society's most underappreciated relationship, *Big Friendship* will invite you to think about how your own bonds are formed, challenged, and preserved. It is a call to value your friendships in all of their complexity. Actively choose them. And, sometimes, fight for them.

*Sex After Death* Kathleen Sterling 2011-04-08 The old khaki jacket is frayed around the collar. One of its straps is hanging loose. The metal buttons that closed the front are tarnished and the wool lining is worn in places. The Field and Stream label is grey from years of rubbing against the back of a neck. Its various reporters pockets are empty now. Its been around the world and back. It smells of London, Paris, Prague and Rome. It carries the scent of a hundred trips and a thousand memories. But mostly it smells like Rodger. The jacket made its last trip home in April. I keep it under my pillow and make the bed around it. I lay in the dark every night holding it to me. Lonely, shaky and scared, I smell his smell and breathe him in. Im doubled over the jacket, holding on to this solid evidence that he was here. This piece of him that was left behind. Curled into a ball in the middle of the bed, I keen. Not mere crying, but wrenching sobs I pull deep from my chest, my legs, between my legs. Every part of me that loved him is aching with grief. I cannot stop. I went looking for a gun and found a vibrator. Theyre both long, thin and end with a bang. I had decided that living alone I should have protection. Rodger had a pistol somewhere buried in a closet. Wed hidden it up and away when Katie was a baby. But where? I dug through the top shelves of my closet and found tons of old books, some photos and my first communion veil. No gun, but a bag of gag gifts way in the back. And lo and behold, what fell out but a long, narrow box. At first I wasnt sure what it was, but I turned it over and there in living color, bright lime green, was a dildo. Given that the bag was filled with anti-aging pills, fake Viagra and the like, I figured this was a remnant of a birthday gift to be given or received. No clue. But there it was. I pulled the thing out of the box and turned it over. It felt weird, like, well, plastic. It was sort of clammy but that may have been my imagination, or the revolting green color. I touched the end and the damn thing started buzzing. I couldnt stop laughing. Here I am, fifty years old, sitting alone in my bedroom, with the Hulks tool. What the hell now?

**Pay Attention** John Horgan 2020-12-01 A day in the inner and outer lives of a college professor, blogger, divorced father, thinker, and yearner. What would it feel like to wake up inside the head of someone who writes about science for a living? John Horgan, acclaimed author of the bestseller *The End of Science*, answers that question in his genre-bending new book *Pay Attention*, a stream-of-consciousness account of a day in the life of his alter ego, Eamon Toole—a blogger, college professor, and divorced father. This work of fact-based fiction, or "faction," follows Toole as he wakes up in his rented apartment in upstate New York, meditates with the mantra "Duh," commutes via train and subway to an engineering school in New Jersey, teaches a William James essay on consciousness to freshmen, squabbles about Thomas Kuhn with colleagues over lunch, takes a ferry to Manhattan and spends the evening with his bossy, Tarot-reading girlfriend, Emily, on whom he plans to spring a big question. Throughout the day, Toole struggles to be rational while buffeted by fears and yearnings. Thoughts of sex and death keep intruding on his ruminations over quantum spookiness, the neural code, the Singularity, and free will. *Pay Attention* is a profane, profound meditation on the entanglements of our inner and outer worlds and the elusiveness of truth.

*Mourning Sex* Peggy Phelan 2013-07-23 This is a book about the exhilaration and the catastrophe of embodiment. Analyzing different instances of injured bodies, Peggy Phelan considers what sustained attention to the affective force of trauma might yield for critical theory. Advocating what she calls "performative writing", she creates an extraordinary fusion of critical and creative thinking which erodes the distinction between art and theory, fact and fiction. The bodies she examines here include Christ's, as represented in Caravaggio's painting *The Incredulity of St Thomas*, Anita Hill's and Clarence Thomas's bodies as they were performed during the Senate hearings, the disinterred body of the Rose Theatre, exemplary bodies reconstructed through psychoanalytic talking cures, and the filmic bodies created by Tom Joslin, Mark Massi, and Peter Friedman in *Silverlake Life: The View From Here*. This new work by the highly-acclaimed author of *Unmarked* makes a stunning advance in performance theory in dialogue with psychoanalysis, queer theory, and cultural studies.

