

# Unprotected Sex During Period Reddit

**Crow Lake** - Mary Lawson 2009-06-05

Crow Lake is that rare find, a first novel so quietly assured, so emotionally pitch perfect, you know from the opening page that this is the real thing—a literary experience in which to lose yourself, by an author of immense talent. Here is a gorgeous, slow-burning story set in the rural “badlands” of northern Ontario, where heartbreak and hardship are mirrored in the landscape. For the farming Pye family, life is a Greek tragedy where the sins of the fathers are visited on the sons, and terrible events occur-offstage. Centerstage are the Morrisons, whose tragedy looks more immediate if less brutal, but is, in reality, insidious and divisive. Orphaned young, Kate Morrison was her older

brother Matt’s protegee, her fascination for pond life fed by his passionate interest in the natural world. Now a zoologist, she can identify organisms under a microscope but seems blind to the state of her own emotional life. And she thinks she’s outgrown her siblings—Luke, Matt, and Bo—who were once her entire world. In this universal drama of family love and misunderstandings, of resentments harbored and driven underground, Lawson ratchets up the tension with heartbreaking humor and consummate control, continually overturning one’s expectations right to the very end. Tragic, funny, unforgettable, Crow Lake is a quiet tour de force that will catapult Mary Lawson to the forefront of fiction writers today.

**Common Women** - Ruth Mazo Karras  
1998-04-23

Through a sensitive use of a wide variety of imaginative and didactic texts, Ruth Karras shows that while prostitutes as individuals were marginalized within medieval culture, prostitution as an institution was central to the medieval understanding of what it meant to be a woman. This important work will be of interest to scholars and students of history, women's studies, and the history of sexuality.

**Disease Control Priorities, Third Edition (Volume 6)** - King K. Holmes 2017-11-06

Infectious diseases are the leading cause of death globally, particularly among children and young adults. The spread of new pathogens and the threat of antimicrobial resistance pose particular challenges in combating these diseases. Major Infectious Diseases identifies feasible, cost-effective packages of interventions and strategies across delivery platforms to prevent and treat HIV/AIDS, other sexually

transmitted infections, tuberculosis, malaria, adult febrile illness, viral hepatitis, and neglected tropical diseases. The volume emphasizes the need to effectively address emerging antimicrobial resistance, strengthen health systems, and increase access to care. The attainable goals are to reduce incidence, develop innovative approaches, and optimize existing tools in resource-constrained settings.

**Taking Charge of Your Fertility** - Toni Weschler 2015-07-14

This new edition for the twentieth anniversary of the groundbreaking national bestseller provides all the information you need to monitor your menstrual cycle—along with updated information on the latest reproductive technologies Are you unhappy with your current method of birth control? Or demoralized by your quest to have a baby? Do you experience confusing signs and symptoms at various times in your cycle? This invaluable resource provides the answers to your questions while giving you

amazing insights into your body. Taking Charge of Your Fertility has helped literally hundreds of thousands of women avoid pregnancy naturally, maximize their chances of getting pregnant, or simply gain better control of their gynecological and sexual health. Toni Weschler thoroughly explains the empowering Fertility Awareness Method (FAM), which in only a couple of minutes a day allows you to: Enjoy highly effective and scientifically proven birth control without chemicals or devices Maximize your chances of conception before you see a doctor or resort to invasive high-tech options Expedite your fertility treatment by quickly identifying impediments to pregnancy achievement Gain control and a true understanding of your gynecological and sexual health This new edition includes: A fully revised and intuitive charting system A selection of personalized master charts for birth control, pregnancy achievement, breastfeeding, and menopause An expanded sixteen-page color insert that reflects the book's

most important concepts Six brand-new chapters on topics including balancing hormones naturally, preserving your future fertility, and three medical conditions all women should be aware of

### **The Crimes of Women in Early Modern Germany** - Ulinka Rublack 2001

A study of the crimes of women in early modern Germany, this text draws on court records to examine the lives of shrewd cutpurses, quarrelling artisan wives, and soldiers' concubines.

### **Clinical Management of Male Infertility** - Giorgio Cavallini 2014-10-20

This book provides andrologists and other practitioners with reliable, up-to-date information on all aspects of male infertility and is designed to assist in the clinical management of patients. Clear guidance is offered on classification of infertility, sperm analysis interpretation and diagnosis. The full range of types and causes of male infertility are then

*Downloaded from  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2023-09-14  
by guest*

discussed in depth. Particular attention is devoted to poorly understood conditions such as unexplained couple infertility and idiopathic male infertility, but the roles of diverse disorders, health and lifestyle factors and environmental pollution are also fully explored. Research considered stimulating for the reader is highlighted, reflecting the fascinating and controversial nature of the field. International treatment guidelines are presented and the role of diet and dietary supplements is discussed in view of their increasing importance. Clinicians will find that the book's straightforward approach ensures that it can be easily and rapidly consulted.

