*Always Hit on the Wingman - Jake 2012-01-24*

Dear Person Picking Up This Book, Hi, I'm Jake. Glamour magazine's advice columnist. You probably think you don't know me. I'm anonymous, after all. But trust me, you do: I'm the guy who doesn't call. Who breaks

up by text. Who stays for breakfast, walks your dog, then disappears into thin, thin air. At least I used to be. For years I was your basic dating nightmare. And then, under the influence of one magical woman my readers came to know as Orange Blossoms, I changed. Now I'm here to

blow the lid off what you think you know about the way guys think. Because here's the big secret I learned from being slayed by Blossoms: Women already have what it takes to get what they want from men; they just need to know how to use that power. Want a boyfriend? A better boyfriend? A ring? It's all yours for the asking. But don't just take it from me. Glamour's "Jake" has been at it, living among men sharing their secrets with women since 1956. Now we're distilling our collective wisdom into ten rules to help you get the love life you deserve. A sneak peak at what you'll learn: You've got to broadcast your personality. If you're a nerd, let your nerd flag fly. The best men out there DON'T send expensive flowers. For great sex, save a few tricks for later (much later) on. Plus: How to make him think commitment was his idea? (Sneaky Yes. Necessary YES.) For more than 50 years, Glamour magazine's Jake columnist has served as a dating consigliere for millions of American women. Now, in his trademark no-B.S. voice, Jake offers this indispensable guide for women. What are men really thinking How can you get the love life you want and deserve? Jake knows.

**The Lost Girls: Why a feminist revolution in education benefits everyone** - Charlotte Woolley 2020-03-20

Life for girls is a battle of contrasting expectations, being told you should be 'empowered' but also be a 'good girl', putting others first but still striving for perfection yourself. This conflict, internalizing expectations of an impossible standard, has led to an explosion in mental-health and anxiety-related disorders in young women. The traditional narrative of education feeds the perception that girls are good. They achieve, work hard, are co-operative. They achieve better grades. But where do these high achievers disappear to? They aren't becoming CEOs, politicians or

social leaders. Women are still disproportionately the family carers and domestic managers. This book explores: \* research around biological difference, and how our schools encode gendered expectations. \* how our curricula can provide role-models as well as modes of thinking, valuing traditionally feminine traits as equal to masculine \* using psychological approaches to develop girls' independence. \* how school systems and leadership can model approaches to encourage all students to create a gender-balanced environment. With practical questions and suggestions at the end of each chapter, this book is a guide to the research and a tool to help teachers and leaders shape a genuinely empowering school experience for young women.

*Friends Into Lovers* - Pamela Johnstone

Ah, the dreaded 'friend zone'... it's a situation where someone you're attracted to - and want to have a romantic and/or sexual relationship with - is only interested in you as a 'friend.' You don't know how you got there, you don't know why you got there, but you're there... and you want out! Almost every guy, and even many women, have been in a situation where they've wanted to be more than 'just friends' with another person. And yet, for some reason, nothing they've tried has worked. Moreover, they always have to tip-toe around the situation because they don't want to lose the friendship by making the wrong move. It truly is a horrible place to be stuck in...to be around someone, to be so close to them in

proximity, and even share so much of your lives with each other... and yet, what you really want from them is off limits. Since you're reading this report, there is a very good chance that... a. you have a current friend that you'd like to turn into your lover and/or girlfriend, b. you used to date and/or sleep with someone who now wants to be 'just friends,' c. you have been in one of the above situations in the past, maybe more than once, and you'd like to learn how to avoid it from happening during your future interactions with others, or... d. you've seen this happen to other people, where they end up in the 'friend zone'...and you want to be pre-emptive about it, so you can be prepared if it ever happens to you. Whatever your situation may be, this report will arm you with some powerful knowledge, as well as some cutting-edge seduction and persuasion strategies, which will easily help you to get out of the 'friend zone' and/or ensure that you never end up being 'just friends' with someone you are attracted to. And, if you have ever wondered why or how it happens in the first place, this report will also help you to finally understand why so many guys seem to always end up in the 'friend zone' by accident, even when you really don't want to. (That giant mystery will be solved in this report, once and for all.) Just as I do in most of my reports, I will start this one out by sharing some of the 'quick and easy' techniques with you. These will include tips you can put to use right away, and see results almost overnight. Then, I will cover some of the more advanced stuff, including powerful persuasion techniques, which may require a bit more work on your part to execute. But they will be well worth your time and energy investment, because the results they produce will be quite amazing. But, before we start getting into the techniques and strategies of how to turn a friend into a lover or girlfriend, there's something very important that we need to discuss first. Please do not skip over the next section - or any of the sections in this report, for that matter. If you do, you will only be hurting your own chances of making this process work effectively.