**Sex and Death in Eighteenth-Century Literature** Jolene Zigarovich 2013-05-02 This book discusses sex and death in the eighteenth-century, an era that among other forms produced the Gothic novel, commencing the prolific examination of the century's shifting attitudes toward death and uncovering literary moments in which sexuality and death often conjoined. By bringing together various viewpoints and historical relations, the volume contributes to an emerging field of study and provides new perspectives on the ways in which the century approached an increasingly modern sense of sexuality and mortality. It not only provides part of the needed discussion of the relationship between sex, death, history, and eighteenth-century culture, but is a forum in which the ideas of several well-respected critics converge, producing a breadth of knowledge and a diversity of perspectives and methodologies previously unseen. As the contributors demonstrate, eighteenth-century anxieties over mortality, the body, the soul, and the corpse inspired many writers of the time to both implicitly and explicitly embed mortality and sexuality within their works. By depicting the necrophilic tendencies of libertines and rapacious villains, the fetishizing of death and mourning by virtuous heroines, or the fantasy of preserving the body, these authors demonstrate not only the tragic results of sexual play, but the persistent fantasy of necro-erotica. This book shows that within the eighteenth-century culture of profound modern change, underworkings of death and mourning are often eroticized; that sex is often equated with death (as punishment, or loss of the self); and that the sex-death dialectic lies at the discursive center of normative conceptions of gender, desire, and social power.

**Sex, Death, and Tantra: How Sex Changed My Life After Death** Ed Swaya 2019-12-18 My worst fear happened. My husband of 15 years left our 6 year old daughter downstairs watching ET, kissed me, and left to walk the dog. He never came home. He was hit by a car and was killed. He was 39. Sex, Death and Tantra is the story of my first years as a single, gay, widower, dad, embracing my grief, parenting a grieving child, attending to her educational, social, emotional needs, all while trying to create a wholly new life for myself. Tantra? While intense and wildly pleasurable sex is a part of Tantra, it is not Tantra. Tantra is a set of principles and practices (most of which are not sexual) which transcends the self. For decades I sought a marriage of sex and spirituality yet these practices seemed to exclude gay men. The year prior to Zachary's death, we met Ken and began our study of tantra with him. Ken was a successful psychotherapist who taught tantra to gay men. He had a separate erotic healing practice where he used tantra, eroticism, and sex to help men do profound emotional, psychological healing work. He was a father. He was a husband. He was a sacred whore. Tantra is not an easy path. Zachary and I each dealt with painful psychological and emotional issues as we deepened our spiritual selves, our erotic knowledge and experience. It was also sexy and fun. I got a taste of how sex--highly pleasurable, conscious sex--can be a pathway towards healing, personal growth, and spiritual awakening. Feeling lost and afraid, sitting in the hospital with Zachary's wrecked lifeless body, I called Ken. And we began our journey together. We explored grief--my grief-- using tantra as our foundation. From that day forward, Ken and I met most days at 5AM before my daughter awoke, for tea, meditation, erotic practices, and conversation. I credit him with saving my life after Zachary's sudden death. Sex, Death, and Tantra is not only a story about love and loss, but one of optimism and healing. Reminiscent of Spanbauer's *The Man Who Fell In Love With The Moon*, my story chronicles an uncommon, radical, application of Tantra which transcends gender and orientation. My story is real, raw, erotic, and emotional. While this is not a definitive tantra text, many tantric principles and practices are brought to light.

