

One Hundred Ways To Make Sex Sensational And One Hundred Percent Safe Enjoy Monogamy Without Monotomy

The State of Sex - Barbara G. Brents 2009-12-16

The State of Sex is a study of Nevada's brothels that situates the nation's only legal brothel industry in the political economy of contemporary tourism. Nevada is part of the "new American heartland," as its pastimes, people, and politics have become more central to the nation. The rise of a service and leisure economy over the past sixty years has propelled sexuality into the heart of contemporary markets. Yet, neoliberal laws in the United States promote business but limit sexual commerce. How have Nevada's legal brothels survived, while the rest of the country criminalizes prostitution? How do brothels operate? Who works in them? This book brings social theory on globalizing economies, politics, leisure consumption, and emotional labor in interactive service work together with research on contemporary prostitution and sexual commerce. The authors employ an innovative, multi-method sociological approach, combining historical analysis of how the brothels came to be with over a decade's worth of ethnographic research on the current state of the industry.

Erotic Intelligence - Alexandra Katehakis 2010-05-03

ENJOYABLE, EXCITING SEX IS POSSIBLE AFTER SEX ADDICTION In the journey to sexual sobriety, many sex addicts find themselves wondering, 'How am I going to have a normal relationship?' or 'Will it be possible to repair my marriage now that I've confessed my destructive behavior?' and 'Will I ever have great sex again?' As a sex, marriage, and family therapist, Alexandra Katehakis introduces a successful program for sufferers and their loved ones that will help them hone their erotic intelligence by making sense of the past, creating healthy habits in the present, and looking toward a more intimate relationship that nurtures honesty and closeness. With Katehakis's help, sex addicts can get in touch with their healthy sexual side—and embrace true intimacy and acceptance in themselves and in their mates. - Features true stories of people coming to terms with their sexuality on the other side of sex addiction, as well as couples finding a new path to sexual trust and fulfillment - Helps to build the four cornerstones of intimacy that are essential for healthy relationships

Games for Actors and Non-Actors - Augusto Boal 2005-06-29

Games for Actors and Non-Actors is the classic and best selling book by the founder of Theatre of the Oppressed, Augusto Boal. It sets out the principles and practice of Boal's revolutionary Method, showing how theatre can be used to transform and liberate everyone - actors and non-actors alike! This thoroughly updated and substantially revised second edition includes: two new essays by Boal on major recent projects in Brazil Boal's description of his work with the Royal Shakespeare Company a revised introduction and translator's preface a collection of photographs taken during Boal's workshops, commissioned for this edition new reflections on Forum Theatre.

Theatre of the Oppressed - Augusto Boal 2008

"... brilliantly original ... brings cultural and post-colonial theory to bear on a wide range of authors with great skill and sensitivity." Terry Eagleton

Forbidden Flowers - Nancy Friday 2014-02-06

A collection of women's intimate erotic thoughts by the #1 New York Times-best-selling author of *The Secret Garden* and "liberator of the female libido" (Newsday). The publication of the groundbreaking expose on women's sexual fantasies, *My Secret Garden*, ushered in a revolution in women's sexual freedom of expression. In *Forbidden Flowers*, Nancy Friday reveals even more erotic, wild, and explicit fantasies expressed by women all over the world, from all ethnic and socioeconomic backgrounds. Like *My Secret Garden* before it, *Forbidden Flowers* is a celebration of the depth, potency, and imaginative breadth of women's inner erotic lives. By giving female readers a glimpse into the ordinary and often extraordinary fantasies of other women, it offers to some an exhilarating freedom from the guilt and shame so often associated with sexual fantasy—and to others, provides fascinating insight into the psychology of female sexual response. "The author whose books about gender politics helped redefine American women's sexuality." —The New York Times

The Galaxy Primes - E. E. Smith 2018-01-30

They were four of the greatest minds in the Universe: Two men, two women, lost in an experimental spaceship billions of parsecs from home. And as they mentally charted the Cosmos to find their way back to earth, their own loves and hates were as startling as the worlds they encountered...