### **Law, Sex, and Christian Society in Medieval Europe** - James A. Brundage 2009-02-15

This monumental study of medieval law and sexual conduct explores the origin and development of the Christian church's sex law and the systems of belief upon which that law rested. Focusing on the Church's own legal

system of canon law, James A. Brundage offers a comprehensive history of legal doctrines—covering the millennium from A.D. 500 to 1500—concerning a wide variety of sexual behavior, including marital sex, adultery, homosexuality, concubinage, prostitution, masturbation, and incest. His survey makes strikingly clear how the system of sexual control in a world we have half-forgotten has shaped the world in which we live today. The regulation of marriage and divorce as we know it today, together with the outlawing of bigamy and polygamy and the imposition of criminal sanctions on such activities as sodomy, fellatio, cunnilingus, and bestiality, are all based in large measure upon ideas and beliefs about sexual morality that became law in Christian Europe in the Middle Ages. "Brundage's book is consistently learned, enormously useful, and frequently entertaining. It is the best we have on the relationships between theological norms, legal principles, and sexual practice."—Peter

*Mercy Street* - Jennifer Haigh 2022-02-01

NATIONAL BESTSELLER “Ms. Haigh is an expertly nuanced storyteller long overdue for major attention. Her work is gripping, real, and totally immersive, akin to that of writers as different as Richard Price, Richard Ford, and Richard Russo.”—Janet Maslin, *New York Times*  
The highly praised, “extraordinary” (*New York Times Book Review*) novel about the disparate lives that intersect at a women’s clinic in Boston, by *New York Times* bestselling author Jennifer Haigh For almost a decade, Claudia has counseled patients at *Mercy Street*, a clinic in the heart of the city. The work is consuming, the unending dramas of women in crisis. For its patients, *Mercy Street* offers more than health care; for many, it is a second chance. But outside the clinic, the reality is different. Anonymous threats are frequent. A small, determined group of anti-abortion demonstrators appears each morning at its door. As the protests intensify,

fear creeps into Claudia’s days, a humming anxiety she manages with frequent visits to Timmy, an affable pot dealer in the midst of his own existential crisis. At Timmy’s, she encounters a random assortment of customers, including Anthony, a lost soul who spends most of his life online, chatting with the mysterious Excelsior11—the screenname of Victor Prine, an anti-abortion crusader who has set his sights on *Mercy Street* and is ready to risk it all for his beliefs. *Mercy Street* is a novel for right now, a story of the polarized American present. Jennifer Haigh, “an expert natural storyteller with a keen sense of her characters’ humanity” (*New York Times*), has written a groundbreaking novel, a fearless examination of one of the most divisive issues of our time.

**Normporn** - Karen Tongson 2023-11-07

An irreverent look at the love-hate relationship between queer viewers and mainstream family TV shows like *Gilmore Girls* and *This Is Us* After personal loss, political upheaval, and the

Downloaded from  
[legacy.opendemocracy.net](https://legacy.opendemocracy.net) on 2023-09-14  
by guest

devastation of the COVID-19 pandemic, many of us craved a return to business as usual, the mundane, the middlebrow. We turned to TV to find these things. For nearly forty years, network television has produced a constant stream of “cry-along” sentimental-realist dramedies designed to appeal to liberal, heterosexual, white America. But what makes us keep watching, even though these TV series inevitably fail to reflect who we are? Revisiting soothing network dramedies like *Parenthood*, *Gilmore Girls*, *This Is Us*, and their late-80s precursor, *thirtysomething*, Normporn mines the nuanced pleasures and attraction-repulsion queer viewers experience watching liberal family-centric shows. Karen Tongson reflects on how queer cultural observers work through repeated declarations of a “new normal” and flash lifestyle trends like “normcore,” even as the absurdity, aberrance, and violence of our culture intensifies. Normporn allows us to process how the intimate traumas of everyday life depicted on

certain TV shows—of love, life, death, and loss—are linked to the collective and historical traumas of their contemporary moments, from financial recessions and political crises to the pandemic. Normporn asks, what are queers to do—what is anyone to do, really—when we are forced to confront the fact of our own normalcy, and our own privilege, inherited or attained? The fantasies, the utopian impulses, and (paradoxically) the unreality of sentimental realist TV drama creates a productive tension that queer spectators in particular take pleasure in, even as—or precisely because—it lulls us into a sense of boredom and stability that we never thought we could want or have. .

