Child Sexual Abuse and the Catholic Church

- Marie Keenan 2013-07-18

A meticulously researched inside look at child sexual abuse by clergy, this exhaustive, hard-hitting analysis weaves together interviews with abusive priests and church historical and administrative details to propose a new way of thinking about clerical sexual offenders. Linking the personal and the institutional, researcher and therapist Marie Keenan locates the problem of child sexual abuse not exclusively in individual pathology, but also within larger systemic factors, such as the very institution of priesthood itself, the Catholic take on sexuality, clerical culture, power relations, governance

structures of the Catholic Church, the process of formation for priesthood and religious life, and the complex manner in which these factors coalesce to create serious institutional risks for boundary violations, including child sexual abuse. Keenan draws on the priests' own words not to excuse their horrific crimes, but to offer the first in-depth account of a tragic, multi-faceted phenomenon. What emerges is a troubling portrait of a Church in crisis and a series of recommendations that call for nothing less than a new ecclesiology and a new, more critical theology. Only through radical institutional reform, Keenan argues, can a more representative and accountable Church emerge.

*Downloaded from

Child Sexual Abuse and the Catholic Church is a unique reference for scholars of the Church and therapists who work with both victims and offenders, as well as a forward-thinking blueprint for reform.

Government Code - Texas 1988

The Best of Emerge Magazine - George E. Curry
2009-02-19

The 1990s. African Americans achieved more influence—and faced more explosive issues—than ever before. One word captured those times. One magazine expressed them. Emerge. In those ten years, with an impressive circulation of 170,000 and more than forty national awards to its credit, Emerge became a serious part of the American mainstream. Time hailed its “uncompromising voice.” The Washington Post declared that Emerge “gets better with each issue.” Then, after nearly a decade, Emerge magazine closed its doors. Now, for the first time, here’s a collection of the finest articles

from a publication that changed the face of African American news. From the Clarence Thomas nomination to the Bill Clinton impeachment . . . from the life of Louis Farrakhan to the death of Betty Shabazz . . . from reparations for slavery to the rise of blacks on Wall Street . . . the most important people, topics, and turning points of this remarkable period are featured in incisive articles by first-rate writers. Emerge may have ended with the millennium, but—as this incomparable volume proves—the quality of its coverage is still unequaled, the extent of its impact still emerging. Stirring tribute, uncanny time capsule, riveting read—The Best of Emerge Magazine is also the best of American journalism.

Cheap on Crime - Hadar Aviram 2015-02-06
After forty years of increasing prison construction and incarceration rates, winds of change are blowing through the American correctional system. The 2008 financial crisis

Downloaded from
legacy.opendemocracy.net on 2023-01-24
by guest

demonstrated the unsustainability of the incarceration project, thereby empowering policy makers to reform punishment through fiscal prudence and austerity. In *Cheap on Crime*, Hadar Aviram draws on years of archival and journalistic research and builds on social history and economics literature to show the powerful impact of recession-era discourse on the death penalty, the war on drugs, incarceration practices, prison health care, and other aspects of the American correctional landscape.

Culture Wars - Roger Chapman 2015-03-17
The term "culture wars" refers to the political and sociological polarisation that has characterised American society the past several decades. This new edition provides an enlightening and comprehensive A-to-Z ready reference, now with supporting primary documents, on major topics of contemporary importance for students, teachers, and the general reader. It aims to promote

understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context. With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues, this is a unique and defining work, indispensable to informed discussions of the most timely and critical issues facing America today.

The Social History of Crime and Punishment in America: A-De - Wilbur R. Miller 2012-08-10

This comprehensive and authoritative four-volume work surveys the history and philosophy of crime, punishment, and criminal justice institutions in America from colonial times to the present.

2021: a news odyssey - Peter Mugavero
2022-11-22

In today's world, news and daily events are reported with sound bites and catchy phrases by the mass media, social media, news outlets, politicians, and political pundits. We hear and

Downloaded from
legacy.opendemocracy.net on 2023-01-24
by guest

see the coverage of these events and in turn disseminate it to our friends and family. Unfortunately, the news and events that we are told may not be as true and honest as we might think. They may be told with a political slant and in some cases, the news and events might even be omitted from the news cycle simply to hold back knowledge from the general public. In writing this book, I have assembled a chronology of the news and events that occurred in President Joe Biden's first year in office. I have documented and compiled events that occurred in 2021 starting with President Joe Biden's Inauguration Day. While reading through each day's events, I am hoping that you will say to yourself, "I remember that," or "I don't remember hearing that. Why was that news item not mentioned in the nightly news or cable news network?" I will also point out the hypocrisy and facts of the news story that has not been properly told until now. While reading the book, feel free to mark up the book and highlight some

of the events. Use it as a time capsule. Research an event further and discuss them with friends and family.

Newsweek - 1972

Probation, Parole, and Community Corrections - Dean J. Champion 2005

This comprehensive text examines the objectives of probation and parole systems for criminally convicted adults and juveniles and how these objectives are achieved. The text includes coverage of the history of parole and probation in the United States, contemporary probation and parole programs, and various classes of offenders. The text emphasizes a legalistic approach, notes key legal cases where appropriate, and includes the most recent U.S. Supreme Court decisions.

