[Yves Klein, 1928-1962](#) - Yves Klein 1982

**The Kasidah** - Richard Francis Burton 2020-02-28

The Kasidah of Hâjî Abdû El-Yezdî is a long English-language poem written by "Hâjî Abdû El-Yezdî", a pseudonym of the true author, Sir Richard Francis Burton, a well-known British Arabist and explorer.

**Gonzo Girl** - Cheryl Della Pietra 2017-07-13

'Raucous, page-turning, head-spinning, and side-splitting... Gonzo Girl will suck you in and take you on ride' Piper Kerman, author of Orange Is The New Black Alley Russo is a recent college grad desperately trying to make it in the gruelling world of New York publishing, but like so many who have come before her, she has no connections and has settled for an unpaid magazine internship while slinging drinks on Bleecker Street just to make ends meet. That's when she hears the infamous Walker Reade is looking for an assistant to replace the eight others who have recently quit. Hungry for a chance to get her manuscript onto the desk of an experienced editor, Alley jumps at the opportunity to help Reade finish his latest novel. After surviving an absurd three-day 'trial period' involving a .44 magnum, purple-pyramid acid, violent verbal outbursts, brushes with fame and the law, a bevy of peacocks, and a whole lot of cocaine, Alley is invited to stay at the compound where Reade works. For months Alley attempts to coax the novel out of Walker page-by-page, all while battling his endless procrastination, vampiric schedule, Herculean substance abuse, mounting debt, and casual gunplay. But as the job begins to take a toll on her psyche, Alley realises she's alone in the Colorado Rockies at the mercy of a drug-addicted literary icon who may never produce another novel-and her fate may already be sealed.

**Philosophie Occulte** - Éliphas Lévi 2018-02-24

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**The Reconnection** - Eric Pearl 2011-04

Why are prominent doctors and medical researchers all over the world interested in the extraordinary healings reported by the patients of Dr. Eric Pearl? What does it mean when these patients report the sudden disappearance of afflictions such as cancers, AIDS-related diseases, and cerebral palsy? And what does it mean when people who interact with Dr. Pearl report a sudden ability to access this healing energy not just for themselves, but for others, too? What is this phenomenon? Well, you might have to reconsider everything you've read up until now about conventional healing. The "new" frequencies of healing described by Dr. Pearl transcend "technique" entirely and bring you to levels beyond those previously accessible to anyone, anywhere. This book takes you on Dr. Pearl's journey from the discovery of his ability to facilitate healings, to his well-deserved reputation as the instrument through which this process is being introduced to the world. But most important, The Reconnection reveals methods you can use to personally master these new healing energies.

**Molière: A Playwright and His Audience** - W. D. Howarth 1982-07

This study explores the evolution of Molière's comedy as a careful amalgamation of comedy and philosophical satire.

**Tarot of the Magicians** - Wirth, Oswald 2013-02-01

Tarot of the Magicians by Swiss occultist artist and author Oswald Wirth was first published in Paris in 1927, and a Weiser edition was later released in 1985. Long unavailable, the book is back in print in a beautiful new package with full-color pull-out cards reproducing Wirth's 1889 tarot deck. With a new introduction by bestselling tarot author Mary K. Greer, Tarot of the Magicians offers tarot enthusiasts and students of the occult an in-depth and authoritative analysis of one of the most beautiful and evocative of all modern tarot decks. In this important tarot work of the Major Arcana, Wirth combines the imagery and symbolism from Alchemy, Freemasonry, Rosicrucianism, and the magical heritage of Egypt and Chaldea, and explores the astronomical (rather than strictly zodiacal) associations for the Major Arcana cards.

**Zeralda's Ogre** - Tomi Ungerer 1999

The giant appetite of the ogre could only be satisfied by the flesh of children until young Zeralda tamed his taste buds with her culinary art.

[The Golden Verses of Pythagoras](#) - Fabre D'olivert 2018-10-23

THE ancients had the habit of comparing with gold all that they deemed without defects and pre-eminently beautiful: thus, by the Golden Age they understood, the age of virtues and of happiness; and by the Golden Verses, the verses, wherein was concealed the most pure doctrine. They constantly attributed these Verses to Pythagoras, not that they believed that this philosopher had himself composed them, but because they knew that his disciple, whose work they were, had revealed the exact doctrine of his master and had based them all upon maxims issued from his mouth! This disciple, commendable through his learning, and especially through his devotion to the precepts of Pythagoras, was called Lysis. After the death of this philosopher and while his enemies, momentarily triumphant, had raised at Crotona and at Metaponte that terrible persecution which cost the lives of so great a number of Pythagoreans, crushed beneath the débris of their burned school, or constrained to die of hunger in the temple of the Muses, Lysis, happily escaped from these disasters, retired into Greece, where, wishing to spread the sect of Pythagoras, to whose principles calumnies had been attached, he felt it necessary to set up a sort of formulary which would contain the basis of morals and the principal rules of conduct given by this celebrated man.

