

# Bringing Sex Into Focus The Quest For Sexual Integrity

**Theology for Psychology and Counseling** - Kutter Callaway  
2022-02-08

This book winsomely explores the significance of theology and the Christian faith for the practice of psychology. The authors demonstrate how psychology and the Christian faith can be brought together in a mutually enriching lived practice, helping students engage in psychology in a theologically informed way. Each chapter includes introductory takeaways, questions for reflection and discussion, and resources for further study and reading.

**Christian Ethics** - Hak Joon Lee 2021-11-09

In this capacious and accessible introduction to Christian ethics, Hak Joon Lee advances a renewed vision of Christian life that is liberative, grace-centered, and justice- and peace-oriented in nature. Responding to key ethical questions of today, Lee applies the moral meaning and implications of the New Covenant in Jesus Christ to twenty-first-century life, characterized by fluidity, fragmentation, division, and violence. Christian Ethics begins by introducing covenant as the central drama and storyline of Scripture that culminates in the New Covenant of Jesus. It presents shalom (the wholeness and flourishing of creation) as God's ultimate purpose and God's covenant as "God's organizing mechanism of community" that mediates God's work of liberation and restoration. Lee proposes a creative model of Christian ethics based on the New Covenant of Jesus and its organizing patterns, reconstructing the key categories of ethics (agency, norms, authority of Scripture, ethical discernment, etc.) and drawing out four practices—communicative engagement, just peacemaking, grassroots organizing, and nonviolence. The result is a new model of Christian ethics that is inclusive, egalitarian, ecological, and justice- and peace-oriented, which overcomes the limitations of traditional covenantal ethics. In the second part of the book, Lee systematically applies New Covenant ethics to the most urgent and controversial social issues of our time: democratic politics, economic ethics, creation care, criminal justice, race, sex and marriage, medicine, and war and peace. Through his deep, pastoral, and irenic inquiries into these difficult topics, Lee demonstrates a pattern of covenantal moral reasoning that undercuts the dominant neoliberal ethos of individualism and transactional relationship that more and more influences Christian moral decisions. His conclusion is that as covenant has been at the heart of modern democracy, human rights, civil society, and civic formation, a renewed understanding of covenant centered in Jesus can help to heal our broken society and imperiled planet, and to reorganize the fragmented human life in the era of globalization and digitization.

**Watching TV Religiously (Engaging Culture)** - Kutter Callaway  
2016-11-15

Helping Christians Understand the Power and Meaning of TV Since its inception, television has captured the cultural imagination. Outside of work and sleep, it is now the primary preoccupation of most Americans. Individuals consume upward of five hours of TV daily, even more when taking into account viewing done online and on mobile devices. TV is so ingrained in the fabric of everyday life that it can't help but function as one of the primary means through which we make sense of our lives and the world. This book shows that television—as a technology, a narrative art form, a commodity, and a portal for our ritual lives—confronts viewers theologically. Whether its content is explicitly spiritual or not, TV routinely invites (and sometimes demands) theological reflection. This book articulates something of the presence and activity of God in the golden age of TV and forges an appropriate response to an ever-changing cultural form. It constructs a theology of television that allows for both celebration and critique, helping Christians more fully understand and appreciate the power and meaning of TV. A supplemental website provides additional resources, conversations, and close readings of TV programs.

**Bringing Sex into Focus** - Caroline J. Simon 2012-01-21

In a culture that includes sex in everything from advertising to climbing the corporate ladder, it's easy to feel fuzzy about the true purpose and place of sexuality. In this book philosopher and ethicist Caroline J. Simon identifies six "lenses" through which people understand sex and sexuality: covenantal, procreative, expressive, romantic, power and "plain sex." Guided by a virtue ethic, she applies those lenses to a variety of sexual scenarios, from flirtation and desire to marital sexuality,

helping us to see what filters we run issues of sexuality through and how, properly ordered and weighted, they can help us achieve sexual integrity. Here is a book for anyone interested in developing a holistic, biblical sexual ethic that brings into focus the bewildering array of cultural sexual presentations we're surrounded by every day.

**Clinical Management of Sex Addiction** - Patrick Carnes 2013-06-17

This is the first comprehensive volume of the clinical management of sex addiction. Collecting the work of 28 leaders in this emerging field, the editors provide a long-needed primary text about how to approach treatment with these challenging patients. The book serves as an excellent introduction for professionals new to the field as well as serving as a useful reference tool. The contributors are literally the pioneers of one of the last frontiers of addiction medicine and sex therapy. With a growing awareness of sex addiction as a problem, plus the advent of cybersex compulsion, professional clinicians are being confronted with sexual compulsion with little clinical or academic preparation. This is the first book distilling the experience of the leaders in this emerging field. With a focus on special populations, it also becomes a handy problem-solving tool. Readable, concise, and filled with useful interventions, it is a key text for a problem clinicians must be able to identify. It is destined to be a classic reference.

