**Alpha Sex Drive Secrets** - Radu Belasco 2012-05-24

If you're a man interested in safely, naturally and quickly rekindling the surging sex drive you had in your youth... or if you are suffering from ED (erectile dysfunction) or just don't find yourself in "the mood" for sex

anymore... then this new book can change that -- fast. The book is called: "Alpha Sex Drive Secrets" And it contains 101 ways to reclaim the sex drive you had as a young man... even if everything else you've tried has failed. Best part: There are no dangerous drugs to gag down. And no creams, pills or other "gimmicks" to waste time with. These are 100% natural and inexpensive (most are free) ways to reclaim the raging sex drive you once had. Some of the secrets inside include: \* The ancient sex food that is so potent, priests were forbidden to eat it! (And how to get it today in any supermarket.) \* The secret supplement that causes wet dreams. (There's no guarantee this will work for everyone, but if it does... watch out!) \* What the Holy Bible says about increasing your desire to have sex. (Hint: If you are a man who likes breasts then you will love this!) \* Casanova's bizarre sex drive drink. (Casanova was perhaps the most famous lover in history. Here's how he kept his sex drive strong... and how YOU can, too...) \* Little-known "mind tricks" you can use on yourself to rekindle a snuffed out sex drive almost instantly. \* The one nutrient almost everyone with low sex drive is missing (and the good news is it's dirt cheap and VERY easy to find). \* The FIRST thing you get checked out if your libido is lagging. (Almost nobody thinks this could be the problem, but in today's high-tech world, it's often the MAIN cause!) \* Ways to naturally boost testosterone in your body starting right away. (Healthy testosterone is essential for having a healthy sex drive, here's what to do...) \* The "natural Viagra" that works almost as well as the drug -- and without any of the side effects. \* How Ronald Reagan and Bob Hope kept their energy levels high and lived so long. (And how it can increase your desire to have sex again.) \* A special way of doing pushups that can recharge your sex drive almost overnight. \* How to "trick" your sex drive into working again! \* Why farmers tend to have low sex drive (and how to make sure you don't make the same mistake they do no matter what your occupation). \* Yoda's sex drive "booster." \* How your chair could be stealing your sex drive right out from under you! (This one tip alone could solve all kinds of sexual and urinary problems. See chapter 52.) \* How to regain a lost libido simply by turning off your cell phone! \* George Costanza's weird (but highly effective) sex drive system. \* A secret way to sleep with your wife that's almost guaranteed to get you back in the mood in no time flat! \* Why your pets could be dampening your sex drive without you even realizing it. \* How ancient Samurai kept themselves (and their libidos) in tip-top shape without doing a lick of exercise or even moving their bodies. \* And much, much more... Bottom line? It's a simple matter of common sense and biology we men are propelled by our sex drives. Take away a man's sex drive, and you take away his birthright. You also take away his drive to succeed. His ability to father offspring. And yes, his very manhood. Well, guess what? This book can make sure that NEVER happens to you. If you are currently suffering from low sex drive (or NO sex drive), tell your wife to brace herself -- because daddy's going to be wanting him some lovin' real soon. Grab your copy today and be back in "action" as early as tomorrow!

**MALE SEX DRIVE** There are many generalizations that depict men as sex-fixated machines. Books, TV programs, and films regularly highlight characters and plot focuses that expect men are wild about sex and ladies are just worried about sentiment. In any case, is it valid? How treat have any familiarity with the male sex drive? Generalizations about male sex drive So what generalizations about the male sex drive are valid? How do men contrast with ladies? We should take a gander at these misconceptions about male sexuality. Men contemplate sex entire day A new report at Ohio State University of north of 200 understudies exposes the prevalent misconception that men ponder sex like clockwork. That would mean 8,000 contemplations in 16 waking hours! The youngsters in the review revealed contemplations of sex 19 times each day overall. The young ladies in the review announced a normal of 10 contemplations about sex each day. So do men contemplate sex two times as much as ladies? All things considered, the concentrate likewise recommended that men contemplated food and rest more as often more possible than ladies. It's conceivable that men are more open to

pondering sex and revealing their contemplations. Terri Fisher, the lead creator of the review, guarantees that individuals who revealed being alright with sex in the review's poll were probably going to contemplate sex on a regular premise. Men stroke off more frequently than ladies In a review led in 2009 on 600 grown-ups in Guangzhou, China, 48.8 percent of females and 68.7 percent of guys announced that they had stroked off. The study additionally proposed that countless grown-ups had a negative demeanor toward masturbation, especially ladies.

**Aging and Male Sexuality** - Raul C. Schiavi 1999-06-17

Awareness of the importance of sexuality and its disorders in the aging population is increasing as the proportion of older people increases. Based in part on the author's clinical experience and research at Mount Sinai Medical Center in New York, this book presents an up-to-date overview of the sexuality of aging men in health and illness, within a multidimensional conceptual framework. It takes into account physiological, psychological, interpersonal, and social influences. The book also discusses the impact of medical illness, psychopathology, and drugs, with a review of coping strategies in shaping individual sexual responses to aging and disease. The author incorporates many case studies and vignettes, and devotes a chapter to the sexuality of older gay men. A balanced account of medical and psychosocial evaluation and treatment concludes the book, which will be of broad interest to clinicians and students interested in sexuality and aging.
