**Where the Peacocks Sing** - Alison Singh Gee  
2013-02-19

How far would you travel for love? In her sparkling memoir, journalist Alison Singh Gee learns that love, riches, and a place to call home can be found in the most unexpected places. Alison Singh Gee was a glamorous magazine writer with a serious Jimmy Choo habit, a weakness for five-star Balinese resorts, and a reputation for dating highborn British men. Then she met Ajay, a charming and unassuming

Indian journalist, and her world turned upside down. Traveling from her shiny, rapid-fire life in Hong Kong to Ajay's native village, Alison learns that not all is as it seems. Turns out that Ajay is a landed prince (of sorts), but his family palace is falling to pieces. Replete with plumbing issues, strange noises, and intimidating relatives, her new love's ramshackle palace, Mokimpur, is a broken-down relic in desperate need of a makeover. And Alison wonders if she can soldier on for the sake of the man who just might be her soul mate. This modern-day fairytale, WHERE THE PEACOCKS SING, takes readers on a cross-cultural journey from the manicured gardens of Beverly Hills, to the bustling streets of Hong Kong and finally to the rural Indian countryside as Alison comes to terms with her complicated new family, leaves the modern world behind, and learns the true meaning of home.

for identity and belonging after being abandoned at the age of three and subsequently adopted by a New Orleans couple in a non-Asian community. *The Booklover's Guide to New Orleans* - Susan Larson 2013-09-05

The literary tradition of New Orleans spans centuries and touches every genre; its living heritage winds through storied neighborhoods and is celebrated at numerous festivals across the city. For booklovers, a visit to the Big Easy isn't complete without whiling away the hours in an antiquarian bookstore in the French Quarter or stepping out on a literary walking tour. Perhaps only among the oak-lined avenues, Creole town houses, and famed hotels of New Orleans can the lust of *A Streetcar Named Desire*, the zaniness of *A Confederacy of Dunces*, the chill of *Interview with the Vampire*, and the heartbreak of *Walker Percy's Moviegoer* begin to resonate. Susan Larson's revised and updated edition of *The Booklover's Guide to New Orleans* not only explores the legacy of Tennessee

Williams and William Faulkner, but also visits the haunts of celebrated writers of today, including Anne Rice and James Lee Burke. This definitive guide provides a key to the books, authors, festivals, stores, and famed addresses that make the Crescent City a literary destination.

satisfying, and finished all too soon" by Laura Fraser, author of *An Italian Affair*, this is a unique memoir about the search for identity through love, hunger, and food. Jim Harrison says, "Trail of Crumbs reminds me of what heavily costumed and concealed waifs we all are. Kim Sunv©e tells us so much about the French that I never learned in 25 trips to Paris, but mostly about the terrors and pleasure of that infinite octopus, love. A fine book." When Kim Sunv©e was three years old, her mother took her to a marketplace, deposited her on a bench with a fistful of food, and promised she'd be right back. Three days later a policeman took the little girl, clutching what was now only a fistful of crumbs, to a police station and told her that she'd been abandoned by her mother. Fast-forward almost 20 years and Kim's life is unrecognizable. Adopted by a young New Orleans couple, she spends her youth as one of only two Asian children in her entire community. At the age of 21, she becomes involved with a

famous French businessman and suddenly finds herself living in France, mistress over his houses in Provence and Paris, and stepmother to his eight year-old daughter. Kim takes readers on a lyrical journey from Korea to New Orleans to Paris and, along the way serving forth her favorite recipes. A love story at heart, this memoir is about the search for identity and a book that will appeal to anyone who is passionate about love, food, travel, and the ultimate search for self.

**Food in Memory and Imagination** - Beth Forrest 2022-03-10

How do we engage with food through memory and imagination? Divided into seven sections, this expansive volume spans time and space to illustrate how, through food, people have engaged with the past, future and their alternative presents. Bringing together a variety of perspectives on an emerging area of study, *Food in Memory and Imagination* investigates how food can be explored through both past experiences, and future and present imaginings. In doing so, the book identifies that the previously drawn culinary dichotomy between memory and imagination is not clear-cut. Beth Forrest and Gregory de St Maurice have brought together first-class contributions from Charles Spence, Lisa Heldke, Carole Counihan and Fabio Parasecoli to look at how imagination and memory intertwine and sometimes diverge. With

coverage of previously unexplored geographical regions, including Japan and South Asia, as well as Italy, Iran and the American Midwest, the contributors span disciplines including anthropology, sociology, history, psychology and philosophy, making this reference volume a veritable feast for the contemporary food studies scholar.

**Season to Taste** - Caroline J. Smith 2023-05-18  
Between 2000 and 2010, many contemporary US-American women writers were returning to the private space of the kitchen, writing about their experiences in that space and then publishing their memoirs for the larger public to consume. *Season to Taste: Rewriting Kitchen*

*Space in Contemporary Women's Food Memoirs* explores women's food memoirs with recipes in order to consider the ways in which these women are rewriting this kitchen space and renegotiating their relationships with food. Caroline J. Smith begins the book with a historical overview of how the space of the kitchen, and the expectations of women associated with it, have shifted considerably since the 1960s. *Better Homes and Gardens*, as well as the discourse of the second-wave feminist movement, tended to depict the space as a place of imprisonment. The contemporary popular writers examined in *Season to Taste*, such as Ruth Reichl, Kim Sunée, Jocelyn Delk Adams, Julie Powell, and Molly Wizenberg, respond to this characterization by instead presenting the kitchen as a place of transformation. In their memoirs and recipes, these authors reinterpret their roles within the private sphere of the home as well as the public sphere of the world of publishing (whether print

or digital publication). The authors examined here explode the divide of private/feminine and public/masculine in both content and form and complicate the genres of recipe writing, diary writing, and memoir. These women writers, through the act of preparing and consuming food, encourage readers to reconsider the changing gender politics of the kitchen.

Touching on failure, success, love, lust, work, and what it's like to leave one life behind to begin another one, these essays are for everyone who ever had a job she wished she didn't, felt inchoate ambition sour into resentment, ended a relationship, regretted a decision, or told a secret to exactly the wrong person. In piercing, candid, witty prose, Gould decodes the new challenges of our post-private lives and the age-old intricacies of the human heart.
