**The Shore of Women** Pamela Sargent 2014-11-27 This classic work of feminist science fiction finds the world reordered. Following a nuclear holocaust, women have used advanced technology to expel men from their cities, bringing them back only for purposes of loveless reproduction under the guise of powerful goddesses. When one young woman, Birana, questions her society's deception, she finds herself exiled amongst the very men she has been taught to scorn. As Birana and her reluctant male protector Arvil grow closer, their feelings for each other just might mend their fractured world-if they somehow manage to survive.

**Parable of the Sower** Octavia E. Butler 2023-03-28 This acclaimed post-apocalyptic novel of hope and terror from an award-winning author "pairs well with 1984 or The Handmaid's Tale" and includes a foreword by N. K. Jemisin (John Green, New York Times). **Gender trolling** Karla Mantilla 2015-08-31 Gender trolling arises out of the same misogyny that fuels other "real life" forms of harassment and abuse of women. This book explains this phenomenon, the way it can impact women's lives, and how it can be stopped. Designed to educate the general public on a popular and brutal form of harassment against women, *Gender trolling: How Misogyny Went Viral* provides key insight into this Internet phenomenon. The book not only differentiates this violent form of trolling from others but also discusses the legal parameters surrounding the issue, such as privacy, anonymity, and free speech online as well as offering legal and policy recommendations for improving the climate for women online. The analysis of social media and legal aspects of the book make it highly suitable as a reliable source to many modern classes. Additionally, increased awareness among the general and scholarly public of the phenomenon of gender trolling would help galvanize widespread support for laws, policies, new online content provider protocols, and positive social pressure.

**Vaccine** Floyd Jordan 2023-01-20 *Vaccine* By: Floyd Jordan *Vaccine* is a fictional story about the coronavirus pandemic plaguing the United States and the world. Because of a slow and poor response to this pandemic, the United States suffered from coronavirus infections and deaths more than any country in the world. The race by every pharmaceutical company in the world to develop a vaccine to stop the infections and deaths was most crucial to the current president of the United States and his chances for reelection in November 2020. The president needed to have an effective vaccine ready for inoculations before the election, and this desire resulted in many crucial safety steps being skipped and overlooked. The vaccine was developed and effective, but weeks later inoculated Americans would need protection from the vaccine. *Vaccine* is an interesting and relevant story that mirrors the current virus and vaccine environment we live in today. It captivates the reader by following the daily experiences of fictional characters from the Miami Fire Department, where the deputy fire chief becomes the first person in the country to die from the effects of the vaccine. The most fascinating and surprising part? The mutating vaccine only kills one ethnic group.

**Language and Woman's Place** Robin Tolmach Lakoff 2004-07-22 The 1975 publication of Robin Tolmach Lakoff's *Language and Woman's Place*, is widely recognized as having inaugurated feminist research on the relationship between language and gender, touching off a remarkable response among language scholars, feminists, and general readers. For the past thirty years, scholars of language and gender have been debating and developing Lakoff's initial observations. Arguing that language is fundamental to gender inequality, Lakoff pointed to two areas in which inequalities can be found: Language used about women, such as the asymmetries between seemingly parallel terms like master and mistress, and language used by women, which places women in a double bind between being appropriately feminine and being fully human. Lakoff's central argument that "women's language" expresses powerlessness triggered a controversy that continues to this day. The revised and expanded edition presents the full text of the original first edition, along with an introduction and annotations by Lakoff in which she reflects on the text a quarter century later and expands on some of the most widely discussed issues it raises. The volume also brings together commentaries from twenty-six leading scholars of language, gender, and sexuality, within linguistics, anthropology, modern languages, education, information sciences, and other disciplines. The commentaries discuss the book's contribution to feminist research on language and explore its ongoing relevance for scholarship in the field. This new edition of *Language and Woman's Place* not only makes available once again the pioneering text of feminist linguistics; just as important, it places the text in the context of contemporary feminist and gender theory for a new generation of readers.

**The Dreamtime** Mstyslav Chernov 2022-10-11 From Pulitzer Prize-winning AP Journalist and Director/Producer/Writer of 20 Days in Mariupol, Winner of the 2023 Sundance Film Festival's Audience Award in World Cinema Documentary "[A] book for our times—vivid enough to grab us and not let go." — Kirkus Reviews (starred review) "A powerful psychological thriller about borderline situations in life, hopes and dreams. Written against the backdrop of the war, before Russia's full-scale invasion of Ukraine, the story acquires an additional passionate and humanistic significance." — Andrey Kurkov, author of Grey Bees "[T]his timely novel from a Ukrainian author excels at examining the connection between reality and dreams and exploring the effects of war on the human psyche." — Library Journal *The Dreamtime* is a fusion of documentary and military fiction inspired by the author's experience as an award-winning war correspondent that offers a unique and gritty point of view on the horrors of war through four intertwining narratives. Parallel storylines from a guilt-ridden doctor trying to exorcise his demons by exposing himself to war; a young woman tending to her ailing father as the bombs fall around them in Russian-occupied Slovyansk; a mysterious sociopath playing a cat-and-mouse game; and a forensic expert solving a murder case while trying to save her marriage with a discharged soldier bring a raw intensity and a deeply personal connection to the effects of war. As the threads of their stories unfurl, through harrowing scenes of personal and collective trauma, an enigmatic pattern emerges. Shifting from Ukraine's war-torn Donbas to southern Europe and southeast Asia, *The Dreamtime* ties together themes of existential conflict, the blurred line between reality and dreams, and how easily the boundary dissolves between waking life and nightmare. Originally published in Kyiv in 2020, *The Dreamtime* has been well received by critics around the world and praised for its realism in depicting war, for its creative literary depiction of how dreams reflect the psyche, and for its masterly prose.

