You Are the One You've Been Waiting For - Richard Schwartz, Ph.D.
2023-05-09

A groundbreaking approach for practicing courageous love and resilient intimacy—from the creator of Internal Family Systems therapy Do loving relationships end because couples lack communication skills, struggle to empathize, and fail to accommodate each other's needs? That's a common belief within and outside of the therapeutic world... but what if it's all wrong? In *You Are the One You've Been Waiting For*, Dr. Richard Schwartz, the celebrated founder of Internal Family Systems (IFS) therapy, offers a new way—a path toward courageous love that replaces the striving, dependent, and disconnected approach to solving relationship challenges. The breakthrough realization of IFS is that our psyche contains multiple parts, each with a life of its own. Most problems in relationships arise because we unknowingly burden our partner with the task of caring for our disowned and unloved parts. In this book, you'll discover essential insights and tools to foster healthy dialogue with your parts and your partner, including:

- How to recognize and disarm the cultural assumptions that create shame, guilt, and isolation in relationships
- The Three Projects—why we fool ourselves into thinking we must change our partner, change ourselves, or give up on true intimacy
- Finding and Healing Exiles—transforming the way our most vulnerable parts influence the way we treat each other
- How to reorient relationship conflicts to help each of us grow toward the Self—the center of our clarity and wisdom
- Courageous Love—building resilient intimacy with each other and our parts to create healthy, lasting partnerships

"No one can do the work of healing our orphaned parts for us," says Dr. Schwartz. "Yet when we begin with Self-leadership, a relationship can become a safe place in which we help each other heal and grow." Here is an invaluable guide for therapists and laypersons alike to promote connection, trust, and understanding—within yourself and with the one you love.

Sociology of Personal Life - Vanessa May 2019-01-25

What can sociology tell us about our personal lives, families and intimate relationships? This book explains how key theoretical perspectives and relevant contemporary research in the discipline can shed new light on even the most familiar areas of our everyday worlds. From friendships and pets, to political engagement and social legislation, the text shows how distinctions and connections can be drawn between our public and private lives. Each chapter explores a familiar topic that illustrates how individual relationships and lives can be shaped by social contexts, and how personal choices shape the wider social world. Using vivid case examples drawn from topical areas of debate, such as marriage rights and the role of social networking, the book is clearly laid out and easy to read. It gives useful explanations of theory and invaluable advice on how to carry out research on personal lives and relationships. This is essential reading for students of sociology interested in family, relationships and beyond. New to this Edition:

- Pre-existing chapters have been fully rewritten
- Includes a number of new chapters on topics such as the body, home and personal life in public spaces.
- Reformulated 'questions for discussion' at the end of each chapter.

Intimate Relationships - Wind Goodfriend 2020-07-30

Recipient of a 2021 Most Promising New Textbook Award from the Textbook & Academic Authors Association (TAA) *Intimate Relationships* provides students with a comprehensive understanding of the science behind relationships using a modern approach. Award-winning teacher and author Wind Goodfriend integrates coverage of family and friendship relationships in context with research methods, open science, theories, and romantic relationships so that readers can learn about all types of relationships and their interactions, including conflict and the dark side of relationships. The text supports today's students by frequently applying relationship theories to examples that can be found in popular culture, helping students see how psychology can apply to the world that surrounds them. Included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides.

Intimate Relationships, Marriages and Families - F. Philip Rice

New Mysoclab with Pearson Etext -- Standalone Access Card -- For Marriages, Families, and Intimate Relationships - Brian K. Williams
2013-02-11

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. --

The Purchase of Intimacy - Viviana A. Zelizer 2009-02-09

In their personal lives, people consider it essential to separate economics and intimacy. We have, for example, a long-standing taboo against workplace romance, while we see marital love as different from prostitution because it is not a fundamentally financial exchange. In *The Purchase of Intimacy*, Viviana Zelizer mounts a provocative challenge to this view. Getting to the heart of one of life's greatest taboos, she shows how we all use economic activity to create, maintain, and renegotiate important ties—especially intimate ties—to other people. In everyday life, we invest intense effort and worry to strike the right balance. For example, when a wife's income equals or surpasses her husband's, how much more time should the man devote to household chores or child care? Sometimes legal disputes arise. Should the surviving partner in a

same-sex relationship have received compensation for a partner's death as a result of 9/11? Through a host of compelling examples, Zelizer shows us why price is central to three key areas of intimacy: sexually tinged relations; health care by family members, friends, and professionals; and household economics. She draws both on research and materials ranging from reports on compensation to survivors of 9/11 victims to financial management Web sites and advice books for same-sex couples. From the bedroom to the courtroom, *The Purchase of Intimacy* opens a fascinating new window on the inner workings of the economic processes that pervade our private lives.