**Sex and Death in Victorian Literature** Regina Barreca 2016-07-27 Sex and Death in Victorian Literature is a landmark collection of 13 previously unpublished essays on nineteenth-century British poetry, fiction and prose by the most important English and American scholars in the field. The volume observes the subject from an unusually wide variety of viewpoints, including historical, sociological, psychoanalytic, feminist and mythological. There are works central and peripheral to the traditional Victorian canon discussed in Sex and Death; as such the essays present an unprecedented perspective on the shifts and movements of nineteenth-century literature. By grouping the essays under the aegis of sexuality and morality, the volume allows the authors to explore the most important aspects of the works they discuss.

**Sex and Death** Kim Sterelny 2012-04-02 Is the history of life a series of accidents or a drama scripted by selfish genes? Is there an "essential" human nature, determined at birth or in a distant evolutionary past? What should we conserve—species, ecosystems, or something else? Informed answers to questions like these, critical to our understanding of ourselves and the world around us, require both a knowledge of biology and a philosophical framework within which to make sense of its findings. In this accessible introduction to philosophy of biology, Kim Sterelny and Paul E. Griffiths present both the science and the philosophical context necessary for a critical understanding of the most exciting debates shaping biology today. The authors, both of whom have published extensively in this field, describe the range of competing views—including their own—on these fascinating topics. With its clear explanations of both biological and philosophical concepts, Sex and Death will appeal not only to undergraduates, but also to the many general readers eager to think critically about the science of life.

**Modern Loss** Rebecca Soffer 2018-01-23 Inspired by the website that the New York Times hailed as "redefining mourning," this book is a fresh and irreverent examination into navigating grief and resilience in the age of social media, offering comfort and community for coping with the mess of loss through candid original essays from a variety of voices, accompanied by gorgeous two-color illustrations and wry infographics. At a time when we mourn public figures and national tragedies with hashtags, where intimate posts about loss go viral and we receive automated birthday reminders for dead friends, it's clear we are navigating new terrain without a road map. Let's face it: most of us have always had a difficult time talking about death and sharing our grief. We're awkward and uncertain; we avoid, ignore, or even deny feelings of sadness; we offer platitudes; we send sympathy bouquets whittled out of fruit. Enter Rebecca Soffer and Gabrielle Birkner, who can help us do better. Each having lost parents as young adults, they co-founded Modern Loss, responding to a need to change the dialogue around the messy experience of grief. Now, in this wise and often funny book, they offer the insights of the Modern Loss community to help us cry, laugh, grieve, identify, and—above all—empathize. Soffer and Birkner, along with forty guest contributors including Lucy Kalanithi, singer Amanda Palmer, and CNN's Brian Stelter, reveal their own stories on a wide range of topics including triggers, sex, secrets, and inheritance. Accompanied by beautiful hand-drawn illustrations and witty "how to" cartoons, each contribution provides a unique perspective on loss as well as a remarkable life-affirming message. Brutally honest and inspiring, Modern Loss invites us to talk intimately and humorously about grief, helping us confront the humanity (and mortality) we all share. Beginners welcome.

**The Life and Death of Latisha King** Gayle Salamon 2018-03-20 What can the killing of a transgender teen can teach us about the violence of misreading gender identity as sexual identity? *The Life and Death of Latisha King* examines a single incident, the shooting of 15-year-old Latisha King by 14-year-old Brian McInerney in their junior high school classroom in Oxnard, California in 2008. The press coverage of the shooting, as well as the criminal trial that followed, referred to Latisha, assigned male at birth, as Larry. Unpacking the consequences of representing the victim as Larry, a gay boy, instead of Latisha, a trans girl, Gayle Salamon draws on the resources of feminist phenomenology to analyze what happened in the school and at the trial that followed. In building on the phenomenological concepts of anonymity and comportment, Salamon considers how gender functions in the social world and the dangers of being denied anonymity as both a particularizing and dehumanizing act. Salamon offers close readings of the court transcript and the bodily gestures of the participants in the courtroom to illuminate the ways gender and race were both evoked in and expunged from the narrative of the killing. Across court documents and media coverage, Salamon sheds light on the relation between the speakable and unspeakable in the workings of the transphobic imaginary. Interdisciplinary in both scope and method, the book considers the violences visited upon gender-nonconforming bodies that are surveilled and othered, and the contemporary resonances of the Latisha King killing.

