Literature, Psychoanalysis and the New Sciences of Mind - Leonard Jackson 2014-09-11

At a time when psychoanalysis is attacked by biologists, psychologists and literary critics alike, this book offers a radical defence. *Literature, Psychoanalysis and the New Sciences of Mind* gives a clear introduction to the theories of Freud and Jung, the strange linguistic rewriting of Freud by Jacques Lacan. It explores the extraordinary variety of ways in which these writings have been applied to literature and literary theory. But for the first time, they are put in the context of recent biological theories of mind and sexuality.

Receiving Woman - Studies in the Psychology and Theology of the Feminine - Ann Belford Ulanov 1989

We live in a time of unparalleled opportunity for women and a time, just because of that opportunity, of great stress. It is a time when every woman can find her own particular style, to develop her skills, to acknowledge her needs and failures, and to claim both her satisfactions and dissatisfactions. The old stereotypes are all but dead. But another danger threatens; of new stereotyped roles for women in the very range of choices and opportunities presented to the. "RECEIVING WOMAN grew out of a decade of reflections on women's experiences - my own, my patients', and my students'," writes Professor Ulanov. "From all of them, a common voice emerged speaking about each woman's struggle to receive all of herself. Each was trying to find and put together different parts of herself into a whole that was personal, alive, and real to her and to others. I know that women want to be all of themselves and want to be their own selves, not examples of types. They want to work out their own individual combinations of what have been called the masculine and feminine parts of themselves. This book focuses on that possibility, on women receiving themselves, all of themselves, wisely and gladly."

Spiritual Aspects of Clinical Work - Ann Ulanov

How does the spirit come into clinical work? Through the analyst? In the analyst's work in the analysis? What happens to human destructiveness if we embrace a vision of non-violence? Do dreams open us to spiritual life? What is the difference between repetition compulsion and ritual? How does religion feed terrorism? What happens if analysts must wrestle with hate in themselves? Do psychotherapy and spirituality compete, or contradict, or converse with each other? What does religion uniquely offer, beyond what psychoanalysis can do, to our surviving and thriving? This book abounds with such important questions and discussions of their answers.

The Witch and the Clown - Ann 1987-02-01

The Ulanovs examine the images of the witch and the clown not only as mere literary, anthropological, or historical themes, but as determining much of the complexity of human sexual life. The common notions of male sexuality based upon strength and aggression, and female sexuality upon weakness and submission are thoroughly undone in this analysis.

The Legacy of the Goddess - Rachel S. McCoppin 2023-04-10

It is often assumed that the female characters found in popular folk and fairy tales are little more than inconsequential stereotypes--mostly serving as hapless victims in need of rescue, boring one-dimensional princesses, or egotistical and conniving villains. This book presents more fully-realized portraits of these female characters and the ways in which they actually represent bold and powerful connections to the goddesses of classic mythic narratives. The rich legacy of female goddesses, shamans, queens, and priestesses is in fact preserved and celebrated through these more modern representations, whether as brides who can transform into animals, wise old women who live alone in the deep wilderness, strong warrior maidens, or witches who can conquer and command the elements of nature. In contemplating this revised analysis of female characters within global folktales and fairy tales, readers can see that the goddesses of old have never truly been forgotten.

Knots and their Untying: Essays on Psychological Dilemmas - Ann Belford Ulanov

Using the image of knots that are hard, and sometimes impossible, to untie, Ann Ulanov circles around the psychic dilemmas that entangle us, sometimes for decades. These can be heartrending to us and destructive to others, even to those we love. Yet these knots, so peculiarly our own, also open onto human problems we share with others, even across the ages. Hence working on our knots takes us far down to taproots of energy and far up and out to bring that vital aliveness into shared existence with others. Knots thus comprise a ladder, offering footholds and handholds, for descending and ascending between what Jung calls Below and Above, human and divine. What are such knots? What to do when forgiveness does not happen? What to do with the inferiority of the inferior function? With the question of how much lightning can we stand? With the perils of individuation? These are just a few examples from the essays in this book. The reader is invited to browse the essays according to personal interest or to read straight through. The surprise is that these vexing knots that tie us up and hold us down also give us a mooring; they bind us to a path that is uniquely our own that can bear the fruit of our service to others and to the surrounding whole.

Spirit in Jung - Ann Belford Ulanov 2005

In this book, one of the outstanding Jungian scholars of our time surveys Jung's contributions to a whole series of issues, ranging from the political to the pedagogical to the inner life of a saint, Therese of Lisieux.

