Sync Your Relationship, Save Your Marriage Peter Fraenkel, Ph.D. 2011-03-15 Award-winning couples therapist Peter Fraenkel argues that most relationship problems can be traced to partners being out of sync on the powerful but mostly hidden dimension of time. Differences in daily rhythms, personal pace, punctuality, time perspective, and priorities about how time is allocated can all lead to couple conflict. Yet the fascinating fact is that these polarizing time differences play a potent role in attracting lovers in the first place. In this trailblazing new book, he draws on his original research to show how a clearer understanding of these forces can improve the health of your relationship and even rescue a failing one.

Couples Therapy Janis Bryans Psy. D 2021-06-15 You desperately want to know how to save your marriage... but you have NO answers! You feel helpless and frustrated. The pain does not diminish, it magnifies, consumes your mind and tears your heart to pieces. This is what I often hear from my customers. ♥ 3 Books in 1 ♥ This collection includes: ♦ Couple Therapy Workbook ♦ Healing from infidelity ♦ Codependency You may have heard painful things like "I'm not happy anymore", "I don't love you" or "I'm leaving you". Perhaps your partner has already left you. Whatever the situation, I know how extremely difficult, stressful and harrowing this situation is... and I know how hopeless such a situation can make you feel. So, I'll begin by telling you that there is a light at the end of this long, dark tunnel. When a marriage hits a crisis, the actions that individuals take could change their lives forever; so, finding the right help is essential. This handbook by Bryans shares his thoughts and guidance that has led many couples to seek help and rebuild their lives following a relationship crisis. You find it hard to understand how the person you loved, who once loved you, can now treat you like an enemy. Your spouse may repeatedly say things such as "I'm done, it's done", or even, "You're getting worse" when you try to do anything to save your marriage. You want a sign of encouragement. Should you give up? No. Is there a magical solution, a "quick fix" or a "simple sentence" that will save your marriage? No. But there are specific things that you should do (and some that you should NOT be doing if you want to save your marriage). This book would be useful for any married or unmarried couple. Even if you are in a good position in your relationship, it can only help to improve things. With this collection you will learn: 1. Couple Therapy Workbook - Conflict is part of every relationship, even the healthiest ones. The key to a long-lasting relationship isn't avoiding fights, but rather seeing them as opportunities to work together. This handbook is a helpful toolkit containing expert advice and activities to help both of you cultivate stronger attachment bonds and greater relationship. 2. Healing from Infidelity - Betrayal represents a direct attack on self-esteem. Not only will we feel angry, emotional pain or even hate, but it is a common occurrence to feel humiliated. This can lead to the risk of falling into depression. Fortunately, the contents of this manual can help you to overcome the pain, no matter what kind of betrayal you have suffered or the depth of the wound inflicted. There is always a chance of recovery if you follow the right path. 3. Codependency - In a crisis, it's easy to revert to old patterns. Caring for your well-being during the coronavirus pandemic includes maintaining healthy boundaries and saying no to unhealthy relationships. Is someone else's problem your problem? If, like so many others, you've lost sight of your own life in the drama of tending to someone else's, you may be codependent. Not everyone wants, or has time, to physically sit down with a consultant; but with this book you can now do it in the privacy of your home. This is an excellent guide that will help you in your efforts to get things back on track or simply to maintain what is already a good track. Rebuilding a broken marriage is a rocky road. Reading this manual now is the best way to correct a relationship that is falling apart and to avoid triggering negative chain reactions while it is still possible.

What Men Say, What Women Hear Linda Papadopoulos 2008-12-30 An indispensable relationship guide for every woman who has ever told her partner, "Really, don't go to any trouble for my birthday"...And then been disappointed when he didn't. He says: "That dress looks great! Let's buy it!" You hear: "He really loves being with me. I feel as though we've truly bonded." He means: "For the love of God, the last eight black dresses you tried on looked identical! Just buy one, so we can get home in time for the game!" In *What Men Say, What Women Hear*, Dr. Linda Papadopoulos tackles the saying, hearing, and listening gap between men and women that can complicate every step of a relationship, from first dates and first sex to meeting the parents and living happily ever after. An expert on Cognitive Behavior Therapy, which connects people's initial and often misguided perception of something to the emotional reaction that follows, Dr. Linda deconstructs the common thinking errors that can hinder communication—such as personalizing everything ("He's in a bad mood. Clearly he's thinking of a way to dump me.") and jumping to conclusions ("He asked how much younger my sister is than me. I bet he thinks I look like an old bat compared to her."). By applying clinical techniques to fun—and oh-so-familiar—examples, Dr. Linda helps readers eliminate unnecessary relationship anxiety and reevaluate the way they think about themselves, their partners, and the world around them.