**Eroticism in Early Modern Music** Dr Bonnie J Blackburn 2015-04-28 *Eroticism in Early Modern Music* contributes to a small but significant literature on music, sexuality, and sex in sixteenth- and seventeenth-century Europe. Its chapters have grown from a long dialogue between a group of scholars, who employ a variety of different approaches to the repertoire: musical and visual analysis; archival and cultural history; gender studies; philology; and performance. By confronting musical, literary, and visual sources with historically situated analyses, the book shows how erotic life and sensibilities were encoded in musical works. *Eroticism in Early Modern Music* will be of value to scholars and students of early modern European history and culture, and more widely to a readership interested in the history of eroticism and sexuality.

**The Death Book** Matthew Holroyd 2018-10-12

*Death Comes to the Maiden* Camille Naish 2013-05-07 In 1791, the French femme de lettres Olympe de Gouges wrote that 'as women have the right to take their places on the scaffold, they must also have the right to take their seats in government'. This book explores the issues of female emancipation through the history of female execution, from the burning of Joan of Arc in 1431 to the events of the French revolution. Concentrating on individual victims, the author addresses the sexual attitudes and prejudices encountered by women condemned to death. She examines the horrific treatment of those denounced as witches and reveals the gruesome reality of death by hanging, burning or the guillotine. In an attempt to uncover the historical truth behind such figures as Joan of Arc, Anne Boleyn, Manon Roland and Charlotte Corday, she goes beyond biography to consider their deaths in symbolic terms. She also considers writers such as Genet, Yourcenar and Brecht and their treatment of the tragic, sacrificial and erotic aspects of female execution.

**Sex, Death, and the Superego** Ronald Britton 2018-04-17 This book is a personal reappraisal of psychoanalytic theories in the light of clinical experience. The last part is on narcissism and the narcissistic disorders, a major preoccupation of psychoanalysis in the second half of the twentieth century.

*You Only Live Twice* Mike Hoolboom 2016-04-11 "Chase Joynt and Mike Hoolboom here give each other the gift so many people only dream of: ample, unhurried space to unspool crucial stories of one's life, and an attentive, impassioned, invested, intelligent receiver on the other side. The gift to the reader is both the example of their exchange, and the nuanced, idiosyncratic, finely rendered examination it offers of biopolitical experiences which, in many ways, define our times. I'm so glad they have each other, and that we have this." - Maggie Nelson "You Only Live Twice is an intelligent ode to enchantment, to the possibilities that arise in their 'second lives' when all past expectations have been foreclosed." - Chris Kraus "The writing is out of the park — strong and surprising, a relay race of brilliant twirling, tossing thoughts back and forth like balletic rugby bros. Joynt and Hoolboom's dances of disclosure are so courageous and generative, gifts to us all." - John Greyson What if it's not true that you only live once? In this genre-transcending work of true fiction, trans writer and media artist Chase Joynt and HIV-positive movie artist Mike Hoolboom come together over the films of Chris Marker to exchange transition tales: confessional missives that map out the particularities of what they call "second lives": Chase's transition from female to male and Mike's near-death from AIDS in the 1990s. Chronicling reactions from friends and families, medical mechanics, and different versions of "coming out," YOLT explores art, love, sex, death, and life in changed bodies. The unspoken promise was that in our second life we would become the question to every answer, jumping across borders until they finally dissolved. Man and woman. Queer and straight. Mike Hoolboom is an author and filmmaker based in Toronto. He has written four books, received more than thirty international film prizes, and enjoyed nine international retrospectives of his work. Chase Joynt is a Toronto-based moving-image artist and writer who has exhibited his work internationally. He recently received a Mellon Fellowship in Arts Practice and Scholarship at the University of Chicago.