**A Stone in My Shoe** - J. Michael Walters 2021-06-15

What's more miserable than trying to walk with a stone in your shoe? Many American evangelicals are experiencing pain and discomfort in their relationship to the church. "Stones" in their shoes make the faith journey uncomfortable and increasingly untenable. They either leave the church altogether, become "church shoppers," or live on the margins of the church as outliers. This book presents the vantage point of a lifelong evangelical pastor and religious educator who sees himself as an outlier. Walters draws on decades of pastoral life and classroom experience to engage the church in a conversation aimed at clarifying the concerns and discomforts of evangelical outliers. While this is one person's story it intersects with the stories of many others in American evangelicalism, especially clergy. In identifying the stones which trouble and discomfort so many like him, Walters continually calls the church, his church, back to its biblical and theological foundations.

**Sex Difference in Christian Theology** - Megan K. DeFranza 2015-05-16

How different are men and women? When does it matter to us -- or to God? Are male and female the only two options? In *Sex Difference in Christian Theology* Megan DeFranza explores such questions in light of the Bible, theology, and science. Many Christians, entrenched in culture wars over sexual ethics, are either ignorant of the existence of intersex persons or avoid the inherent challenge they bring to the assumption that everybody is born after the pattern of either Adam or Eve. DeFranza argues, from a conservative theological standpoint, that all people are made in the image of God -- male, female, and intersex -- and that we must listen to and learn from the voices of the intersexed among us.

**Breaking the Marriage Idol** - Kutter Callaway 2018-06-26

Should all Christians be married? Although we might quickly respond "no," our cultural stories and norms—including those in the church—often communicate "yes." Theologian and husband Kutter Callaway considers why marriage, which is a blessing from God, shouldn't be expected or required of all Christians. Through an examination of Scripture, cultural analysis, and personal accounts, he reflects on how our narratives have limited our understanding of marriage and obscured our view of the life-giving and kingdom-serving roles of single people in the church. In doing so, Callaway helps the church craft a new story that transforms the way we look at marriage and affirms the contributions of all to the body of Christ.

**Law and the Quest for Gender Equality** - Margaret Thornton  
2023-04-27

For centuries, law was used to subordinate women and exclude them from the public sphere, so it cannot be expected to become a source of equality instantaneously or without resistance from benchmark men—that is, those who are white, heterosexual, able-bodied and middle class. Equality, furthermore, was attainable only in the public sphere, whereas the private sphere was marked as a site of inequality; a wife, children and servants could never be the equals of the master. Despite their ambivalence about the role of law and its contradictions, women

and Others felt that they had no alternative but to look to it as a means of liberation. This skewed patriarchal heritage, the subtext of this collection of essays, has continued to impede the quest for equality by women and Others. It informs not only gender relations in the private sphere, as illustrated by domestic violence and sexual assault, but also the status of women in the public sphere. Despite the fact that women have entered the paid workforce—including the professions—in large numbers, they are still expected to assume responsibility for the preponderance of society's caring. The essays show how maternal and caring roles, which are still largely viewed as belonging to an unregulated private sphere, continue to be invoked to detract from the authority of the feminine in the public sphere. The promise of antidiscrimination legislation in overcoming the heritage of the past is also shown to be somewhat hollow.

**Gott macht glücklich** - Markus Spieker 2013-09-14

Markus Spieker zeigt in brillanter Weise auf, wie verkorkst und weit weg vom eigentlichen Kern des Evangeliums unser Denken vielfach ist. Ehrlich und unverblümt vermittelt er Aha-Erlebnisse, die manche dankbar aufnehmen, andere aber energisch zurückweisen werden. Selten hat ein Autor seinen Mitchristen so pointiert den Spiegel vorgehalten. Keine leichte, aber extrem leicht lesbare Kost, die für reichlich Diskussionsstoff sorgen wird.

**The Transformation of Intimacy** - Anthony Giddens 2013-04-23

The sexual revolution: an evocative term, but what meaning can be given to it today? How does 'sexuality' come into being and what connections does it have with the changes that have affected personal life on a more general plane? In answering these questions, Anthony Giddens disputes many of the dominant interpretations of the role of sexuality in modern culture. The emergence of what the author calls plastic sexuality - sexuality freed from its intrinsic relation to reproduction - is analysed in terms of the long-term development of the modern social order and social influences of the last few decades. Giddens argues that the transformation of intimacy, in which women have played the major part, holds out the possibility of a radical democratization of the personal sphere. This book will appeal to a large general audience as well as being essential reading for students and professionals.

**Comparative Religious Ethics** - Christine E. Gudorf 2013-01-01

Unlike other texts, Gudorf's work focuses on common, everyday issues including food and diet, work, sex and marriage, proper dress, anger and violence, charity, family, and infirmity and the elderly while drawing out ethical implications of each and demonstrating how different religious traditions prescribe rules for action. An introductory chapter reviews standard ethical theory and core elements of comparative religious analysis. Each chapter opens with a riveting real-life case and shows how religious ethics can shed light on how to handle the larger issues, without determining for the reader what a proper ethical response might be.