Family Life Now Census Update - Kelly J. Welch 2011-11-21

A candid and thoughtful conversation about family life. Welch's text combines the personal touch and scholarly expertise of an outstanding teacher. *Family Life Now Census Update 2e* explores the ways that family members and intimate partners interact, and examines how families adapt to stresses, changes, and everyday challenges. As products of our families of origins, who we are and who we become is influenced by our family lives, a central theme woven throughout the book. This book follows the Family Life Education framework to examine marriages, families, and intimate relationships. Throughout the text, theories from the fields of sociology, family studies, psychology, lifespan human development, and other social sciences are integrated so that they can be applied to real life situations. The text also presents enough biological science to explain some of the physical realities of who we are and why we behave as we do. The Census Update program incorporates 2010 Census data into a course—simply and easily. The components of the Census Update Program include an updated census edition with all charts and graphs—to reflect the results of the 2010 Census. In addition, *A Short Introduction to the U.S. Census* is available and an updated MyFamilyLab. Teaching & Learning Experience Personalize Learning—MyFamilyLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Learner-centered pedagogical elements are found at the beginning, middle, and end of each chapter. Engage Students - Application exercises and questions help students apply material to their own lives. Explore Theory- Principles of Family Life Education and an interdisciplinary approach are woven throughout the text. Support Instructors - Written activities and assessment in MyFamilyLab offer instructors supplemental materials to help their students succeed. Note: MyFamilyLab does not come automatically packaged with this text. To purchase MyFamilyLab, please visit: www.myfamilylab.com or you can purchase a ValuePack of the text + MyFamilyLab (at no additional cost). ValuePack ISBN-10: 0205101771 / ValuePack ISBN-13: 9780205101771

Human Intimacy - Frank D. Cox 1996

For all who dare to be honest... Most Christians are content to spend their lives in churches where mystery is denied and doubt is unwanted. Where uncertainty is shunned and honest questions are stuffed into a corner, never to be brought out again. This audio book is for the rest of us. For those who live with distinct doubts . . . but whose passion for God remains deeper still. For those who have been confused by the world—and perhaps by our own desires—and still long to connect with a God who forgives and embraces us. For those who believe that our personal wrestlings can somehow make our faith mature—and our need for God complete. Sharing his own personal vulnerabilities with soul-stirring reminders for your faith journey, Stephen Shortridge delivers a hope-filled work—encouraging mystery rather than explaining it, affirming doubt rather than removing it . . . for all who dare to be honest.

Family Law and Personal Life - John Eekelaar 2006-11-30

How should our most intimate personal relationships be governed in a liberal society? Should the state encourage a particular model of family life, or support individuals in their pursuit of personal happiness? To what extent do people have the right to shape the lives of their offspring? This book examines the questions at the heart of family law, rethinking the ideas that shape our understanding of the family as a social unit, its purpose, and the obligations and rights that belong to family members. The book explores how the governance of personal relationships has depended on the exercise of power, from the traditional assumptions of patriarchy, where the male head of the family enjoyed full control over his dependents and descendants, to the ideology of welfarism, where state institutions protect the interests of the vulnerable at the expense of their close relations. Emerging from these conflicting ideologies comes today's rights-based culture, where traditional expectations for

behaviour within a family sit within a new emphasis on the ability of minorities and traditional dependents to determine the shape of their own lives. Against this background of shifting power relations, the book explores the interrelationship between the legal regulation of people's personal lives and the values of friendship, truth, respect and responsibility. In doing this, a variety of controversial issues are examined in the light of those values: including the legal regulation of gay and unmarried heterosexual relationships; freedom of procreation; state supervision over the exercise of parenthood; the role of fault in divorce law; the way parenthood is allocated; the rights and responsibilities of parents to control their children; the place of religion in the family; the rights of separated partners regarding property and of separated parents regarding their children. Throughout, the book offers a new picture of the intimacy at the centre of personal relationships and argues that only by understanding this intimacy, and its role in human happiness, can we arrive at a true framework for respecting, and governing, the personal lives of other people.

Satisfaction in Close Relationships - Robert J. Sternberg 1997-06-27

With the premise that close relationships are subjected to extraordinary scrutiny in contemporary society, the authors go on to say that this generation values individual fulfilment more than any before us. We are able to leave existing relationships with relative ease, demand a high level of satisfaction from our intimate relationships, and are frustrated at those times when we fail to achieve it.; This volume presents a range Of Theoretical And Clinical Approaches To Understanding And Promoting relationship satisfaction. Integrating findings from social, clinical and counselling psychology, researchers illuminate what it means to be satisfied within a love relationship and identify the factors that allow couples to create successful relationships over time.

Our Intimate Relationships - Ollie Pocs 1994

Marriages, Families, and Intimate Relationships - Brian K. Williams 2006

Practicality Readability Student-centered approach to learning This book offers practical advice on marriages, families, and other intimate relationships. As our world becomes more complicated, people find it more difficult to navigate intimate, lasting relationships. This book engages readers with high-interest, useful information, providing a research-based yet inviting introduction to finding personal happiness in an increasingly complex world.

The End of Marriage? - Jane E. Lewis 2001

This text tackles one of the most fraught and contested issues of our time - the contemporary meanings of marriage. The author argues that separation of marriage and sex is now being followed by the separation of marriage and parenthood.

