

Our Social And Sexual Revolution Major Issues For A New Century

Immigrants in the Sexual Revolution - Andrew DJ Shield 2017-08-29

This book focuses on the latter half of the twentieth century, when much of northwest Europe grew increasingly multicultural with the arrival of foreign workers and (post-)colonial migrants, whilst simultaneously experiencing a boom in feminist and sexual liberation activism. Using multilingual newspapers, foreign worker organizations' archives, and interviews, this book shows that immigrants in the Netherlands and Denmark held a variety of viewpoints about European gender and sexual cultures. Some immigrants felt solidarity with, and even participated in, European social movements that changed norms and laws in favor of women's equality, gay and lesbian rights, and sexual liberation. These histories challenge today's politicians and journalists who strategically link immigration to sexual conservatism, misogyny, and homophobia.

Sex After the Sexual Revolution - Helen Colton 1972

"Ms. Colton's book is dedicated to the proposition that we are not yet human beings, we are only human comers. The sexual revolution has suddenly confronted us with new knowledge and a new honesty. No longer can sex education consist of a few embarrassed lectures for the awakening adolescent. We must all become both learners and teachers about the meaning of sex at every stage of life. Among the questions Helen Colton helps the reader explore with honesty and courage are: the meaning of sexual maturity; the cost of being sexually irresponsible; group sex and mate-swapping; how to talk sex with your children; sex problems of the single parent; the sensory human of the future. This is a challenging book. Ms. Colton finds gains in the sexual revolution and she does not hesitate to say so. It is also a rewarding book, for the author believes that sexual freedom--like all freedoms--must enhance rather than demean our essential humanity. In these pages the reader will explore the complexities of sex after the sexual revolution under the guidance of a gifted, articulate and experienced counselor in problems of sex and family living."--Dust jacket.

Our Social and Sexual Revolution - John R. W. Stott 1999

A call for Christian involvement in social and sexual issues such as divorce, abortion, euthanasia, homosexuality, and AIDS.

Vision of Change - Joan M. Purcell 2011-08-25

In a world where power - political and economic - determines who gets to shape the destiny of countries and individuals, "Vision of Change" introduces a completely different paradigm by which those who would lead must live. What is proposed, though not utopian, requires that leaders take an objective look at what has been the status quo for eons and admit that the various -isms have not worked. In "Vision of Change" a call goes forth for the dismantling of the present socio-political system which thrives off evil machinations, mal-intention, misinformation and misfortune, and proposes, instead, governance characterized by spirituality, servant-hood, mutuality and humility. This book will challenge and at times confront.

Sex 2.0 - Pornography and Prostitution influenced by the Internet - Carsten Glöckner 2009-06-18

Essay from the year 2008 in the subject Gender Studies, grade: 1,7, Åbo Akademi University, language: English, abstract: In the beginning of the 20th century sexuality in Western culture was considered as a taboo and especially the church acted repressive towards sexual topics.. Since the 1960s the term "sexual revolution" described a cultural change in the western society towards a more liberal view of sexuality, monogamy and sexual relationships. Reasons for that are on the one hand the availability of new methods of birth-control like "The Pill" and the lack of fear of sexual diseases in the 1960s but on the other hand also a change of thoughts and believes which came up through the students movement of 1968 and its more promiscuous and hedonistic way of live ("Sex, Drugs & Rock'n Roll"), which still influences our sexual believes today. To understand the consequences of this development I want to explain the term "sexualization of society", which describes the constant (or growing) presence of sexuality in public, in

social perception and consciousness of the people. It also refers to the focus or emphasis on sexuality within a broader context and viewing an object under the sexual point of view or in terms of sexuality. I want to analyze if a sexualization of society as an example in the case of "mainstreaming of pornography" really has taken place and in what way this is reflected in pornography and prostitution. Therefore I will also consider the changes in the public opinion towards pornography and I will compare it to prostitution and its role in our society.