**The Billings Method** - Evelyn Billings 1993

**The Impatient Woman's Guide to Getting Pregnant** - Jean M. Twenge 2012-04-17

Comforting and intimate, this “girlfriend” guide to getting pregnant gets to the heart of all the emotional issues around having

Downloaded from

by guest

children—biological pressure, in-law pressures, greater social pressures—to support women who are considering getting pregnant. Trying to get pregnant is enough to make any woman impatient. The *Impatient Woman's Guide to Getting Pregnant* is a complete guide to the medical, psychological, social, and sexual aspects of getting pregnant, told in a funny, compassionate way, like talking to a good friend who's been through it all. And in fact, Dr. Jean Twenge has been through it all—the mother of three young children, she started researching fertility when trying to conceive for the first time. A renowned sociologist and professor at San Diego State University, Dr. Twenge brought her research background to the huge amount of information—sometimes contradictory, frequently alarmist, and often discouraging—that she encountered online, from family and friends, and in books, and decided to go into the latest studies to find out the real story. The good news is: There is a lot less to worry about than

you've been led to believe. Dr. Twenge gets to the heart of the emotional issues around getting pregnant, including how to prepare mentally and physically when thinking about conceiving; how to talk about it with family, friends, and your partner; and how to handle the great sadness of a miscarriage. Also covered is how to know when you're ovulating, when to have sex, timing your pregnancy, maximizing your chances of getting pregnant, how to tilt the odds toward having a boy or a girl, and the best prenatal diet. Trying to conceive often involves an enormous amount of emotion, from anxiety and disappointment to hope and joy. With comfort, humor, and straightforward advice, *The Impatient Woman's Guide to Getting Pregnant* is the bedside companion to help you through it.

**The Hidden Epidemic** - Institute of Medicine  
1997-04-28

The United States has the dubious distinction of leading the industrialized world in overall rates of sexually transmitted diseases (STDs), with 12

*Downloaded from*  
[legacy.opendemocracy.net](http://legacy.opendemocracy.net) on 2023-09-14  
by guest

million new cases annually. About 3 million teenagers contract an STD each year, and many will have long-term health problems as a result. Women and adolescents are particularly vulnerable to these diseases and their health consequences. In addition, STDs increase the risk of HIV transmission. The Hidden Epidemic examines the scope of sexually transmitted infections in the United States and provides a critical assessment of the nation's response to this public health crisis. The book identifies the components of an effective national STD prevention and control strategy and provides direction for an appropriate response to the epidemic. Recommendations for improving public awareness and education, reaching women and adolescents, integrating public health programs, training health care professionals, modifying messages from the mass media, and supporting future research are included. The book documents the epidemiological dimensions and the economic

and social costs of STDs, describing them as "a secret epidemic" with tremendous consequences. The committee frankly discusses the confusing and often hypocritical nature of how Americans deal with issues regarding sexuality—the conflicting messages conveyed in the mass media, the reluctance to promote condom use, the controversy over sex education for teenagers, and the issue of personal blame. The Hidden Epidemic identifies key elements of effective, culturally appropriate programs to promote healthy behavior by adolescents and adults. It examines the problem of fragmentation in STD services and provides examples of communities that have formed partnerships between stakeholders to develop integrated approaches. The committee's recommendations provide a practical foundation on which to build an integrated national program to help young people and adults develop habits of healthy sexuality. The Hidden Epidemic was written for both health care professionals and people

without a medical background and will be indispensable to anyone concerned about preventing and controlling STDs.

Unprotected Texts - Jennifer Wright Knust  
2011-01-25

“An explosive, fascinating book that reveals how the Bible cannot be used as a rulebook when it comes to sex. A terrific read by a top scholar.”  
—Bart Ehrman, author of *Misquoting Jesus*  
Boston University’s cutting-edge religion scholar Jennifer Wright Knust reveals the Bible’s contradictory messages about sex in this thoughtful, riveting, and timely reexploration of the letter of the gospels. In the tradition of Bart Ehrman’s *Jesus Interrupted* and John Shelby Spong’s *Sins of Scripture*, Knust’s *Unprotected Texts* liberates us from the pervasive moralizing—the fickle dos and don’ts—so often dictated by religious demagogues. Knust’s powerful reading offers a return to the scripture, away from the mere slogans to which it is so often reduced.

