

# Supreme Court And The Intimate Lives Of Americans Birth Sex Marriage Childrearing And Death

**Newsworthy** - Samantha Barbas 2017-01-18

In 1952, the Hill family was held hostage by escaped convicts in their suburban Pennsylvania home. The family of seven was trapped for nineteen hours by three fugitives who treated them politely, took their clothes and car, and left them unharmed. The Hills quickly became the subject of international media coverage. Public interest eventually died out, and the Hills went back to their ordinary, obscure lives. Until, a few years later, the Hills were once again unwillingly thrust into the spotlight by the media—with a best-selling novel loosely based on their ordeal, a play, a big-budget Hollywood adaptation starring Humphrey Bogart, and an article in *Life* magazine. *Newsworthy* is the story of their story, the media firestorm that ensued, and their legal fight to end unwanted, embarrassing, distorted public exposure that ended in personal tragedy. This story led to an important 1967 Supreme Court decision—*Time, Inc. v. Hill*—that still influences our approach to privacy and freedom of the press. *Newsworthy* draws on personal interviews, unexplored legal records, and archival material, including the papers and correspondence of Richard Nixon (who, prior to his presidency, was a Wall Street lawyer and argued the Hill family's case before the Supreme Court), Leonard Garment, Joseph Hayes, Earl Warren, Hugo Black, William Douglas, and Abe Fortas. Samantha Barbas explores the legal, cultural, and political wars waged around this seminal privacy and First Amendment case. This is a story of how American law and culture struggled to define and reconcile the right of privacy and the rights of the press at a critical point in history—when the news media were at the peak of their authority and when cultural and political exigencies pushed free expression rights to the forefront of social debate. *Newsworthy* weaves together a fascinating account of the rise of big media in America and the public's complex, ongoing love-hate affair with the press.

*Cinematic Representations of Alzheimer's Disease* - Raquel Medina 2018-08-09

This book offers a cross-cultural approach to cinematic representations of Alzheimer's disease in non-mainstream cinema. Even though Alzheimer's disease, the most common form of dementia, is a global health issue, it is not perceived or represented homogeneously around the world. Contrary to very well-known mainstream films, the films discussed do not focus on the negative aspects normally associated with Alzheimer's disease, but on the importance of portraying the perspective of the persons living with Alzheimer's and their personhood. Similarly, this book analyses how the films use Alzheimer's as a trope to address issues relating to different areas of life and society such as, for example, family matters, intergenerational relationships, gender issues, national traditions versus global modernity, and caring for people with dementia. By examining an array of films, from crime fiction to documentary, that each present non-stigmatising representations of Alzheimer's disease, this in-depth study ultimately demonstrates the power of culture in shaping meaning.

**The Wiley Blackwell Encyclopedia of Family Studies, 4 Volume Set** - Constance L. Shehan 2016-02-29

The Wiley Blackwell Encyclopedia of Family Studies presents a comprehensive, interdisciplinary collection of the key concepts, trends, and processes relating to the study of families and family patterns throughout the world. Offers more than 550 entries arranged A-Z Includes contributions from hundreds of family scholars in various academic disciplines from around the world Covers issues ranging from changing birth rates, fertility, and an aging world population to human trafficking, homelessness, famine, and genocide Features entries that approach families, households, and kin networks from a macro-level and micro-level perspective Covers basic demographic concepts and long-term trends across various nations, the impact of globalization on families, global family problems, and many more Features in-depth examinations of families in numerous nations in several world regions 4 Volumes [www.familystudiesencyclopedia.com](http://www.familystudiesencyclopedia.com)

**Philosophy and Social Action** - 2004

*UC Irvine Law Review* - 2013

**Supreme Court in the Intimate Lives of Americans** - Howard Ball 2002

[Encyclopedia of the Supreme Court, Second Edition](#) - David Schultz 2021-09-01

Praise for the previous edition: "...concise, well-written entries...Schultz's accessible work will be of use to both undergraduates and the general public; recommended for all academic and public libraries."—*Library Journal* "...achieves the goal of presenting a serious overview of the Supreme Court."—*Booklist* "At its reasonable price this title should be found in every American library, public as well as academic. It should also be purchased by every high school library, no matter how small the school body may be."—*American Reference Books Annual* From the structure of the Supreme Court to its proceedings, this comprehensive encyclopedia presents the cornerstone of the American justice system. Featuring more than 600 A-to-Z entries—written by leading academics and lawyers—*Encyclopedia of the Supreme Court, Second Edition* offers a thorough review of critical cases, issues, biographies, and topics important to understanding the Supreme Court. Entries include: Abortion Capital punishment Citizens United v. Federal Election Commission Double jeopardy employment discrimination Federalism Masterpiece Cakeshop v. Colorado Civil Rights Commission Obergefell v. Hodges police use of force public health and the U.S. Constitution Thurgood Marshall Title IX and schools United States v. Nixon Earl Warren Wiretapping

[Supreme Court of the United States](#) - George H. Rutland 2006

The Supreme Court of the United States is in the midst of a generation change which will no doubt result in societal imperatives different than those in the past. The Supreme Court of the US has a profound effect on ideas, thoughts and behaviour of the people of the US. This new bibliography presents hundreds of citations of the important literature dealing with this beacon of society.