Authorizing Marriage? - Mark D. Jordan 2009-01-10

The opponents of legal recognition for same-sex marriage frequently appeal to a "Judeo-Christian" tradition. But does it make any sense to speak of that tradition as a single teaching on marriage? Are there elements in Jewish and Christian traditions that actually authorize religious and civil recognition of same-sex couples? And are contemporary heterosexual marriages well supported by those traditions? As evidenced by the ten provocative essays assembled and edited by Mark D. Jordan, the answers are not as simple as many would believe. The scholars of Judaism and Christianity gathered here explore the issue through a wide range of biblical, historical, liturgical, and theological evidence. From David's love for Jonathan through the singleness of Jesus and Paul to the all-male heaven of John's Apocalypse, the collection addresses pertinent passages in the Hebrew Bible and the New Testament with scholarly precision. It reconsiders whether there are biblical precedents for blessing same-sex unions in Jewish and Christian liturgies. The book concludes by analyzing typical religious arguments against such unions and provides a comprehensive response to claims that the Judeo-Christian tradition prohibits same-sex unions from receiving religious recognition. The essays, most of which are in print here for the first time, are by Saul M. Olyan, Mary Ann Tolbert, Daniel Boyarin, Laurence Paul Hemming, Steven Greenberg, Kathryn Tanner, Susan Frank Parsons, Eugene F. Rogers, Jr., and Mark D. Jordan.

The Origins of Sex - Faramerz Dabhoiwala 2012-05-01

A man admits that, when drunk, he tried to have sex with an eighteen-year-old girl; she is arrested and denies they had intercourse, but finally begs God's forgiveness. Then she is publicly hanged alongside her attacker. These events took place in 1644, in Boston, where today they would be viewed with horror. How--and when--did such a complete transformation of our culture's attitudes toward sex occur? In *The Origins of Sex*, Faramerz Dabhoiwala provides a landmark history, one that will revolutionize our understanding of the origins of sexuality in modern Western culture. For millennia, sex had been strictly regulated by the Church, the state, and society, who vigorously and brutally attempted to punish any sex outside of marriage. But by 1800, everything had changed. Drawing on vast research--from canon law to court cases, from novels to pornography, not to mention the diaries and letters of people great and ordinary--Dabhoiwala shows how this dramatic change came about, tracing the interplay of intellectual trends, religious and cultural shifts, and politics and demographics. The Enlightenment led to the presumption that sex was a private matter; that morality could not be imposed; that men, not women, were the more lustful gender. Moreover, the rise of cities eroded community-based moral policing, and religious divisions undermined both church authority and fear of divine punishment. Sex became a central topic in poetry, drama, and fiction; diarists such as Samuel Pepys obsessed over it. In the 1700s, it became possible for a Church of Scotland leader to commend complete sexual liberty for both men and women. Arguing that the sexual revolution that really counted occurred long before the cultural movement of the 1960s, Dabhoiwala offers readers an engaging and wholly original look at the Western world's relationship to sex. Deeply researched and powerfully argued, *The Origins of Sex* is a major work of history.

Unspeakable Things - Laurie Penny 2014-07-03

Shortlisted for The Green Carnation Prize 2014 'This is not a fairytale. This is a story about how sex and money and power police our dreams.' Clear-eyed, witty and irreverent, Laurie Penny is as ruthless in her

dissection of modern feminism and class politics as she is in discussing her own experiences in journalism, activism and underground culture. This is a book about poverty and prejudice, online dating and eating disorders, riots in the streets and lies on the television. The backlash is on against sexual freedom for men and women and social justice – and feminism needs to get braver. Penny speaks for a new feminism that takes no prisoners, a feminism that is about justice and equality, but also about freedom for all. It's about the freedom to be who we are, to love who we choose, to invent new gender roles, and to speak out fiercely against those who would deny us those rights. It is a book that gives the silenced a voice – a voice that speaks of unspeakable things.