*The Docker Book* - James Turnbull 2014-07-14

Updated for Docker Community Edition v18.09! Docker book designed for SysAdmins, SREs, Operations staff, Developers and DevOps who are interested in deploying the open source container service Docker. In this book, we'll walk you through installing, deploying, managing, and extending Docker. We're going to do that by first introducing you to the basics of Docker and its components. Then we'll start to use Docker to build containers and services to perform a variety of tasks. We're going to take you through the development lifecycle, from testing to production, and see where Docker fits in and how it can make your life easier. We'll make use of Docker to build test environments for new projects, demonstrate how to integrate Docker with continuous integration workflow, and then how to build application services and platforms. Finally, we'll show you how to use Docker's API and how to extend Docker yourself. We'll teach you how to: \* Install Docker. \* Take your first steps with a Docker container. \* Build Docker images. \* Manage and share Docker images. \* Run and manage more complex Docker containers. \* Deploy Docker containers as part of your testing pipeline. \* Build multi-container applications and environments. \* Learn about orchestration using Compose and Swarm for the orchestration of Docker containers and Consul for service discovery. \* Explore the Docker API. \* Getting Help and Extending Docker.

[Numérologie, sexe et amour](#) - Brigitte Mesnard 2011-01-24

La numérologie est une source d'enseignement. Elle nous permet de découvrir, à l'aide des nombres et de

leurs combinaisons, les secrets les plus intimes de notre personnalité et de notre destin. Numérologue reconnue, l'auteur nous fait bénéficier de sa grande expérience et nous propose une nouvelle interprétation des nombres, en choisissant le thème de l'amour et des sentiments affectueux. Elle propose une méthodologie pour déterminer notre chiffre théosophique et étudier la mise en relation avec celui de notre partenaire, tant du point de vue caractériel que cyclique ; calculer nos rythmes personnels et ceux de l'être aimé pour anticiper ou préparer des événements importants ; analyser des exemples qui seront autant d'applications pratiques pour tous les passionnés. Grâce à un authentique travail sur soi et l'utilisation de la numérologie, chacun cherchera à atteindre une parfaite harmonie avec soi-même et avec l'autre, pour atteindre l'équilibre dont dépendra le bonheur du couple.

Being a Historian - James M. Banner, Jr 2012-04-30

Considers what aspiring and mature historians need to know about the discipline of history in the United States today.

Dictionnaire Étymologique Latin - Michel Breal 2018-10-10

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

**Could YOU Be Autistic?** - Anne Cossé 2020-06-18

*Hundertwasser 1928-2000* - Wieland Schmied 2014

The first volume of our original limited edition Friedensreich Hundertwasser 1928-2000, now available as a standard TASCHEN edition. With a text by Hundertwasser's personal friend Wieland Schmied and a rich survey of the paintings, architectural works, projects, and manifestos which made Hundertwasser one of the most fascinating and symbolic...

The Ogre's Progress - Jonathan F. Krell 2009

This book examines how modern French fiction writers have appropriated the ogre figure in order to evoke

violence in all its voracity, as well as destructive time, which eats away the moments of our lives as the prototypical ogre of Western literature, Cronus, devoured his own children. The ogre is a ubiquitous figure that appears not only in mythology and literature, but in real life. For French authors haunted by the horrors of World War II, it symbolizes the abominations of the Nazis and their French collaborators, whose memory has been rekindled in recent years, initiating a national malaise that historians have come to call the "Vichy Syndrome." For other writers, the ogre is the sexual deviate who preys upon the innocent. This ogre too has roots in recent history: it began to appear in the 1970s, coinciding with the rise of French feminism, when violence towards women and children finally began to be openly confronted. Jonathan F. Krell teaches modern and contemporary French literature and business French at the University of Georgia.

**Costume in the Theatre** - James Laver 1965

**The Numbers of Life** - Kevin Quinn Avery 2022-05-26

Easily the most comprehensive and detailed guide to practical and theoretical numerology on the market, Kevin Quinn Avery's *The Numbers of Life* stands alone as the definitive work in its field. Drawing on a long and storied career advising New York's celebrities, intelligentsia, and politicians, as well as years of professional study in the areas of astrumerology, astrology, and kabala, Avery has neatly compiled a lifetime of knowledge in this one useful volume. If you are just beginning to dip your toes into the waters of numerology or if you are a seasoned expert, Avery's wisdom is guaranteed to help as you endeavor to derive meaning from the numbers that surround you. *The Numbers of Life* combines practical instruction with years of collected wisdom about the nature of numerology, astrology, and the occult. Replete with charts and figures about personality, habits, and soul urge, this book will help you to deepen your own understanding of yourself and the world around you. Equipped with knowledge about the details of your future, you can prepare to meet your destiny with positivity and strength.

**Magical Messages from the Fairies Oracle Cards** - 2008-04

Der unbekante Hundertwasser - Friedensreich Hundertwasser 2008

Popular Austrian artist, Friedensreich Hundertwasser was also one of the country's most controversial. This work features more than 200 colour illustrations that display the characteristics of Hundertwasser's style: his penchant for the circular over the linear; his political posters and postage stamp designs; and, his architectural projects.