Doro knows he must handle Mary carefully or risk her ending like his previous experiments: dead, either by her own hand or Doro's. **Between Laughter and Satire** Conal Condren 2023-03-17 This book explores closely related aspects of the historical study of humour. It challenges much that has been taken for granted in a field of study for which history has been marginal. It disputes the conventional genealogical view that humour theory dates from antiquity and outlines an alternative conceptual history. It critically examines the nostrum that humour is universal. It then explores the methodological difficulties in treating both verbal and non-verbal humour historically, dealing with contextualisation, intentionality, translation and reception. It explores the variable relationships between satire and definition and concludes with a detailed case study from recent history: the iconic *Yes Minister* and *Yes, Prime Minister* television comedies. These are commonly seen as realistic, but better understood as presenting popularised theories for satiric and propagandistic effect. Only in their treatment of language can we assess a putative political realism. The satires are often highly perceptive but largely dependent on misleading and inadequate theories of political discourse. Conal Condren is an Emeritus Scientia Professor at UNSW, a member of two Cambridge Colleges and a fellow both of the Australian Academy of the Humanities and The Social Sciences in Australia. He has published widely and principally in early modern intellectual history. Among his books are *The Status and Appraisal of Classic Texts*; *Argument and Authority in Early Modern England*; *Political Vocabularies: Word Change and the Nature of Politics*.

They did not expect recognition or fame for their work—economist Emily Greene Balch (1946) was surprised to learn that anyone knew about her. But they did not work in isolation: all met with discouragement, derision, threats or—in Yousafzai's case—attempted murder and exile. A history of the Prize and a biographical sketch of Alfred Nobel are included.

*Dawn* Octavia E. Butler 2023-03-28 One woman is called upon to rebuild the future of humankind after a nuclear war, in this revelatory post-apocalyptic tale from the award-winning author of *Parable of the Sower*. When Lilith Iyapo wakes from a centuries-long sleep, she finds herself aboard the vast spaceship of the Oankali. She discovers that the Oankali—a seemingly benevolent alien race—intervened in the fate of the humanity hundreds of years ago, saving everyone who survived a nuclear war from a dying, ruined Earth and then putting them into a deep sleep. After learning all they could about Earth and its beings, the Oankali healed the planet, cured cancer, increased human strength, and they now want Lilith to lead her people back to Earth—but salvation comes at a price. Hopeful and thought-provoking, this post-apocalyptic narrative deftly explores gender and race through the eyes of characters struggling to adapt during a pivotal time of crisis and change.

**Bloodchild and Other Stories** Octavia E. Butler 2011-01-04 A perfect introduction for new readers and a must-have for avid fans, this New York Times Notable Book includes "Bloodchild," winner of both the Hugo and the Nebula awards and "Speech Sounds," winner of the Hugo Award. Appearing in print for the first time, "Amnesty" is a story of a woman named Noah who works to negotiate the tense and co-dependent relationship between humans and a species of invaders. Also new to this collection is "The Book of Martha" which asks: What would you do if God granted you the ability—and responsibility—to save humanity from itself? Like all of Octavia Butler's best writing, these works of the imagination are parables of the contemporary world. She proves constant in her vigil, an unblinking pessimist hoping to be proven wrong, and one of contemporary literature's strongest voices.

**Ambition** Deborah L. Rhode 2021-08-02 An engaging account of ambition, the forces that drive and constrain it, and whether it serves our deepest needs. Ambition is a dominant force in for human civilization, driving its greatest achievements and most horrific abuses. Our striving has brought art, airplanes, and antibiotics, as well as wars, genocide, and despotism. This mixed record raises obvious concerns about how we can channel ambition in the most productive directions. In *Ambition*, Deborah L. Rhode offers a comprehensive and engaging survey of the topic that focuses in particular on the nature of ambition in contemporary American life. To do this, she first explores three central focuses of ambition-recognition, power, and money-and argues that an excessive preoccupation with these external markers for success can be self-defeating for individuals and toxic for society. She then shifts to discussing the obstacles to constructive ambition and the consequences when ambitions are skewed or blocked by inequality and identity-related characteristics such as gender, race, class, and national origin. Rhode further addresses the ways that families, schools, and colleges might play a more effective role in developing positive ambition. Finally, she examines what sorts of ambitions contribute to sustained well-being, such as building relationships and contributing to society, rather than chasing extrinsic rewards such as wealth, power, and fame. Drawing upon leading thinkers on the topic and contemporary social science research while laying out an agenda for how ambition can be better developed, *Ambition* will force us reconsider the factors that shape our ambitions, and whether those ambitions meet our deepest needs and highest aspirations.