Sex in the Heartland - Beth L. BAILEY 2009-06-30

Sex in the Heartland is the story of the sexual revolution in a small university town in the quintessential heartland state of Kansas. Bypassing the oft-told tales of radicals and revolutionaries on either coast, Beth Bailey argues that the revolution was forged in towns and cities alike, as "ordinary" people struggled over the boundaries of public and private sexual behavior in postwar America. Bailey fundamentally challenges contemporary perceptions of the revolution as simply a triumph of free love and gay lib. Rather, she explores the long-term and mainstream changes in American society, beginning in the economic and social dislocations of World War II and the explosion of mass media and communication, which aided and abetted the sexual upheaval of the 1960s. Focusing on Lawrence, Kansas, we discover the intricacies and depth of a transformation that was nurtured at the grass roots. Americans used the concept of revolution to make sense of social and sexual changes as they lived through them. Everything from the birth control pill and counterculture to Civil Rights, was conflated into "the revolution," an accessible but deceptive simplification, too easy to both glorify and vilify. Bailey untangles the radically different origins, intentions, and outcomes of these events to help us understand their roles and meanings for sex in contemporary America. She argues that the sexual revolution challenged and partially overturned a system of sexual controls based on oppression, inequality, and exploitation, and created new models of sex and gender relations that have shaped our society in powerful and positive ways. Table of Contents: Introduction Before the Revolution Sex and the Therapeutic Culture Responsible Sex Prescribing the Pill Revolutionary Intent Sex as a Weapon Sex and Liberation Remaking Sex Epilogue Abbreviations Notes Acknowledgments Index Reviews of this book: [A] vivid reminder of just how national and chaotic the events we call 'the sixties' really were...Bailey's exploration of the sexual revolution offers a subtler sense of the underlying forces of that era, which unified even while dividing a nation and, ultimately, the world. --Tom Engelhardt, *The Nation* Reviews of this book: [Beth Bailey's] applied research here is interesting, imaginative and compassionate, and the final treat is that Bailey is a very good writer. *Sex in the Heartland* is simply a fascinating read. I'm sorry I can't call her up and congratulate her on this book in person...[This book is] beautifully shaped, carefully thought out, a treasury of useful information. --Carolyn See, *Washington Post* Reviews of this book: One of the great strengths of this book is Bailey's ability to make local characters, institutions and fights vital and compelling, all the while keeping an eye on the broader issues at stake. She gives us a vivid portrait of one university town in transition and a case study for U.S. social history. A cast of local characters comes alive...Virtually every chapter has surprising, subtle turns in which Bailey's thesis of historical paradox and unintended consequences is amply demonstrated. --Maureen McLane, *Chicago Tribune* Reviews of this book: Published by the prestigious Harvard University Press, the book suggests that out-of-the-mainstream states such as Kansas actually were on the cutting edge of the nation's sexual revolution during the early 1960s. --Matt Moline, *Capital-Journal* Reviews of this book: "[Bailey] points out that those who claim the radical nature of the [sexual] revolution may be surprised by just how deep-seated and mainstream the origins of many of those revolutionary changes were." --Philip Godwin, M.D., *Journal-World* Reviews of this book: "Bailey examines the 20th-century 'sexual revolution' as it played out in the midwestern college town of Lawrence, Kansas...Bailey is especially perceptive on the ambivalent and conflicted relationship of both the feminist and gay rights movements to the sexual revolution. She also has strong sections on the birth control pill and other moremundane but long-lasting changes in American sexual culture...[A] fascinating and impressive book." --K. Blaser, *Choice*

At the Dawn of the Sexual Revolution - Ira L. Reiss 2002

History of the American sexual revolution as depicted through the correspondence between Ira Reiss and

Albert Ellis, two leading social scientists and pioneers of the revolution.

Sex Before the Sexual Revolution - Simon Szreter 2010-10-14

What did sex mean for ordinary people before the sexual revolution of the 1960s and 1970s, who were often pitied by later generations as repressed, unfulfilled and full of moral anxiety? This book provides the first rounded, first-hand account of sexuality in marriage in the early and mid-twentieth century. These award-winning authors look beyond conventions of silence among the respectable majority to challenge stereotypes of ignorance and inhibition. Based on vivid, compelling and frank testimonies from a socially and geographically diverse range of individuals, the book explores a spectrum of sexual experiences, from learning about sex and sexual practices in courtship, to attitudes to the body, marital ideals and birth control. It demonstrates that while the era's emphasis on silence and strict moral codes could for some be a source of inhibition and dissatisfaction, for many the culture of privacy and innocence was central to fulfilling and pleasurable intimate lives.

The Challenge of Preaching - John Stott 2015-09-30

Trim new edition of a modern evangelical classic on preaching Internationally esteemed as an expository preacher and evangelical spokesman, John Stott edified thousands of Christian preachers and listeners during his lifetime. His writings, marked by a special clarity of expression, continue to speak to readers around the world. This book abridges and revises the text of Stott's *Between Two Worlds: The Challenge of Preaching Today*, first published in 1982, and updates it for our twenty-first-century context. Through Greg Scharf's abridging and updating work, John Stott's perspectives and insights on faithful, relevant preaching of the Word of God will benefit a new generation of preachers and preachers-to-be.