The Palgrave Handbook of Critical Menstruation Studies - Chris Bobel 2020-07-24

This open access handbook, the first of its kind, provides a comprehensive and carefully curated multidisciplinary and genre-spanning view of the state of the field of Critical Menstruation Studies, opening up new directions in research and advocacy. It is animated by the central question: “what new lines of inquiry are possible when we center our attention on menstrual health and politics across the life course?” The chapters—diverse in content, form and perspective—establish Critical Menstruation Studies as a potent lens that reveals, complicates and unpacks inequalities across biological, social, cultural and historical dimensions. This handbook is an unmatched resource for researchers, policy makers, practitioners, and activists new to and already familiar with the field as it rapidly develops and expands.

*Sexuality in Medieval Europe* - Ruth Mazo

Downloaded from  
[legacy.opendemocracy.net](https://www.legacyopendemocracy.net) on 2023-09-14  
by guest

Karras 2012-03-12

'The best short introduction to medieval sexuality that I have read: a remarkable book.' - Vern Bullough, *Reviews in History*

'Undergraduate and graduate students will find in Karras' book an extremely helpful guide to what can be a confusing and perplexing body of scholarship. Even established scholars are likely to find it enlightening as well as enjoyable.' - James Brundage, *Journal of Ecclesiastical History*

'An impressively synthetic and highly readable survey of current scholarship on medieval sexuality that will be of considerable use in undergraduate and postgraduate teaching.' - Emma Campbell, *Signs*

Sexuality in medieval Europe has become a vital scholarly field that is now recognized as central to the study of the Middle Ages. Using a wide collection of evidence from the late Antique period up until the fifteenth century, this new edition of the standard overview on the topic demonstrates that medieval culture developed

sexual identities that were quite different from the identities we think of today, yet that were still in some ways ancestral to our own. Challenging the way the Middle Ages have been treated in general histories of sexuality, Ruth Mazo Karras shows how views at the time were conflicted and complicated; there was no single medieval attitude towards sexuality any more than there is one modern attitude. The well-known lusty priest and the 'repressed' penitent have their roles to play, but set here in a wider context these figures take on fascinating new dimensions. Focusing on acceptable marital sexual activity as well as what was seen as transgressive, the chapters cover such topics as chastity, the role of the church, and non-reproductive activity. Combining an overview of research on the topic with original interpretations, now updated with the latest scholarship and additional material from medieval Christian Europe, Jewish medieval culture and the Islamic world, *Sexuality in*

*Downloaded from*

Medieval Europe is essential reading for all those who study medieval history and culture, or who have an interest in the way sexuality and sexual identity have been viewed in the past.

**Godblight** - Guy Haley 2022-08-30

Book 3 in the Dark Imperium series. The paths of Roboute Guilliman and his fallen brother Mortarion bring them inexorably together on Iax. Once a jewel of the Imperium, the garden world is dying, as the plans of the Lord of Death to use it as a fulcrum to drag the stellar realm of Ultramar into the warp come to deadly fruition. While Guilliman attempts to prevent the destruction of his kingdom, Mortarion schemes to bring his brother low with the Godblight, a disease created in the Cauldron of Nurgle itself, made with the power to destroy a son of the Emperor. Primarchs clash on the ravaged landscapes of Iax. The gods go to war, and the wider galaxy balances on a knife-edge of destruction. As something powerful stirs in the sea of souls, only one thing is certain - no matter

who wins the last great clash of the Plague War, the repercussions of victory will echo through eternity...

Mothers and Children - Elisheva Baumgarten 2013-10-24

This book presents a synthetic history of the family--the most basic building block of medieval Jewish communities--in Germany and northern France during the High Middle Ages.

Concentrating on the special roles of mothers and children, it also advances recent efforts to write a comparative Jewish-Christian social history. Elisheva Baumgarten draws on a rich trove of primary sources to give a full portrait of medieval Jewish family life during the period of childhood from birth to the beginning of formal education at age seven. Illustrating the importance of understanding Jewish practice in the context of Christian society and recognizing the shared foundations in both societies, Baumgarten's examination of Jewish and Christian practices and attitudes is explicitly

comparative. Her analysis is also wideranging, covering nearly every aspect of home life and childrearing, including pregnancy, midwifery, birth and initiation rituals, nursing, sterility, infanticide, remarriage, attitudes toward mothers and fathers, gender hierarchies, divorce, widowhood, early education, and the place of children in the home, synagogue, and community. A richly detailed and deeply researched contribution to our understanding of the relationship between Jews and their non-Jewish neighbors, Mothers and Children

provides a key analysis of the history of Jewish families in medieval Ashkenaz.