Journal of the House of Representatives of the State of Alabama - Alabama. Legislature. House of Representatives 1967

Background Screening and Investigations -

W. Barry Nixon 2011-08-30

Hiring highly qualified people is crucial to every company, and Background Screening and Investigations is an essential guide to succeeding in a turbulent business environment. A crucial part of any hiring process should be employment background screening, pre- and post-hire, which gives hiring personnel a glimpse into a person's past behavior patterns, propensities, and likely future behavior. Background Screening and Investigations describes all aspects of the employment background screening processes - its history and evolution, the imperative for implementing a screening process, and the creation of a comprehensive policy. Nixon and Kerr show how security and human resources professionals can work together to negotiate legal hurdles and make their background screening process successful. * Where do HR and security perspectives differ on hot topics like hiring

convicted felons, data protection, and sexual predators? * What does state law allow when screening job candidates? * How should companies deal with emerging issues like international background investigations and continuous (Infinity) screening of current employees?

This Day in American History, 4th ed. - Ernie Gross 2018-01-16

This up-to-date fourth edition of the most important and interesting data—on a day by day basis—throughout American history includes more than 1,400 new entries with information on a wide variety of subjects—both the “important” matters (Supreme Court decisions, war events, scientific breakthroughs, etc.) and the lesser known but thought provoking incidents and phenomena (societal changes, unexpected events) that add richness and depth to American history.

The War on Sex - David M. Halperin 2017-03-03

The past fifty years are conventionally

*Downloaded from
legacy.opendemocracy.net on 2023-01-24
by guest*

understood to have witnessed an uninterrupted expansion of sexual rights and liberties in the United States. This state-of-the-art collection tells a different story: while progress has been made in marriage equality, reproductive rights, access to birth control, and other areas, government and civil society are waging a war on stigmatized sex by means of law, surveillance, and social control. The contributors document the history and operation of sex offender registries and the criminalization of HIV, as well as highly punitive measures against sex work that do more to harm women than to combat human trafficking. They reveal that sex crimes are punished more harshly than other crimes, while new legal and administrative regulations drastically restrict who is permitted to have sex. By examining how the ever-intensifying war on sex affects both privileged and marginalized communities, the essays collected here show why sexual liberation is indispensable to social justice and human rights. Contributors. Alexis

Agathocleous, Elizabeth Bernstein, J. Wallace Borchert, Mary Anne Case, Owen Daniel-McCarter, Scott De Orio, David M. Halperin, Amber Hollibaugh, Trevor Hoppe, Hans Tao-Ming Huang, Regina Kunzel, Roger N. Lancaster, Judith Levine, Laura Mansnerus, Erica R. Meiners, R. Congress and the Nation XI - Cq Press
2006-05-04

For over forty years, Congress and the Nation has been the signature resource for perspective and analysis of the U.S. Congress. It is the authoritative reference on Congressional trends, actions, and controversies. The eleventh edition in this acclaimed series chronicles the political events during the first four years of the George W. Bush administration, covering the 107th and 108th Congresses. These four years are marked by some of the most significant, landscape changing events in American politics including

the attacks of September 11, 2001 and the ensuing U.S. led invasions of Afghanistan and Iraq. Congress and the Nation XI: 2001-2004 addresses these topics and more, including: Legislative activity in the U.S. Congress Establishment of the Department of Homeland Security The 2002 midterm elections in which the Republican party won majorities in both houses of Congress Each chapter contains summaries of legislative activity, including bills passed, defeated, or postponed. An extensive appendix covers the four-year period. Also available in online edition.

Citizens for Decency - Louis A. Zurcher, Jr.
1976-03-01

Throughout the United States, groups of individuals have been confronting the issues surrounding sexually explicit materials. Many have concurred in their perceptions of what is pornographic, have assessed pornography to be a problem our society must deal with, and have made organized efforts within their communities

to stop or restrict the commercial availability of such materials. Citizens for Decency is an examination of two antipornography crusades, one in the Midwest and the other in the Southwest. It examines the evolution and impact of such crusades, the satisfaction derived from participating, and the relevant characteristics of the participants and their opponents. It is the first systematic, comprehensive, and theory-oriented study of antipornography crusades and one of the few studies that analyze movements to resist change. The book begins with the assumption that the term pornography is a value judgment and that the labeling of sexually explicit materials as “pornographic” can be adequately understood only in the wider context of sociological and psychological structures and processes. In approaching the antipornography crusades, Louis A. Zurcher and R. George Kirkpatrick gathered data by observation and document search and by interviews with persons well informed about and central to the crusades.

Downloaded from
legacy.opendemocracy.net on 2023-01-24
by guest

Their examination of the organizations that directed the two movements is particularly extensive, and their comparative analysis of the two organizations allows them to determine which features are the most important, how these characteristics interact, and what their relationship is to the symbolic crusade. Among their important findings, the authors show that anti-pornography crusaders are people discontent with their status who have mobilized to protect the dominance and prestige of their traditional life styles. The participants in the crusades are shown to differ from their opponents in a number of significant ways. In

the final chapters, the authors analyze their findings with reference to social movement theory and offer predictions concerning future symbolic crusades.