The Sexual Revolution - Peter J. Elliott 2023-01-21

The sexual revolution is part of wider and deeper developments happening in our world. It asserts the total freedom of the individual to behave as if the traditions of religion, the wisdom of philosophy, and the realities of biology have no claim on how we live, especially in the area of sexuality. The author traces the history of the sexual revolution, from the early days of the Enlightenment through Marxist movements to our own times, and the failure of governments and even churches to defend sound principles for sexual behavior. He records the constant teaching of popes and Church councils and highlights their focus on the integration of sexual morality and personality within the contexts of human nature, marriage, and the welfare of children. Bishop Elliott acknowledges that Catholic parents, teachers, and pastors need guidance about sexual ethics. And so do high school and college students. To help them understand the teaching of the Church and affirm it, he offers not only the clarity that comes from a thorough understanding of the subject, but also the pastoral sensitivity that has resulted from decades of service to the Church.

God, You, & Sex - David White 2019-09-30

In this important and engaging biblical teaching on sexuality, David White helps readers develop a Scripture-based perspective that goes beyond the typical message to just wait for marriage.

Human Rights & Human Wrongs - John R. W. Stott 1999

Human Rights and Human Wrongs shows you that it is our responsibility to demonstrate Christ's love through participation in social action. John Stott begins this discussion by documenting the evangelical heritage of service that originated with the ministry of Jesus Christ and the apostles and culminated with the social reforms and economical improvements of the eighteenth and nineteenth centuries. He then examines today's critical issues and stresses the urgent need to meet the crises of our time with "a Christian mind."

Sexuality and Its Discontents - Jeffrey Weeks 2002-05-03

Few topics evoke so much anxiety and pleasure, pain and hope, discussion and silence as sexuality. Throughout the Christian era it has been a major moral preoccupation. Since the eighteenth century it has also been the focus of 'scientific' exploration and political activity. But, despite this obsessive concern, we are still as baffled as our predecessors about the 'true' meaning of sex. In this book Jeffrey Weeks unravels the dense web of historical, theoretical and political forces that have culminated in the contemporary crisis of sexual meanings and values. The book begins with a powerful evocation of our present discontents and their potent signs: the rise of the New Right, the retreat of progressive forces and a wave of moral panics around sex. It argues that this crisis is rooted in a tradition which has ascribed an inflated importance to

sexuality, whilst claiming a privileged access to truth. The author then examines radical debates of recent years, and asks whether they contain the potentiality for taking us beyond the existing boundaries of sexuality. From this analysis emerges a controversial 'radical pluralist' approach to sexuality built on an acceptance of diversity and choice. By linking our present discontents to a clear understanding of the past, Jeffrey Weeks presents a rational, optimistic and challenging vision of a realizable future.

Separate No More - Norman A. Peart 2022-08-02

Even though our society has made great strides forward in social justice since the civil rights era, there remains a disturbing racial divide in our churches and among Christians. In *Separate No More*, Norman Peart argues that, although racial reconciliation has been viewed as a peripheral matter by the church, it should be at the heart of the church's message and mission. Through this book, you will be encouraged to actively participate in the ministry of racial reconciliation and to lead your local church in pursuing the goal of being separate no more.

Sex and the IWorld - Dale S. Kuehne 2009-07

A political scientist and pastor offers a positive, holistic vision that helps readers engage the cultural debate

on sex and marriage in personal ethics and public policy.

Answers to Life - Robert Foster Russell 2004-07

Sexual Revolution - Laurie Penny 2022

'Captivating, emphatic and deeply inspiring, *Sexual Revolution* lifted me greatly by envisioning the possibilities of our moment' V (formerly Eve Ensler)'Brilliant; vital; revolutionary' Kate Manne_____ This is a story about how modern masculinity is killing the world, and how feminism can save it. It's a story about sex and power and trauma and resistance and persistence. Sex and gender are changing, and the world is changing with them. In this time of crisis, we are also witnessing a productive transformation: a revolutionary change in how we define gender, sex, consent and whose bodies matter. This sexual revolution is a threat to the social and economic order. It undermines the existing power structures and weakens the authority of institutions from the waged workplace to the nuclear family. No wonder the far right is fighting back so hard. Told with Laurie Penny's trademark urgency and candour, *Sexual Revolution* is a hand-grenade of a book: both a manifesto for social change and a story of how feminism can save us.