The Wisdom of the Psyche - Ann Belford Ulanov 2019-01-31

This book promotes a strong argument for a 'feminine' approach to religious discovery: to struggle in the ambiguous gap between the wisdom of the psyche and the wisdom of Scripture, between our interior experience of God and the exterior reality of God. The Wisdom of the Psyche urges clergy to help parishioners bring forth their unconscious feelings and images to join their conscious thoughts. In this way, the church allows its members the space to present themselves fully to God and to be fully present to the human need around them.

Back to Basics - Ann Ulanov

Created during the threat of worldwide pandemic, this book reaches to new language to express the basics of Analytical Psychology in new forms. What results is not a finished conclusion but a never ending process that includes dismay and celebration. Bad and good interweave as long as we are growing; celebration happens in perceiving the infinite is lived through our ordinary finite life. Projection is a first step toward consciousness; the missing piece that lures us to destructiveness can be found. A defense of dissociation presses for its undoing to support a consciousness that simultaneously can hold in mind the absence along with the presence of our life force. Integration is agonizing as well as liberating. The new syntax of what the psyche is doing with and to us yields increased permeability of personal and collective living marked by a subjectivity within the objective other-than-self endorsing full fledged living of self. That cannot be done

without tender regard for neighbor within and without, and forms of service to the transcendent.

The Female Ancestors of Christ - Ann Belford Ulanov

The spiritual power of the Feminine shines forth in this psychological study of four Old Testament heroines from Jesus' family tree. Tamar, Rahab, Ruth, and Bathsheba are the only women mentioned by name in the Gospels' genealogies and, for Ann Belford Ulanov, this indicates that they impart something essential to the lineage of Christ. By exploring their brave and unconventional lives, she demonstrates how salvation enters the world in the feminine mode of being human, through these women's embodiment of such powerful and deeply feminine qualities as ingenuity, audacity, determination, compassion, seduction, and devotion. "Like bolts of lightning, the stories of these outcast virgins illuminate what spiritual wholeness can be in the lives of contemporary women and men. Ann Ulanov's riveting insights into their daring acts reveal their deep significance in the genealogy of Jesus and expand our understanding of the words courage and love." — Marion Woodman, author of *Addiction to Perfection* and *Leaving my Father's House*

The Functioning Transcendent - Ann Belford Ulanov 1996

The Transcendent is a reality that functions in all our lives all the time, whether you call it God, the unknown, or the holy. It is not some obscure out-of-reach Other available only to those with specialized knowledge or a phenomenon spoken about only in a church, temple, or mosque. The Transcendent is both beyond us, yet functioning within each of us. It is present in our exchanges with others, yet nearer to us than our own heartbeat. In our daily lives, the Transcendent is often experienced addressing us through or compulsions, perversions, and ordinary struggles. We find it touching us through our most shameful problems and bidding us to realize our most hidden promise. Jungian analyst Ann Ulanov shows us how the Transcendent appears in her clinical work, how to work with it in dreams and symptoms, and how it

informs encounters between analyst and analysand. She demonstrates the spiritual aspect of analysis in her case observations dealing with fatness and the female, masochistic suffering, parental relationships, follow-up treatment in patient/therapist sex, and the resolution of suicidal temptations.

The Wizards' Gate - Ann Ulanov

This book, adapted from the distinguished Hale Lectures presents material from a woman's wrestling with death, showing how inextricably mixed are matters theological and psychological. At a point when her life was blossoming in every way, Nancy was struck down by a terminal brain tumor which soon robbed her of her speech. She used paintings, many of which are here reproduced, to wrestle with this blow and to communicate what she was slowly discerning in the face of death, something from the 'other side.' The author addresses a variety of related issues, including the place of language in analysis and the role of the feminine mode of being, especially in transference and countertransference. Ann Belford Ulanov is the Christiane Brooks Johnson Professor of Psychiatry and Religion at Union Theological Seminary, a psychoanalyst in private practice, and a supervising analyst and faculty member of the C.G. Jung Institute in New York City. She is the author of numerous books, some of them coauthored by her husband, Barry Ulanov, and they have four children.

Transforming Sexuality - Ann Belford Ulanov 1994

For your most intimate and significant relationship with the opposite sex, look within yourself, to anima and animus, the archetypal symbols that define and celebrate the presence of the Feminine in men and the Masculine in women. The authors use their broad backgrounds in psychology, theology, philosophy, and the arts to follow the archetypes from clinical practice into a fascinating range of cultural manifestations, particularly in the world's great literature - from Dante to Pasternak - making this book the most wide-ranging study to date of these central concepts in Jungian psychology.