Remarks - Bill Nye 1891

The Ultimate Guide to Seduction and Foreplay - Jessica O'Reilly 2020-04-14

Sex means different things to different people - it's as varied as the different species on the planet. So, seduction and foreplay are not only about getting what you want, but about giving and receiving, teasing and pleasing for the best possible rewards, no matter how you define them. (And, yes, foreplay IS sex!) *The Ultimate Guide to Seduction & Foreplay* teaches readers how to tune into their own desires, become better communicators, and ultimately be more confident, passionate, and attentive lovers. Inspired by fantasies of seduction, Marla and Jess take you on a journey of sexual exploration and help you understand the many factors that add to or inhibit arousal and pleasure on psychological, sociological, and sexological levels. Readers gain a deeper understanding of their own sexual needs and the foundations for greater compatibility and connection. As you explore your own learning and seduction styles (and your lover's), you'll discover and experiment with new and exciting ways to stimulate arousal and deepen intimacy: verbal, emotional, and digital seduction, foreplay, eroticizing daily actions, games, fantasy play, mindfulness, and more. Packed with practical exercises, techniques, and creative ideas — especially for busy couples — this inclusive guide is a surefire way for folks of all genders to master the art of seduction. You don't have to be a rockstar in (or out of) the sack each time you have sex, but this book will help you approach your lovers with the confidence and comfort you deserve! Whether you are adding to your repertoire for later or striving to please your current lover, you'll discover thrilling new pathways to pleasure and intimacy.

Evolution's Rainbow - Joan Roughgarden 2013-09-14

In this innovative celebration of diversity and affirmation of individuality in animals and humans, Joan Roughgarden challenges accepted wisdom about gender identity and sexual orientation. A distinguished evolutionary biologist, Roughgarden takes on the medical establishment, the Bible, social science—and even Darwin himself. She leads the reader through a fascinating discussion of diversity in gender and sexuality among fish, reptiles, amphibians, birds, and mammals, including primates. *Evolution's Rainbow* explains how this diversity develops from the action of genes and hormones and how people come to differ from each other in all aspects of body and behavior. Roughgarden reconstructs primary science in light of feminist, gay, and transgender criticism and redefines our understanding of sex, gender, and sexuality. Witty, playful, and daring, this book will revolutionize our understanding of sexuality. Roughgarden argues that principal elements of Darwinian sexual selection theory are false and suggests a new theory that emphasizes social inclusion and control of access to resources and mating opportunity. She disputes a range of scientific and medical concepts, including Wilson's genetic determinism of behavior, evolutionary psychology, the existence of a gay gene, the role of parenting in determining gender identity, and Dawkins's "selfish gene" as the driver of natural selection. She dares social science to respect the agency and rationality of diverse people; shows that many cultures across the world and throughout history accommodate people we label today as lesbian, gay, and transgendered; and calls on the Christian religion to acknowledge the Bible's many passages endorsing diversity in gender and sexuality. *Evolution's Rainbow* concludes with bold recommendations for improving education in biology, psychology, and medicine; for democratizing genetic engineering and medical practice; and for building a public monument to affirm diversity as one of our nation's defining principles.

Male Roles, Masculinities and Violence - Ingeborg Breines 2000

This book is based on an expert group meeting entitled 'Male Roles and Masculinities in the Perspective of a Culture of Peace', which was

organised by UNESCO in Oslo, Norway in 1997, the first international discussion of the connections between men and masculinity and peace and war. The group consisted of researchers, activists, policy makers and administrators and the aim of the meeting was to formulate practical suggestions for change. Chapters in the book consist of both regional case studies and social science research on the connections of traditional masculinity and patriarchy to violence and peace building. The Culture of Peace initiatives in this book show how violence is ineffective, and the book contests the views in the socialisation of boy-children that aggressiveness, violence and force are an acceptable means of expression.

White Women's Rights - Louise Michele Newman 1999-02-04

This study reinterprets a crucial period (1870s-1920s) in the history of women's rights, focusing attention on a core contradiction at the heart of early feminist theory. At a time when white elites were concerned with imperialist projects and civilizing missions, progressive white women developed an explicit racial ideology to promote their cause, defending patriarchy for "primitives" while calling for its elimination among the "civilized." By exploring how progressive white women at the turn of the century laid the intellectual groundwork for the feminist social movements that followed, Louise Michele Newman speaks directly to contemporary debates about the effect of race on current feminist scholarship. "White Women's Rights is an important book. It is a fascinating and informative account of the numerous and complex ties which bound feminist thought to the practices and ideas which shaped and gave meaning to America as a racialized society. A compelling read, it moves very gracefully between the general history of the feminist movement and the particular histories of individual women."--Hazel Carby, Yale University