**The Advocate** - 2004-08-17

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

**Civil Dialogue on Abortion** - Bertha Alvarez Manninen 2018-02-07

Civil Dialogue on Abortion provides a cutting-edge discussion between two philosophy scholars on each side of the abortion debate. Bertha Alvarez Manninen argues for her pro-choice view, but also urges respect for the life of the fetus, while Jack Mulder argues for his pro-life view, but recognizes that for the pro-life movement to be consistent, it must urge society to care more for the vulnerable. Coming together to discuss their views, but also to seek common ground, the two authors show how their differing positions nevertheless rest upon some common convictions. The book helps to provide a way forward for a divide that has only seemed to widen the aisle of public discourse in recent years. This engaging book will prove essential reading for students across multiple disciplines, including applied ethics, medical ethics, and bioethics, but will also be of interest to students of religious studies and women's studies.

**Are You Waiting for "The One"?** - Margaret Kim Peterson 2011-06-04

Does God want to write your love story? Well, maybe not—especially not if it is the culture's romanticized ideal of happily ever after! Margaret and Dwight Peterson help us sort out the difference between how our surrounding society often depicts marriage and how Christians really should approach this particular gift of God to all humanity. They guide us through many aspects of a growing, maturing marriage including being a

family, handling conflict, friendship, children, household economics and weathering the transitions of life. In the end they show how Christian marriage is far deeper and stronger than a romantic fairy tale. In fact, it reflects the kind of love God has for us in the gospel of Jesus Christ who gave his life for us that we might have his life in us.

**Teen Sex by the Book** - Dr Patricia Weerakoon 2013-06-01

As a teenager, sex surrounds you: it's not something you need to go looking for. Perhaps you think you know it all ... or maybe that's just the impression you give your friends. This book answers your questions about teenage sexuality and relationships. Renowned sex therapist and educator, Dr Patricia Weerakoon, explores the topics of sexual desire and arousal, falling in love, and dating—things like, 'How far is too far?' You'll also cover topics like cybersex, pornography and homosexuality, and the effects these can have on our sex lives. The discussion is frank and, in parts, explicit. You may find it a little uncomfortable, but it's stuff that will inform and challenge you. Ultimately, it calls you to consider who you are and what you stand for. Discover how living God's countercultural lifestyle leads to healthy, pleasurable sex and intimate, satisfying relationships that last a lifetime.

**Discerning Ethics** - Hak Joon Lee 2020-02-25

Racism. Immigration. Gun violence. Sexuality. Health care. The number of ethical issues that demand a response from Christians today is almost dizzying. How can Christians navigate such matters? What are faithful responses to these questions? Edited by two theologians with pastoral experience, this volume invites engagement with these issues and more by drawing on real-life experiences and offering a range of responses to some of the most challenging moral questions confronting the church today. With an unflinching yet irenic approach, this resource can help Christians as they seek to act justly, love mercy, and walk humbly with God.

**Every Body's Story** - Branson Parler 2022-10-11

Every story entails a way of life and how every way of life implies a big story. In Every Body's Story, Branson Parler focuses on three predominant myths of sexuality in our secular age--individualism, romance, and materialism--and three dominant myths in Christian circles--anti-body theology, legalism, and the sexual prosperity gospel--exploring how those stories shape our practice. Our views of sexuality and our practices around sex are never just about sex. How we use and view our bodies reveals who/what we think God is (or is not) and who we are. If we truly understand the biblical logic of marriage, sexuality, and singleness--that they are meant to embody the gospel--then we will better understand why this witness is so vital. As God's self-giving faithfulness is put on display by both married and single Christians, those formed by our secular age will have to ask: What if it's true? What if there's more? What if God really does love us that much? Rather than viewing our sexuality as an isolated matter of ethics, we can see how the gospel places our sexuality in the context of God's rescue mission of the world.

**Real Sex** - Lauren F. Winner 2006-07-01

SEX. Splashed across magazine covers, billboards, and computer screens--sex is casual, aggressive, and absolutely everywhere. And everybody's doing it, right? In Real Sex, heralded young author Lauren F. Winner speaks candidly to Christians about the difficulty--and the importance--of sexual chastity. With honesty and wit, she talks about her struggle to live a celibate life. Never dodging tough terms like "confession" and "sin," Winner grounds her discussion of chastity first and foremost in Scripture. She confronts cultural lies about sex and challenges how we talk about sex in church. Her biblically grounded observations and suggestions will be especially valuable to unmarried Christians struggling with the sexual mania of today's culture. Real Sex is essential reading for Christians grappling with chastity and a valuable tool for pastors.
