

# Terror In The Prisons Homosexual Rape And Why Society Condones It

**Current Perspectives on Sex Crimes** - Ronald M. Holmes  
2002

A combination of reprinted articles, most published during the past two years, and original contributions solicited for the anthology, offer a snapshot of the criminal justice understanding of various crimes relating to or involving sex. After a basic overview of sex in the 21st century, they look at nuisance sex behaviors and crime; homosexuality, transvestism, and transsexualism; juvenile sex crimes and behaviors of offenders and victims; dangerous sex crimes; rape; and special issues and concerns.

**Clearinghouse Review** - 1976

**Fundamentals of Criminal Justice** - Steven Barkan  
2011-01-28

The criminal justice system is a key social institution pertinent to the lives of citizens everywhere. *Fundamentals of Criminal Justice: A Sociological View, Second Edition* provides a unique social context to explore and explain the nature, impact, and significance of the criminal justice system in everyday life. This introductory text examines important sociological issues including class, race, and gender inequality, social control, and organizational structure and function.

Homosexuality &

Psychotherapy - John C.

Gonsiorek 1982

Here is the basic resource for therapists who work with homosexual clients. Written by professionals for professionals, *A Guide to Psychotherapy With Gay and Lesbian Clients* is an excellent compilation of data and sound suggestions for understanding the unique issues and concerns facing gay men and lesbians.

Cultural Studies of Law -

Cristyn Davies 2015-10-14

This edited collection is a cultural analysis of how law is shaped into procedure and principle by the conditions of everyday life. Law is constitutive of culture just as culture and cultural analyses shape, resist and interrogate legal regulation, exception and norms. So too does law have a dual capacity in the field of culture: it enables the formation of subjects and of cultural practices, and it constrains those very formations. This book uses the animating critical concerns of Cultural Studies over the last

Condomes. It  
20 years—that is, the symbolic, material, economic, and political practices and power relations that are inscribed in everyday life—to analyze the assembly of practices, procedures, sites, interactions and agents of law. The chapters in this collection accordingly examine the conditions of law’s everyday life, in situations ordinary and extraordinary, to show it in the moment of its working. This book was originally published as a special issue of *Cultural Studies*.

**The Prison Rape Reduction Act of 2002** - United States. Congress. Senate. Committee on the Judiciary 2003

**Risk Markers for Sexual Victimization and Predation in Prison** - Janet I. Warren 2013

Risk Markers for Sexual Victimization and Predation in Prison contains the results of Dr. Warren and Dr. Jackson's study in response to the 2003 Prison Rape Elimination Act and extends the literature on prison rape in important and distinct ways.

**Introduction to Corrections** - Robert D. Hanser 2012-10-18  
An introductory text that provides students with an understanding of basic concepts in the field of corrections.

**Strangers in Our Midst** - Elise Chenier 2008-06-28  
Contemporary efforts to treat sex offenders are rooted in the post-Second World War era, in

which an unshakable faith in science convinced many Canadian parents that pedophilia could be cured. *Strangers in Our Midst* explores the popularization of the notion of sexual deviancy as a way of understanding sexual behaviour, the emergence in Canada of legislation directed at sex offenders, and the evolution of treatment programs in Ontario. Popular discourses regarding sexual deviancy, legislative action against sex criminals, and the implementation of treatment programs for sex offenders have been widely attributed to a reactionary, conservative moral panic over changing sex and gender roles after the Second World War. Elise Chenier challenges this assumption, arguing that, in Canada, advocates of sex-offender treatment were actually liberal progressives. Drawing on previously unexamined sources, including medical reports, government commissions, prison files, and interviews with key figures, *Strangers in Our Midst* offers

## Terror In The Prisons Homosexual Rape And Why Society

Condones It

an original critical analysis of the rise of sexological thinking in Canada, and shows how what was conceived as a humane alternative to traditional punishment could be put into practice in inhumane ways.

Prisons - Ashley G. Blackburn  
2014

*Prisons: Today and Tomorrow*, Third Edition uses current case studies and research to present balanced and comprehensive coverage of prisons and prisoners. Featuring chapters contributed by leading authorities on the modern prison system, this text examines the many purposes of prisons-punishment, deterrence, rehabilitation, and incapacitation-and examines controversial issues such as whether imprisonment actually deters crime or merely serves as punishment.

**Lockdown America** -  
Christian Parenti 2008-08-17  
Why is criminal justice so central to American politics? *Lockdown America* not only documents the horrors and absurdities of militarized

policing, prisons, a fortified border, and the federalization of the war on crime, it also explains the political and economic history behind the massive crackdown. This updated edition includes an afterword on the War on Terror, a meditation on surveillance and the specter of terrorism as they help reanimate the criminal justice attack. Written in vivid prose, *Lockdown America* will propel readers toward a deeper understanding of the links between crime and politics in a period of gathering economic crisis.

**Coxsackie** - Joseph F. Spillane  
2014-05-29

“Even-handed and free of jargon . . . a revealing account of how our criminal justice system operates on the ground level.” —Edward D. Berkowitz, author of *Mass Appeal*

Joseph F. Spillane examines the failure of progressive reform in New York State by focusing on Coxsackie, a New Deal reformatory built for young male offenders. Opened in 1935 to serve “adolescents adrift,” Coxsackie instead became an unstable and brutalizing prison. From the start, the liberal impulse underpinning the prison’s mission was overwhelmed by challenges it was unequipped or unwilling to face—drugs, gangs, and racial conflict. Spillane draws on detailed prison records to reconstruct a life behind bars in which

~~“ungovernable” young men~~  
posed constant challenges to racial and cultural order. The New Deal order of the prison was unstable from the start; the politics of punishment quickly became the politics of race and social exclusion, and efforts to save liberal reform in postwar New York only deepened its failures. In 1977, inmates took hostages to focus attention on their grievances. The result was stricter discipline and an end to any pretense that Coxsackie was a reform institution. In today’s era of mass incarceration, prisons have become conflict-ridden warehouses and powerful symbols of racism and inequality. This account challenges the conventional wisdom that America’s prison crisis is of comparatively recent vintage, showing instead how a racial and punitive system of control emerged from the ashes of a progressive ideal. “Should be required reading for historians of juvenile and criminal corrections . . . Presents a compelling cautionary tale that