COUPLES THERAPY MADE EASY Lisa Hunt 2021-04-16 *** BEST SELLING COUPLES THERAPY GUIDE --- RECONNECT WITH YOUR PARTNER TODAY *** You may have heard hurtful statements such as "I'm not happy anymore," "I don't love you," or "I'm leaving you." Maybe your partner has already dumped you. Whatever the case, I understand how complicated, exhausting, and harrowing it can be... and I understand how helpless it can make you feel. So let me start by saying that there is a light at the end of this long, dark tunnel. When a marriage is in trouble, the decisions that people take will change their lives forever; hence, getting the right support is essential. In this guide Lisa Hunt shares his experiences and advice that have led many couples to seek support and restore their lives after a relationship crisis. You don't understand how the person you once loved, who once loved you, can now treat you as an enemy. When you try to save your marriage, your spouse can repeatedly say things like "I'm over, it's done," or even "You're getting worse." You're looking for a reassuring sign. Should you call it quits? No, it does not. Is there a miracle cure, a "easy fix," or a "simple sentence" that will save your marriage? No, it does not. However, there are a few things you can do (and some that you should NOT be doing if you want to save your marriage). This book is appropriate for any married or unmarried couple. Even if you are in a good place in your relationship, it can only help to make things better. If you're looking to reconnect emotionally and overcome relationship obstacles, *Couples Therapy Made Easy* is the perfect book for you!

Couple Therapy Workbook Janis Bryans Psy.D 2020-05-01 You desperately want to know how to save your marriage... but you have NO answers! You feel helpless and frustrated. The pain does not diminish, it magnifies, consumes your mind and tears your heart to pieces. This is what I often hear from my customers. You may have heard painful things like "I'm not happy anymore", "I don't love you" or "I'm leaving you". Perhaps your partner has already left you. Whatever the situation, I know how extremely difficult, stressful and harrowing this situation is... and I know how hopeless such a situation can make you feel. So, I'll begin by telling you that there is a light at the end of this long, dark tunnel. When a marriage hits

a crisis, the actions that individuals take could change their lives forever; so, finding the right help is essential. This handbook by Bryans shares his thoughts and guidance that has led many couples to seek help and rebuild their lives following a relationship crisis. You find it hard to understand how the person you loved, who once loved you, can now treat you like an enemy. Your spouse may repeatedly say things such as "I'm done, it's done", or even, "You're getting worse" when you try to do anything to save your marriage. You want a sign of encouragement. Should you give up? No. Is there a magical solution, a "quick fix" or a "simple sentence" that will save your marriage? No. But there are specific things that you should do (and some that you should NOT be doing if you want to save your marriage). This book would be useful for any married or unmarried couple. Even if you are in a good position in your relationship, it can only help to improve things. You will learn:

- How to remove the behaviors that kill relationships.
- To discover who your partner really is.
- Why people behave in ways that you find frustrating.
- The communication techniques that will facilitate good practice in relationships on a daily basis.
- Descriptions of the most common marital challenges - money, intimacy, anger and conflict.
- The stories of my customers who have overcome negativity in the most complicated relationships, and much more.

Not everyone wants, or has time, to physically sit down with a consultant; but with this book you can now do it in the privacy of your home. This is an excellent guide that will help you in your efforts to get things back on track or simply to maintain what is already a good track. Rebuilding a broken marriage is a rocky road. Reading this manual now is the best way to correct a relationship that is falling apart and to avoid triggering negative chain reactions while it is still possible.

How to Save Your Marriage When Trust Is Broken: Discover 10 Simple Steps to Turn Your Broken Trust Into a Happy Marriage Kate Homily 2022-11-18 Uncover the hidden secrets to long-lasting love and intimacy... You opened up your heart and gave it your all - raw, exposed, and completely vulnerable. This time it was worth it, this time it was for everything. But then the trust was broken, and now you're wondering if things will ever be the same again. I mean how could they be right, you trusted them! This is a common theme among relationships and although avoidable, it happens. To maintain unwavering and full trust in another over a lifetime of relationship requires effort and commitment. The good news is, even if the trust has been broken this same effort and commitment can restore everything and can even enhance the bonds of love and intimacy. Did you know that over 20% of couples who have experienced broken trust repair their relationship and move forward into unconditional love? A number that would be even higher if the same study hadn't shown that in 55% of such occurrences one individual immediately gave up on their significant other... Maybe your partner cheated on you with someone else? Maybe they repeatedly fail to listen to your wants and desires, or maybe they did something that directly went against everything the two of you had previously agreed upon? Whatever the case may be, it is possible to move past this moment and into a new paradigm of happiness and love. In *How To Save Your Marriage When Trust Is Broken* you'll discover:

- The most important 1st step in building any relationship
- Insight from more than 15 couples who have repaired the trust in their relationship
- The most common trends among failing relationships and how to avoid them
- Expert insight on how to love yourself and why it's so important for your relationships
- A play-by-play guide to truly understanding your spouse's point of view
- The 5 most important things to avoid in order to maintain a long-lasting relationship
- What unconditional love is and how it will change your life forever ... and so much more.

Even the most uncertain of times can turn out in favor of something better, something more. It is often true that the darkest moments of our life become our greatest teachers, and love is no different. All relationships come with energy and effort requirements, and as it is true with all aspects of life - things don't always go as planned. It is up to us to embrace the flow of life's river and to choose love and understanding even in the face of adversity. For this to be so, trust must not only be cultivated but actively maintained. Trust requires effort from both parties, but when pursued with the right tools and techniques, maintaining it is easy and will lead to a lifetime of happiness and joy, a marriage filled with love and intimacy. So, if you're ready to save your marriage and move forward into a relationship of trust and loving affection, then scroll up and click the "Add to Cart" button right now.
