Ask a Manager - Alison Green 2018-05-01

'I'm a HUGE fan of Alison Green's "Ask a Manager" column. This book is even better' Robert Sutton, author of *The No Asshole Rule* and *The Asshole Survival Guide* 'Ask A Manager is the book I wish I'd had in my desk drawer when I was starting out (or even, let's be honest, fifteen years in)' - Sarah Knight, New York Times bestselling author of *The Life-Changing Magic of Not Giving a F*ck* A witty, practical guide to navigating 200 difficult professional conversations Ten years as a workplace advice columnist has taught Alison Green that people avoid awkward conversations in the office because they don't know what to say. Thankfully, Alison does. In this incredibly helpful book, she takes on the tough discussions you may need to have during your career. You'll learn what to say when: · colleagues push their work on you - then take credit for it · you accidentally trash-talk someone in an email and hit 'reply all' · you're being micromanaged - or not being managed at all · your boss seems unhappy with your work · you got too drunk at the Christmas party With sharp, sage advice and candid letters from real-life readers, *Ask a Manager* will help you successfully navigate the stormy seas of office life.

Night & Horses & The Desert - Robert Irwin 2016-06-21

This collection of Arabic literature is “a joy to read. . . a journey through eleven centuries of a lost world, with a surprise on almost every page” (Financial Times). Spanning the fifth to the sixteenth centuries, from Afghanistan to Spain, *Night & Horses & The Desert* includes translated extracts from all the major classics in an invaluable introduction to the subject of classical Arabic literature. Robert Irwin has selected a wide range of poetry and prose in translation, from the most important and typical texts to the very obscure. Alongside the extracts, Irwin’s copious commentary and notes provide an explanatory history of the subject. What were the various genres and to what extent were they constrained by rules? What were the canons of traditional Arabic literary criticism? How were Arabic prose and poetry recited and written down? Irwin explores the literary environments of the desert, salon, mosque, and bookshop and provides brief biographies of the caliphs, princesses, warriors, scribes, dandies, and mystics who created such a rich and

diverse literary culture. Night & Horses & The Desert gives western readers a unique taste of the sheer vitality and depth of the medieval Arab past. "Superb . . . a revelation." —The Washington Post "[A] treasure-house of a book. . . Unequaled for scholarship and entertainment." —The Independent

Chasers of the Light - Tyler Knott Gregson 2015-10-01

I would love to say that you make me weak at the knees, but to be quite upfront and completely truthful, you make my body forget it has knees at all. One day, while browsing an antique store in Helena, Montana, photographer Tyler Knott Gregson stumbled upon a vintage Remington typewriter for sale. Standing up and using a page from a broken book he was buying for \$2, he typed a poem without thinking, without planning, and without the ability to revise anything. He fell in love. Three years and almost one thousand poems later, Tyler is now known as the creator of the Typewriter Series: a striking collection of poems typed onto found scraps of paper or created via blackout method. Chasers of the Light features some of his most insightful and beautifully worded pieces of work-poems that illuminate grand gestures and small glimpses, poems that celebrate the beauty of a life spent chasing the light.

The Buoy Projects - Lorna J. Brunelle 2016-03-30

Wanda Stairs Howard was many things to many people, but first and foremost, she was a mother, grandmother, and wife. Her daughter Lorna's book is an account of how Wanda took what was left of her life and squeezed it until the pips squeaked, how she and her tireless Team Wanda celebrated her life whilst she was still living it, and how eventually they set her free for the ultimate journey. This book was written because so many people responded so strongly to her story as it played out through the medium of Facebook, and many of those people asked Lorna to put her mother's story into print so that she could inspire others who weren't lucky enough to know her personally. By the end of the book, I hope that readers will feel like they knew Wanda and that many will take comfort and inspiration from her life and death.

Colors 1800/1900/2000 - 2016-08-09

By recasting instances of 'German' cultural production around the turns of centuries - 1800, 1900, 2000 - the essays in this volume examine the role that color has played in perceiving and representing ethnic difference. In innovative essays, literary scholars, historians, anthropologists and art historians support an overarching thesis: that the 'origins' of a modern, 'ethnic' imagination, inscribe patterns of seeing, whereas more recent developments involve processes of de-colorization and metaphorization. By preserving the difference in disciplinary approaches, methods and writing styles, the volume presents a genuinely interdisciplinary approach to German Studies, and is therefore of interest to Germanists, as well as to all others engaged in the study and scholarship of German Culture. Contributors: Christine Achinger, Nana Badenbergh, Helen Cafferty, Fatima El-Tayeb, Gudrun Hentges, Uli Linke, Andreas Michel, Thomas Miller, Daniel Purdy, Assenka Oksiloff, Wendy Sutherland, Birgit Tautz. Der Band untersucht die Rolle der Farbe in Prozessen der Wahrnehmung und Darstellung ethnischer Unterschiede in der deutschsprachigen Kultur an drei Jahrhundertwenden: 1800, 1900, 2000. Die interdisziplinären Essays von Literaturwissenschaftlern, Historikern, Anthropologen und Kunsthistorikern bieten Lesarten, die sich auf vielfältige Phänomene beziehen und die These unterstützen, daß das Ethnische zunächst überwiegend visuell vorgestellt und versprachlicht wurde, bevor es einer zunehmenden Metaphorisierung und "Entfärbung" unterlag. Die angebotenen Deutungsmuster repräsentieren keine kohärente Wahrheit; vielmehr sind sie als Symptome unterschiedlicher Wissensformationen, d.h. unterschiedlicher Disziplinen, Methoden und "Schreibverfahren", zu sehen. Mit Beiträgen von Achinger, Badenbergh, Cafferty, El-Tayeb, Hentges, Linke, Michel, Miller, Purdy, Oksiloff, Sutherland, Tautz.
