*The Audacity* - Katherine Ryan

2021-09-28

From the star of the hit Netflix series *The Duchess* comes a brilliantly funny, fiercely honest, and dangerously astute handbook of life instruction.

"I've come to accept that being audacious is a gift I can't escape." People "know" my on-stage comedy persona or my scripted ballsy characters and wrongly assume that I must stomp around all day in designer dresses eviscerating those who dare to cross my path. But mostly, I'm just sat eating pickles and being nice to some dogs. Whatever strangers think of me is fine with me.

How audacious is that? I can

always take a joke, I don't waste time worrying about things I can't control. I embrace the reality that you just can't please everyone, so you might as well put yourself out there and have a laugh. As my mother always said, "Katherine, if we all liked the same thing, we'd all be married to your father." I'm often asked how I developed my lurid level of courage and assurance and for tips on how others can match. The Audacity is my chance to share my blueprint for just that. You will learn: • How To Be the Most Popular Girl in School • How to Waste All Your Money on Designer Dogs • How To Attract Toxic Men... AND Keep Them Interested! And so much more... Secrets are my favourite things to be told and I figured I'd better tell a few juicy ones myself, too. Why not? No matter what I do, there will always be something about me that reads as simply, outrageously audacious.

She is his younger brother's best friend...and probably more. But that hasn't stopped Eric from wanting her, from longing for the one woman that he can't have. Sure, he's rich, successful—he's built a security empire, and he's got the world at his feet. Only he doesn't have her. Free-spirited Piper Lane has always considered Eric to be the enemy. He's seemed to resent her, and the guy just flat-out makes her nervous. Every time she's around him, she winds up doing something horribly embarrassing. But, this time...everything has changed. This time, he's the one man she needs the most. A stranger has broken into Piper's home twice, and she feels like someone is following her. Watching her every move. She needs a professional to help her—so enter Eric Wilde. He promises her protection, he promises to put his best investigators on her case, and he even moves her into his house. Suddenly, the guy who has always been the villain in her life...he's now playing the role of hero.

GUARDING GWEN (Wilde Ways, Book 2) Gwenevere Solomon is the current "It" girl in Hollywood. The star of a dozen films, she seemingly has the world at her feet. Gwen's problem? She also has one very dangerous stalker at her door. His attacks are getting bolder, and Gwen is becoming more and more afraid. Because this stalker...he knows secrets that she's fought hard to keep buried. Gwen needs protection, and she needs that protection now. So enter her new leading man...Simon Forrest. Tall, dark, and ever-so deadly, Simon is the lover she left behind. Or rather, the lover who left her behind. He went off and became a SEAL, saving the world and riding one adrenaline high after the other. But he's back now, and as part of Wilde's elite security team, he's supposed to offer the best, most discreet protection service in the business. He'll pretend to be her lover so the press won't realize her life is going to hell, and Simon will stop her stalker. But Simon never got over Gwen, and the

fact that she's been filling the big screen with her gorgeous self? Yeah, it's just made her even more tempting...and put her even further out of his reach. Simon was never good enough for Gwen, and he knew it. This time, he can help her. He can catch the stalker, unmask the jerk, and keep Gwen shining in her spotlight. Easy as pie. Or, it should be... BEFORE BEN (Wilde Ways, Book 3) It was a one night stand with her worst enemy. Ben Wilde was cocky, charming, and sexy as the best sin. He was also Courtney McKenna's weakness. Every single inch of his muscled perfection was trouble and temptation. They'd sparred in the courtroom more times than she could count, and the tension between them had always been red-hot. One night should have been all she needed to get the guy out of her head and her dreams. Only...it wasn't. Ben Wilde has never believed that opposites attract, but there is something about button-downed, prim and proper Courtney that has

always driven him wild. And when he gets her in his bed, the attraction he feels for her changes into a sensual obsession. Sure, they can be enemies in the courtroom, but in the bedroom, they are meant to be something else entirely.