Marriages and Families - David H. L. Olson 2021

"Three distinctive themes have guided our efforts in writing this book, and they are woven throughout the text. The first is intimacy, and our focus is on how to develop and maintain close relationships. Most people seek connectedness and want to be involved in intimate relationships, the most intimate being marriage and family. This book is full of ideas, principles, and suggestions for building and keeping intimate relationships in your life. As a result, we hope this will be a book that you will want to keep and refer to throughout your life. The second key theme is marital and family strengths. The family strengths perspective is based on the premise that if you approach relationships from a "problem-oriented" perspective, you will find problems. If you look for strengths, you will find strengths. Growing numbers of family educators and family therapists are using this approach today, helping families recognize their own strengths and use them as a foundation for positive growth. In Chapter 1, we identify a number of strengths that have been found to be present in healthy marriages and families all over the world. Throughout the book, we show how these strengths help families provide healthy and nurturing settings that promote the growth and well-being of individual family members, better enabling them to face the challenges and solve the problems they encounter"--

Family Life Now - Kelly J Welch 2007-01-02

"" "A candid and scholarly conversation about families and family life." "This text combines the personal touch and scholarly expertise of an outstanding teacher to explore the ways that family members and intimate partners interact, and how families adapt to stresses, changes and everyday challenges. "We are all a product of our families of origin. How that influences who we are and who we become is a central theme woven throughout "Family Life Now." This book follows the "Family Life Education" framework to examine marriages, families, and intimate relationships. Throughout the text, theories from the fields of sociology,

family studies, psychology, lifespan human development, and other social sciences are integrated so that they can be applied to real life situations. The text also presents enough biological science to explain some of the physical realities of who we are and why we behave as we do."

Marriages, Families, and Intimate Relationships - Brian K. Williams 2017

For courses in Marriage and Family Exploring How Society Impacts Our Personal Connections in the Modern World **Marriages, Families, and Intimate Relationships** explores the question: can we still find intimate relationships in our complex world? Through an examination of the influences imposed upon modern life - an unpredictable economy, globalization, computerization, the all-pervasive media, etc. - the text attempts to pass along lessons that help students make lasting personal connections. The Fourth Edition discusses fundamental concepts and insights across social science disciplines to answer the questions that greatly matter to students. Students are engaged by high-interest, extremely useful information that blends the authors' combined strengths: teaching, consulting, counseling, researching, and publishing. The text is based in research yet remains highly readable, exploring topics of great interest to students' personal lives such as intimacy, family, and personal happiness in the context of their distracted, visually oriented world. **Marriages, Families, and Intimate Relationships: A Practical Introduction**, Fourth Edition is also available via REVEL(tm), an interactive learning environment that enables students to read, practice, and study in one continuous experience.

Marriages, Families, & Intimate Relationships - Brian K. Williams 2019

Couples - Barry Dym 1993

"Everyone, in or out of a relationship, has wondered how couples work, and what makes them successful or unsuccessful, long-lasting or short-term. In this insightful, refreshingly nonjudgmental book, Barry Dym, Ph.D., and Michael Glenn, M.D., chart the stages of a couple's journey together, and offer a provocative glimpse of the complex birth and development of intimate partnerships." "At the heart of *Couples*, the

authors identify three distinct yet recurring stages common to all enduring relationships. We learn that couples begin with a period of Expansion and Promise - a time when each individual feels somehow larger, more witty and charming, in short, the best person that he or she can be. The intensity of Expansion cannot last though, and inevitably will move into Contraction - we each pull back into our more habitual ways, enact or demand more stereotypical gender roles, and feel disappointed and betrayed. Couples who weather the storm of Contraction (and long-term couples will experience many of them) will resolve their struggles and move into a time of Resolution, when intimacy is renewed and each individual can become more complete, containing both their "best" and "worst" selves." "But *Couples* is much more than a map. Illustrating their ideas with in-depth examples, Drs. Dym and Glenn reveal how a couple's identity is shaped by these stages and the powerful cultural expectations of society, friends, and family who tell us what a couple should be. *Couples* analyzes how recurrent patterns are established, and the impact of gender issues, children, and the serious crises that occur in any lifetime. Finally, the authors offer accessible suggestions for applying these concepts to one's own relationship, guiding couples and individuals in how to manage their own periods of turmoil and transition." "Original, engaging, and thoughtful, *Couples* uncovers the essence of our most intimate relationship - ultimately, it offers a striking portrait not just of whom we love (and why), but who we are."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

ISE Marriage and Family: the Quest for Intimacy - ROBERT. LAUER LAUER (JEANETTE.) 2022-01-27

Couple Relationships in the 21st Century - J. Gabb 2015-03-12

Who and how we love may be changing but our desire to be in a relationship endures. This book presents an incisive account of how couples experience, understand and sustain long-term relationships, exploring the emotional, practical and biographical resources that couples draw on, across the life course.