**Michigan Law Review** - 2004

*M-Z* - Alan Soble 2006

[IBSS: Political Science: 2004 Vol.52](#) - The British Library of Political and Economic Science 2004-12

First published in 1952, the International Bibliography of the Social Sciences (anthropology, economics, political science, and sociology) is well established as a major bibliographic reference for students, researchers and librarians in the social sciences worldwide. Key features: \* Authority: Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced. Articles and books are selected on merit by some of the world's most expert librarians and academics. \* Breadth: Today the IBSS covers over 2000 journals - more than any other comparable resource. The latest monograph publications are also included. \* International Coverage: The IBSS reviews scholarship published in over thirty languages, including publications from Eastern Europe and the developing world. \* User friendly organization: all non-English titles are word sections. Extensive author, subject and place name indexes are provided in both English and French.

**Women's Rights in the United States [4 volumes]** - Tiffany K. Wayne 2014-12-09

A comprehensive encyclopedia tracing the history of the women's rights movement in the United States from the American Revolution to the present day. Few realize that the origin of the discussion on women's rights emerged out of the anti-slavery movement of the 19th century, and that suffragists were active in the peace and labor movements long after the right to vote was granted. Thus began the confluence of activism in our country, where the rights of women both followed—and led—the social and political discourse in America. Through 4 volumes and more than 800 entries, editor Tiffany K. Wayne, with advising editor Lois Banner, examine the issues, people, and events of women's activism, from the early period of American history to the present time. This comprehensive reference not only traces the historical evolution of the

movement, but also covers current issues affecting women, such as reproductive freedom, political participation, pay equity, violence against women, and gay civil rights.

**The Abolition of Marriage** - Kevin T. Holton 2020-03-15

The assault on traditional marriage that began in the late 1990s seemingly ended with the 2015 Obergefell v. Hodges decision legalizing same-sex marriages in all 50 states. Christians continue to mourn the "loss" of this sacred and covenantal institution to secularists, but in doing so have forgotten their unique place as citizens not of this world but of the Kingdom of God. Christian attempts to "correct" the standing constitutional order and reclaim marriage exclusively for heterosexuals will fail. The way forward is to advocate the replacement of civil marriage laws with civil unions for heterosexuals and homosexuals alike. Both Christians and secularists will find this alternative satisfying, for it allows everyone to receive from the state equal protection of their rights, and it allows the Church and other intermediary communal institutions to define and defend marriage as they have always understood it.

The Supreme Court in the Intimate Lives of Americans - Howard Ball 2004-06-28

Personal rights, such as the right to procreate - or not -and the right to die generate endless debate. This book maps out the legal, political, and ethical issues swirling around personal rights.

**American Government Continuity and Change** - O'Connor 2006

**The 1980s** - Kimberly R. Moffitt 2011

The 1980s: A Critical and Transitional Decade, edited by Kimberly R. Moffitt and Duncan A. Campbell, is a holistic analysis of the decade that focuses on major turning points and developments in literature, entertainment, politics, and social experimentation. This analysis ultimately presents the 1980s as a significant phenomenon in the American landscape. The 1980s is a groundbreaking and stand-alone introductory volume that is unapologetically interdisciplinary in nature and encourages students to explore topics of the decade often overlooked or grouped together with other, more memorable decades

such as the 1920s or 1960s.

American Government, Second Edition - Timothy O. Lenz 2018-03-21

This exciting new book explores the role of government, politics, and policy in American lives. Full of real life applications and scenarios, this text encourages and enables political thinking. The second edition has been updated to include recent developments in U.S. politics and government. This includes the description and analysis of the 2016 elections as well as the early Trump administration. Chapters have expanded coverage of immigration policy, environmental policy, economic policy, and global affairs (including counterterrorism policy). The text also includes analysis of racial issues in contemporary American politics and law. It also addresses questions about the state of the economy, jobs, and wages. Hyperlinks and URLs provide "deeper dives" into various topics and examples of comparative politics.

**The Work-Family Interface** - Stephen Sweet 2013-03-14

Students and researchers in family studies, family policy and the sociology of the family

Prescription for Heterosexuality - Carolyn Herbst Lewis 2010-10-18

In Prescription for Heterosexuality, Carolyn Herbst Lewis explores how medical practitioners, especially family physicians, situated themselves as the guardians of Americans' sexual well-being during the early Cold War years. She argues that many doctors believed that a satisfying sexual relationship with very specific attributes and boundaries was the foundation of a successful marriage, a source of happiness in the American family, and a crucial building block of a secure nation. Drawing on hundreds of articles and editorials in both medical journals and popular and professional literature, Lewis traces how medical professionals affirmed certain heterosexual desires and acts while labeling others as unhealthy or deviant.

**Griswold V. Connecticut** - John W. Johnson 2005

Recounts the landmark 1965 Supreme Court case that declared a new and previously unarticulated "right of privacy" and paved the way for the Roe v. Wade decision. Decades later, Griswold v. Connecticut remains extremely controversial as an example of an activist judiciary making new law rather than merely interpreting existing law.