Forthcoming Books - Rose Arny 1997

The Principles of Ethics - Herbert Spencer 1896

Red Star - Alexander Bogdanov 1984-06-22

"An Earth-man's journey to the planet Mars, where he is treated to a wondrous vision of a communist future, complete with flying cars and 3D color movies." —Wonders & Marvels A communist society on Mars, the Russian revolution, and class struggle on two planets is the subject of this arresting science fiction novel by Alexander Bogdanov (1873–1928), one of the early organizers and prophets of the Russian Bolshevik party. The red star is Mars, but it is also the dream set to paper of the society that could emerge on earth after the dual victory of the socialist and scientific-technical revolutions. While portraying a harmonious and rational socialist society, Bogdanov sketches out the problems that will face industrialized nations, whether socialist or capitalist. "[A] surprisingly moving story." —The New Yorker "The contemporary reader will marvel at [Bogdanov's] foresight: nuclear fusion and propulsion, atomic weaponry and fallout, computers, blood transfusions, and (almost) unisexuality." —Choice "Bogdanov's novels reveal a great deal about their fascinating author, about his time and, ironically, ours, and about the genre of utopia as well as his contribution to it." —Slavic Review

The Big Change - Frederick Lewis Allen 2016-07-05

The New York Times–bestselling history of the first half of the twentieth century—five decades that transformed America—from the author of *Only Yesterday*. During the first fifty years of the twentieth century, the United States saw two world wars, a devastating economic depression, and more social, political, and economic changes than in any other five-decade period before. Frederick Lewis Allen, former editor of Harper's magazine, recounts these years—spanning World War I, the Progressive Era, the Great Depression, World War II, and the early Cold War—in vivid detail, from the fashions and customs of the times to major events that changed the course of history. Politically, the United States grew into its own as a global superpower during these years, even as domestic developments altered the everyday lives of its citizens. The introduction of the automobile, mass production, and organized labor changed the

way Americans lived and worked, while innovations like penicillin and government regulation of food safety contributed to an increase in average life expectancy from forty-nine years in 1900 to sixty-eight years in 1950. With the development of a strong, centralized government, a thriving middle class, and widespread economic prosperity, the nation emerged from the Second World War transformed in virtually every way. Richly informative and delightfully readable, *The Big Change* is an indispensable volume charting the many changes that ushered in our contemporary age.

Sociological Theory in the Classical Era - Laura Desfor Edles 2020-06-18

Now available for the first time in both print and e-book formats *Sociological Theory in the Classical Era*, Fourth Edition is an innovative text/reader for courses in classical theory. It introduces students to important original works by sociology's key classical theorists while providing a thorough framework for understanding these challenging readings. For each theorist, the editors supply a biographical sketch, discuss intellectual influences and core ideas, and offer contemporary applications of those ideas. In addition to the seven major theorists covered, the book also connects their work to "Significant Others"—writers and thinkers who may have derived much of their own perspectives from Marx, Durkheim, Weber, Gilman, Simmel, Du Bois, and Mead. Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides. Learn more.

The Diaries of Paul Klee, 1898-1918 - Paul Klee 1965

Culture, Society and Sexuality - Richard Guy Parker 1999

This work offers an introduction to the central debates in sexuality research. Among the issues examined are the social and cultural dimensions of sex, human sexuality and sex research.

The Sexual Question - Auguste Forel 2022-10-27

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

The Big, Fun, Sexy Sex Book - Lisa Rinna 2013-01-08

The New York Times bestselling authors of *Rinnavation* and *She Comes First* reveal candid and fun tips to improving your marriage by rejuvenating your sex life—and getting from “no-go” to the Big O. JUST SAY O! Have flannel pj's replaced your silky negligees? Are you more likely to nod off cuddling the remote—instead of your partner? Are you too tired for sex? Is foreplay becoming “boreplay”? Too much comfort in your relationship can strip your sex life of its XXX rating and render your love life . . . lifeless. New York Times bestselling authors Ian Kerner, a nationally recognized sex counselor, and vivacious television personality Lisa Rinna are on a mission to help you get from “no-go” to the Big O. Mind-blowing sex is just pages away—now let's have some fun! IT'S NEVER TOO LATE TO GET THE SEX LIFE YOU'VE ALWAYS WANTED! • Sexy scenarios and hot new moves to amp up the adventure! • The best sexual positions to make you climax • Confidence boosters that make you feel sexier than ever and bring out your inner thrill-seeker • Oral sex and hand job tips that will make his body go nuclear • Fixes for common bedroom problems such as low desire, mismatched libidos, and sexual boredom • Tips for coping with sexual “male-functions” such as premature ejaculation, erectile disorder, and a propensity for porn • The ten-step sex workout • The most amazing sex of your life—at any age, even after kids!
