Barb Turner loves her husband Dave. She just wishes they had a better love life. He's a bit too quick on the trigger and often leaves her wanting more. She feels doomed to live a life of quiet desperation until Carlos moves in to the apartment downstairs. He is tall, black - and young Denzel Washington gorgeous. Carlos has a strange effect on her body whenever she runs into him, like there is extra electricity in the air. Being a good wife, she would never cheat, she tells herself, but she does fantasize about him often during her "alone time" sessions. One day, she runs into Carlos in the downstairs laundry room and her fantasy suddenly becomes all too real. It hadn't been planned, it had just happened, as if it were bigger than the both of them. It is also the best sex she had ever had.

Now she is torn between her desire for Carlos and her promise to her husband. She resists temptation for quite a while - until she discovers some cuckold web sites on her husband's laptop that indicates he has had his own fantasies, ones that might dovetail nicely with hers - if she can get up the nerve to talk to him about it. How can a good wife tell her husband she loves him but she wants to cheat - and she wants him to be an active participant?

*Insatiable Wives* - David J. Ley 2012-01-16

"This enlightening work investigates the history, incidence, and causes of a unique sexual lifestyle pursued by increasing numbers of couples. The most common terms used to describe it are 'hotwife/cuckold lifestyle.' This sexual practice, a form of sexual nonmonogamy, is distinguished from swinging and polyamory in that the husband rarely seeks sexual contact outside the marriage except for participation in group sex with his wife and other men, while the wife is permitted, and often encouraged, to pursue unrestrained sexual encounters with other men. The author includes interviews and comments from couples living the lifestyle throughout the United States and presents the stories in an attempt to determine the history of this sexual practice and evolutionary underpinnings of this uncommon and socially taboo behavior in an effort to make it more comprehensible to those engaged in the lifestyle and those who are just curious." -- page 4 of cover.

*The Bonobo Way* - Susan Block 2014-10-30

In this unique and paradigm-changing book, internationally acclaimed and controversial sex educator Dr. Susan Block offers a brilliant new view of human sexuality, war, peace and community, inspired by a role model who isn't even human: our closest genetic cousin, the bonobo. With a provocative, humorous and engaging style that makes science fun and ecology erotic, *The Bonobo Way* boldly asks: What do these great apes know about sex--and the rest of life--that we don't? Here are some things we know about bonobos: They have lots of sex. They never kill each other. They empower the females. They stay younger longer. They live in peace through pleasure. And we thought humans were the smartest apes! For decades, experts have used the "killer ape" paradigm to explain why humans murder, make war, bomb and behead each other, and supposedly always will. Sure, our common chimp cousins kill, but do they tell the whole tale? Luckily, no. The

*Bonobo Way* shows the other side of the story, presenting the bonobos as a new great ape paradigm for humanity that could change the world... or at least improve your love life. "This book is really good... something I rarely say these days! The *Bonobo Way* is whimsical yet serious, easy to read yet thoroughly researched, challenging yet ultimately deeply comforting. Dr. Susan Block is living proof that bonobos aren't just sexy and fun--some of them are damned smart, too." Christopher Ryan, Ph.D. author of *Sex at Dawn* From the lush depths of the rainforest to the satin sheets of your bedroom, Dr. Block takes you on a fascinating journey, weaving stories, studies, theories and fantasies into possibilities and a practical path of action, presenting a very different kind of "12-Step Program" to release your "inner bonobo," help save the real bonobos from extinction and energize all facets of your life. Whether you don't know bonobos from bananas, or you think you know all about these amazing creatures, *The Bonobo Way* will show you the way to a happier, healthier, sexier life, and a more peaceful, sustainable culture.
